Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

~ What is the Difference? ~

God alone is the true and living God. He alone is merciful, gracious and long-suffering, extending grace to all that will accept it. God abounds in goodness and truth. He does not clear the guilty of sin unless they repent and turn from sin.

God has said in His word that He will bless His people and not to fear, for He does hear our cry and is gracious to answer. God allows His people to be tested so that we may not sin, and God will send His angel before those that will walk with Him.

God will pardon our transgression against Him if we will not continue to provoke Him with evil ways and if we will follow Christ as Lord; then God will be an adversary to our adversaries. God has said that He has given wisdom to His people and appointed them with talents to use in His kingdom. They will proclaim His word and work among the people.

So how do you measure up? How do you take what God has gifted you? Do you use it to help Him or to help yourself? Do you take God's blessings and make a difference for His kingdom or take them to build your own?

Think about it. Maybe it is time to realign your priorities.
