Official Press Release from the Warren Police Department:

On Monday, Nov. 13, the Warren Police Dept. arrested Baltazar Fabian, 42, of Warren, and charged him with aggravated assault, stemming from an incident that took place at Warren High School. Probable cause for the arrest was founded by Judge Laurie Bridewell, and Baltazar was processed and released on a \$25,000 bond with a court date pending.

AGFC, Bradley Co. build new boat ramp on Saline River

SPECIAL TO THE EAGLE

Anglers and boaters in south Arkansas now have convenient access to the Saline River just south of Warren thanks to the completion of an improved concrete boat ramp by Bradley County and the Arkansas Game and Fish Commission.

The project was approved by the Commission in June as one of many access upgrades for boaters using Marine Fuel Tax money. The project was estimated at \$250,000 and will allow access on the west side of the Saline River. Be-

fore its construction, boaters would have to drive to Ashely or Drew counties to access this portion of the river. The AGFC contracted a 14-foot wide concrete boat ramp to be poured and purchased riprap rock to stabilize the shoreline around the ramp. A Bradley County construction crew pushed the completed concrete slab ramp into the water and placed the riprap as part of their matching donation.

AGFC Fisheries Supervisor Tyler Thomsen said this stretch of the river provides excellent

fishing for bream, bass and especially catfish in this portion of the state.

"The water can get pretty shallow in some stretches of the Saline in dry seasons, so adding this access gives anglers one more option to launch their boat in water that's difficult to reach during some parts of the year."

The ramp can be reached by heading east for 2.5 miles on Bradley County Road 339 from Arkansas State Highway 8 1.2 miles south of Sumpter.

Hermitage School Board reviews financials and enrollment

By JOANNA POOLE
Eagle Correspondent

The Hermitage School Board met on November 13, 2023, for its regular monthly meeting and conducted a number of business items which included approval of the previous meeting's minutes and review of the school finances.

Superintendent LaDonna Spain updated the school board on the current financial report. A motion was made to approve and accept the report. The board then moved on to reports from Spain on topics of attendance, behavior, curriculum, state assessment data, and college career graduation readiness.

Elementary and high school principals Tara Gates and Misti McGhee then spoke to the board about attendance, behavior from students, and discipline

incidents. Gates stated that the 2023/2024 school year for Hermitage Elementary started with an enrollment number of 188 students and is now at 191 students. The current enrollment number for Hermitage High School is 206 students.

Devin McDiarmid, director for Southeast Arkansas Community Based Education Center (SEACBEC) presented the school board with details about SEACBEC, including information about the five programs of study that are offered. McDiarmid stated that students from Woodlawn, Hermitage, and Rison are now coming to the SEACBEC campus, and that the number of students enrolled from Hermitage has surpassed schools like Rison which has not happened in five or six years. SEACBEC also offers nine concurrent college credit courses.

The school board heard reports on the America Rescue Plan Act, the Implementation of the School Safety Grant, and transportation updates.

The following items of business were acted upon by the board:

- Bid approval to replace twenty windows in the basketball gym
- Approval of the 2023-2025 Public Master Facilities Plan Resolution
- Approval of new policies 3.28G and 8.22G which is the requirement for public schools to utilize the ADE's Technology Resources Policy
- Approval of amended ASBA Policy 4.41 which is the Equal Education Opportunity.

The school board then went into an executive session.

The next meeting is set for 6 p.m., December 11, 2023, at the fire station.

Warren Lumberjacks shaft the Bauxite Miners in playoff thriller

By BRANDON HOGG
Eagle Correspondent

Under the Friday night lights of Jim Hurley, Jr Stadium, fans witnessed a back and forth playoff grudge match as the Bauxite Miners clashed with the Warren Lumberjacks in a heart-stopping second-round matchup of the state playoffs on November 17, 2023. The game was a symphony of strategy, skill, and tenacity, leaving an indelible mark on the season.

The game began with anticipation as Warren's Allen Juarez showcased his powerful leg, delivering a touchback that set the Miners on their own 20-yard line. Despite an early promise, the Miners faced a challenging 3rd and long situation, leading to a punt with 10:55 left in the first quarter.

A game-changing moment un-

folded as the Lumberjacks capitalized on the botched punt. JD Tillman's 14-yard return turned into a touchdown, giving Warren an early 7-0 lead at the 10:44 mark.

Following another Juarez touchback, the Miners would take over on the 20. Warren's defense, which would prove to be the MVP of the night, held strong and forced another Miner punt with 9:58 left in the quarter.

Antonio Jordan would return the punt 30 yards, setting up great field position for the Jacks. On first and 10, Denton would hand the ball off to Trey Jackson for a quick 11 yard burst. On the very next play, Tremon Miller would take a reverse inside the Miner's 10 yard line, setting up what everyone thought would be another Lumberjack Score. Undeterred, the Miners front line held strong, forcing a fourth and

one situation from the two yard line. Antonio Jordan would line up in the Wild Jack formation and meet a host of Miner defenders at the two yard line, forcing a turnover on downs.

With 7:31 left in the quarter the Miners took over. Walk Duncan would scamper 11 yards for a quick first down, their first of the game. On the next play, Warren defensive standout Neo Harding would chase down the Miner QB for a sack, setting up a third and long situation. On third down, Harding would come up big again with the stop forcing another Bauxite punt with 5:25 remaining in the quarter.

After another impressive return by Jordan, the Jacks took over with great field position at the Miners' 37. On first and 10, Denton was blitzed by the Miners linebacker core for a nine yard loss. A Warren penalty would re-

sult in the Jacks facing third and 22. Denton would find a receiver for a 15 yard gain, but on fourth and seven, Denton's pass to Trey Jackson would find the Jacks just short of the line to gain, forcing a turnover on downs with 3:35 left in the quarter.

Bauxite quarterback, Wimberly would lead the Miners on their best drive of the game thus far with a quick first down on a quarterback keeper. The Lumberjack defense bowed up on the next few plays stuffing the Miners' run game and setting up another fourth down situation. The Miners would take a chance and go for it on fourth and short and make it, advancing the ball into Lumberjack territory. With less than a minute remaining in the quarter, Wimberly would connect on another fourth down situation that moved the Miners inside the Warren 30 as time expired in the

first quarter with Warren leading 7-0.

The second quarter saw a shift in momentum as Bauxite's QB Perry finished off an impressive

drive, tying the game at 7-7 with a gritty three yard run. Both teams displayed resilience and determination in an evenly matched

FIGURING THE BOTTOM LINE

Several years ago a builder started work on a new house near where I grew up. What elegant plans he had! Why, this house would be the most unusual and creative in the neighborhood! Today it sits there unfinished, an eyesore to the community, a mute witness to the builder's lack of planning. He never figured the bottom line, the cost.

Jesus Christ warned us about this type of thing. He said: "Don't begin until you count the cost. For who would begin construction of a building without first getting estimates and then checking to see if he has enough money to pay the bills? Otherwise, he might complete only the foundation before running out of funds. And then how everyone would laugh! 'See that fellow there?' They would mock. 'He started that building and ran out of money before it was finished!'" (Luke 14:28-30, Living Bible).

It is foolish to start something you can't finish. Like rebellion, rebellion against God. You'd better give consideration to the bottom line of your action. As Ayn Rand used to say, "Check your premises." Have you really thought through what you are about to do?

You're considering cheating on your mate. Have you figured the bottom line of your adultery?

You've thought about dropping away from the Lord and joining the world system. Have you counted the cost?

Somebody has introduced you to drugs. You're thinking about going ahead and experimenting a little, nothing much, just a little. Have you thought it through?

"Social drinking can't be too bad," you reason. "So many folks are doing it; perhaps I will too." Have you read the entire contract? How about the small print? And be sure to read

very carefully the last line.

In figuring the bottom line, here's a rule you need to remember: Satan cares nothing about truth in packaging. He's not about to give you the straight pitch. He'll never tell you about the heartbreak of the divorce court, the sobbing children who wonder what happened to their home, the agony of the lonely room, the look of the wounded fawn in your mate's eyes. No, you'll never hear that side of it. Satan will tell you about free choice, about sexual freedom, about the need to be fulfilled and understood. He'll offer you the product but lie to you about the cost. And so you'll buy his merchandise and understand far, far too late that the cost of your pleasure was your death, physically and spiritually. Literal death! That's the bottom line.

You don't hear much about sin anymore. You hear a lot about praise, but not much about sin and that must suit Satan just fine. If people really knew and believed what it would cost them to sin, they would run to the altars and call upon God to make them holy and righteous! They would cry, "O Lord, cleanse me and make me pure!" They would see the purveyors of filth for what they really are, merchants of disease, peddlers of

decay, maitre d's of death.

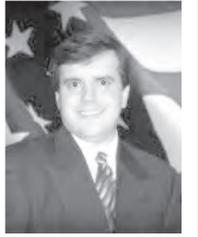

You see, dear friends, holiness is not the negative commodity you have been led to believe. True holiness is positive. It means health. It means happiness, fulfillment, joy. It means delightful life, both here and in eternity, but a departure from holiness is sin. "And sin, when it is finished, bringeth for death" (James 1:15). Every time. To everybody. Including you. You can count on it.

So you're thinking about sinning and rebelling against God. No one has told you that you can't do that. All I'm telling you today is that you had better figure the bottom line. You had better count the cost.

You are facing a decision, Satan's offer looks very good to you. I don't doubt that; he is a super salesman. Before you sign the contract, make him explain something to you, make him tell you the whole cost. Make him read the small print in the contract and tell him to read you one line in particular, to read it very slowly... the bottom line. I sound like a multitude of voices to your spirit today. The other voices come from the valleys of hell and they croak out the warning to you: "Go figure... figure the bottom line...the bottom line...the bottom line..."

Arkansas History Minute

Dr. Kenneth Bridges

Thanksgiving is fast approaching. Last year, more than 54 million Americans traveled for the festivities. With Thanksgiving, in the midst of the rushing and the race to cook huge meals, people stop to give thanks for what they have. It is part of a long tradition that has spanned many generations.

One of the most well-known and one of the earliest Thanksgiving feasts was that of the Pilgrims at the Plymouth Colony on November 22, 1621. It had been a difficult year for the English settlers who had arrived in Massachusetts the previous November. The Wampanoag tribe, which controlled most of Massachusetts and Rhode Island, made offers of friendship to the Pilgrims, sharing their food as the

colonists struggled through the winter and then taught them about farming in the completely new environment.

After a bountiful harvest that fall, the Pilgrims decided to organize a feast to give thanks to God for their good fortune. In the spirit of gratitude, the Wampanoags were invited to join them in what became a three-day feast. The meal was quite different than the usual fare seen on American tables today. Using what was available locally, they ate swans, seals, deer, fish, and lobsters.

Such celebrations to give thanks to God were not unusual among Europeans in general during that time period. By the

contest. Following consecutive procedure penalties on the Bauxite kick off team, Warren would take over at the 40 yard line. Bauxite would flex its defensive muscles on this drive, forcing a third and 12 with 8:40 left in the half. Denton would try to connect with Thomas but the pass was deflected, forcing Warren to punt.

Bauxite would take over at the 20 with 8:11 remaining in the half. The Miners would continue their ground game success, gaining a first down to open the drive. With 7:20 left in the half, the Miners were looking at third and two when Neo Harding made his presence known again - stopping the Miners' run game in the backfield, setting up a fourth down situation. On fourth down, Harding would again dominate the Bauxite offensive line and stop the Miners tailback in the backfield, forcing a turnover on downs.

Warren would take over and begin their march towards the end zone. With 5:51 left in the half, facing fourth and three, Jackson would take the handoff and rumble six yards for a Lumberjack first down. Then, with 5:08 left, the ground game success continued as Miller broke a long run down inside the Bauxite 25 yard line. On the very next play, Jackson Denton would connect with Neondre Thomas for a 24 yard touchdown to give Warren a 14-7 lead with 4:49 left to play in the half.

The kickoff would be returned to the Miners 45 yard line where Bauxite would start their drive. Perry would find Wimberly for a quick nine yard strike, setting up a second and short. On the next play, Duncan found daylight and raced 39 yards to give Bauxite a

first down at the Warren 13 yard line. Warren would hold the Miners on the next two plays, but Bauxite's Perry connected with Wimberly for a four yard touch-down pass, leveling the score at 14-14 with just over two minutes left in the half.

Warren hoped to get things in gear on the next drive, but the Bauxite defense would have nothing of it. After a couple of successful plays, the Jacks would fumble the ball near midfield with less than a minute left in the half.

With the Miners gaining the momentum, the Warren defense would come up big again. With Bauxite facing a third and eight from the Warren 37, Neo Harding and Cam Davis would lead the way with big play after big play, forcing a turnover on downs as time expired in the half. The halftime score stood deadlocked at 14-14, setting the stage for an intense second half filled with anticipation and strategic adjustments.

The third quarter opened with a burst of excitement as Warren's Trevon Miller returned the kickoff for a spectacular 73-yard touchdown. The successful extra point by Juarez put Warren ahead 21-14 with 11:47 remaining.

After another Juarez touch-back, the Miners would start their first drive of the third quarter at the 20 yard line. Warren's defense stood strong yet again, forcing a fourth and 28 punt by the Miners. With 10:52 left, the Jacks would take over at their own 40 yard line.

Trey Jackson would try to get things going for Warren with a few good runs to start the drive. However, the drive stalled and with 10:01 the Jacks faced a third and long situation. Denton would find Jackson on a short gain, but it wouldn't be enough for the first down and the Jacks would have to punt again.

Bauxite would take over and immediately begin marching the ball down the field. After two quick runs, Wimberly would find the sideline and get the Miners down to the Warren 14. With 8:06 left in the quarter Duncan would scamper inside the 10. On third and four, Perry would run a quarterback sneak to put the Miners in the end zone. Following the successful extra point, the game was tied at 21-21.

Warren found itself with good field position on their next drive. However, the Bauxite defense would not be deterred and Warren was forced to punt after three quick plays.

A booming punt by Irving Rivera pinned the Miners inside their two yard line. With 6:37 remaining in the third quarter, Bauxite would try to get out of the shadow of their end zone but they would not be successful. The Miners would be forced to punt and things looked to be in Warren's favor as Neondre Thomas returned the punt back inside the Miners 10 yard line, but a block in the back penalty would negate the long return.

With five minutes left in the quarter, the Warren offense looked to get things going. Faced with a third and 11 from the Bauxite 42, Trey Jackson would rumble nine yards setting up a fourth and two with 4:23 left. Jackson would get the call again and find the needed yards for a Lumberjack first down. An intentional grounding penalty would put the Jacks in a bind, forcing a third and 30. Tremon Miller would pick up eight yards on the ensuing play but the Jacks would be forced to punt again. Irving River, subbing for the injured Antonio Jordan, would showcase a strong leg again; this time pinning the Miners back inside their

one yard line.

The Miners would find themselves faced with a third and nine from the one. Perry found his receiver, Wimberly, for a 10 yard completion to keep the drive alive. Bauxite would run two more plays as time expired in the third quarter with the score tied at 21-21.

The fourth quarter began with the Miners facing a third and two from their own 19. Wimberly would fight hard for three yards for a Miners first down. Following a seven yard gain, Bauxite would be faced with another third down situation that saw Wimberly grind his way through the Warren defense for another first down. The Lumberjack defense would not budge this time as they force a third and long with 9:49 left in the game. Wimberly would try and connect on a deep pass only to have Warren defensive back Cam Burkes break up the pass forcing the Miners to punt with 8:30 left in the contest. In another example of fine special teams plays by both teams, the Bauxite punter would pin the Jacks inside their own 10 yard line.

With 90 yards between the Jacks and a victory, Jackson Denton would lead Warren on a drive to remember. Denton would start things off with a quick strike to Cam Davis for five yards. Trey Jackson would take the next handoff and rumble 13 yards for a first down. With Bauxite expecting Warren to stick with run game, Denton would surprise the Miners with a 51 yard bomb, connecting with Neondre Thomas to get the Jacks inside the 25 yard line. On the next play, Trey Jackson would race past the Miners' defense on his way to pay dirt. The touchdown run would give the Jacks a 28-21 lead with seven

minutes left in the game.

Allen Juarez would kick another touch back for Warren and the Miners would be forced to take over at their 20 yard line. The Lumberjack Defense proved to be the difference maker and continue its solid play. On fourth and one, with the season on the line for both teams, Wimberly would come up big for the Miners, gaining a first down to keep their season's hopes alive. With 5:50 left in the game, Wimberly would rush for 13 yards setting up a first down. On the next play, Wimberly would scramble only to find a host of Lumberjacks led by Cody Weatherspoon, resulting in a seven yard loss on the play. On the next play, defensive superstar Neo Harding would sack the Bauxite QB setting up a fourth and long. Bauxite would come up big on the fourth down as Perry would find his man, Duncan, for a long first down pass play. That set up the Miners with a first down just inside midfield with only 3:29 left in the game. Warren would flex its defensive muscles again as JD Tillman would drop Perry with a quarterback sack of his own. Following a Miners holding penalty, Bauxite would find themselves in a third and 29 hole. Once again, the pesky Bauxite quarterback would come up with the big play as he escaped the Warren pass rush and raced down the field for a 30 yard gain. However on the very next play, Warren would seal another playoff victory as Neondre Thomas would intercept Perry!

Warren controlled the clock in the final minutes, securing a hard-fought playoff victory and advancing to the quarterfinals.

Photo courtesy of Robert Camp
Neon'dre Thomas splits a pair of Bauxite defenders to grab a Jackson Denton pass for a touchdown.

On the night, Warren would hold Bauxite to 299 total yards. Save for two long plays the Warren defense did a fantastic job keeping the Bauxite running game in check. Special teams was a standout for the Jacks with multiple deep punts, touchbacks on every kick off, and two special teams touchdowns.

The Warren offense was led by Jackson Denton and Neondre Thomas. Denton was 8 of 13 passing for 120 yards and a score. Thomas caught six balls for 86 yards and a touchdown.

The Warren Faithful will have at least one more Friday night at home as the Ozark Hillbillies will make the long trip from Northwest Arkansas next week. The Jacks are one step closer to their goal of playing the final game of the year in War Memorial. Come out next Friday, November 24, and cheer on the Jacks to Victory!

Arkansas House Report

Jeff Wardlaw
Ark. State Representative

While the convenience of department stores and online shopping is undeniable, we'd like to take this time to encourage you to incorporate shopping locally this holiday season.

Saturday, November 25, 2023, is Small Business Saturday – a day to celebrate and support small businesses and all they do for their communities.

Small businesses are the lifeblood of our communities, and by choosing to support them, we can make a significant positive impact on our state's economy, as well as create a more vibrant and diverse shopping experience.

A small business in Arkansas is defined as those with less than 500 employees. There are more than 264,000 small businesses in Arkansas. Small businesses make up the majority of businesses in the state. More than 47 percent of all Arkansas employees work for a small business.

When you shop at small businesses, your dollars stay within the local economy. These businesses often reinvest in the community, helping to create jobs and contribute to the overall economic well-being of your area. In fact, studies show that 68 cents of every dollar spent at a small business stays in the community. In addition, every dollar spent at a small business creates an additional 48 cents in local business activity as a result of employees and local businesses purchasing local goods and services.

Small businesses are often family-owned or operated by your neighbors, friends, and fellow community members. By shopping at these local establishments, you not only support their livelihoods but also create a stronger sense of unity and connection within your town or city. They also offer a treasure trove of one-of-a-kind products that you won't find in larger stores.

Your small purchase this holiday season can make a big difference.

HISTORY

Continued from Page 2

time of the famous 1621 Thanksgiving at the Plymouth Colony, other feasts to give thanks had occurred already in other parts of the nation. In 1565, Spanish conquistadores led by Pedro Menendez de Avile at the settlement of St. Augustine, Florida, held a special Roman Catholic mass and later a feast to give thanks to God for their safe arrival. They invited members of the local Timucua tribe to join them. In 1598, more than 500 Spanish colonists led by Don Juan de Onate arrived at San Elizario, near modern-day El Paso, and had a special day to give thanks for their own good fortune. On December 4, 1619, English settlers arriving in eastern Virginia at Berkeley Hundred had a feast to give thanks to God for their safe passage. However, regular Thanksgiving observances did not continue in these areas. Though each community claims to be the site of the first Thanksgiving, the modern holiday stems from the tradition that began at Plymouth.

The Plymouth colonists and the tribes did not repeat the occasion in 1622. In 1623, after a difficult year of droughts that threatened the crops, late rains rescued the harvest. As it proved to be much more bountiful than expected, the colonists again had a celebration to give thanks that November. Tragically, relations with the Wampanoag tribe deteriorated in the ensuing decades with the initial gestures of friendship forgotten and the tribe shattered by war. Nevertheless, New England residents would continue to have periodic Thanksgiving observances in the years afterward, often organized by the local churches.

In spite of a few instances of Thanksgiving observances in the South, it did not catch on as an annual observance as it did in New England. The tradition, however, spread northward into the British colonies in Canada, where observances remained mostly local until the late 1800s. It was established as an official national holiday in Canada in 1957, and because of Canada's shorter growing season, on the second Monday in October.

New York became the first state to declare Thanksgiving a holiday, starting in 1817. Efforts were made to make it a national holiday in the 1820s, led by noted writer and educator Sarah Josepha Hale of New Hampshire. Up until the Civil War, the date of Thanksgiving was left to the states and made more of a local observance. Dates for Thanksgiving ranged from early October through the end of December. In 1863, Secretary of State William H. Seward convinced President Abraham Lincoln to make it a national holiday on the last Thursday in November. Lincoln announced the holiday as a day to give thanks to God for the blessings the nation had and added that all Americans should remember the widows and orphans the war created. In 1941, the holiday officially became the fourth Thursday in November from that point onward. President Harry Truman started the tradition of pardoning one turkey for Thanksgiving in 1947.

Other nations have also adopted Thanksgiving, inspired by the American example. Liberia, which was founded by former American slaves, marks Thanksgiving as the first Thursday in November, dating back to 1821. Brazil made the fourth Thursday in November its Thanksgiving holiday in 1966 after their ambassador to the United States saw the American holiday firsthand. In honor of the Pilgrims, who had come to The Netherlands before embarking on their voyage to Plymouth, many churches have Thanksgiving celebrations in that same spirit of thanks.

Turkey sales topped \$1.1 billion in 2022. Many churches and communities still continue with the initial spirit of Thanksgiving by reaching out to the poor and homeless with food drives and community Thanksgiving meals prepared and served by volunteers. Though the coronavirus pandemic may dampen many travel plans and gatherings out of precautions for public health, millions of Americans, wherever they are, will still pause to consider what they are thankful for.

MUNICIPAL BUILDING WILL BE CLOSED

The Municipal Building will be closed November 23 & 24, 2023 in observance of Thanksgiving.

There will be garbage pickup on both days.

Senate Week in Review from Ben Gilmore Senator

Law enforcement is predominantly a duty of local governments, and the overwhelming majority of police officers in Arkansas work for cities and counties.

However, state government does have 1,299 employees in the Department of Public Safety. There are 897 people working for the State Police. The Division of Emergency Management has 88 employees.

The state Crime Lab has a staff of 140, the Commission on Law Enforcement Standards and Training has 38 employees and the Arkansas Crime Information Center has 43 employees.

There are 93 employees whose work is shared by the other divi-

sions. Their duties are administrative, for example, they work in information technology, human resources and writing grant applications.

The Crime Information Center (ACIC) is one of the most important agencies in law enforcement, although many people are unfamiliar with it.

Its primary duty is to operate a massive data system for 250 law enforcement agencies in Arkansas. When local officers take the fingerprints of a criminal suspect, they look for a match in a massive data base with prints submitted by the FBI, the National Crime Information Center and the other 49 states. ACIC is responsible for the entry of all Arkansas criminal files to the national system.

The files contain much more than fingerprints. They have lists of stolen vehicles and metals of value for resale or recycling. They have logbooks of the sales of ephedrine and pseudoephedrine, which are essential

ingredients for making illegal drugs.

Criminal history records include pardons by the governor, orders to seal, mental health commitments and juvenile records. The records include results of background checks that are used for handgun permits, and certain records of domestic violence.

ACIC manages the sex offender registry. The names are submitted by local, state and federal law enforcement agencies. However, ACIC is responsible for documentation, record retention and tracking of registered sex offenders.

Some of the hardware used at ACIC is almost 14 years old and in need of replacement. The agency is working with the Division of Information Systems to upgrade its technology.

The database of people's criminal histories is available to local law enforcement officers, but not to the public because it is exempt from the open records

requirements in the Arkansas Freedom of Information Act. However, sex offender information is public.

Also, ACIC compiles crime statistics that are available to the public. For example, every month in Arkansas between 500 and 700 guns are reported stolen. The cumulative impact of that number may surprise people - at the end of 2022, more than 58,000 guns had been reported stolen in Arkansas.

For comparison, at the end of 2022 there were a total of 11,821 motor vehicles and 308 boats reported stolen in Arkansas.

One file maintained by ACIC is of extreme value to law enforcement. It's the file of 263 people who are not only prone to violence, but specifically prone to violence against police officers.

The legislature created ACIC in 1971 and has updated its authority, and many times since then has modernized its equipment and technology.

November is National Adoption Month, which is appropriate as we prepare our homes to welcome friends and family we each hold dear. Likewise, we are thankful for those who open their hearts and homes to provide a safe and loving environment for children to find happiness and build a successful future.

In Arkansas, nearly 300 children are waiting for a forever home. Although this presents a great challenge, we are fortunate to have the leadership of individuals and organizations across the state dedicated to ensuring positive outcomes for these youth.

Arkansas True Vision Children's Homes is one National State advocate doing tremendous work in its mission of car-

ing for kids in emergencies and long-term foster care. In addition, the organization has assisted with 60 adoptions since 2015.

True Vision operates three facilities across the state to address a variety of critical needs children face in the foster care system. The non-profit helps up to 50 kids each day with emergency shelter services, a long-term residential care facility and a neighborhood-like program that focuses on sibling groups. It is also a licensed service provider for the Arkansas Department of Children and Family Services.

As a member of the Congressional Coalition on Adoption, I was pleased to support a U.S. Senate-passed resolution recognizing November as National Adoption Month and November 18, 2023 as National Adop-

tion Day. It's important to recognize the people in Arkansas and all across the country who put love into action and make a positive impact on the wellbeing of children. So, I was especially pleased that Arkansas True Vision Children's Homes was recently recognized by the Congressional Coalition on Adoption Institute (CCAI) as a 2023 Angel in Adoption.

Since 2001, CCAI has played a vital role in eliminating barriers standing between orphaned and foster children becoming part of a loving family. Through its signature public awareness program, Angels in Adoption, CCAI annually recognizes outstanding individuals, families and organizations that have made extraordinary contributions to adoption and child welfare.

It is also great to see the work leaders in the public and private sectors are doing to ensure children have the support they

need and developing plans to make it easier for Arkansans to help. Governor Sarah Huckabee Sanders is leading a new approach to help children in foster care. The Arkansas Strategic Plan for Foster Care Placement is bringing together the expertise of government, non-profit and faith-based organizations to improve the foster care system.

The working group established by this initiative has already made recommendations to help reduce barriers to assistance including enhanced family support for court proceedings and increased foster parent recruitment.

We are blessed to have Arkansans who are setting an amazing example to create a bright future for Natural State children. As we join family and friends around the Thanksgiving table, let us consider the call to serve the children around our state and across the nation in need of a forever homes.

Congratulations to BCMC's Employee of the Month for November, Christie Avery Jones!

(Left to Right) BCMC CEO/CFO Leslie Huit presents Christie Avery Jones with Employee of the Month Award

304 E. Central St.
Warren, AR 71671

Walk-ins accepted!
Telemedicine now available!

Christie is a very hard worker. Since the manager has been out, she has really gone above and beyond to help me keep this department running. Christie does whatever you ask even if she's tired and has other things to do. Christie will work other shifts to keep the department covered. She put her own needs on hold so that she could be a helping hand for me when others would not step up. She deserves more than I can give. I have watched this person step up and go above and beyond in the manager's lengthy absence. She has soaked everything in like a sponge and is doing an amazing job in her department. She works very hard to ensure things run as smoothly and properly as they would if her manager were there. She has maintained a positive attitude the whole time and hasn't missed a beat. She has been a wonderful leader during this time!

FEATURES FROM THE BIBLE
 TRUTH IN SCRIPTURE
Joshua
 Book of Joshua

Dr. J. Vernon McGee in the Thru The Bible Commentary Series, History of Israel writes of Joshua the following: Joshua was the successor to Moses. He was a great general. Born a slave in Egypt, he was forty years old at the time of the Exodus out of Egypt. He was eighty years old when he received his commission as Moses' successor and one hundred ten years old at his death. Joshua had already gained prominence during the wilderness wanderings. When the Israelites were attacked by the army of Amalek, it was Joshua who organized the men into an army that fought off Amalek.

Joshua served as a minister or servant to Moses. At Kadesh-barnea he was one of the twelve men who went to spy out Canaan. He is one of the two spies that returned with a favorable report in full confidence that God would give them the land.

Keep Arkansas Beautiful launches Keep Our School Beautiful program

SPECIAL TO THE EAGLE

Keep Arkansas Beautiful (KAB) has launched its newest stewardship initiative, Keep Our School Beautiful (KOSB), a service club program designed for schools across Arkansas. KOSB aims to inspire and engage students pre-K through 12th grade in hands-on environmental conservation and awareness projects across their campuses and communities.

"The KAB team is proud to introduce this new program to schools and students across the state," said Colbie Jones, director of KAB. "Through KOSB, we aim to create a ripple effect of positive change, fostering a

sense of responsibility and pride in our communities while making Arkansas a greener, more beautiful place for everyone."

Mirroring the mission of KAB, participating clubs will take part in recycling and awareness efforts throughout the school year, including statewide KAB programs like the annual Great American Cleanup and the Great Arkansas Cleanup. Under the guidance of KAB staff, club members will organize and lead their own initiatives, focusing on campus and community beautification, litter impact education, recycling and waste reduction projects.

"The Keep Our School Beautiful program provides a unique platform for students across the state to actively contribute to the betterment of their communities," said Michael Barger, education coordinator at KAB. "We already have more than a dozen

schools involved; I look forward to seeing the impact these programs will bring to their communities. These students are not just learning about environmental conservation, they are becoming advocates and leaders

of change for our state." Programs like KOSB aim to impact civic pride, livability and economic growth. KAB invites school administration and students interested in enrolling their own KOSB club to register

here. For more information on the Keep Our School Beautiful program and how to get your school involved, please visit <https://keeparkansasbeautiful.com/for-teachers/keep-our-school-beautiful-program/>.

TO SERVE ARKANSANS AS THE CUSTODIAN OF UNCLAIMED PROPERTY

Each year, businesses serving customers in Arkansas report millions of dollars to the Auditor of State's office. The Auditor's office diligently tries to reunite owners with their assets. Unclaimed property includes, but is not limited to, savings and checking accounts, unpaid wages or commissions, stocks, bonds, utility deposits, insurance proceeds, cashier's checks and contents of safe deposit boxes.

NOTICE IS HEREBY GIVEN THAT said several tracts, lots or parts of lots, will be held as delinquent for a one-year period from this date and then certified to the State of Arkansas, Commissioner of State Lands, for collection or to be sold, unless the delinquent taxes, penalties, and costs are paid before the end of the one-year period.

November 22, 2023
/s/Herschel Tillman
Sheriff & Collector

Publication cost of \$2,197.04 is to be paid by the Bradley County Collector's Office.

Publisher's Note: The actual cost of publication is paid for by the delinquent tax payers in the form of an additional charge added by the collector when the delinquent taxes are paid or the property is sold for back taxes. Arkansas Code (26-37-107) in part: (2) The fee (\$1.50 per track) shall be added as costs of forfeiture...
