## Sheriff: Man, 62, shoots at deputies

No one was injured during a five-hour standoff between Hood County sheriff's deputies and a man who shot at officers several times on Sunday.

The Granbury man, Michael Lynn Ice, 62, was eventually arrested and charged with two counts of aggravated assault on a peace officer, a first-degree felony, Public Information Officer Lt. Johnny Rose said in a press release.

He was also charged with misdemeanors for terroristic threat on a family member and assault family violence.

The incident began about noon on Sunday when deputies were called to a disturbance in the 6200 block of Maine Trail in Lake Granbury Harbor, northwest of Granbury.

Ice

Deputies found Ice had threatened his 60-year-old wife and his 81-year-old mother-in-law during an argument, Rose stated. Ice had several firearms and refused to speak to deputies or leave the home where he lived, beginning the five-hour standoff, he said.

During the standoff, deputies were able to get the two women safely out of the home through a bedroom window, Rose said.

"Ice fired multiple rounds at SWAT team members, who were there trying to resolve the standoff," he said.

Negotiators talked Ice into coming out of the house at around 5 p.m., Rose said. Deputies were then able to take him into custody without incident.

The case is still under investigation by the sheriff's office.

Ice was scheduled to see a judge on Tuesday morning for bail amount to be set.

HOOD COUNTY NEWS

One person was found dead inside a mobile home as firefighters fought a blaze on Saturday.

The person has not yet been identified, and the cause of the fire is under investigation, Fire Marshal Ray Wilson said.

Firefighters responded to the fire about 7 a.m. Saturday in the 1400 block of North Fork Road northeast of Granbury.

The fire began in the mobile home before spreading to a nearby carport and RV, Wilson said.

The mobile home and RV were located on private property, he said. Another RV on

the property wasn't damaged. A woman living there reported the fire.

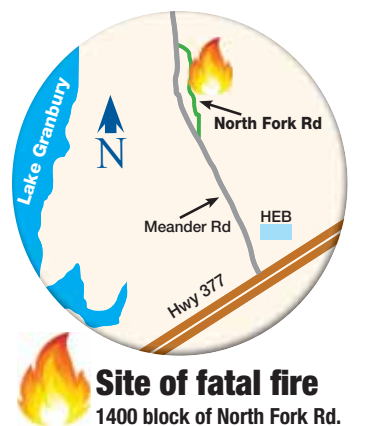

"During the course of extinguishing the fire, one person was found in the mobile home deceased," Wilson said.

The body was transported to the Tarrant County Medical Examiner's Office for identification.

A person was living in the mobile home at the time of the fire, he said. A man living in the RV was displaced by the fire.

Firefighters from the North Hood County, Granbury, Cresson and DCBE/Acton volunteer fire departments responded to the fire. The fire was cleared at about 11:30 a.m., Wilson said.

Phase 3 will be the intersection of Houston and Pearl streets, as well as almost all of the Pearl Street side of the square and about half of Houston.

Phase 4 will be the Pearl/Crockett streets intersection.

Each phase will be completed before workers move on to the next phase, according to city officials.

Work is expected to be finished in September.

Officials say that efforts will be made to cause as little disruption and inconvenience as possible for business owners and their customers.

Work will cease several days ahead of annual events held on the square, and crews will clean up the work site.

When finished, the square will have lighting and landscaping improvements, as well as wider sidewalks that city officials say will be safer for pedestrians.

# Local GOP gets new chair

BY KATHY CRUZ  
HOOD COUNTY NEWS

There will be no county elections this year, but that doesn't mean there's nothing going on in county politics.

One party chair has stepped down; the other has filed ethics complaints tied to the November election.

Late last week, Jim Logan, head of the Hood County Tea Party, emailed members of the Elections Commission informing them that he is now president of the Hood County Republican Party.

The email explained that the previous chair, Robert Carter,

had resigned.

Following Carter's resignation, the Republican Executive Committee chose Logan to replace him, according to the email.

Carter said he resigned before the end of last year.

He told the Hood County News that the job "was taking too much time away from my family and I wanted the next chair to have time to get their team in place before the next filing season started."

Logan's email to members of the Elections Commission wasn't the only one they got last week. They also received a message from Democratic Party

Chair Robert Vick.

Vick wrote that he has filed several complaints with the Texas Ethics Commission against Carter and Logan, as well as two Republicans who were candidates on the November ballot.

Both candidates lost their races.

Alleged misdeeds have to do with violations of campaign sign rules, not reporting a newspaper ad purchased on behalf of state Rep. Mike Lang and the handling of election workers that reduced the number of hours worked by Democrats at the polls.

# Long recovery expected for woman crushed by horse

BY BETHANY KURTZ  
HOOD COUNTY NEWS

After being crushed last week in an accident involving a horse, Wendy Inga is improving in the hospital, family members said Monday.

Inga, best known in Granbury for driving a carriage in the downtown square, is recovering from internal injuries and two broken bones in one leg, her sister Diane Gilbert said.

"Wendy is doing better. She is still listed in critical condition, but she is stable," Gilbert said. "She can wiggle her toes, grab the doctor's hand and move her head to nod yes or no. So at least we have a means of communication with her."

However, doctors are predicting a lengthy recovery, she said. Only family is being allowed in to visit at this time and Inga is sleeping a lot.

### THE ACCIDENT

Inga has been working around horses for more than 30 years as a driver, rider and trainer, said Inga's friend and business partner Robin Arquette.

"Wendy is an expert horsewoman, but with horses, anything can happen," she said

Inga

about the accident. "Bubba is a very gentle giant. Children have run under him on occasion and he didn't budge."

On Wednesday, Inga had taken horses including Bubba, her 2,000-pound draft horse, out to Weatherford to visit the farrier, Arquette said.

Inga entered the trailer to untie Bubba, the first horse in the trailer. Something spooked the horse, and Inga ended up falling inside the trailer under Bubba's feet.

Emergency personnel responding to the accident did a wonderful job ensuring Inga made it to the hospital in Fort Worth, and she has a great team of doctors, Arquette said.

"The paramedics were out there in the trailer saving her life," Arquette said.

While Inga is in the hospital, Bubba, Inga's second horse and dog are being housed at a friend's ranch in Oklahoma, Gilbert said. Bubba was not injured.

### AROUND THE SQUARE

Inga regularly drove car-

riages in Fort Worth, Granbury and around the Metroplex, Arquette said. About a year ago, her Granbury business really took off, she said.

"She loved Granbury and the people in Granbury," she said. "She is a really great person and very generous. She would give you her last five dollars if you needed food."

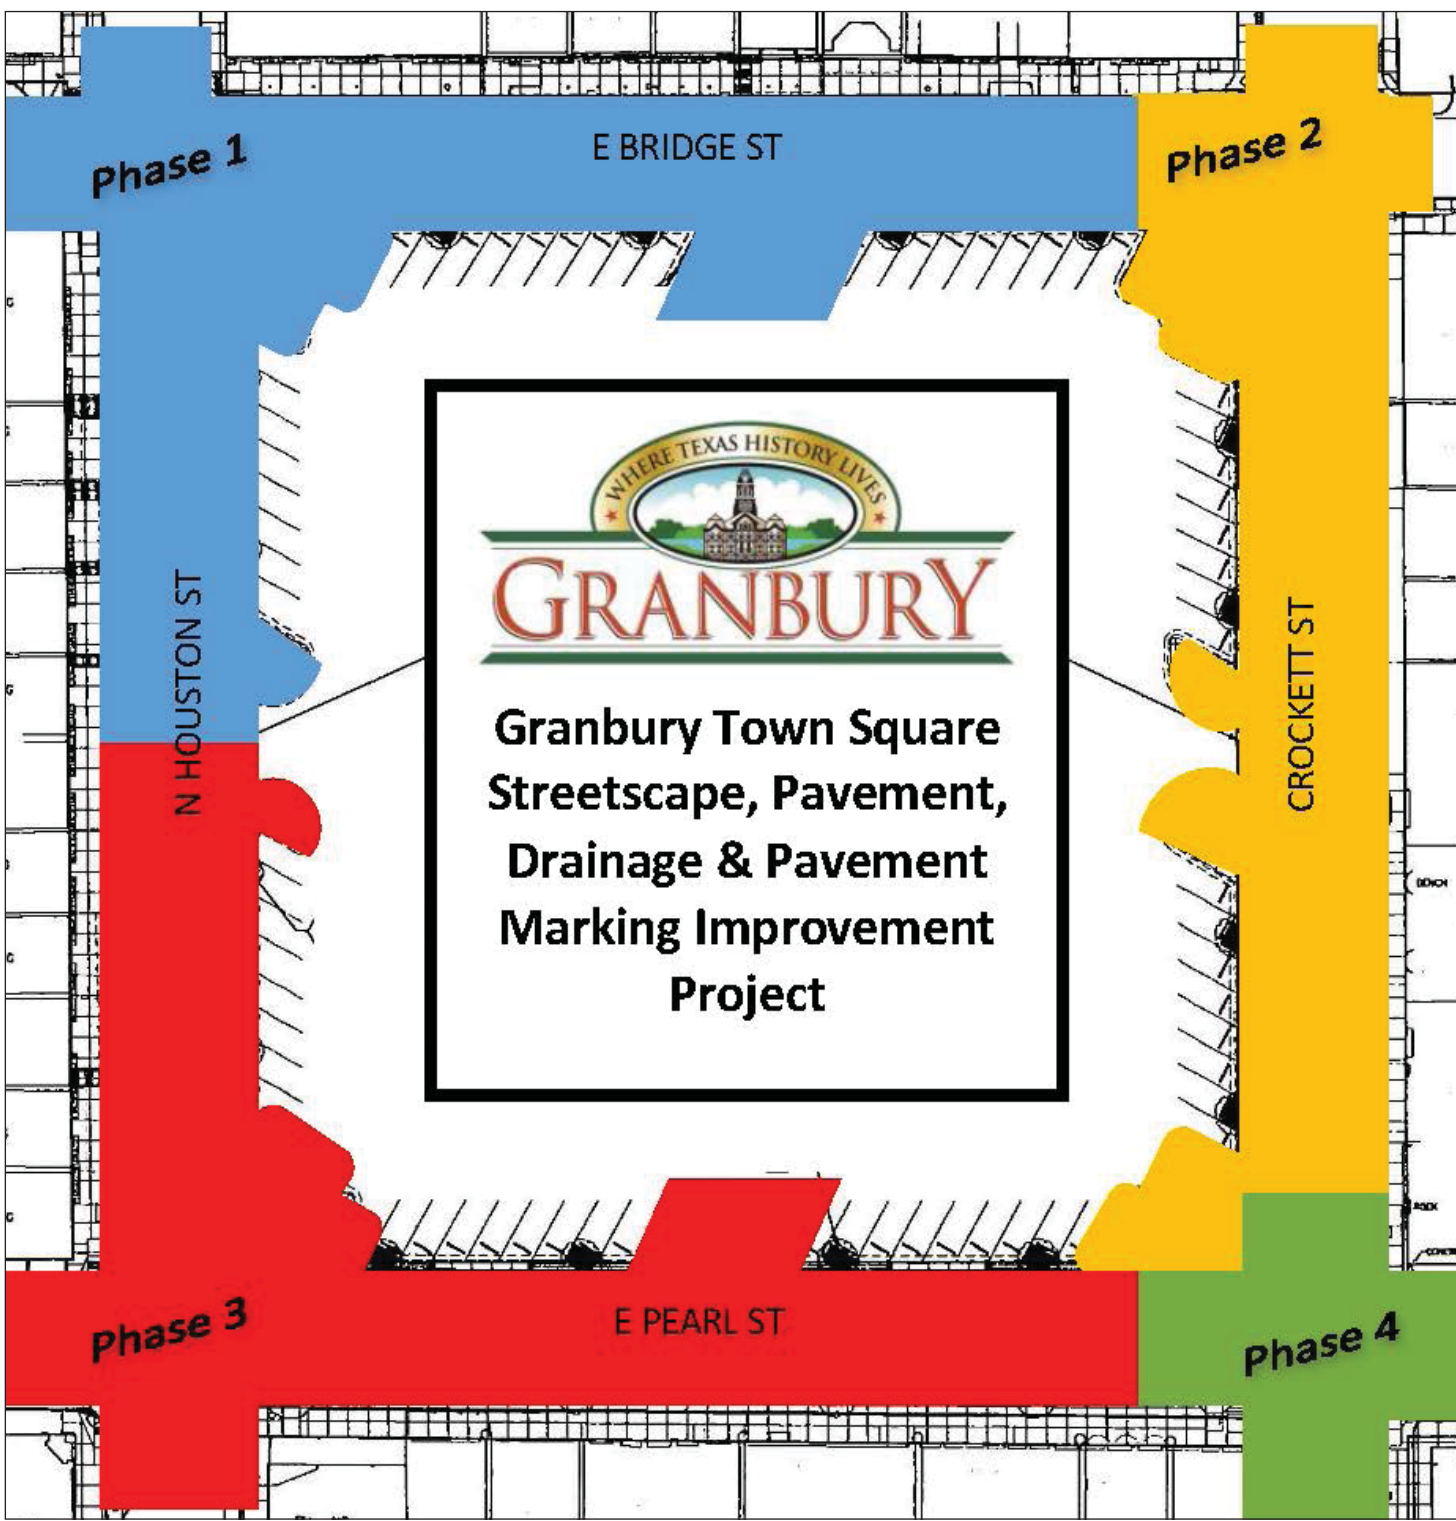

Inga especially loved the children that came to visit the horses in the square and would often do something special for those who were going through adoptions or foster care, Arquette said.

"She loved giving to the community," she said.

### DONATIONS

To help Inga pay the medical bills for what is expected to be a lengthy recovery, Gilbert said the family has started a GoFundMe account.

"This was her main source of income. We want to help her keep up with her bills while she is healing," Arquette explained. Donations will be used to pay for horse feed, medical bills and other expenses while Inga recovers, she said. **EXECUTIVES:** Spur Industrial's CEO Wes Sheffield (above) and COO Chuck Geyer (below) welcomed Cresson city representatives and Spur employees to the groundbreaking of the company's new headquarters on Friday. **PLAYING IN THE DIRT:** Left to right: Spur Industrial's COO Chuck Geyer, Cresson Mayor Bob Cornett, Dallas County Precinct 2 Judge Bill Metzger and Spur CEO Wes Sheffield prepare to throw the first shovel-fuls of dirt at the company's new headquarters in Cresson Crossroads Industrial Park. Construction is expected to be complete in August.

## Company moving headquarters to Cresson

BY BETHANY KURTZ  
 HOOD COUNTY NEWS

Cresson's newest business owners are ready to get their headquarters off the ground. Spur Industrial and Environmental Services broke ground on 10 acres inside of the Cresson Crossroads Industrial Park Friday morning. Spur CEO Wes Sheffield and COO Chuck Geyer, their wives and some of their employees were joined by Cresson city leadership to mark the occasion.

"When we get done with this, my first question to Bobby, our builder, is going to be what's taking so long," Sheffield said, earning a chuckle from the assembled crowd.

Spur Industrial manages projects and manufactures equip-

ment for a wide range of energy industries including natural gas auxiliary stations and equipment, power plant outage and maintenance, commercial pipe applications, equipment fabrication, and automation equipment relocation. Spur also recently expanded to offer the Environmental Services division to provide emergency response, remediation and industrial services.

Both facets of the company will be moving from Dallas to headquarters in Cresson, Sheffield said.

### GROWING WITH CRESSON

Cresson is a great place for their company to grow, with many energy companies close by even in Crossroads Industrial park itself, Geyer said. But

the small town also allows them plenty of room to continue to meet the needs of their nationwide business as well. They have done business in Wyoming, Montana, Kansas, Oklahoma and Texas among other states, he said.

Spur Industrial is a great addition to the park, Cresson Mayor Bob Cornett said. The facility will employ about 15 to 25 employees when it opens with more to be added as it grows.

"We are pretty centrally located in the Barnett Shale and equidistant from four county seats where oil companies have to do a lot of paperwork," he said.

Geyer told the gathered crowd that the new facility represents not only the successes Spur has had so far but the foundation for success moving forward.

"I always had a dream of owning a company. But when you have that dream and work for a large company, sometimes you lose that dream, especially if they have a lot to offer. But sooner or later, you have to take that plunge," Sheffield said.

"We started, and I was sitting in a little shop with a little table and a space heater trying to stay warm. This is four years later," he said, gesturing to the expansion where the 20,000-square-foot fabrication facility and 3,500-square-foot office building will be constructed. "I expect us to continue to grow. We are already talking about buying the 10 acres next to us."

Construction will begin on the facility this month and should be completed by August.

## Sinkhole repair to start in March

BY KATHY CRUZ  
 HOOD COUNTY NEWS

Work to repair the sinkhole by Brookshire's is set to start next month.

The gaping hole opened up during heavy floods on Mother's Day weekend in 2015.

The Texas Department of Transportation (TxDOT) is spearheading the repairs.

According to TxDOT spokesman Val Lopez, the project is expected to come in at \$2.9 million.

TxDOT will be reimbursed by the Federal Emergency Management Agency (FEMA).

Lopez said that the state agency has awarded the contract to Brett Construction.

According to Lopez, the work should be finished by fall.

It has not yet been determined to what extent the Brookshire's parking lot will be affected.

"We'll have a better understanding of that the closer we get to construction starting," Lopez said.

The city has long since repaired sewage system issues that necessitated motorists having to drive around fences when entering or exiting the parking lot by the sinkhole site.

City workers installed a new lift station in September 2015.

**ON THE HOOF:** Bryce Farmer (left) and Callan Nix showed their steers in the Fort Worth Stock Show last Thursday and Friday. Preparing the steers for the ring took hours of behind-the-scenes preparation and management, they said. They have to spend two to three hours preparing the cattle's coats before entering the ring.

## Hood County 4-H students aim high at FW stock show

BY BETHANY KURTZ  
HOOD COUNTY NEWS

While Callan Nix and Bryce Farmer are about as far apart as they can get in the Hood County 4-H, both had just one goal in mind as they waited for their turn to show off their steers at the Fort Worth Stock Show and Rodeo.

Nix, a third-grader at Tolar Elementary, and Farmer, a Tolar High School senior, were alternately busy and waiting in Cattle Barn 3 last Wednesday as they awaited their trip into the ring with their steers to be sorted into classes. Nix showed on Thursday, Farmer on Friday.

This is Nix' first year showing steers. Farmer can't remember exactly when he started participating in 4-H but estimates it was at least nine years ago.

Nix had brought Lewi, named after the rancher she had purchased him from at the beginning of the stock show year, to show in the American Breeds and Crosses class.

Farmer was showing his steer in the All Other Breeds class. He said he didn't really think about naming his steer so it would be easier to let him go after the auction.

But both were hoping to reach the final auction at the end of the show. And their steers were resting side by side in the barn.

That close proximity of club members at different stages in

*"The biggest thing competing in stock shows has taught me is work ethic. You learn responsibility and how to take care of something. How he looks reflects back on me."*

--Bryce Farmer

their learning experience is one of the benefits of attending the Fort Worth Stock Show, said Marty Vahlenkamp, Hood County Extension Agent and 4-H coordinator.

### LEARNING BY WATCHING

Most 4-H students keep their animals on their family property, so being close enough to watch how older students care for their animals is a great tool. "If Callan sees Bryce blow the shavings off his steer whenever the steer stands up, she is more likely to go over and do the same thing," he explained. "It's not really teaching, but they are learning."

And there is a lot to learn about preparing a steer for the Fort Worth Stock Show where cattle are shown with "hair on" instead of with their hair shaved very short or "slick," Farmer said.

The steers have to be carefully clipped, washed, thoroughly dried, fluffed and then styled.

That can take two to three hours, he said.

Taking the extra time to make sure a show animal is perfect is part of the responsibility he has learned through 4-H, he said.

"How he looks reflects back on me," Farmer said.

Nix said the day to day responsibility is just as big.

"It's pretty fun, but pretty hard at the same time," she said. "Getting out every day to wash them and get them tied up is hard."

But her hard work on Lewi paid off with a first-place finish at the Waco Stock Show and a showmanship award at the Hood County Junior Livestock Show. The Fort Worth Stock Show had a different feel, she said.

"It's more competitive," Nix explained. "I hope that I make the sale. To do that, I have to place."

Farmer knew the road to the auction would be a tricky one. In the All Other Breeds classes,

more than 100 steers could be competing in the same class.

To get the class down to a manageable size, judges quickly cut out the best steers in the first five to seven minutes, Farmer said, leaving only the top candidates in the ring to continue competing.

His strategy was to focus on demonstrating his steer's soundness, or long, even stride, quickly, then set him up to look his best for the closer examination, Farmer said.

"These are the best steers in the country," he said, looking around the cattle barn and toward the three other barns filled with quietly moving cattle. "That's a board statement, but I think it's true. Showmanship can only do so much. You either have a good steer or you don't. First impressions are important."

But all his years of showing have given Farmer confidence in his steer and his ability to put him in the best light.

"My dad told me, whatever you do, to be good, you have to be an expert. Learn everything about it. I'm not an expert, but I have learned," he said.

Neither Farmer or Nix were able to make Saturday's auction. Farmer's steer made the first cut in the class Friday, but was not selected in the top 10, Vahlenkamp said after the show.

### Bonding at the beauty salon

"Steel Magnolias" at the Granbury Opera House revolves around the bond a group of small-town southern women share, and how they cope with the death of one of their own. The story is based on the death of writer Robert Harling's sister due to complications

from Type 1 diabetes. The scene above features Pam Pendleton as the wealthy widow Clairee Belcher (left) and Carmen Scott as beautician and salon owner Truvy Jones. This weekend marks the GTC's final performances of the play.

## GTC has new academy leader, focus on hearing impaired

BY KATHY CRUZ  
HOOD COUNTY NEWS

The new year has brought a fresh focus for the Granbury Theatre Company (GTC).

The GTC will soon begin offering occasional ASL (American Sign Language) interpreted performances, thanks to the board and new Granbury Theatre Academy Director Megan Hildebrand, who came on board last month.

The veteran stage performer is proficient in sign language and hopes to soon offer acting classes for those who are hearing impaired.

"It's something that is starting to kind of pick up a little bit up north in the major cities," she said of the growing trend in other parts of the country.

Hildebrand added that "people of the deaf community are just like everyone else" in that they want to be able to enjoy the arts.

The first ASL interpreted per-

Hildebrand

formance will be at 2 p.m. on Sunday, Feb. 26, for "9 to 5: The Musical."

For "Shrek," there will be two ASL interpreted performances - on April 16 and 23.

Additional ASL interpreted performances will be scheduled, Hildebrand said.

A stage performer since the age of 3, Hildebrand has performed on stages in Chicago, Atlanta, New York, Scotland and the Dallas-Fort Worth area.

She has a bachelor's degree in Theatre Performance and Directing from Clemson University.

The new director is busy with the academy's spring semester of classes, which began on Jan. 23.

"We are thrilled to have someone of Megan's educational background and stage and administrative experience," said Granbury Theatre Company

(GTC) President Micky Shearon. "Megan has worked in some of the most prestigious performing arts programs in the country, and we believe she, along with a wonderful staff of instructors, will make Granbury Theatre Academy one of the premier theatre schools in all of North Texas."

Spring classes offered by the Academy include "Little Players Acting," "Little Players Dance," "Meisner for Teens: Becoming a True Actor," "Acting for Adults" and "Creative Writing for the Stage."

More information on the academy and its offerings can be found on the Granbury Theatre Company's website, www.granburytheatrecompany.org.

There is also a Granbury Theatre Academy Facebook page where Hildebrand said "spotlights" on Academy teachers and classes will be posted, and teachers will communicate with the public.

# Huckabay dethrones Lipan; both eye playoffs

BY ROGER ENLOW  
EDITOR

**HUCKABAY** - The state's third-ranked Class A girls basketball team dethroned the defending state champs Friday night.

Huckabay's attacking offense shifted into high gear in the second half for a hard-fought 44-32 win over the No. 15 Lipan Lady Indians.

The victory gave Huckabay a sweep of Lipan this season and clinched the district title.

"I think they're very good," Lipan coach Amber Branson said. "I knew it would be hard to beat them tonight."

Sophomore guard Kailin Dowell twisted her way for 28 points, including a sizzling 11-for-13 from the foul line.

"She took over the game," Branson said.

Dowell said, "I was a little nervous. We haven't won against them in a long time."

Huckabay led only 6-4 after the first quarter and 18-15 at halftime.

Huckabay opened up a 33-25 third-quarter lead and sealed the deal with an 11-point fourth quarter to Lipan's seven.

"We couldn't convert on the offensive end," Branson said.

Maddie McGee scored 20 points to lead Lipan. Faith Ross and Sarah Callaway had four each, and

Hannah Baldree and Brailey Redwine had two apiece.

Huckabay upped its records to 9-0 and 25-2. Lipan slipped to 7-2 and 17-12.

Lipan hosted Gordon last night to end the regular season. Playoffs start early next week. Bryson might be the first-round opponent, Branson said.

### LIPAN BOYS 90, HUCKABAY 37

State-ranked Lipan and Lingleville will clash for the District 18-A title Tuesday in Lipan.

Lipan, No. 1 in the state, defeated No. 7 Lingleville 66-46 in the first meeting.

Lipan warmed up for Tuesday's battle with a 90-37 shellacking of host Huckabay Friday night. Lipan upped its season record to 27-2 and district ledger to 10-0.

Everyone scored for Lipan. Derrick Cook led with 15 points, followed by Ty Phillips with 14 and Ty Bryant with 13.

Other scorers were Braydean Jones, nine; Layton Sharp, eight; Tate Phillips, eight; Eric Miller, six; Santanta Martinez, four; Carter McFadden, four; Hayden Richardson, three; Bryce Shockley, three; William Westerhaus, two; and Tyler Rice, one.

Cook led the rebounders with seven, Bryant pulled down six and Ty Phillips grabbed five.

Tate Phillips dished out five assists and had six

steals. Lipan hosts Burkburnett Saturday in a non-district game at 2 p.m.

### GRANBURY BOYS 55, EVERMAN 47

The midway stretch proved the difference in the contest with the Granbury Pirates downing visiting Everman 55-47 Friday night.

The Pirates outscored the Bulldogs 14-4 in the second quarter and 20-15 in the third quarter for the eight-point win.

The win improved Granbury's district record to 5-6.

"We're on life support but still breathing," Granbury coach David Breazeale said about his team's playoff chances.

The Pirates close out the regular season Friday at home against Cleburne (8 p.m.) and at Arlington Seguin Tuesday.

Mason Hix and Eric Kirchner enjoyed double-doubles for Granbury.

Hix led with 17 points and 10 rebounds, and Kirchner had 16 points and 11 rebounds.

Michael Horne added 10 points, Corey Cheek six, Kyle Beck two, Cade Dudley two and Jordan King two.

### EVERMAN GIRLS 31, GRANBURY 30

Everman eked out a 31-30 win over the host

Granbury Lady Pirates Friday night.

Granbury's Gabbie Nunn led all scorers with 17 points, Amber Strange had six, Taylor Parrish three and Jayla Hall two.

Granbury fell to 4-9 in district and 8-19 for the season.

The Granbury girls ended their season last night at Bureson Centennial.

### BRECKENRIDGE BOYS 55, TOLAR 54

Visiting Breckenridge nipped the Tolar Rattlers 55-54 Friday night.

The Rattlers host Peaster Friday at 7 p.m.

### BRECKENRIDGE GIRLS 60, TOLAR 36

Visiting Breckenridge rallied for a 60-36 win Friday night in Tolar.

Tolar ended the season 9-21, 2-10 in district.

## Five GHS swimmers qualify for state

Five Granbury swimmers advanced to the University Interscholastic League state swim meet following swift performances at the regional meet last weekend in Mansfield.

Twenty-five Pirate swimmers competed in the meet and set three school records.

"As a team, the boys placed third, the girls placed eighth, and overall Granbury High School placed fourth," said swim coach Jason Pullano.

Anthony Castillo placed second in the 100-yard breast-

stroke with a time of 1:01.83 minutes and automatically qualified for state.

Kaylee Brawner qualified in two events to make her fourth appearance at state. Brawner placed first in both the 100-yard freestyle with a time of 53.34 seconds and first in the 50-yard freestyle with a time of 24.21 seconds. She automatically qualified for state in both events.

The girls 400-yard freestyle relay placed third with a time of 3:50.53 minutes and was called

up to compete at state. Relay members are Raegan Brown, Kinsey Brawner, Trisha Gryder, and Kaylee Brawner.

New rules are allowing more swimmers to advance to state, Pullano said. The top two fastest times in each event from each region automatically qualify to attend state. After the automatic advancements, the remaining fastest eight times from across the state in each event are also called up, he explained.

Granbury swimmers broke

three school records a total of five times over the weekend, Pullano said.

The boys medley relay new record time of 1:42.40 minutes was set by Nic Braby, Anthony Castillo, Drew Dawson and Jaxon Castillo.

Individually, the boys 500-yard freestyle record of 5:05.74 minutes was set by Jonah Delaney, and Braby set the new boys 100-yard backstroke record of 57.27 seconds.

Advancing swimmers will compete at state on Feb. 17-18.

### THE MEET IN NUMBERS

- 25 Granbury swimmers compete in regional meet.
- 19 qualify in preliminary races for the regional final.
- 4 boys qualified for at least one individual final.
- 2 girls qualified for at least one individual final.
- 4 relays qualified for a final.

### 5 advance to state

- Anthony Castillo, 100-yard breaststroke, 1:01.83 minutes.
- Kaylee Brawner, 100-yard freestyle 53.34 seconds.
- Kaylee Brawner, 50-yard freestyle 24.21 seconds.
- Raegan Brown, Kinsey Brawner, Trisha Gryder, and Kaylee Brawner, 400-yard freestyle relay, 3:50.53 minutes.

## Joshua takes two

After suffering losses to Joshua Friday night, the Granbury varsity soccer teams are looking to improve their performance over the rest of the season.

While the Pirates were able to put a point on the board - scored by Aaron Dyson off an assist by Marco Silva - Joshua got two balls into the net to win 2-1, said coach Doug Kissinger.

"We need to play at our level or up to our opponents and not down. We played down on Friday and it showed," Kissinger said. "I am not counting us out as we have 11 games left, but I know we have to do better on the field and make better decisions."

The Joshua girls team scored two unanswered points to win the game 2-0 over the Lady Pirates. Coach David Winkleman said his team played better in second half but is having a hard time finishing.

"We will focus on connecting, moving, being on the same page and finding quick, crisp passes," he said.

GARY MARKS

### Floor fight

Lipan's Faith Ross (left) and a Huckabay player battle for the ball Friday night during a district showdown. Huckabay won 44-32 to complete a sweep of the de-

fending state champs. Lipan, however, will also advance to the playoffs early next week.

GARY MARKS

### Sandwiched

Lipan defenders Derrick Cook (left) and Tate Phillips put the pressure on a Huckabay player Friday night in a 90-37 Lipan win. Lipan, ranked No. 1 in the state, closes out the regular season with home games - Gordon Friday and Lingleville Tuesday.

**STAIR STEPPING:** Volunteers with Forward Training Center filled the staircase at the Hood County Courthouse on the square Thursday. FTC, formerly as Christian Women's Job Corps, helps men and women with job skills and life skills.

## Mentors at Forward Training offering personal attention

BY DEBBIE SCHNEIDER  
HOOD COUNTY NEWS

Their dedication has been called inspiring and amazing.

Volunteers with Forward Training Center provide one-on-one attention, leadership, spiritual support, instruction, direction, administrative help and training.

FTC volunteers were recognized for their efforts at the Hood County Courthouse on Thursday with proclamations in their honor from both the City Council and Commissioners Court.

Forward Training Center, previously Christian Women's Job Corps, is working with both women and men in the community to provide job readiness and other life skills.

Students are paired with a volunteer mentor as they navigate through their course plan and set goals for the future.

"The individual attention given by our volunteers is part of the success story for our students," Katy Offutt, executive director with Forward Training

Center. "Volunteers attend class with the student, they are there to study the lesson, they assist the student develop a vocational plan and help with career assessment."

Volunteers walk students through the process, show them how to achieve their goal and help them understand how to get there, Offutt noted.

Mentors learn to be good listeners and provide encouragement to the students.

"It can turn into a close relationship as they develop trust," Offutt said. "Students walk away believing that they matter, that they have value. They see that God has a plan for them."

At Forward Training Center, students learn to make a professional resume, go through mock interviews and learn characteristics needed to be a good employee.

The Jobs for Life training program is a 16-week course. There's a Faith and Finance class to show students how to use their money wisely.

Computer skills are part of the curriculum and classes are

offered for Word, Excel and Power Point.

Reading and writing classes help get students up to speed as they chart their path to the future.

"Some people don't want to admit they can't read. It's a huge problem because they can't get their drivers license," Offutt explained.

Recently, a student visited FTC because she wanted to get her driver's license. She learned to read, she learned to drive and she got her license.

Students are provided meals as they attend sessions at FTC.

"We believe the breaking of bread together and fellowship contribute to the relationships," Offutt stated. "I believe that we create an atmosphere of trust and respect and this allows the person to thrive."

Forward Training Center, 1270 Weatherford Highway, is open from 8:30 a.m. to 2:30 p.m. Monday to Thursday.

**"1944: FDR AND THE YEAR THAT CHANGED HISTORY"**  
BY JAY WINIK  
HISTORY

Jay Winik is renowned for his creative approaches to history. In this informative book he writes that "it was not inevitable that World War II would end as it did, or that it would even end well." The year 1944 witnessed a series of titanic events with the ailing Roosevelt as leader. More and more it was evident that Hitler's plan included the Final Solution for millions of Eu-

ropean Jews. Roosevelt did not focus his attention in that direction as there was a definite anti-Semitic sentiment in the United States at that time. Finally, Roosevelt faced the question - Was winning the war the best way to rescue the Jews? Was a rescue even possible? Or would it get in the way of defeating Hitler? This carefully researched account is shelved in the Mc-

Naughton Collection.

**"DUST BOWL GIRLS"**  
BY LVDIA REEDER  
NONFICTION

In the early 1930s, during the worst drought and financial depression in American history, Sam Babb wanted a reason to have hope. He traveled from farm to farm near the little Oklahoma college where he coached recruiting young women to come to college and play basketball in return for a college education. The young women found a passion for the game and loyalty to each other and their coach and they began to win. Eventually, their improbable journey would take the

team to an epic showdown with the prevailing national champions led by the legendary Babe Didrikson. They would eventually be the AAU champions.

### Living In Contentious Times: The Role of Lordship

Last week's article observed that although the cultural division we're currently living through seems to be about politics, it's in reality a continuation of an ongoing two thousand year confrontation over the Bible. The essence of the confrontation is that the Bible establishes that SIN is conduct contrary to the will of God verses the fact that people don't like hearing the things we most want to do referred to as SIN.

Over the centuries people have dealt with this in different ways: some try to discredit the Bible, others want to change it or rearrange it or disregard the parts they don't like. Or they persecute the ones who agree with it even though the Bible says about itself that it was authored by the Holy Spirit. The contemporary version of this confrontation is called Political Correctness (PC) and we know this because virtually every PC tenet opposes a corresponding bible-based principle.

There are other ways though that folks could react to the news that God doesn't like our SIN: for example, we could try to stop doing those things that we find out from the Bible constitute SIN. That would be good start and according to the Bible there's more we should consider: we could decide we want to have fellowship with God and all we have to do for that is BELIEVE in Jesus and make Him our LORD.

#### GUEST COLUMN

Rev. Bill Miller  
Make A Way Ministries  
Prosperous Life  
Financial Group

Understanding what the word LORD means is really important. By definition, a lord is someone who has authority and influence over his/her subjects. Synonyms are the words MASTER and RULER and when people become lords, their subjects are obligated to come under their authority. But God's way is for people to come freely under the Lordship of Christ as a voluntary decision. So, by biblical definition, a Christian is someone who's made Jesus his/her LORD which means we freely submit to His will for the things of life as revealed in the Bible.

As we make our way through contentious times, the best way for maintaining the PEACE that passes all understanding in our lives is by staying focused on Jesus. Turn the news programs off for a while and use that time to commune with Jesus. It's not about politics anyway, and it's not about political organizations. This is about the Kingdom of God. The chasm we presently find between us started a long time ago and today's Christian Church isn't suddenly going to resolve it before Jesus returns to earth.

Focusing on Jesus is about seeking His direction in our lives and doing what's best for the Kingdom of God. It's about trusting Him even when we have to go against traditions and legislation that make us a target for persecution. And, it's about the assurance of God's forgiveness leading to eternal life. Be comforted in your Faith that your willingness to submit to the Lordship of Jesus Christ will have you ending up in the right place at the right time in the favor and blessing of God. In the meantime, He will NEVER leave you or forsake you.
