Fun By The Numbers
Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

~ They Talk the Talk ~

Many people talk as if they were a Christian, but the fruit their life produces of Godly things is so very meager. Lots of folks talk the talk of being a Christian but hardly produce any real lifestyle of what the Bible says a Christian is. In fact, sometimes those that are not Christians look more to be than those that say they are.

The Bible is clear about not forsaking the assembling with other Christians. That is like going to church. Yet today only 20% of Americans even attend church, with about 12% most Sundays. Jesus Himself speaks in the Bible that many will call Him "Lord," but He won't know them. All across America, people are pleasure-seekers. They just can't wait till the weekend so that they can go off on their next adventure or party or whatever they want to do, all the time calling themselves a Christian, saying they love God- but living for themselves.

This puts their eternal soul, their family, and daily life into jeopardy in various ways all because they want to appease the flesh more. It is so foolish to play with one's eternal soul this way. We all need to take inventory and pay attention to what we are doing and check it against the talk of what God's Word says we should be doing. How do they match up? Jesus will help you get back in order if you'll ask Him.
