Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

### Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

~ Errand Runners ~

The wicked are always displeased, always picking at that which is good and always in great opposition to that which is Godly. They fight the church. They fight the government if it doesn't side with them. And when people don't, they attack and destroy everything that disagrees with their definition of right and wrong.

These are nothing more than errand runners for Satan, doing his dirty work because they are willing participants that live their lives in their own world where Satan has been allowed to teach them his ways. So they manifest them in many ways.

All those who unite with them- from corporations to politicians, leaders of communities, even sometimes those connected with the church- strengthen their resolve to be even more wicked. The ungodly are always offended by the good of the Godly.

The Bible says in John 10, "The thief comes only to steal and kill and destroy," but Jesus said, "I came that people may have life more abundantly." You see, the chaos we are seeing at all levels is a spiritual battle sent by Satan to attack and destroy what is good and right.

God is still bigger, and Satan knows it, because Jesus Christ has already won the battle. But the Christian population needs to respond now in the boldness of Christ and stand on God's word.
