ANSWER: Grooms

Here's How It Works:
Sudoku puzzles are formatted as a 3x3 boxes. To solve a sudoku, the row, column and box. Each number column and box. You can figure out appear by using the numeric clues more numbers you name, the easier

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

~ He Still Does ~

The Bible is just as true today as the day it was written. Every promise is still true, and every story that is written down in its pages is for us today, like this story found in Mark 5...

"A certain woman had a hemorrhage for twelve years and had suffered much under many physicians. She had spent all that she had and was no better, but rather grew worse. When she had heard of Jesus, she came in the crowd behind Him and touched His garment, for she said if I may touch His garments, I shall be healed; and immediately her hemorrhage was healed. At once Jesus knew within Himself that power had gone out of Him. He turned around in the crowd and said, "Who touched my garments?" The woman- fearing and trembling- knowing what had happened to her- came and fell down before Him and told Him the entire truth. Jesus said to her, "Daughter, your faith has made you well; go in peace and be healed of your affliction."

Folks, today Jesus still performs miracles. Jesus still heals and delivers people from sickness and bondage. Believe God's word; study it daily. Trust it every moment. Regardless of what your emotions or others say, like this woman and countless others, your faith in God and trust in Jesus will see you through, whatever you face.

ASK THE

MOTORMEDICS®

Automotive Advice from the Under The Hood® Show

Dear Motor Medics,

I've been listening to all the talk about driverless cars and cars that can take control and it scares me. I started driving in the 70s and back then cars didn't even have a computer in them. I don't know if I want to be sharing the road with robots. I just want to know if they are safe, how they work, and when they will be here so I can start looking out for them.

Thank you,
Karen in Tyler Texas

Dear Karen,

The technology for these car "Robots" has been in the works for a very long time. We started to see it used as a safety enhancer in vehicles a while back to aide you in the way of helping to prevent collisions while backing up and when getting too close to someone in front of you. The systems would be able to reduce throttle and apply the brakes if you were in a "bad spot" and in danger of a collision. The tech has now advanced with the enhancement of laser sensors and GPS and super high-definition cameras and much more that allow the cars to navigate to destinations and avoid collisions. The cars are on the road now being tested and chances are you have seen one and don't even know it. They have logged over a million miles on America's roads. As for how safe they are is yet to be seen. The future is headed our way!

Take care,
the Motor Medics

Dear Motor Medics,

My 2005 Impala has been doing strange things like the doors unlocking themselves in the middle of the night and my battery has been going dead over night at times. I have also found my blower fan running after the key is off and other things like my personal settings are changing. I saw on the news that cars were getting hacked and taken over by computer people. How can I tell if this is happening to me?

Thank you,
Marie in Detroit Michigan

Dear Marie,

The symptoms you are experiencing sound more like things related to a Body Control Module or BCM for short. You need to have it diagnosed to know for sure before you spend the money to replace it but this is a good time to address the "hacking" you bring up. Your car, being a 2005 Impala it's not susceptible to the hacking level you may have seen on the news. The newer cars have been given so much tech that the electronic systems run things like throttle, brake and steering and can be accessed through the Telematics systems and with the right circumstances and information a smart hacker could gain access to some systems controlling the vehicle. Manufacturers are working diligently to stop this from happening and hopefully it will never be a problem. Consult your local mechanic and talk about your symptoms. The car will need to be scanned and the effected systems checked and repaired.

Take care,
the Motor Medics

FOR ENTERTAINMENT ONLY • Always consult your local shop and follow all safety procedures before repairs.

LAWRENCE COUNTY REAL ESTATE AUCTION

THURSDAY, JUNE 22, 2023 AT 10 AM

AUCTION & PROPERTY LOCATION:
3447 HIGHWAY, MILLER, MO 65707

PROPERTY LOCATION: From Springfield, MO go west 20 miles on I-44 to Highway 96 at Exit 57, hold to the right and continue west 5 miles on Highway 96 to Highway M, turn right and go north 3 miles to the Wilson Property on the left. OR From Miller, MO at the Junction of Highway 39 and Highway 96 take Highway M east 10 miles, turn left and go north 3 miles to the Wilson Property.

212 +/- ACRES TOTAL WITH 120 +/- ACRES LOCATED IN TOWNSHIP 29, RANGE 26, SECTION 18 AND 105 +/- ACRES IN TOWNSHIP 29, RANGE 25, SECTION 18, ALL IN LAWRENCE COUNTY MISSOURI
THE TRACT SIZES RANGE FROM 3 +/- ACRES TO 72 +/- ACRES ALL WITH HIGHWAY M FRONTAGE AND ACCESS.

PRE-AUCTION PROPERTY VIEWING

Thursday, June 8 from 4 PM to 6 PM

TRACT 1 consists of 3.25 +/- acres with frontage and access from Highway M that runs the entire length of the east side. Tract 1 has an all brick 2,347 sq. ft. ranch style house built in 1984. In addition, there is a detached garage/shop that is a 24' x 38' pole frame structure, insulated roof wired with asphalt floor. It has a 10' x 20' metal roll-up door with electric opener.

TRACT 2 consists of 3 +/- acres and has frontage and access directly off Highway M and joins Tract 1 along the east side. Tract 2 has some really great ag/commercial improvements, including a 75' x 100' red iron structure that is open to the east and south, perfect for hay and/or machinery storage. There is also a 60' x 108' red iron totally enclosed building with roll-back door, a concrete footing and foundation. Tract 2 also has the original Wilson milking parlor on it with all the milking equipment still intact. Also, there is a 30' x 80' building on Tract 2 that has an enclosed shop area and open front storage. There are other farmstead improvements on Tract 2 including some ag building for livestock and a pipe concrete system which will accommodate approximately 120 cows. Tract 2 also has its own deep well and pump system.

TRACT 3 consists of 28 +/- acres that has frontage and access off Highway M along the south and east side. It is primarily all open and currently is alfalfa with the exception of a wood draw that runs across it.

TRACT 4 consists of 72 +/- acres with access and frontage off Highway M that runs along the entire east side. It is currently being used for row crop and alfalfa hay production. The balance is in timber and Turnback Creek, bank that runs along the north side.

TRACT 5 consists of 64 +/- acres and is the only tract that lies on the east side of Highway M that runs along the west side of the tract. (The house on the side of Highway M is not included in the auction.) Tract 5 is open on both the west and east ends and is currently being used for crop production. The balance is in waterways and wooded creek banks.

CLASSIFIED
QUICK TIPS
WRITING A
SUCCESSFUL AD

Prepare. Know what is important to readers shopping in your classified category.

Make Your Copy Complete. Use ad copy effectively to thoroughly communicate to potential buyer(s). Organize the ad carefully. Space and punctuate, so that the reader can follow the ad and understand its content.

Be Creative Descriptive. List major selling points (price, color, size, features or options).

Be Factual. Be Helpful. Include hours of operation, best days and times in which to make contact as well as area code on phone numbers.

Make Your Ad Easily Recognizable. Choose a main benefit of your merchandise and feature it in a headline. Use art, large type sizes, bolding and best of all, use white space to make your ad visually attractive and so powerful, it's jumping off the page.

Maximize The Amount Of Prospective Buyers/Readers. Multiply insertions help prospective buyers/readers REMEMBER the ad because of repetition. Take advantage of discounted rates available for multiple insertions.

Urge The Reader To Act Now! Every ad should include a strong bid for action. Stimulate prompt action by using such phrases as "Call Now", "Available Immediately" or "Won't Last".

The Big Nickel hopes these tips will help you, please call 417-624-4100 and our telephone sales representatives will be happy to assist you.

GUNS, AMMO, KNIVES & MORE

A map of the Joplin, Missouri area, highlighting gun and ammo stores. The map shows the borders of Kansas (KS), Oklahoma (OK), and Missouri (MO). Major highways like I-44, I-49, and I-76 are marked. Numbered red circles (1-5) indicate store locations. To the right of the map are five numbered ads for gun and ammo stores.

Antique & Flea Market Directory

A map of the Joplin, Missouri area, highlighting antique and flea markets. The map shows the borders of Kansas (KS), Oklahoma (OK), Missouri (MO), and Arkansas (AR). Major highways like I-44, I-49, and I-76 are marked. Numbered orange circles (1-8) indicate market locations. To the left and right of the map are eight numbered ads for antique and flea markets. A large orange box in the center of the map contains text about limited space availability.
