## The Ten Commandments

I. Thou shalt not have  
strange Gods before me

II. Thou shalt not take  
the name of the Lord thy God  
in vain

III. Remember to keep holy  
the Lord's day

IV. Honour thy father and  
thy mother

V. Thou shalt not kill

VI. Thou shalt not commit  
adultery

VII. Thou shalt not steal

VIII. Thou shalt not bear  
false witness against thy  
neighbour

IX. Thou shalt not covet thy  
neighbour's wife

X. Thou shalt not covet thy  
neighbour's goods

### Viking Trailways • Roper Kia

## Scripture Of The Month

### Ephesians 2:8.9

For by grace are you saved through faith and that is not of yourselves,  
it is a gift of God lest anyone should boast.

Scripture of the month brought to you by:

- **Bill's Electric**  
Serving the Electrical  
Needs of Residential,  
Industrial &  
Commercial Properties.

## CRYPTO FUN

- Solve the code to discover words related to chiropractic care. Each number corresponds to a letter. (Hint: 25 = E)
- A. 16 11 6 10 17 9**  
Clue: Move or tweak
- B. 17 23 21 22 25**  
Clue: Keeps people upright
- C. 23 16 21 22**  
Clue: Hurting
- D. 5 25 14 21 25 24**  
Clue: Ease of pain

## WORD SCRAMBLE

Rearrange the letters to spell something pertaining to chiropractic care.

**K C N E**

Answer: Neck

**Fun By The Numbers**

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

**Here's How It Works:**

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

*~ The Direction You Chose ~*

Our problems can never be solved by secular government nor can legislation affect a person's heart. No matter how noble the effort, human methods are always limited compared to what God can do.

People have so many false ideas about God. This confuses themselves, the people around them, and even messes up society. To some, their "God" is just a reflection of their culture.

The true God leads His people in the direction they should go, not in the direction they choose for themselves. When people only do what they want, the cost is greater than the way God would have handled it. People elect politicians into public office for their own short-term benefit rather than what God says is a better choice. So America, its states, its cities and its counties suffer from bad leadership.

It's better not to strive to become a success at what you do but to strive to be a person of value in how you do it. This is missing so much in society as more and more people conform to worldliness.

Real peace and guidance in this world come to those who obey God with their lives.

# ASK THE MOTOR MEDICS®

Automotive Advice from the Under The Hood® Show

Dear Motor Medics,

I want to repair the rear defroster on my Chrysler Town and Country van. We haul a lot of stuff in the van for our small business and over the years items have scratched the defroster grid on the glass and I assume that is why it does not work. The button on the dash still lights up. What do I need to do to fix the grid? Some spots are scratched up to an inch or so.

Thank you,  
Mark in Cushing Oklahoma

Dear Mark,

If you have any spots in the defroster grid that are cut you will have an open circuit and that will stop the operation of the defroster. The grid needs to be protected from objects that may scratch it or from things like ordinary tape. We have seen many temporary license plates taped to the window and when removed the grid gets torn. One way to protect a working grid is with window tint if it is legal in your area. Repairing a broken grid can be tricky. There is a liquid product available at some parts stores that will bridge the gap of a cut wire, but it is not meant for long gaps such as you described. If you have several cuts with some being extensive you may opt to replace the glass with a good used part. A used replacement rear glass is a much cheaper alternative to get your defroster back up and running.

Take care,  
the Motor Medics

Dear Motor Medics,

I just purchased a 2008 Infinity sedan and would like to have a second set of wheels and more aggressive tires for winter. The vehicle also has a tiny spare that is much smaller than the other tires. I want to know if I can get another set of wheels for the car and where I would do that. I also want to know if I must stick with the smaller spare or if I can swap it out with a full-size tire.

Thank you,  
Steve in Nebraska City Nebraska

Dear Steve,

Infinity is a nice car, and most have some very expensive factory wheels. We have several customers of our shop that use a different set of wheels with special tires for the winter season. Most of them chose to go with a set of used replacement wheels that matched what they already had but in some cases such as the more expensive wheels found on higher end cars like the Infinity, they purchased a new set of custom wheels for the drier months and used the factory wheels for the rest of the year. Your local tire shop should be able to help you with options. A full-size spare may be an option too but remember the storage space for the spare is often only large enough to store the compact spare so you may have to keep it in the trunk sliding around and taking up valuable room

Take care,  
the Motor Medics

Dear Motor Medics,

I purchased a 2007 Honda Odyssey van with 80,000 miles and I thought I got a great deal. The used vehicle inspection only had one suggestion, new tires. I took the van to a tire store, and they quoted me 2000.00 to replace the tires and I thought I was going to die on the spot. I thought they were out of line when they said I had special PAX tires, so I left the store and was told the same at another. What is this PAX thing and who would ever be willing to pay so much for minivan tires? Can I get rid of them and install regular tires?

Thank you,  
Fred in McCook Nebraska

Dear Fred,

Surprise! It feels like they should yell this when you go to get these replaced. Yes, they're expensive but they are very different from other tires and that's why they are. These tires were installed on some 05-09 Honda Odyssey, 06-08 Nissan Quest, 06-08 Acura RL, and 05-09 Toyota Sienna vans and some others. The tire is a run flat design allowing you to travel with no air for a limited time. They require special equipment to repair or replace and not every tire store has the equipment. To change to a regular tire requires changing the wheel as well making it very expensive. Either way it will be a jolt to the wallet. Check the internet for more information and options on these tires.

Take care,  
the Motor Medics

Dear Motor Medics,

I have a very bad smell when I turn on the blower in my car. It smells like a dirty refrigerator. I must run the system for a few minutes with the windows down before I can stand to sit in the car. This started last year and has progressively become worse. It does not matter if it is set to heat or Air Conditioning. What could this be and how can I get rid of the smell?

Thank you,  
Mike in Portland, Maine

Dear Terry,

The smell you have is likely exactly what you are describing, the smell of a dirty refrigerator. As you drive with the A/C on water forms on the evaporator inside of the air box and when it is saturated runs out of the box through a tube. You can see this water condensation running on the ground if everything is working correctly. If you don't or have a wet carpet you need to have the tube cleaned. When you shut the vehicle off the water can start to mildew like a refrigerator and start to smell. Some vehicles get so bad that they need to be cleaned professionally with a system that introduces an antibacterial cleaner into the intake of the system to clean it up. Check with your local shop to see if they can check the system for proper drainage and if they recommend performing this service to take care of the smell issue you have.

Take care,  
the Motor Medics

ALTOSID IGR  
You won't be measuring fly control into cattle minerals. You will be measuring added weight gains.

Continue feeding Altosid 30 days after a killing frost to lower spring fly population!

Altosid<sup>®</sup> IGR is pre-mixed and helps keep cattle grazing. Make it the only choice for shelter from the swarm in your mineral supplement.

STILL ONLY 2¢ TO 3¢ PER HEAD

Contact your MFA feed dealer today for horn fly control designed to perform on pasture.

altosidgr.com/horn-fly-protection

Stop by your local MFA Agri Services for additional sale items!
