BOURBON

Fort Scott Farmers Market
Skubitz Plaza (in front of the historic fort
Fort Scott, MO
Saturdays 8a-12p, Tuesdays, 4p-6p, May through October
a farmer driven and run market. The farmers work hard to produce the very finest produce available.
www.webbcityfarmersmarket.com

CHEROKEE

Columbus Farmers Market
202 N. East Kansas Avenue
Columbus, KS
Thursdays, 4-6:30pm, beginning May 19th.
Produce vendors at the Columbus market will be able to accept Senior Nutrition Vouchers which allow low-income senior citizens to obtain coupons they can use to purchase \$35 worth of fresh produce, honey, and herbs. The Columbus market will again be participating in both the SNAP and Double Up Food Bucks programs this season, to get more healthy, locally grown food into area homes.

Baxter's 11th Street Farmers Market
11th St. and Military Avenue
Baxter Springs, KS
Mondays, 4p-6:30p

Galena Farmers Market
210 W. 7th St
Galena, KS
Saturdays 8a-12p, June through October
Our friendly open-air farmer's market varies throughout the season, but our vendors regularly sell plants, produce, eggs, honey, baked goods, and occasionally other crafts and products grown or made in the four state area. We're located across the street from the City Hall in the Library parking lot.

CHRISTIAN

Nixa Area Farmers Market
Highway 14& Main St
Nixa, MO
Saturdays, 8a-12p, April-October
Our market was formed in 2003 to serve the Christian County area with locally grown produce.

Ozark Farmers Market at Finley Farms
844 Finley Farms Lane
Ozark, MO
Thursdays, 3p-7p, May-September

CRAWFORD

Pittsburg Area Farmers Market
Farmers Market Pavilion, 119 E. 11th St.
Pittsburg, KS
Saturdays 8am-12pm April through October, Wednesdays 4p-6p, June 8th through August 10th
At the Pittsburg Area Farmers' Market, you'll find fresh, locally-grown produce and farm-processed foods. Our vendors offer seasonal fruits and vegetables, meats, baked goods, jams and preserves, nursery plants, flowers and more. Local artisans also sell handmade crafts and home goods. As part of our commitment to providing fresh, healthy foods for everyone in our community, we accept EBT/Vision/SNAP cards.

Girard Farmers Market
Gazebo on the Square
Girard, KS
Tuesdays, 4p - 6pm, July through September
All vendors and customers are welcome! You will find amazing things from fresh to unique and everything in between. We hope to see you there!

DELAWARE

~THE CONVENIENCE OF CRISIS~

Someone once said never miss an opportunity to accomplish your purpose with a crisis. There have been some who will and have taken advantage of situations to promote their agendas and establish their plans to be in charge, to become the ruling authority over people (companies and nations). Crisis can come in forms of disasters or manmade.

All crises that take control of people are orchestrated by and attached to the heart of Satan and is a demonic move put together and directed by forces of darkness that want to reign over the souls and lives of people of all ages. And they don't care who is destroyed or what damage is done. These people come in all shapes, colors and ethnic backgrounds, from business to religion and of course politics.

Today all over the world people in authority positions have taken advantage of a situation where they can manipulate circumstances. These types of actions are from a rebellious dark spirit that they have given themselves over to exert power and make people do what they want so that they can control.

All of this is tied directly to hell. Satan's handprints are all over what is going on in the world that is making great efforts to take over the world. Especially America to unroot Christianity and sever the influence of God. But God is greater than what we face. Fear can be crushed with faith in God. Satan is no match for the God of the universe. God's Son, Jesus, reigns. Place your hope and keep your trust in the great and mighty God of all creation through Jesus Christ, His Son.

ASK THE MOTOR MEDICS®

Automotive Advice from the Under The Hood® Show

Dear Motor Medics,

The wipers on all of my vehicles never seem to do the job and I'm looking for some answers. How long do wiper blades last? What are the best kinds to buy? How do you change them? And probably the most important one of all; I've had the rear wiper on my van changed several times and it still leaves a missed spot on the center of the glass. Guys, I know you can help all of us who suffer with poor wipers.

Thank you,
Deborah in Larchwood Iowa

Dear Deborah,

Many vehicles on the road have poor wipers. Either they have just not been looked after or they have only been partially repaired. Most good quality wiper blades will last about a year but with weather conditions can deteriorate in less time. We always recommend the best quality name brand blades you can find and they are not that expensive. You can change them at home on most vehicles. Instructions are usually included and most require no tools. The following is important! The blades are not the only part of the wiper. The arms need to be working correctly or the blade will never do its job. If they are bent or they don't move on their hinge freely they won't apply proper pressure to the blade and that's likely the issue with your vans rear blade. If the arm is bad parts stores usually carry the entire arm to resolve your issue. Take care, the Motor Medics.

Take care,
the Motor Medics

Dear Motor Medics,

I have a 2006 Jeep Liberty and it has been steadily losing power over the past several months. I took it in to more than one shop and they could not find the issue. After the power loss became so bad that I could not reach more than 50mph I took it to another shop who diagnosed it as plugged catalytic convertors. Since they want about \$1000.00 to replace them, I have parked it until I can find out more about them. What is a catalytic convertor and do they normally fail with only 70,000 miles? When I do replace them is there a way to save some money such as a used part?

Thank you,
David in Emery South Dakota

Dear David,

Catalytic convertors are placed in the exhaust pipe to convert harmful exhaust gasses by way of a catalyst. The convertors contain small passages that can become plugged due to oil burning, poor state of tune which results in unburned fuel reaching the convertor, or poor-quality construction. We see less failure in vehicles that are well maintained. They can fail at low mileage but there may be good news for you. The emissions warranty on a convertor is usually eight years or eighty thousand miles. You may be eligible for a free replacement. You need to check with a Jeep dealer to find out if you're covered. Used units can't be sold so check with exhaust shops for cheaper aftermarket alternatives.

Take care,
the Motor Medics

Dear Motor Medics,

With gas prices constantly changing but always on the slow creep upwards overall, I want to save as much fuel as possible. I have been researching kits to burn hydrogen in my car and other ways to increase my mileage with additives to the tank that are supposed to increase efficiency. Do you guys know which kit is the best one out there and how well they work? Is it something I can do myself at home? What about the additives to the tank?

Thank you,
Craig in Forest Lake Minnesota

Dear Craig,

Keep researching, and you will find many people who have tried these things only to find they don't work as promised. Everyone wants better mileage, and they all want it cheaply. When the cost of fuel gets a sudden spike, you will see more of these kits on the market and offers of pills and additives claiming to be magic fixes for fuel mileage. If there was such a thing it's likely that the manufacturers would be making a good version of it to get their overall fuel ratings up. Not to say that someone won't come up with something that does the job at a price that makes it worthwhile but for now we have not seen anything. It's completely up to you to research these products and make a final decision but we very strongly recommend that you consult with your own local mechanic before making any purchase.

Take care,
the Motor Medics

Dear Motor Medics,

I just got my first car from my dad, a well-used rusty 2003 Chevy Impala and I was at the gas station filling it up for the second time or so and the guy next to me said I was doing it wrong and was going to wreck my car. He said I was overfilling it and need to stop when the pump clicks the first time. The problem is it clicks off when it's only half full and you must fill it really slow or keep clicking it. This is the way my dad had to fill it for the past couple years. What is this guy talking about and why does it click off so soon?

Thank you,
Mark in Parachute Colorado

Dear Mark,

The guy is right. The tank is designed to shut off the pump by backing fuel up the filler tube when it's full. If you overfill the tank by forcing fuel into it after it shuts off it will spill over into the emissions system canister damaging it. You and your dad may not have caused what is going on now. While overfilling can cause damage to the emissions system and result in the premature shut off, a failed tank vent valve can also cause this even without canister damage. Have the emissions system checked and if it is a valve, they can replace it so you can fill the tank faster but remember to stop when it clicks.

Take care,
the Motor Medics

**MAHINDRA SUPERIOR
PERFORMANCE:**

• Heavy-duty components: Tough & rugged... Keep right on performing day after day.

• Sturdier chassis: Greater stability... Keeps you safe while handling rigorous work.
