PRAYER TO Holy Spirit

Holy Spirit, you who makes us see everything and shows us the way to reach our ideal. You who gives us the divine gift to forgive and forget the wrong that is done to us and who is in all instances of our lives with us. We, in this short dialogue, want to thank you for everything and confirm once more that we never want to be separated from you no matter how great the material desires may be. We want to be with you and our loved ones in your perpetual glory. Amen. Pray this for 3 consecutive days without stating one's wish. After third day, your wish will be granted no matter how difficult it may be. Promise to publish this as soon as your favor is granted.

~ Friends, Followers and Likes ~

Most people know what Facebook is about. People sharing stories, posting pictures, requesting friends, sharing and resharing posts, building a network of followers (some of whom they never even meet in person).

There is a lot of resemblance to this with people's relationship with God and their knowledge of who God is. Like Facebook, people call themselves God's friends, and they say they like God and believe in His Son Jesus. Some even admit that they are followers of Jesus aligning themselves as Christian.

But like those on Facebook, they have never taken the time to have a personal relationship with Jesus nor followed God's ways for living. There has never been any commitment or obedience to the true teachings of the Bible nor a life lived according to its teachings.

In Luke 14:27, Jesus said this: "whoever does not carry his own cross" (expressing a willingness to endure whatever may come) "and follow after me" (conforming to His example in living and even suffering or dying because of their faith) "cannot be my disciples."

That means, follower or friend, there are a lot of people who like God and like Jesus but do not have any kind of a personal relationship with Jesus. They are Christians in name only- not by actions, not by knowledge, not by repentance, nor by living their lives as a Christian according to Scripture.

-PUZZLE- SODOKU

Here's How It Works:

Here's how it works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!
