HOROSCOPE

WEEK OF NOVEMBER 3 TO 9, 2024

THE LUCKIEST SIGNS THIS WEEK: AQUARIUS, PISCES AND ARIES

ARIES

Even if your choices seem clear-cut, take all the time you need to make a final decision. New information could come to light, clarifying the situation and making you see the bigger picture.

TAURUS

Change your diet and find time to relax to avoid heartburn. Balance your lifestyle to maintain your physical and mental health.

GEMINI

Expect to receive special attention from a loved one. You may feel anxious about a medical exam. However, you must be patient. The results will take a little longer than expected.

CANCER

Your leadership skills will be in high demand this week. You'll fill in for your boss while they're on vacation and replace a colleague who's on medical leave. You'll be the right person to take on these responsibilities.

LEO

A family getaway is in the works. However, sorting out certain details will take longer than expected. You'll be on the move a lot this week, which will make you appreciate the comforts of home.

VIRGO

Your networking prowess will be needed this week. You'll be asked to help plan an event that requires your communication, organization and negotiation skills.

LIBRA

You'll be working overtime this week! Fortunately, your hard work will be rewarded. After adjusting your schedule, take the time to spoil yourself and enjoy the results of your efforts.

SCORPIO

After laying low for a while, you'll finally be ready to act. Family and friends will challenge you. You'll have the money to tackle a special project or treat yourself to some well-deserved luxuries.

SAGITTARIUS

Although you may feel as if you're treading water, everything will soon pick up speed. Carefully look over your bills to avoid being dinged for a mistake.

CAPRICORN

You and your team will accomplish a remarkable feat. You'll be awarded in front of a crowd. This experience will boost your self-esteem and self-confidence.

AQUARIUS

Your impressive roster of clients will bring in additional income this week. Explore spiritual practices or adopt a lifestyle in line with your convictions.

PISCES

Keep an eye on your deadlines to complete your tasks on time. You may spontaneously plan a trip, which will make you very happy. Remember the saying, "Slow and steady wins the race."

~ It Depends on Us ~

It is a great honor to serve God's purposes, and when we do, we honor God's plans that He has made for each one of us. It doesn't matter as much about the magnitude or position. What matters is, are we going to be faithful to what we've been asked to do?

We can always make excuses for why we haven't or why we do what we think is right or even why we aren't able. We must be careful about owing this world so much that we give less to God than He really deserves.

We all have a duty. We are here on this earth for an assignment, created to do it, and even given the resources to accomplish the task assigned to us. If we choose to take this position that's offered to us, we will succeed.

If we will let God use us, then He will, and because it is God who has created you and me for such a time as we are now living in, we in some way will be used in His plans for this world. He will do it, and it all depends if we in ourselves choose to join God in His work for us in this culture that He has made us a part.

ASK THE MOTOR MEDICS®

Automotive Advice from the Under The Hood® Show

Dear Motor Medics,

I will be ready to purchase a new car soon and will need to sell the one I have. I'd like to know how I can get the best resale value for my car and how to go about finding out how much that number should be.

Thank you,
Darlene in McCook Nebraska

Dear Darlene,

When you want to get the best resale value at the time of sale you should start at the time of purchase. Along the way keep all records of anything done to the car to show the care you have given it. A well cared for vehicle will bring more than a neglected one. Follow the severe service maintenance recommendations in the owner's manual and when things break, have them fixed. If you have done none of these things or just a few you can still get good value for your car. A clean car will usually bring more money faster than a dirty one and often people buy on impulse because of looks alone. A complete professional detail is usually in the \$100 range. Once it's clean and ready to sell set your price. Selling it privately will usually bring the most money. To get a good estimate of what you should ask, check the local papers and car lots for similar mileage and condition vehicles. This will give you a real-world estimate for the location you are in as prices can vary between markets.

Take care,
the Motor Medics

Dear Motor Medics,

How often should I replace the shocks and struts on my vehicles? Is there a time or mileage limit to follow and is that a rule or can they be checked? My current 5-year-old minivan has never had them replaced, has 110,000 miles, and I plan on keeping it another 3 years or so.

Thank you,
Scott in Fort Morgan Colorado

Dear Scott,

Shocks and struts play a vital role in the ride comfort and safety of your vehicle keeping your tires in contact with the road and smoothing the ride. When they start to fail you may feel more bounce in the suspension or even feel the chassis bottom out over hard bumps. Usually before you feel the bounce braking distance and handling will be decreased. As they age the compressed gas/oil mixture that is used internally will begin to leak, first the gas which goes unseen and next the oil which can usually be detected leaking down the body of the units. Any sign of leakage or excessive bounce indicates that it is time for replacement. Mileage wise at about 50,000 miles or so they will start to lose performance. If you were to drive a vehicle with new units then drive yours, you would probably see a noticeable difference. This difference can mean shorter stopping times, better handling, and a smoother ride. For your vehicle with 110,000 miles and five years it is time for replacement.

Take care,
the Motor Medics
