On the zoom with Jocelyn

You joining?

Yes

Ok

Having trouble with other zoom Going back up to 9th fl

Her husband is such a moron. As useful as tits on a bull

Lol

I thought that went well.

Yes. Have you done a 180 on them? I told Scott Hopes that extending them for six months is probably the way to go because we don't know what the new Congress will look like and they may not have the right contacts with republicans.

We should use the time to interview a few firms

Liked "We should use the time to interview a few firms"

Not a 180.  
I'm comfortable with the 6 month extension though.

Ok

I don't want them to check out on us for 6 months.  
Dangle the carrot and keep 'em working hard

Exactly

I think she's good with Dems. But she doesn't fit our board well and may not be much help in a red wave.  
I like the idea of the new board choosing the replacement

I agree. She has value but there are higher powered law firms and lobbying shops available

Jocelyn I have pushed to either amend, renew or extend your contract for some months. I get no movement but will intensify my efforts.  
Thanks
