Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

~ Foolishness ~

Over the past few weeks, have we not seen some real challenging times, and even more some real challenging people? In trying times, we can see just where people put their real trust and true faith.

Foolishness causes people to clean out food stores of food items and horde supplies that others need as well. Overreacting leads to making rash decisions without really considering the outward results. It is evident that most people trust in their own flesh rather than their dependence on God. Fear is running rampant and not being helped by the sources that we get our information from at times.

Proverbs 1:7 says, "The fear of the Lord is the beginning of knowledge. Fools despise wisdom." Proverbs 1:3 says, "To receive instruction is wise behavior." There would be no need for new rules to be made if people would use God's common sense instead of their invented ideas.

It is evident that a good portion of American citizens have a great trust in government rather than God's word. There is an underlying plan in all of this, and it all depends on where we the people will choose to put our real faith. Godly wisdom is needed, especially from those who claim Jesus as Lord.

Make Your Copy Complete.

Use ad copy effectively to thoroughly communicate to potential buyer(s). Organize the ad carefully. Space and punctuate, so that the reader can follow the ad and understand its content.

Be Creative Descriptive.

List major selling points (price, color, size, features or options).

Be Factual. Be Helpful.

Include hours of operation, best days and times in which to make contact as well as area code on phone numbers.

Make Your Ad Easily
