Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

5		4		7				6
				5			3	7
				1	5			2
			3	5				4
2		6						1
7								
		2		7			4	
3				8				5
	6	9					8	

Level: Intermediate

Here's How It Works:
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

~ The Principles of Promise ~

The promises that God has given us are promises that are kept for the Christian. Those who take God's promises as truth will see the reality of that which God says He will do.

The Bible is the book of God's promises to humankind, and God always certifies His word for those who will apply it to their lives and live according to His principles in every aspect of life.

God keeps His promises. How about you? God's promises never fail. What about those you've made? God's promises are the same today, yesterday and forever. How long have you kept the promises you've made? God's promises are secured by His covenant word. What is your word known for?

It's difficult at times for people to keep their promises in order. But God never has that issue to deal with. God is not like people that change their mind when situations change. God is not a man. God is the only one who is able to keep His promises. There is no greater place to put your full trust in than with the promises of God. He always keeps His word.

The Bible is one of the greatest gifts ever given to the people of this earth. For those who put its words to good use in their daily lives, the words of the Bible open up great blessings. Put its principles into practice.
