# BRAIN GAMES

PUZZLE NO. 1025

PUZZLE SODOKU

MAY WEEK 2

**HOW TO PLAY:**

Fill in the grid so that every row, every column and every 3x3 box contains the numbers 1 through 9 only once.

Each 3x3 box is outlined with a darker line. You already have a few numbers to get you started. Remember: you must not repeat the numbers 1 through 9 in the same line, column or 3x3 box.

3

# HOROSCOPE

WEEK OF

MAY 4 TO 10, 2025

**ARIES**

You may find it hard to communicate with others this week. However, an increase in income on the horizon will ease your financial worries. In your love life, small gestures and thoughtful actions will boost your happiness.

**TAURUS**

The pollen in the air may cause you some discomfort. Focus on eating a balanced diet to alleviate these symptoms and other disorders like stress-related heartburn.

**GEMINI**

You'll be given happy news from your family this week, like a birth or a move. You may consider putting your home up for sale, especially if your kids have long flown the nest.

**CANCER**

You'll be motivated by injustice in all its forms, and you'll take action to rectify any unfair situation. In your love life, prioritize affection to maintain a balanced, healthy relationship.

**LEO**

Let your friends lead you on a fun shopping trip. This adventure will be enjoyable and beneficial. Also, make sure to treat yourself to moments of relaxation and self-care that will boost your sense of well-being and vitality.

**VIRGO**

You'll dive into a major project and start to see real results. You'll be tasked with resolving conflict, either on or off the job. A romantic getaway is on the horizon.

**LIBRA**

For the sake of your health, you must take time to relax. Embrace a mindset of letting go before diving into new activities. Try to re-evaluate how you manage your time.

**SCORPIO**

Expand your customer base and grow your social media contacts to boost your sales. You'll take the lead in organizing a meeting that will bring together people you admire and respect.

**SAGITTARIUS**

You'll take the initiative on a major personal or professional project. You'll find the financial resources you need to purchase property or start your own business.

**CAPRICORN**

Dedicate time to planning your next vacation. This is also a good time to enhance your professional skills through training. Your career will thrive!

**AQUARIUS**

Use this time for introspection. Reflect on what ignites your passion and what doesn't, weighing the pros and cons. You'll make the right choices to promote your personal growth.

**PISCES**

At work, your go-getter attitude and keen attention to detail will help you come up with practical solutions to unexpected challenges. Conversations with your romantic partner may revolve around commitment and the depth of your feelings.

The luckiest signs this week:

LIBRA, SCORPIO AND SAGITTARIUS

## ~ You Can Say You Are ~

If you are a Christian, do you make yourself subject to Godly counsel? Do you humble yourself under the mighty hand of God and set aside pride? Do you cast all your cares, all your problems, and anxious thoughts upon the Lord instead of handling matters your own way? Do you use self-discipline, allowing God to be in control of you?

If you say you are a Christian, then make every effort to act like one. Because when you are a Christian, you must think of this: God is a spirit being. He has no body but yours to work through.

God has no feet but yours. God has no hands but yours. God has only you, as His earthly instrument, to show His compassion and to be His witness for His Son, for people to experience His love

Your life has been given to you by God for His own purposes, not your own personal desires. To call yourself a Christian, your life must reflect what scripture describes a follower of Jesus to be. Examine yourself. How does your life mirror what Jesus describes as a follower of His?

# ASK THE MOTORMEDICS®

*Automotive Advice from the Under The Hood® Show*

Dear Motor Medics,

I want to know about 4-wheel drive and all-wheel drive. I am looking at a 2021 Subaru with all wheel drive and a 2022 Jeep Grand Cherokee with all wheel drive and full time 4-wheel drive. This is a lot to take in and the lots where I am looking to purchase one of these vehicles are not connecting with me on the explanation I am looking for. I want to know about the different systems, and which one is best. I would prefer one that has a 2-wheel drive position but none of these do. Will parts wear faster on these vehicles since they don't?

Thank you,  
Jack in Toledo Ohio

Dear Jack,

4-wheel drive has a switchable system with a 2-wheel drive position usually with a low and high range and sometimes even a full-time mode. An all-wheel drive may not be switchable at all by the driver and a full-time 4-wheel drive is also an all-wheel drive but may have a 2-speed transfer case giving you the option of both low and high range. Any system that you can put into 2-wheel drive mode will help with drive-train wear, but an all-wheel drive system often puts itself into 2-wheel drive mode automatically by way of decoupling two of the drive wheels when not needed to save fuel and wear. It's all consumer choice but a fully automatic system that puts itself into 2-wheel drive can save wear and give you added safety through increased traction.

Take care,  
the Motor Medics

Dear Motor Medics,

I have a 2002 Ford F-150, and I am having problems with the trailer lights. Over the years I have needed to have the wiring to the hitch area repaired several times when the trailer would no longer light up. Recently I was told that the wiring could no longer be repaired as it was too corroded and damaged. My shop tried to get a replacement harness to make the repair as it is only two feet long, but it is no longer sold by the dealer. I also need a door latch that the dealer does not have either and is not available at a parts store. What are my options for repairs?

Thank you,  
Robert, in Jefferson Texas

Dear Robert,

We are familiar with the trailer light harness issue. The salt and water and even heavy mud on the roads can take their toll on these and as many as we see that have failed, we are a little surprised that we have not seen a source for a replacement part out there yet. Many parts that often fail like these just don't have enough demand that a manufacturer would be willing to build one. You can have your shop or a shop that is willing to do it build you one. We have done it before, and it is not super difficult. The door latch may need to be sourced from an auto recycler.

Take care,  
the Motor Medics

Dear Motor Medics,

I'm about ready to start hauling my trailer for the season and will be using more than one vehicle. What kind of things should I be thinking about before heading out with a trailer?

Thank you,  
Mike in Decorah Iowa

Dear Mike,

I'm glad that you're thinking ahead. Too many people just assume the vehicle they have is ready just because it has a hitch on the back. The first place to start is to make sure what you are pulling can safely be towed without overloading your vehicle, once that it done a safety inspection is in order. All of the items that the vehicle needs to operate such as steering, brakes, cooling, etc. will now be done for two so if it can't handle itself how will it handle towing? Have the vehicle raised on a hoist to check the suspension and brakes, replace worn parts for safety. Check the tires and make sure they are properly inflated and not cracked. Also check their load rating. Check the condition of the hitch and light wiring and inspect your engine and transmission cooling systems. Dirt and debris should be rinsed away from the cores with low pressure water. If you do not have a transmission cooler ask your mechanic about one, it may save you from having a transmission replaced prematurely. Don't forget to check the trailer for safety as well. Be sure to ask your mechanic about further towing preparations.

Take care,  
the Motor Medics

Dear Motor Medics,

Last year I spent almost \$2500.00 on air conditioning repairs to my 2018 Dodge Caravan. They just said it had a complete failure and that's the way it is. They did not offer any maintenance advice. We usually keep our vehicles just until the warranty is about to expire then trade, but with a budget minded focus lately we have decided to keep our vehicles longer. That money covers several payments but we still feel it's cheaper in the long run to keep the vehicles a few more years. Is there anything we could have done to have possibly avoided this??

Thank you,  
Darrin in Nashville Tennessee

Dear Darrin,

Many people have decided to keep their vehicles longer and we think this is a good idea to save money. To make sure you avoid unexpected repairs as much as possible, find a good mechanic you can trust and get on a regular maintenance schedule. In our own shop we see many vehicles fail that would not have if the driver would have done some simple low cost upkeep. In the case of air conditioning it is important to inspect the system for visible oil leaks and repair them before further use of the system. It is also important to service cabin air filters and have the condenser cleaned as needed. Any leaks in the system or overheating due to dirt can be catastrophic. These simple checks can help you avoid costly repairs.

Take care,  
the Motor Medics

**Closed for Memorial Day Monday, May 26th.**

**Equipment & Supplies**

**GREAT DEAL**  
**2009 P7010C LS tractor, 4WD, 3500 lb. loader, both front wheel hubs replaced with the newest 4th generation hubs. 70hp engine on a frame designed to handle a 100 hp. Starter has been replaced and I have the original Bosch starter that can be rebuilt. Everything on this tractor works well, and all bucket pins are tight. A/C blows cold. This tractor is outfitted with an automatic depth guide system that makes plov passes effortless while maintaining consistent depth with each pass. 2 sets of wheel weights totaling 300 lbs. worth of wheel weights on each rear. 3 sets of remotes. 4 new Cree L.E.D. Work lights. All filters have been replaced along with the engine oil, and front axle had a complete drain and refill after rebuild. Good low hour older tractor that needs no DEF or doesn't regen! This tractor sold new for 85k in 2009, and with only 1650 hours on it, a way less than half asking price for a tractor with so few hours makes this a really good deal and worth checking out! List price or best offer. \$32,000. 918-541-6013.**

10- WHEEL hay rake; CX-80 CASE Tractor, cab and air, new tires, hydraulic and steering pumps; D-15 Allis Chalmers tractor, wide front, 3 point; Musical instruments. For more info 620-215-6098 calls only.

**Equipment & Supplies**

**TENT REVIVAL**  
3rd Annual Campmeeting Tent Revival on the farm June 1st-6th at 6pm. Tent location: 1121 24000 Road, Parsons, KS. Contact number 629-423-2358. EVG Bobby Bryant from Alabama preaching and singing with a firey Holy Ghost anointing. Apostle Scott Lovett from Real Church Tulsa ministering with a deep anointing in God's word. Gifts of the Spirit will be in operation. Prayer nightly for anyone who seeks it. Music by Bobby Bryant on Organ, Guitar and Vocals by John Pitcock IV, lead guitar by Pastor Dale Wilkins and Jimmy Shrum on drums. Prayer changes things and people. See you there and bring a lawn chair.
