BIG NICKEL BRAIN GAMES

-CROSSWORD- PUZZLE - MAY - WEEK 2

CRYPTO FUN

Determine the code to reveal the answer!

- Solve the code to discover words related to healthy vision. Each number corresponds to a letter. (Hint: 26 = E)
- A. 26 12 26 16
Clue: Needed for sight
 - B. 16 11 9 17 5
Clue: One of the five senses
 - C. 26 24 1 7
Clue: Test
 - D. 23 11 20 1 5 26
Clue: Widen

WORD SCRAMBLE

Rearrange the letters to spell something pertaining to vision.

SAHL

ANSWER: LASH

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

	4		2	7			1	8
8				6	4	2		9
				8	4			
			1	7			2	
2	5					1	8	6
6		4					9	
	2						5	4
		8		5		9	3	
9		5		3	8	6		1

Level: Beginner

Here's How It Works:
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the puzzle. The more numbers you name, the easier it gets to solve the puzzle!

-PUZZLE- SODOKU - MAY - WEEK 2

9	2	6	1	4	8			
4	6	8	1	5	2	9	3	7
1	2	3	7	9	6	8	5	4

~ What Will it Profit? ~

You and I will return to the dust out of which God made mankind. That body will return to the earth as it was. And then the spirit has to return to God who gave it. At that point, a person's destiny is already sealed from the decision they chose to make while they were here on the earth.

The end of the matter is to fear God, worship Him, reverence Him- knowing that He is Almighty God- and keep His commandments. This applies to every person. God will bring every act into judgment, every hidden and secret thing.

The Bible says that you can walk in the ways of your heart and in the desires of your eyes. But know that God will bring into judgment all your life and all that you have done. So as you live, so shall you be judged. We are only whole when we fear God and obey His commandments. Those that establish a true relationship with God are the ones who really are serving His interest, and this builds a secure future.

Jesus Himself said this in Matthew 16:26: For what will it profit a man or woman if they gain the whole world (wealth, fame, success) but forfeit their own soul? What will they exchange for their soul? This world has no value in the world to come. Only those things done through Jesus Christ will last.

CLASSIFIED QUICK TIPS

Prepare. Know what is important to readers shopping in your classified category. **Make Your Copy Complete.** Use ad copy effectively to thoroughly communicate to potential buyer(s). Organize the ad carefully. Space and punctuate, so that the reader can follow the ad and understand its content.

Be Creative Descriptive. List major selling points (price, color, size, features or options).

Be Factual. Be Helpful. Include hours of operation, best days and times in which to make contact as well as area code on phone numbers.

Make Your Ad Easily Recognizable. Choose a main benefit of your merchandise and feature it in a headline. Use art, large type sizes, bolding and best of all, use white space to make your ad visually attractive and so powerful, it's jumping off the page.

Maximize The Amount Of Prospective Buyers/Readers. Multiply insertions help prospective buyers/readers REMEMBER the ad because of repetition. Take advantage of discounted rates available for multiple insertions.

Urge The Reader To Act Now! Every ad should include a strong bid for action. Stimulate prompt action by using such phrases as "Call Now", "Available Immediately" or "Won't Last".

Every ad should include a strong bid for action. Stimulate prompt action by using such phrases as "Call Now", "Available Immediately" or "Won't Last".

The Big Nickel hopes these tips will help you, please call 417-624-4100 and our telephone sales representatives will be happy to assist you.

ASK THE MOTOR MEDICS®

Automotive Advice from the Under The Hood® Show

Dear Motor Medics,

I've been having issues with my 2008 GMC Acadia. The Service Engine Soon light comes on and the Trac-Off and ABS lights come on and when they do the message center displays reduced power and I can't drive because I have no throttle response. When I take this thing in to my shop it works for them because it only happens about once a week.

Thank you,
Mike in Daytona Florida

Dear Mike,

That's a ton of stuff going on there, but I suspect they might all be connected. Over the past year we have seen no less than 20 vehicles exhibit this set of symptoms and they all turned out to be the same, a failed throttle body. The throttle body is electric and is the part that regulates how much air enters the engine. There is no cable connecting the throttle pedal to the engine as in the past. This system, as you can imagine must be calibrated exactly and have sensors to make sure that the vehicle does not have unintended acceleration or throttle loss. When the engine computer senses a failure in any of the internal circuits the system goes into reduced engine power mode. It will need to be diagnosed to know for sure and if replaced make sure you keep a receipt for the work in case GM decides to recall it for safety reasons which could possibly make you eligible for a monetary reimbursement on repairs.

Take care,
the Motor Medics

Dear Motor Medics,

I have a 2008 Chevy Impala and when it's cold outside I get a message on the dash that reads "Engine Hot A/C off and the Check Engine light comes on at the same time. Once the car warms up, I can shut the light off and clear the message if I cycle the ignition key. It has been doing this for over a year and my wife is getting nervous about it, so I want to get it fixed.

Thank you,
Tom in Ventura California

Dear Tom,

We have seen this message a few times and although engine codes and messages should be something simple to diagnose, they don't always get diagnosed as easily as you could hope for. The system needs to be diagnosed to know for sure what's up but some of the things to check that can trip the codes are the lack of ability to read engine temperature due to a failed sensor or connection to it or an actual failure of the engine to reach proper operating temperature in a preset amount of time as determined by the engine computer software. Now the message reads Engine Hot, but that's where it gets tricky because when the engine can't reach proper temperature it's often a failed thermostat and that makes the engine run cold, not hot. A strange situation for sure but it's just one of the fun things we mechanics get to deal with everyday on our shops.

Take care,
the Motor Medics

Dear Motor Medics,

I've got a 2006 GMC Yukon with a bad A/C leak. I have refilled it each summer for the past couple years with the leak going unfound but now it has become quite large, and they have finally found it. The leak is coming from the rear A/C lines that run under the vehicle just over the passenger side rear tire. They tell me the rocks from the tire have caused abrasion of the line and the only way to fix it is to replace the entire line set. The cost of repairs for the lines is over 1000.00 and I am looking for alternatives to get my air back. Do you have any suggestions for me?

Thank you,
Tom in Philadelphia PA

Dear Tom,

If the lines only have a leak in the one spot just over the tire, then you may be in luck. There are now line repair kits that can install a splice into the line where it is damaged. If the line has extensive damage over a significant area, it can't be done but for a short one foot or less section, which is very common on your model at that location it is a possibility that it can be done. If your shop won't do it check around for one that will. You may find your repair costs cut by more than half and in the game of auto repairing every dollar you can save is a blessing

Take care,
the Motor Medics

Dear Motor Medics,

My Dodge Caravan is doing a strange thing. Over the past six months it has had random ghosts in it and my kids say it's possessed and I'm starting to think so myself. First the cruise control would shut off by itself, then the radio would change stations on its own and the volume would go all the way up without anyone touching it. That was just the beginning. My horn has not worked for two months but now when I'm turning it sometimes honks by itself and the people in front of me think I'm honking at them. This morning the air bag light came on too so I'm waiting for it to blow off in my face as I drive so I'm at my wits end. Where do I go from here?

Thank you,
Gina in Okmulgee Oklahoma

Dear Gina,

It is possessed, next email please. Just kidding. It sounds like the old, failed clock spring issue. There is a sliding contactor in the steering column that makes all electrical connection for everything in the steering wheel by way of a flat cable wrapped up like a clock spring. If the cable breaks down with age it can short together and cause all sorts of weird stuff to happen and in the case of the air bag can be dangerous. There were some free safety recalls from Dodge on a few so call them to check but get in for repairs fast.

Take care,
the Motor Medics

FOR ENTERTAINMENT ONLY • Always consult your local shop and follow all safety procedures before repairs.
