# BIG NICKEL BRAIN GAMES

## -CROSSWORD- PUZZLE - MARCH WEEK 1

### CRYPTO FUN

Determine the code to reveal the answer!

- Solve the code to discover words related to basketball. Each number corresponds to a letter. (Hint: 20 = T)
- A. 11 7 19 19  
Clue: Toss ball
  - B. 11 1 21 12 20 19  
Clue: Score
  - C. 4 1 24 14 20  
Clue: Playing area
  - D. 2 7 19 15 9 20  
Clue: Hoop

### WORD SCRAMBLE

Rearrange the letters to spell something pertaining to basketball.

**BLRDEIB**

\_\_\_\_\_

Answer: Dribble

### Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

6	4							5
8				4				
1	2	3						8
4				5	2			
	8			7	4	9		
2			8					6
9				5				
			2			5	1	
			4	9				

Level: Intermediate

**Here's How It Works:**  
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

~ Tremors ~

As you know, earthquakes sometimes have some shaking aftereffects called tremors. That can cause people to remember the first quake, and these tremors can also be very damaging as well.

Yet most always, there are small ones at first, and then they grow tremors that awaken those watching that a greater one is coming, so they warn and prepare the people of the impending danger.

There is no doubt, if you are an honest person, that these United States are feeling economic, racial, cultural, and political tremors- and many other types of societal tremors that are shifting our nation.

We've actually been feeling these for quite some time. And now, they are growing in intensity; and, I believe, they are going to get worse and build into a giant problem until it brings us down as the nation we once were.

All this is created by sin. Many have built their lives on sinking sand, and no foundation like that can last. God is still God in all of this. Embrace Him today. Call upon His Son, Jesus. Only He can help you through these shifting times.

# ASK THE MOTOR MEDICS®

Automotive Advice from the Under The Hood® Show

Dear Motor Medics,

I have a 2005 Buick Lesabre and under the back of the vehicle there are what appears to be shock absorbers and they have air lines attached to them. They both are leaking what I assume is oil and I hear a noise that lasts for about four minutes each time I start the car. This noise used to last only about 10 seconds if it happened at all. I have several questions. Does this mean the shocks are bad? Is the noise I hear the air compressor that fills the shocks? Can I let it go for a while because it seems to still ride well? How expensive is it to repair this problem?

Thank you,  
Gary, in Sheldon Iowa

Dear Gary,

You have load leveling shock absorbers in back which means they not only control the firmness of the ride but they level out the vehicle when extra weight is added to it. When a shock leaks or the vehicle has excessive bounce, it is an indication of the need for replacement. Oil is used in the dampening of the shock and when it leaks out the shock can no longer control the bounce compromising your safety. If you leave the shocks the way they are the compressor which you hear running will eventually burn out and be very expensive to fix. These shocks are usually available at most parts stores for a reasonable price and take about one hour to replace.

Take care,  
the Motor Medics

Dear Motor Medics,

Our 16-year-old twins have just started to drive and we're a little worried. We took your advice about finding a used car and having it inspected before we purchased it and were able to negotiate repairs for some safety issues on one of them before we took possession so we are ok with the cars. What we are worried about is that in addition to the car we supplied our children with new cell phones. We have lectured on the dangers of texting and driving more than once but with the large number of messages sent daily from their phones the temptation is too great. We have seen them texting as they drive away and pull in so we know it is happening. We don't want to take away the phones because we feel much safer when we can contact them but we cannot allow them to use the phones while driving. Do you have any suggestions?

Thank you,  
Ron and Diane in Henderson Texas

Dear Ron and Diane,,

There is a device available that will disable the phone when their vehicles are in motion. It will shut off all functions like text, email, and calls but allow 911 to be dialed in an emergency. The device is simple to install at home and if disabled it will send you an email alerting you of the disconnection even if it is reconnected. The device is called Cell Control, internet search for it.

Take care,  
the Motor Medics

Dear Motor Medics,

Please help me out with Cabin Air Filters. I have a 2009 Honda Accord with one and I have to replace it about every six months when the air starts to blow slowly because it gets so clogged with dirt from my gravel road and being parked outside. Do I really need one? None of my cars over the past 30 years had one and they were just fine.

Thank you,  
Gale in Ozarks Missouri

Dear Gale,

Yes, if your vehicle was equipped with one when it was made. Sure, we have seen some people come into our repair shop with a missing filter and their air is working just fine but we have also had some in for repairs that cost as much as \$1000.00 because they decided to run without one. When a system is designed it's either made for one or not. If it's not designed for one, then the sensitive components like air temp sensors and even the moving air doors are made differently so they can handle the dirt load. Adding a bunch of dirt to the system by not having a filter in place just invites trouble so make sure you keep a filter that's clean in place. It's cheap insurance for an expensive system. For others that don't know if they have a filter make sure to find out. A good indication you have one and it's dirty is a foul smell or reduced air flow.

Take care,  
the Motor Medics

Dear Motor Medics,

I have a 2020 Chevy and a 2018 Honda, and both have recalls on them. Both cars are running just fine, and I have not experienced any of the issues in the recall that they want to fix because they're crash related, and I've never had a wreck. I did Google one of the recalls and only 2 people have had a problem out of thousands of vehicles so do I really need to get them done or can I just wait and do them if I ever get the time to go to the dealership?

Thank you,  
Mark in Iowa City

Dear Mark,

Go make that appointment right now and get the recalls done! The manufacturer would not take the time and spend the money (sometimes millions) to get the vehicle back in to perform a safety recall unless they felt strongly that something could cause you harm. Many recalls for safety are for things that can happen in a crash situation such as air bag recalls and seat belts but even if you are a great driver the other person not always is, and we don't want to see you injured by something you don't have repaired. All safety recalls we have ever seen are done at no cost to you and must be done at the dealership. They do a pretty good job at making the public aware of the recall but getting it in is your part.

Take care,  
the Motor Medics

Concessions available including homemade pies and baked goods, biscuits & gravy!

**Auctioneer's Note:** We have a very nice line of items to sell. Almost every item is right off the farm. Something for everyone. Most of the items will sell with No Reserve. Since sale bills are printed 3 weeks in advance, we usually have a lot more items than listed. We will be selling in two rings at the same time, so bring a friend. Because we rely on the word of others, ALL items are subject to prior sale and/or no show. If driving a distance for a single item, please call. NOTE: 9.25% Sales Tax will be added to all items that are not used for agriculture. All dealers must bring a copy of your resale sales tax license. **You can still consign to this auction!** We are open 8:00-5:00 Monday-Friday and on Saturday by appointment only to check-in and unload your items. We are always closed on Sunday! To have your equipment available for online bidding, your equipment MUST be on our lot by Tuesday, March 12th @ 5:00 pm. NO consignments taken after 5:00 pm Thursday, March 14, 2024! For questions or to consign call Ervin at 417-310-0812 or Merlin 417-310-3324 or e-mail us at [circleeallc@gmail.com](mailto:circleeallc@gmail.com) View pictures @ [circleeaauction.com](http://circleeaauction.com). Everything must be removed in 14 days. After 14 days there will be a storage fee of \$25 per item, per day. Any items left after 30 days **Terms:** Cash or Good Check with Photo ID - All Buyers Unknown to Circle E Auction MUST Furnish a Current Bank Letter of Credit if Paying by Check. Not Responsible in Case of Accident or Sickness on Premises. Everything Sells AS IS-WHERE IS with No Warranty Actual or Implied. Not Responsible for Stolen Items or Loss of Items.
