**Fun By The Numbers**  
Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**~ Not Just a Man ~**

There is none greater than the one true God, who in the beginning of time was the Word above all others, and the Word was God and with God, and all things were made by Him. In Him was life and was life to all people, for He was the light that shined in the darkness.

The Word became flesh, which was not born of blood nor of the will of the flesh, but of God. He dwelt among the people and does today as the only begotten Son of God full of grace and truth.

No one has seen God. Only the Son of God, Jesus Christ, who made the world and then came into it. He was not known by the world, but can be known by whoever will receive Jesus Christ as the Son of God and Savior. Jesus has the authority to make them children of God; those that believe, trust and follow Him.

Jesus stands as more than a man, and He has come to rescue the people of this earth from sin and doom. Through the grace of God, fallen mankind becomes qualified to abide with God through Christ Jesus. For He alone has triumphed over death and the grave and leaves those that will follow Him a legacy.

## CLASSIFIED QUICK TIPS

**Prepare.** Know what is important to readers shopping in your classified category.

**Make Your Copy Complete.**

Use ad copy effectively to thoroughly communicate to potential buyer(s).

Organize the ad carefully. Space and punctuate, so that the reader can follow the ad and understand its content.

**Be Creative Descriptive.**

List major selling points (price, color, size, features or options).

**Be Factual. Be Helpful.**

Include hours of operation, best days and times in which to make contact as well as area code on phone numbers.

**Make Your Ad Easily Recognizable.**

Choose a main benefit of your merchandise and feature it in a headline. Use art, large type sizes, bolding and best of all, use white space to make your ad visually attractive and so powerful, it's jumping off the page.

**Maximize The Amount Of Prospective Buyers/Readers.**

Multiply insertions help prospective buyers/readers REMEMBER the ad because of repetition. Take advantage of discounted rates available for multiple insertions.

**Urge The Reader To Act Now!**

Every ad should include a strong bid for action. Stimulate prompt action by using such phrases as "Call Now", "Available Immediately" or "Won't Last".
