-MAY-  
WEEK 1

HOW TO PLAY:

Fill in the grid so that every row, every column and every 3x3 box contains the numbers 1 through 9 only once.

Each 3x3 box is outlined with a darker line. You already have a few numbers to get you started. Remember: you must not repeat the numbers 1 through 9 in the same line, column or 3x3 box.

HOROSCOPE

WEEK OF  
APRIL 27 TO MAY 3, 2025

ARIES

You'll purchase some new pieces for your summer wardrobe, whether by shopping online or in-store. Let your friends guide your choices, even if they encourage you to exceed your budget. Beware of making inappropriate comments.

TAURUS

You'll give life to innovative ideas and promising initiatives this week. You'll unite a group around an ambitious project and overcome your financial concerns.

GEMINI

You'll feel particularly drawn to wellness resorts and spas this week, relishing the relaxing services they offer. It's essential for you to take time to rest and recharge.

CANCER

You'll work on a large-scale project with a high-performance team. Every phase will be completed efficiently, and you'll be delighted by the results. The calmness of your home will be a welcome retreat.

LEO

You must carefully manage both your personal and professional life. A lot of responsibility rests on your shoulders. A surprising revelation about your career could catch you off guard.

VIRGO

You'll spontaneously embark on a journey or take a short getaway. If your trip is for spiritual reasons, consider taking a pilgrimage for an extraordinary experience.

LIBRA

It's time to embrace big changes in your life. You're bored by the monotony and repetitiveness of everyday routine. You desperately want to transform your life with passionate and exciting experiences.

SCORPIO

Keeping everyone happy is a hard task, but you'll miraculously make it happen. At work, you'll successfully complete a project or finalize an agreement that was previously thought unachievable.

SAGITTARIUS

You'll have to handle numerous emergencies at work and elsewhere. You'll harness your inner strength to bring clarity to the chaos. Your empathetic, caring and nuanced approach will make a significant difference in how you handle the situation.

CAPRICORN

After tough negotiations, you'll be surprised to find yourself in a position of recognition. Unexpected family circumstances could leave you feeling confused. You'll have no choice but to take matters into your own hands.

AQUARIUS

If your young children invite their friends over, it's highly likely that you'll need to do a big clean-up after they leave. You may also have to replace or repair some appliances.

PISCES

Indulge yourself a little this week! You might reconnect with long-lost friends and have an amazing time reminiscing and talking for hours on end.

The luckiest signs this week:

## ~ No Respector~

God is not a respector of persons. God wants you to work with Him now to build that better testimony to help His kingdom- because God's kingdom will prevail in the end. The gates of hell will not. Christians who serve God are overcomers, and God has already won the battles we face.

Walk with Him and talk with Him. He knows what you need to know. Throw yourself before the altar of God and see if He won't give you favor and make you more than a conqueror for His kingdom.

It is time for a better testimony, folks. The days are spiritually serious before us in America and in Bible prophecy. Just read Revelation 18. It sure sounds like America. We need to make our lives more available to God's service than ever before. Invest in God's kingdom. His dividends pay the richest treasure you'll ever receive. Always remember what the 23rd Psalm says.

Can you relate to this? Are you ready to meet Christ? Are you prepared? This is no time to be playing as a Christian. It's time to be one.

# ASK THE MOTORMEDICS<sup>®</sup>

*Automotive Advice from the Under The Hood<sup>®</sup> Show*

Dear Motor Medics,

I want to know about 4-wheel drive and all-wheel drive. I am looking at a 2021 Subaru with all wheel drive and a 2022 Jeep Grand Cherokee with all wheel drive and full time 4-wheel drive. This is a lot to take in and the lots where I am looking to purchase one of these vehicles are not connecting with me on the explanation I am looking for. I want to know about the different systems, and which one is best. I would prefer one that has a 2-wheel drive position but none of these do. Will parts wear faster on these vehicles since they don't?

Thank you,  
Jack in Toledo Ohio

Dear Jack,

4-wheel drive has a switchable system with a 2-wheel drive position usually with a low and high range and sometimes even a full-time mode. An all-wheel drive may not be switchable at all by the driver and a full-time 4-wheel drive is also an all-wheel drive but may have a 2-speed transfer case giving you the option of both low and high range. Any system that you can put into 2-wheel drive mode will help with drive-train wear, but an all-wheel drive system often puts itself into 2-wheel drive mode automatically by way of decoupling two of the drive wheels when not needed to save fuel and wear. It's all consumer choice but a fully automatic system that puts itself into 2-wheel drive can save wear and give you added safety through increased traction.

Take care,  
the Motor Medics

Dear Motor Medics,

I have a 2002 Ford F-150, and I am having problems with the trailer lights. Over the years I have needed to have the wiring to the hitch area repaired several times when the trailer would no longer light up. Recently I was told that the wiring could no longer be repaired as it was too corroded and damaged. My shop tried to get a replacement harness to make the repair as it is only two feet long, but it is no longer sold by the dealer. I also need a door latch that the dealer does not have either and is not available at a parts store. What are my options for repairs?

Thank you,  
Robert, in Jefferson Texas

Dear Robert,

We are familiar with the trailer light harness issue. The salt and water and even heavy mud on the roads can take their toll on these and as many as we see that have failed, we are a little surprised that we have not seen a source for a replacement part out there yet. Many parts that often fail like these just don't have enough demand that a manufacturer would be willing to build one. You can have your shop or a shop that is willing to do it build you one. We have done it before, and it is not super difficult. The door latch may need to be sourced from an auto recycler.

Take care,  
the Motor Medics

Dear Motor Medics,

I've got a Nissan Titan and it has a ticking noise in the engine. It has had this for about a year and it doesn't seem to get any louder, but it makes me nervous about taking it on trips far from home. When I have my engine oil changed my shop says it's just lifters and they probably are noisy because I tend to change my engine oil every 10k miles, I know, that's too long between changes. I recently put in an additive that cleans the engine oil system and the noise stopped for two weeks then came back. Should I try two cans at the same time?

Thank you,  
Carry in Hills Minnesota

Dear Carry,

NO! That's the best way we can answer that last question. Never use an additive in a way not directed by the manufacturer of said product or you risk permanent damage. Additives have their place and if used as directed sometimes can fix a problem and save you a ton of money, but they are also some of the most abused products out there. With your extended oil changes, you probably clogged up some oil passages and using the cleaner helped restore them. Most of those cleaners are meant to be installed, then the engine oil changed within a few minutes of running. If that works then you may be able to repeat every 1000k miles for a few months and you may save the engine.

Take care,  
the Motor Medics

Dear Motor Medics,

Hey, what gives with the low tire pressure monitors? I am so sick of these things. It seems like every vehicle I drive has a low tire light on and even when I add the correct amount of air the light still stays on. How do these things work and how can I shut the light off permanently so that I don't have to worry about it.

Thank you,  
Derik in Osage Beach Missouri

Dear Derik,

Yikes! It's never any fun having a light come on and taunt you like that. Check Engine lights, ABS lights and Low Tire lights are some of the most annoying things on a car, but they all are there for a reason. They either are trying to save your life or the car's life. In the case of a low tire light, it is the former. Low tire warning systems were made mandatory by the government for safety a while back due to so many accidents caused by tire failure from under inflation. The system uses pressure sensors mounted in the tire usually on the valve stem and they contain batteries and a transmitter to relay the pressure and tire temp to the vehicles computer where it determines if it is a safe pressure and either illuminates the warning lamp or not. The system can't be bypassed, and it would not be legal to do so. Get it diagnosed. Most shops can repair them at a reasonable price.

Take care,  
the Motor Medics

**GREAT IDEAL**

2009 P7010C LS tractor, 4WD, 3500 lb. loader, both front wheel hubs replaced with the newest 4th generation hubs. 70hp engine on a frame designed to handle a 100 hp. Starter has been replaced and I have the original Bosch starter that can be rebuilt. Everything on this tractor works well, and all bucket pins are tight. A/C blows cold. This tractor is outfitted with an automatic depth guide system that makes plow passes effortless while maintaining consistent depth with each pass. 2 sets of wheel weights totaling 300 lbs. worth of wheel weights on each rear. 3 sets of remotes. 4 new Cree L.E.D. Work lights. All filters have been replaced along with the engine oil, and front axle had a complete drain and refill after rebuild. Good low hour older tractor that needs no DEF or doesn't regen! This tractor sold new for 85k in 2009, and with only 1650 hours on it, a way less then half asking price for a tractor with so few hours makes this a really good deal and worth checking out! List price or best offer. \$32,000. 918-541-6013.

# CLASSIFIED QUICK TIPS

**Prepare.** Know what is important to readers shopping in your classified category. **Make Your Copy Complete.** Use ad copy effectively to thoroughly communicate to potential buyer(s). Organize the ad carefully. Space and punctuate, so that the reader can follow the ad and understand its content. **Be Creative Descriptive.** List major selling points (price, color, size, features or options). **Be Factual. Be Helpful.** Include hours of operation, best days and times in which to make contact as well as area code on phone numbers. **Make Your Ad Easily Recognizable.** Choose a main benefit of your merchandise and feature it in a headline. Use art, large type sizes, bolding and best of all, use white space to make your ad visually attractive and so powerful, it's jumping off the page. **Maximize The Amount Of Prospective Buyers/Readers.** Multiply insertions help prospective buyers/readers REMEMBER the ad because of repetition. Take advantage of discounted rates available for multiple insertions. **Urge The Reader To Act Now!** Every ad should include a strong bid for action. Stimulate prompt action by using such phrases as "Call Now", "Available Immediately" or "Won't Last".

**The Big Nickel hopes these tips will help you, please call 417-624-4100 and our telephone sales representatives will be happy to assist you.**
