all it takes!

WACKER NEUSON EZ50

- 44 HP Perkins Diesel / Cab with Heat & Air
- Hydraulic Thumb
- Joystick & Backhoe Controls
- 2 YR / 2000 HR Warranty

The EZ50 mini-excavator offers excellent lifting and digging power as well as quick work cycles. Using the newest technologies, the emissions of the mini-excavator were reduced and, at the same time, the efficiency increased. For example, the powerful engine in the EZ50 meets the stage 5 exhaust emission standards. In terms of operator-friendliness, the excavator is impressive. The intuitive operating concept and excellent view of the work area contribute to the easy and comfortable operation of the machine. The EZ50 is also a zero-tail excavator and is well suited for working in narrow spaces.

~ Pay Attention ~

When a vessel made of clay is marred and becomes useless, the potter places it back on the potter's wheel and reworks it into a useable vessel again that seems good to the potter. Can God not do the same as the master potter of creation- for all things are as clay in His hands that can be made new?

So if a nation which God has determined to punish turns from its evil ways, God can choose to reverse His decision concerning the devastation that He intended to allow. But if they do evil in His sight by not obeying His voice, then God will reverse His decision concerning the good with which He had promised to bless them.

The Bible says, "I am shaping a disaster and working out a plan against the nation that rejects me. Turn back each of you from your evil way. Correct your habits and change your actions for the better. Those that choose to be stubborn with an evil heart, following their own plans, says the Lord, will be scattered by the wind before an enemy in the day of disaster."

These are some of the words spoken to God's people in the book of Jeremiah, which we in America to take notice of right now because God's Word has been preserved over the centuries to warn the next generations about what will happen to the nation that turns its back on God. This should be a warning to us today.
