National Healthcare Food Service Week

National Healthcare Food Service Week will be celebrated at Celina Health and Rehab from Oct. 3-9. This year's theme is "Healthcare Foodservice: Teamwork is our Secret Rec-

ipe." This week is set aside annually to honor healthcare food and nutrition professionals. These professionals play an integral role in helping staff and resi-

dents stay well nourished and healthy. Even through unprecedented challenges, these heroes continue to rise to meet daily challenges to take care of others' needs.

Celina Health and Rehab is so thankful for this exceptional group, who through meals, snacks and special functions provide for residents and staff daily.

"BE The Gift Tennessee Challenge" Launches

NASHVILLE – The Department of Safety and Homeland Security is proud to partner with Tennessee Donor Services and Mid-South Transplant Foundation, Inc. for a "Be the Gift Tennessee Challenge." In an effort to bring awareness to the desperate need of organ and tissue donations, Commissioner Jeff Long is challenging all Driver Services Centers in the state to increase organ and tissue donor registrations from now through the end of the year.

September is the month that the Donate Life community recognizes driver license partners and driver services centers for the lifesaving work they do throughout the year by helping register organ and tissue donors.

Nationally, 106,687 men, women, and children are waiting for a lifesaving transplant. In Tennessee, 3,050 people eagerly await the news of receiving a lifesaving gift. 98% of all Tennessee donors register to be an organ and tissue donors at a Tennessee Driver Services Center.

"Just by simply asking a question, they're not only giving the people in front of them the opportunity of saving a life, but they are also giving hope to the more than 3,000 people across Tennessee waiting on a transplant," said Deana Clapper, Associate Executive Director of Tennessee Donor Services.

One organ donor can save up to 8 lives, and a single tissue donor can improve the lives of 75 or more individuals.

"We think about the loved ones whose lives have been saved by a donor," said Commissioner Jeff Long. "We also think about the loved ones who have given the gift of life through a donation. Our Driver Services Division is devoted and committed to ensure Tennesseans have the opportunity to become organ and tissue donors."

Commissioner Jeff Long is challenging all Driver Services Centers in the state in the #BeTheGiftChallenge. The center that registers the most new donors for the remainder of 2021 will be recognized early next year.

Election Administrator Earns State Certification

NASHVILLE, Tenn. – Tennessee Secretary of State Tre Hargett and State Coordinator of Elections Mark Goins recognize Monica Davis, Clay County Administrator of Elections, for recently passing the state Certification Exam for Administrators of Elections.

"This certification demonstrates Monica Davis's dedication to meeting the highest of standards in her efforts to serve Clay County," said Secretary Hargett. "The residents of Clay County can be proud to have a

public servant of this caliber."

Before taking the certification exam, election administrators must complete a training process covering 40 different topics related to election law. By passing the exam, participants demonstrate they have the level of knowledge and understanding required to be successful county administrators of elections in Tennessee.

The exam, which is held at least once a year and administered by the Secretary of State's Division of Elections in Nash-

ville, is a rigorous, closed book, written assessment that can last up to three and a half hours. Questions, which are based on statutory requirements, range from voter registration to Election Day guidelines.

"I applaud Monica for her hard work, commitment and focus in studying for the exam," said Coordinator Goins. "I appreciate her dedication to the election process."

Two other election administrators, Union County Administrator of Elections Candy Booker

and Washington County Administrator of Elections Dana R. Jones, earned their certification.

TDMHSAS Receives Funding To Support Mental Health Needs Of Flood Survivors

NASHVILLE, Tenn.— The Tennessee Department of Mental Health and Substance Abuse Services (TDMHSAS) is receiving federal funding to support the mental health needs of people who survived deadly flash flooding in August.

More than \$116,000 in funding through the Federal Emergency Management Agency (FEMA) Crisis Counseling Program will support services for residents of Dickson, Hickman, Houston, and Humphreys Counties. The four counties were covered under a Major Disaster Declaration following devastating flash flooding during severe thunderstorms on August 21, 2021. Twenty people perished in hardest-hit Humphreys County.

Mental health services will be provided through Centerstone which has existing relationships in the affected counties and has experience doing this work following natural disasters. Funding through the grant will provide staffing for mental health professionals from Centerstone to visit affected communities, assess needs, and deliver services.

"We know the mental health impacts of a disaster like this are often not fully realized for some time after the event. The pain of loss of life and damage to

home and community is something that survivors will be grappling with for months and years to come," said TDMHSAS Commissioner Marie Williams, LCSW. "We're so grateful to our funders at the federal level for recognizing the need and to our community partners at Centerstone for stepping up to sup-

port the resiliency of the survivors of this tragic event."

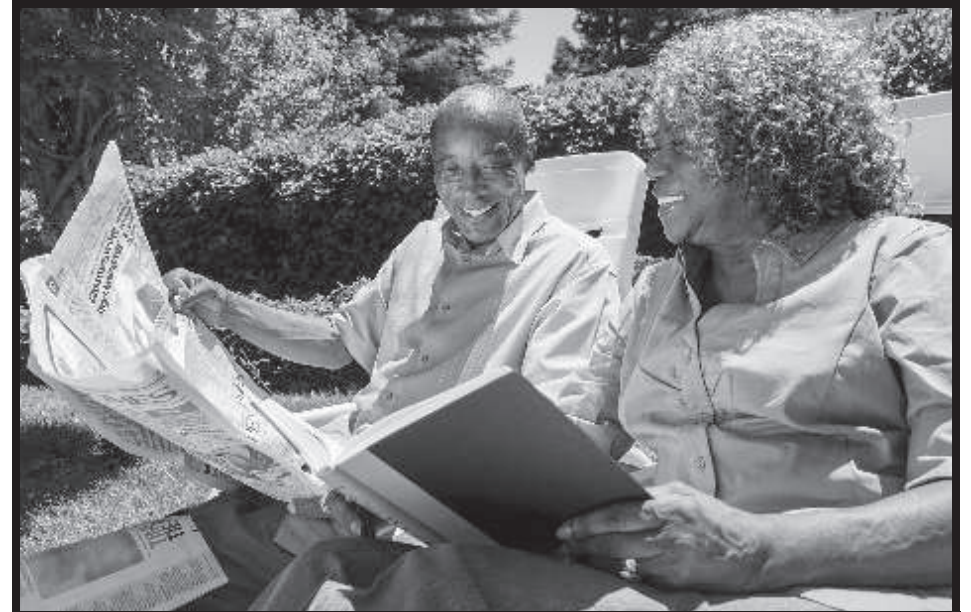

This initial funding is designed to provide services for up to 60 days. The department is also applying to FEMA for an additional grant which would provide extended support to survivors for up to nine months.

Waiting On The U.S. House To Bridge The Digital Divide

BETSY HUBER
Special to the *Citizen-Statesman*

Families across America's heartland have had a difficult year and a half. The COVID-19 pandemic, the economic troubles it caused, and an ongoing labor shortage have made it more difficult than ever for America's hardworking families in rural and agricultural communities to unlock the full potential of our modern economy.

This is especially true for those communities that disproportionately lack access to affordable and reliable broadband internet. To secure a future of prosperity for America's rural communities, we need to completely bridge the digital divide and ensure every American has access to the digital technologies that support success in our modern world.

Substantial positive investments toward achieving the national goal of bridging the digital divide through broadband deployment, financial support for broadband service and digital skills training were included in the bipartisan Infrastructure and Jobs

Investment Act recently passed by the U.S. Senate. Now, America's rural communities are counting on the U.S. House of Representatives to swiftly pass this package, including the \$65 billion down payment on closing the broadband gap.

The broadband investments included in the bipartisan infrastructure package and additional permanent solutions are urgently needed.

Take Minnesota, for example. According to the Federal Communications Commission, whose data Republicans and Democrats agree underestimates the scale of the digital divide, at least 140,000 Minnesotans lack access to broadband. A separate study from BroadbandNow finds there are as many as 440,000 Minnesotans who lack access to a broadband connection. A third analysis, looking at how people use the internet rather than service, found that more than 2 million Minnesotans do not access the internet at speeds meeting the definition of broadband.

Nationwide, nearly

one-fourth of Americans in rural areas still don't have access to broadband, and rural adults are less likely to have multiple connected devices. As many as 29 percent of American farms still lack broadband access.

The challenge is also not limited to rural areas — and substantially impacts every American community that lacks broadband access for all. In urban Minneapolis for example, one quarter of households facing the greatest income insecurity have no access to broadband as a result of affordability challenges.

This gap, wherever it exists, prevents too many Americans from accessing digital tools in education, health care, workforce development, small business, precision agriculture and much more.

The National Grange commends the spirit of bipartisan cooperation that resulted in substantial positive investments to expand broadband connectivity being included in the bipartisan infrastructure package and advanced out of the Senate. Now, House lawmakers

cannot delay in passing the urgently needed package.

A majority of voters from across the political spectrum support the bipartisan package and 62 percent of Americans believe broadband funding must be a part of all infrastructure spending packages.

We encourage House lawmakers, including Reps. Jim Hagedorn, Angie Craig, Dean Phillips, Betty McCollum, Ilhan Omar, Tom Emmer, Michelle Fischbach and Pete Stauber, to swiftly pass the Infrastructure Investment and Jobs Act and then build on the positive momentum for action by advancing additional solutions, like ensuring financial support for broadband is enough for families in every community to afford service.

Every American community, especially those in the heartland, is counting on their leadership to bridge the digital divide.

Betsy Huber lives in Oxnard, Pa., and is president of the National Grange of the Order of Patrons of Husbandry.

Veterans Need Your Help This Winter

by Freddy Groves

It looks like COVID isn't likely to vanish soon. Because of restrictions everywhere, long-term patients at Department of Veterans Affairs hospitals might have a lonely winter when their regular visitors are either limited or banned altogether. You can help.

While you probably won't be able to visit patients, you can help to break up their long days with gifts, cards and notes to let them know that people on the outside are thinking about them.

First stop is the website for your local VA hospital. Look for Voluntary Services and give them a call to see if they have a wish list. They might be looking for anything from thick socks to XXL T-shirts. If you're lucky, there might be a special list for the coming holidays that includes handheld electronic games, books of a certain genre or small radios with earbuds. You won't know until you ask.

Your call to Vol-

untary Services might reveal that instead of needing things for the patients, they need your help with those who have been discharged. Maybe there's a homeless veteran being moved into his own apartment. He'll need a move-in basket of everything from new towels to TP to a manual can opener.

And there might be even more ways you can help at the VA hospital. Drivers are a big deal, and taking a van around to pick up patients who need to come in for outpatient treatment is a way to guarantee that those veterans don't miss crucial appointments. In cold weather, parking lot shuttle drivers bring people from their cars to the door and back. Again, a very worthwhile endeavor.

If you're in a veterans' service group such as American Legion, enlist members to help with the financial end of buying gifts and necessities. One way or another, don't let this coming winter go by without doing something for your fellow veterans. They'd be there for you if the tables were turned.

Smith & Wesson To Relocate Headquarters To Tennessee

NASHVILLE — Tennessee Gov. Bill Lee, Department of Economic and Community Development Commissioner Bob Rolfe and Smith & Wesson Brands, Inc. officials today announced the U.S.-based leader in firearms manufacturing and design will relocate its headquarters and other major operations from Springfield, Massachusetts to Maryville, Tennessee.

In addition to its headquarters, Smith & Wesson will relocate its distribution, assembly, and plastic injection molding operations to Tennessee. The project represents an investment of approximately \$125 million and will create 750 new jobs.

Smith & Wesson will locate in Partnership Park North in Blount County, where the company plans to break ground before

the end of the year.

Founded in 1852, Smith & Wesson is one of the world's leading manufacturers and designers of firearms. They manufacture a wide array of handguns (including revolvers and pistols), long guns (including modern sporting rifles, bolt action rifles, and shotguns), handcuffs, suppressors, and other firearm-related products for sale to a wide variety of customers, including firearm enthusiasts, collectors, hunters, sportsmen, competitive shooters, individuals desiring home and personal protection, law enforcement and security agencies and officers, and military agencies in the United States and throughout the world.

Smith & Wesson joins more than 20 small arms

manufacturers located in Tennessee. Tennessee ranks No. 1 in the nation for employment in the small arms and ammunition sector, with employment increasing by 54% over the last five years.

Since 2017, TNECD has supported 10 economic development projects in Blount County, resulting in approximately 3,100 job commitments and \$1.4 billion in capital investment.

Prevent Pet-Related Damage To The House

The benefits of having a pet are innumerable. Pets can be companions, protectors, service animals, and even help produce products that can be sold, such as eggs from chickens. While there are many positive attributes to pets, one potential concern is the impact they have on the home.

Pet-related damage can occur when pets are angry or happy. Boisterous animals may scratch or claw at furniture and floors. Some animals may climb or chew. Woodwork and furniture can be damaged by pet paws and teeth, but that's not where it ends. The following are some potential pet-damage problems and how to avoid them.

Marking

Many animals use scent markers to establish their territory and communicate with other animals. As a result, both male and female pets may spray urine in certain areas of the house. While it may not eliminate the problem immediately, making sure to neuter or spay cats and dogs can reduce the likelihood that they'll mark indoors or attempt to seek out and mate with feral animals they smell canvassing the property.

Accidents

In addition to marking, pets that have not been properly trained or were trained and are ex-

periencing a behavioral or medical issue may begin soiling in improper areas, such as outside of the litter box or in the home. Obedience training can head off some issues, but if a medical condition is suspected, consult with a veterinarian promptly.

Dirt, Fur And More

An investment in regular grooming can help keep certain damage at bay, states Home Advisor. Regularly brushing and trimming coats, keeping nails clipped and bathing will keep a home fresh and minimize damage. Other pets may not be groomed but require cleaning of cages or other habitats. Bird droppings and feathers can get on surfaces. Cleaning daily or very frequently can help keep a home tidy.

Provide Toys And Scratching Posts

Pets need an outlet to tame anxiety and energy. If they don't have suitable outlets, pets may cause damage to a home. Cats will take to furniture to stretch their paws if they don't have scratching posts or special mats. Dogs, particularly puppies, can be orally fixated. When the urge to chew sets in, unless there are appropriate chew toys, furniture, moldings and other items around the house may become fair game.

It is important to note that declawing a cat to prevent damage should not be a consideration. It is a surgery that can cause ongoing health problems. Nail caps can be used as a safe alternative.

Escape Artists

In some cases, pets may chew or scratch their way through doors and window screens. Others

may dig under fencing or climb, leaving damage in their wake. Boredom, anxiety or lack of training may be behind these behaviors, according to Pets Weekly. However, the urge to roam also may be tied to pets not being fixed. Work with the vet or a trainer to help stop these issues.

Pets can cause damage around the house. But certain strategies can help decrease the likelihood that pets cause damage around the house.

Facts About The BIBLE BY JOHN LEHTI

HOW THE BIBLE NAMED A DOG!

THE FIRST SCHOOL FOR TRAINING DOGS TO GUIDE THOSE WHO ARE BLIND WAS FOUNDED IN 1929 BY ITS FIRST PRESIDENT, DOROTHY HARRISON EUSTICE, AND MORRIS FRANK WHO HAD BEEN BLIND SINCE AGE 16.

THE PHRASE WHICH GAVE THE SCHOOL, AND THE DOGS, ITS NAME WAS TAKEN FROM THE BIBLE "... THE SEEING EYE THE LORD HATH MADE..." (PROVERBS 20:12)

FOR MORE THAN HALF A CENTURY THESE PATIENT, INTELLIGENT "SEEING EYE" DOGS HAVE GIVEN GREATER FREEDOM TO BLIND PEOPLE IN EVERY STATE AND MANY COUNTRIES! MR. FRANK CALLS THE DOGS "GOD'S GIFT OF NEW EYES."

NEXT WEEK: LEGEND OF THE DOGWOOD TREE!

LEISURE

TIGER

HOROSCOPES

ARIES
Mar 21/Apr 20
 Aries, be gentle with your approach this week as you look to persuade someone. You don't want to scare anyone away by being too flashy or forward.

TAURUS
Apr 21/May 21
 This is a great time to go out and try to grab yourself a bargain, Taurus. Head to a thrift store or garage sale, or even test your negotiation skills at a car dealership.

GEMINI
May 22/Jun 21
 Gemini, situations that have slowly been building will finally come to a head this week. A resolution will be better than the roller coaster you have been on recently.

CANCER
Jun 22/Jul 22
 Cancer, you may have little motivation this week. One or two days of relaxation could be just what you need to recharge. Expect to re-emerge full of renewed

vigor.
LEO
Jul 23/Aug 23
 Leo, issues involving your finances take center stage. It is time to do some long-term financial planning and get all of your ducks in a row. Ask for assistance if you need it.

VIRGO
Aug 24/Sept 22
 Virgo, someone may be trying to slow you down, and you're not having any of it. Keep yourself busy at all times this week and assess your priorities.

LIBRA
Sept 23/Oct 23
 Libra, concentrate on a creative project that you have been pondering for some time now. Explore your imagination and don't hesitate to utilize it.

SCORPIO
Oct 24/Nov 22
 Scorpio, a little homework can help your cause as you seek to persuade others to see things from your perspective. Some credibility can go a long

way.
SAGITTARIUS
Nov 23/Dec 21
 This may be a very expensive week for you, Sagittarius. You're finishing up on projects around the house and may enjoy a weekend getaway to a spa or resort.

CAPRICORN
Dec 22/Jan 20
 Try to connect with people on a deeper level this week, Capricorn. You can then strengthen your friendships and get to know one another even better.

AQUARIUS
Jan 21/Feb 18
 Spend some time alone where you can center and concentrate on the bigger picture, Aquarius. You may have to make a few adjustments to an existing plan.

PISCES
Feb 19/Mar 20
 Pisces, take action so others know you are dependable. This may pertain to work or assisting a friend with a task that needs completion.

Even Exchange by Donna Pettman

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from MASTER for an I, you get MISTER. Do not change the order of the letters.

KINGDOM

Kingdom- Made up of those who live under a king. King- One who has supreme authority. The kingdom is the Lord's, and he rules over the nations (Psalms 22:28). Jesus told the apostles in AD 33 that they would be baptized with the Holy Ghost in a few days. (Acts 1:5-8). The kingdom of God was to come with power while some of the people living in AD 32 were still living. (Mark9:1). The apostles were filled with the Holy Ghost (come with power) and the church and its beginning. (Acts 2:1-4). The Lord added to the church daily such as should be saved. (2:47). Christ is now king reigning over his kingdom. (I Corinthians 15:24-25 & Ep. 1:22-23). The kingdom of Christ on earth is the church of Christ. (Matt. 16:18-19 & Acts 20:28 & Col. 1:13). After all enemies are put under the feet of Jesus then Jesus will be subject to God. (I Cor. 15:25-28). To enter the kingdom that exists in heaven one must first enter into the kingdom of Christ on earth. (Matt. 7:21 & Matt. 28:18-19 & Acts 2:47). Salvation is in Christ and to enter baptism is required. (Rom. 6:3 & II Tim. 2:10).
