Class of 2023

ACHS Nurse Aide Pinning Ceremony

Adair County High School students completing the nursing program were recognized recently in a pinning ceremony.

The pinning ceremony is a long celebrated tradition to welcome new members into the field of nursing.

2023 graduates heard from someone who recently sat in their seat, Makayla Warriner. Makayla was a part of the very first Medicaid Nurse Aide class that Jennifer Carter taught. She is now a Pediatric Occupational Therapist.

Jennifer Carter, RN, is the high school health science instructor and is shown with each student.
