~ Perfectly Satisfied ~

Quite a few speak of their faith in God but live in fear of man and trust in the flesh. Many fear diseases or not having enough money. They place their confidence in political leaders and what they tell them more than what God's Word says.

Far too many want an agreeable gospel, a tolerant religion, one that's more relevant to societies' interest and the changing culture.

When most people today hear a gospel message, they want a presentation that makes them feel good about themselves and won't challenge them with truth that might make them uncomfortable or face the reality of how they live.

Many people are perfectly satisfied to sit in church and listen to lessons on God's love but aren't interested in hearing about sin. God loves each one of us, but not always our ways- and He wants to be loved back. Each person has a free will. They're given choices, and these decisions will determine their lifestyles, friends, works, and what they pursue in life.

And so, in the end, they determine their eternal destiny- which is so extremely serious. The results will be shown by their decisions that were made while they were here on earth, and they will then have to answer for them before God.

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Level: Intermediate

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!
