BIG NICKEL BRAIN GAMES

-CROSSWORD- PUZZLE

- FEBRUARY - WEEK 3

CRYPTO FUN

Determine the code to reveal the answer!

- Solve the code to discover words related to weddings. Each number corresponds to a letter. (Hint: 14 = R)
- A. 12 7 5 4
Clue: Promises
 - B. 10 14 9 3 11
Clue: Woman on her wedding day
 - C. 18 14 7 7 20
Clue: Man on his wedding day
 - D. 20 21 14 14 17
Clue: Get hitched

WORD SCRAMBLE

Rearrange the letters to spell something pertaining to getting married.

C R T I E E

Answer: Rectie

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

6								1
		5			4	3		
		4						
			1		3		7	
8			7			5		6
9								8
		9					8	3
1				7		2		
4			5	6				

Level: Intermediate

Here's How It Works:
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

~ Life's Future ~

We all stand between two mighty eternities: the past (that now grows dim in the distance of where we've been) and then the future (that actually has no end). This future should grow brighter to all that are followers of Jesus Christ, who is the only way toward a brighter future.

We all have been given a choice of the path in which we should walk and will lead us to the destination we choose. And no matter what we have to face between here and where we're headed, there will be many different challenges.

Though we are not always ready in these places, God is, and is here to help us through no matter what is required. There is only one right way to see a problem, and that's to look to God first. Look toward Him, and you'll find He knows how to work it out, no matter how it concerns you.

Let God handle life His way because only He knows the future of every issue, and in His wisdom and unlimited ability, no one can address and solve problems better. You need to look at the value of life God's way. So store up for yourself treasures that are heavenly, for the things of earth never last.

Put your priorities into serving the interest of God. For what you really treasure, this is where your true alliance is.

ASK THE MOTOR MEDICS®
Automotive Advice from the Under The Hood® Show

Dear Motor Medics,
I have a 2008 jeep compass and I purchased a simple Bluetooth system that I want to install in it. It's a standalone system that has an FM transmitter so I can play it over the radio. Well, I was trying to install it and my original idea was to wire it to the fuse box with one of those add a circuit connector until I found out that the fuse box is under the hood and not located under the dash. I want to splice it into the vehicle wiring with proper fuses of course but I need one wire that's always hot and one that's hot only when the ignition is on. Any advice will be greatly appreciated.

Thank you,
Steve in Van Nuys California

Dear Steve,
Many people find themselves wanting to add an accessory to their vehicle and nowhere to draw power from. The add a fuse kit you mentioned is one way to do it if the current draw is very low. The second would be to take power from the radio circuit. They have harnesses available to tap into the wires at many car stereo shops. The first thing you will need to do is find out how much current the device will use. Too much of a draw can damage the vehicle. Consulting with the folks at the stereo shop will help you to determine draw as it is something they often must do.

Take care,
the Motor Medics

Dear Motor Medics,
I'm a new listener and column reader and I have a 1993 Ford Ranger with a 4.0 engine. When I first start the engine the hydraulic valve lifters make a lot of noise. The lower the outdoor ambient temperature the worse the noise seems to be. When the engine reaches full operating temperature, the noise goes away. Could this be an issue with the engine oil passages being gummed up? If this was the issue, do you recommend a product that could clean it up?

Thank you,
John in Rapid City South Dakota

Dear John,
Many of the Rangers with the 4.0 engine develop this noise. Some are caused by lifters that are gummed up while others have excessive valve train wear caused by either high miles or lack of proper lubrication due to long oil change intervals or the use of lesser quality oils at some point. Without taking the engine apart for inspect you could eliminate the possibility of the engine sludge issue by cleaning the oil system and using an additive. We use engine oil cleaner than the engine tune up from Justice Brothers. They seem to work very well for us. You need to add the cleaner then run the engine for ten minutes, change the oil, and then add the engine tune up. If it's not an excessive wear issue this should help. You may need to repeat the process down the road if it occurs again.

Take care,
the Motor Medics

CLASSIFIED QUICK TIPS

Prepare. Know what is important to readers shopping in your classified category.

Make Your Copy Complete.

Use ad copy effectively to thoroughly communicate to potential buyer(s). Organize the ad carefully. Space and punctuate, so that the reader can follow the ad and understand its content.

Be Creative Descriptive.

List major selling points (price, color, size, features or options).

Be Factual. Be Helpful.

Include hours of operation, best days and times in which to make contact as well as area code on phone numbers.

Make Your Ad Easily

Recognizable. Choose a main benefit of your merchandise and feature it in a headline.

Use art, large type sizes, bolding and best of all, use white space to make your ad visually attractive and so powerful, it's jumping off the page.

Maximize The Amount Of Prospective Buyers/Readers.

Multiply insertions help prospective buyers/readers REMEMBER the ad because of repetition. Take advantage of discounted rates available for multiple insertions.

Urge The Reader To Act Now!

Every ad should include a strong bid for action. Stimulate prompt action by using such phrases as "Call Now", "Available Immediately" or "Won't Last".

The Big Nickel hopes these tips will help you, please call 417-624-4100 and our telephone sales representatives will be happy to assist you.
