Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

9						2		
		5						
	2		7		5		6	9
				7	4			
		6		5			7	2
			2	4			5	
4					9		8	1
7	3							
	8							4

Level: Advanced

Here's How It Works:
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

~ The Price of Disobedience ~

In the book of Joshua, we find the story of Achan and how sin affects the effectiveness of God's people. All the people were told, when they went to battle with God's enemies, not to take for themselves the things of the enemy for personal gain. That would hinder their relationship with God. But Achan did, which then brought repercussions on God's people, and they suffered defeat. The people began to cry out to God, and God began to reveal to them that they had sinned. They had transgressed against God's covenant which He had commanded them to keep. Therefore, they were not able to stand down their enemies and defeat them because the people had brought a curse upon themselves. God told them that He would not be with them unless they removed the sin in the camp, which they did, and Achan paid with his and his family's lives.

Today, some of God's people have done it again. For years they have allowed the things accursed by the world to be brought into their lives, their homes and even the church. Until there is true repentance, God's people will never truly have the victories they need over the enemies of the world. God will renew His covenant with His people, and they will win if they will turn away from the desires of the world and rightly place their desire for God.

ASK THE MOTORMEDICS

Automotive Advice from the Under The Hood® Show

Dear Motor Medics,

I picked up an electric Ford Lightning truck used. It's 2023 with 30k miles on it. My intended use was to and from work about 8 miles a day. My camper hauler was my 2004 F150 but the engine failed and due to the rust, I decided to scrap it. I travel about 100 miles at the most to camp and I'm not confident in the Electric Lightnings ability to tow my camper that far. It weighs 6k pounds. Do you think I can tow my camper without an issue?

Thank you,
Martin in Sioux Falls, South Dakota

Dear Martin,

You are asking us a lot if you want to know if everything will be ok. There is a lot to consider. Will the Lightning tow your camper as far as weight goes? Yes, it should be able to do that. Will it make it 100 miles one way with the air on and maybe wipers and a radio? Well, it's hard to say. The Lightning has been found to have a lower-than-expected range by many people when towing and the heavier the load the faster the range will fall. We would start by planning your camping along a route where you can charge the truck if needed and you can plan from there. Don't count on being able to charge at a campground as many prohibit that. Check online actual driver's forums to see what real world towing results have been before venturing out.

Take care,
the Motor Medics

Dear Motor Medics,

I have a 2020 Range Rover and I can't get anyone to work on it. I tried my regular shop which I have been using for over twenty years and they turned me down fast. They suggested a few others and all of them said the same thing. It's a very long drive to Omaha to get anything done and I have made that trip many times. It is out of warranty and things seem to keep breaking. Why won't shops repair it where I live? Is it that much different than working on a different kind of vehicle? Is there a way I can find out who in my area does work on them?

Thank you,
Denver in Kearney Nebraska

Dear Denver,

This is quickly becoming more of an issue for vehicle owners. As the technicians at shops age, they are not being replaced as fast as they leave and that goes for many businesses. Some of those techs were experienced with more specialized vehicles and now that they are gone the shop simply won't touch them. In some cases, there may still be a tech there who can do the work but to the complexity compared to other vehicles they focus on the quicker more profitable jobs. There is a learning curve to get up to speed on them and parts can be harder to get. Ask a local parts store what shops they see working on them.

Take care,
the Motor Medics

COW AND BULL SALE

Friday, April 19, 2024

4:30 PM - bulls sell first, then stock cows

Expecting 1000 Cows and Several Breeding Age Bulls!

Chain Ranch is proud to offer this set of high percentage Red Angus/Beefmaster bulls and females. We are 6th generation, family-owned, commercial cow-calf producers headquartered in Canton, Oklahoma. We have a 300 head Registered Red Angus cow herd we use to raise our own bulls through Natural Service, AI and embryo transfer.

Beefmaster genetics was introduced on a select group of Registered Red Angus cows with the goal of adding growth, pounds, and hybrid vigor to our calf crop and commercial replacement heifers, while trying to maintain the high-quality carcass hanging on the rail. We focused on high marbling, red, Beefmaster bulls to try and maintain the current 95% high choice and prime percentage that our calves are currently grading as well as maintaining a solid red color. We were very impressed with the cross. The crossbreed calves weaned 80-100lbs heavier than our straight Red Angus Calves and the ¼ blood calves didn't have as much ear and leather.

While these bulls did not fit our program, that does not discount them in all commercial breeding programs. We are very focused on quality grade because that is where we receive added value. If your program is focused on selling pounds at weaning or as yearlings these bulls will no doubt add pounds to a calf crop.

We have sorted the bulls and only brought what we feel are the very best. All bulls have been semen checked and trich tested. They have been developed on natural forage and should not melt when you turn them out. We have identified the ½ blood and ¼ blood bulls and will sell them accordingly. We are also selling one of the full blood bulls we started with, JK Gallager.

We have also brought a select group of high-quality open heifers ready to breed. The heifers are ½ sisters to the bulls we are offering. Heifers have all been CHV vaccinated, wormed, are current on all vaccinations and have had a pre-breeding soundness evaluation. **FMI Newley Hutchison, 580-886-5085, Chain Ranch. FMI Nathan Ponder 636-295-7839.**

CLASSIFIED QUICK TIPS

Prepare. Know what is important to readers shopping in your classified category.

Make Your Copy Complete.

Use ad copy effectively to thoroughly communicate to potential buyer(s). Organize the ad carefully. Space and punctuate, so that the reader can follow the ad and understand its content.

Be Creative Descriptive.

List major selling points (price, color, size, features or options).

Be Factual. Be Helpful.

Include hours of operation, best days and times in which to make contact as well as area code on phone numbers.

Make Your Ad Easily Recognizable.

Choose a main benefit of your merchandise and feature it in a headline. Use art, large type sizes, bolding and best of all, use white space to make your ad visually attractive and so powerful, it's jumping off the page.

Maximize The Amount Of Prospective Buyers/Readers.

Multiply insertions help prospective buyers/readers REMEMBER the ad because of repetition. Take advantage of discounted rates available for multiple insertions.

Urge The Reader To Act Now!

Every ad should include a strong bid for action. Stimulate prompt action by using such phrases as "Call Now", "Available Immediately" or "Won't Last".

The Big Nickel hopes these tips will help you, please call 417-624-4100 and our telephone sales representatives will be happy to assist you.
