## Commissioners Servia & Whitmore Attack DeSantis Over Increased Vaccines for Manatee County Seniors

**Lakewood Ranch, FL** - Today, Commissioners Misty Servia and Carol Whitmore attacked Governor Ron DeSantis over his COVID-19 response and pop-up vaccine event in Manatee County which will distribute 3,000 additional vaccinations to Manatee County seniors.

In response to the criticism by Commissioners Servia and Whitmore, Governor DeSantis stated: "We wanted to find communities that had high levels of seniors, living in there and this obviously has a high concentration."

It's unthinkable that two "Republican" Manatee County Commissioners would side with Liberal President Joe Biden in rebuking Governor DeSantis and his administration's gift of 3,000 vaccines for Manatee County seniors. The Governor's "Seniors First" vaccine plan is a nation-leading initiative that prioritizes vaccines going to our most vulnerable population, our seniors.

These two RINOs (Republicans In Name Only) should be ashamed they took a page out of the Biden playbook in attacking Florida and our Republican Governor Ron DeSantis.

Now, Governor DeSantis is considering disbursing the critically needed vaccines to other counties because of the comments by Commissioners Misty Servia and Carol Whitmore.

Governor DeSantis stated: "There's folks that are going to complain about getting vaccines, I'll tell you what, I'd be thankful because you know what? We didn't need to do this at all. We saw a need and wanted to get the numbers up for seniors."

Call or Email Commissioners Misty Servia & Carol Whitmore and tell them to apologize for siding with liberals like Joe Biden and Nikki Fried in attacking Governor Ron DeSantis over his COVID-19 response and "Seniors First" vaccine plan. Our seniors need this vaccine. Our seniors deserve more. Governor DeSantis deserves an apology.
