PALUXY CRASH: Two people, including a college student, were taken to hospitals from a wreck late Friday afternoon in Paluxy. Seven Tarleton students were cited for possession of alcohol and drug paraphernalia after the pickup they were in (foreground) ran a stop sign and collided with another pickup, highway troopers said.

Seven college students cited after crash

A Ford pickup truck carrying seven Tarleton State University students ran a stop sign and hit another pickup on FM 51, south of Paluxy late Friday afternoon, according to the highway patrol.

An occupant of the Ford was airlifted to JPS Hospital in Fort Worth with a possible broken leg.

The driver of the other pickup was taken to Lake Granbury Medical Center for his injuries.

The students in the Ford, four men and three women, were issued citations for minors in possession of alcohol and drug paraphernalia, the highway patrol said.

The Ford was going east about 5 p.m. on FM 205, also known as Chalk Mountain

'The students were traveling at a high

rate of speed and ran a stop sign at the intersection of FM 51 (Paluxy Highway) and struck a Dodge pickup truck traveling south on FM 51," Texas Highway Patrol Staff Sergeant Dub Gillum said.

The crash is still under investigation, he said. No other information, including the names, was available.

Parents, teachers give schools high marks Improvements can be made, survey says

BY ROGER ENLOW

Granbury parents and teachers have favorable views of their local schools, but improvements can be made, according to a state-mandated

Granbury received mostly exemplary and recognized Community and Student Engagement (CaSE) ratings released earlier this month.

Some categories, however, were only acceptable.

"The Texas school rating system has been such a moving target for so long that I don't know many people who believe it has much validity or reliability any more," Granbury School Superintendent Jim Largent said. "Our campuses will score well on any system the state puts in front of us, and our focus will continue to be on teaching and learning in the classroom, not trying to meet the latest statistical metrics from the state."

The CaSE ratings portion of the accountability system was repealed by lawmakers beginning with this school year.

The state required all districts and charters to evaluate their own performance in the area of community and student engagement.

"When evaluating ourselves, we developed clear and measurable criteria to evaluate the district and campuses,' explained GISD Public Information Officer Jeff Meador. "This was done in conjunction with campus advisory committees, which include parents, community members and business representatives.

Districts must assign - both to themselves and to each of their campuses - one of four performance ratings: exem-

One-way causes confusion on school road

BY BETHANY KURTZ HOOD COUNTY NEWS

Sarah Toth was turning into her driveway when she was struck from behind by a driver going on the wrong side of the road.

Since then, she has witnessed many near-accidents as impatient drivers race past her house on the wrong side of the road, she said.

The Toth family lives a block north of Acton Elementary School on Acton School Road.

Acton School Road is a oneway street from STARS Road to North Gate Road in the morning from 6:45 to 7:45 and again in the afternoon from 2:30 to 3:30, according to signs posted on the roadway.

But the section of Acton School Road between Acton Highway and STARS Road where the Toths and at least a dozen other people live is always a two-way road.

That does not stop drivers who commonly treat the entire road as a one-way street during peak hours, Toth said.

More than 50 drivers a day, including school buses, travel south in the northbound lane to hurry past the line of parents waiting to pick up their children, she said.

It was one of these vehicles that struck her vehicle, she said. Others have nearly hit many of her neighbors, she said.

The day of the accident "I was waiting in line for about eight minutes until I could get near my house, as to not drive the wrong way," Toth said. "I put on my blinker and started to turn. The car that hit me tried to go around the traffic, and we collided directly in front of my driveway."

A "Begin One Way" sign is posted at the intersection with STARS Road, and a "Do Not Enter" sign is posted at the North Gate intersection. The hours of the school zone are posted with each sign.

School traffic on Acton School Road is an issue, said sheriff's office Public Information Offi-

"Despite signage, some drivers do not understand that the road is one way and where the one-way zone begins and ends," he said. "AES Principal Anna Roe has been in contact with Hood County Commissioner Bruce White and also has met with Sheriff Roger Deeds on addressing future solutions to the current situation.'

Sheriff's deputies are dispatched to watch traffic in the area but are usually busy at the other end of the road, Rose said.

"We do what we can, and the main issue has been people turning onto Acton School Road off North Gate" despite the sign posted there, Rose said.

The one-way street was probably set up the way it was to allow residents north of the school to travel directly to Acton Highway, but it might not be worth the risk, he said.

"For it to be all the same way would be a lot easier for officers and residents," Rose said.

Toth agreed it would be inconvenient. "I think that making the road completely one way during the posted school times is the safest choice for the students," she said. "I just hope that there is an answer in place prior to Cornerstone Christian Academy opening in the fall.'

The academy is scheduled to open its new campus on North Gate Road Tuesday morning, and she fears the influx of drivers will make matters worse.

DPS urges Texans to stay vigilant, report suspicious activity

In light of the attack in Las Vegas concert shooting on Oct. 1, the Texas Department of Public Safety is asking Texans to remain vigilant in their communities.

A Granbury man has been arrested for arranging to have sex with a minor, according to the Fort Worth Police

On Sept. 23, Zachary Don Blakley, of Granbury, arrived at a Fort Worth park expecting to meet a 14-year-old girl, according to the arrest affidavit. Instead, he was arrested by Fort Worth Police officers who were waiting for him.

On Sept. 22, Arlington detective working with the Fort Worth Police Department Crimes Against Children Unit created a profile on the online site Whisper, the affidavit stated. Blakley contacted the profile, the report stated.

"A conversation began during which (the detective) told (Blakley) he was 14 years old. During the conversation (Blakley) asked for photos. (The detective) provided photos of an Asian female who was approximately 13 years old," according to the affidavit. "(Blakley) told the girl he wanted to have sex with her."

On Sept. 23, Blakley asked the girl to meet him and was given the address of Newby Park in Fort Worth, the affidavit stated. Blakley then described the acts he wanted to perform with the girl, according to the report.

When Blakley arrived, he was arrested for online solicitation of a minor, a felony.

OLD BAPTISMAL: James Travis Shirley, a young Confederate Army veteran from Mississippi, arrived in Hood County in 1879. He bought land once owned by Elizabeth Crockett, widow of Alamo hero David Crockett. He

later built a baptism pool around a natural spring. An ardent Presbyterian, he invited all churches in the area to use it for baptism. Here, a group tours the baptismal Sunday afternoon.

The state of Texas awarded the widow Crockett a Texas Bounty – 1,280 acres in what would become Hood County.

Elizabeth and her two sons arrived from Tennessee in 1853, 16 years after the Battle of the Alamo.

Life was not easy.

"It was dangerous and challenging territory," Rebecca
Brumley wrote. "Native Americans, resentful of the encroachment on their ancestral lands, continued their vehement struggle against the intruders

with battles, massacres, raids, captures and scalpings until finally surrendering in 1875."

Crockett's Bounty borders both sides of Rucker Creek.

"They built a log homestead on a hillside near the creek and began clearing and farming the land," Brumley wrote. "Nothing remains of the cabin, although near its probable site are the remnants of a stone wall extending toward the creek."

The Crocketts later built a second log cabin, which was removed to the fairgrounds in Dallas in 1936 for the Texas Centennial Celebration.

Elizabeth Crockett died in 1860 – seven years after arriving here – and is buried in Acton Cemetery, Texas' smallest state park.

Student-built plane to take off Saturday

An airplane built by Granbury High School students will be presented to the public during a breakfast event at Granbury Regional Airport Saturday from 8:30 to 11 a.m.

The plane will make its flight debut about 9 a.m.

The festivities include a fundraiser for the school project featuring prizes including rides in a T-28 War Bird and Travel Air Biplane. Several airplanes

World Finals in Kuala Lumpur, Malaysia. Atlas Racing placed 23rd overall, while Precision Racing finished 25th among 51 teams representing 26 countries in last month's event.

The F1 in Schools is a multi-disciplinary challenge in which teams of students deploy CAD/CAM software to collaborate, design, analyze, manufacture, test and then race miniature gas-powered balsa wood F1 cars.

Atlas team members were Kyle Beck, project manager; Maxwell Call and Cameron Loveless, design engineers; Jack Miller, scrutineer; Jackson Winters, manufacturing engineer; and Ashely Boyd, marketing manager and graphic designer. For Precision, team members were Stockton Berryman, team manager; Joslyn Cavitt, manufacturing engineer; Chris McKelvain, design engineer; and Caden Baker, graphic designer.

Pirates control Joshua, collect first district win

BY GRANT MCGALLIARD HOOD COUNTY NEWS

JOSHUA - Granbury's game against Joshua on Friday night started out as inauspiciously as possible - an interception on the third play of the game, followed by a Joshua touchdown.

But after that, everything went the Pirates' way, as Granbury ripped off 31 straight points and beat the Owls 38-21 in a game that wasn't nearly as close as the score indicated. Granbury head coach Chad

Zschiesche was extremely pleased after the game.

"Joshua is a good football team that has played two teams in our district really well," Zschiesche said. "Therefore, these boys right here need to realize that we're a good football

"We're one breakdown in coverage and one special-teams tackle away from this being a 38-7 ballgame."

In particular, Zschiesche praised his team for coming back from the initial disappointing start.

"That goes all the way back to the offseason. Those boys worked their tail off from December all the way through the summer, and we put them in some mentally adverse situa-

"You're going to get punched in the mouth - not just in football, but in life - and I feel like we responded to that punch well today."

TEAM TOTALS: Granbury 239 passing, 227 rushing, 466 total; Joshua 132 passing, 128 rushing, 260 total

THIRD QUARTER: Granbury 24, Joshua 7

Quarterback Kevin Moore finished with 391 yards of total offense and four touchdowns. His 65-yard score up the left sideline near the end of the first quarter gave the Pirates a 14-7 lead and set the tone for the rest of the game.

Moore thanked his offensive line after the game.

"My offensive line, they really held out for me," he said.

All three of Granbury's rushing touchdowns - two by Moore and one by backup quarterback Clayton Jones - came on similar plays, a speed-option to the left

"On the option plays, our read is the rover, and if the rover chases out, you just have to bang it inside and get upfield," Moore said. "And I would do that, and then get back to the sideline, and it would just be

The win moved the Pirates to 4-2 (1-2 in District 9-5A).

COMING HOME AGAIN

Granbury now turns its attention to the Everman Bulldogs, who are 3-0 in district play.

Everman head coach Dale Keeling is retiring this season after 20 years with the Bulldogs. Before the season, Everman was projected to have a down year.

That hasn't been the case. The Bulldogs have won their last three games by an average of 37.3 points.

"Everman is never down," Zschiesche said. "Everman, from time to time, might be down for Everman, but they're never down.

"They're gonna do what they do. They're going to run a 4-2-5 on defense, and they're going to run the rock at you."

Everman's strength lies in its athletes, Zschiesche said. The Bulldogs are especially blessed on the defensive side, where they have two strong defensive tackles that could pose a problem for the Pirates offense.

stares down a Joshua defender in open space during the Pirates' 38-21 win over Joshua on Friday. McCreight

ONE-ON-ONE: Granbury wide receiver Zach McCreight and the rest of the receiving corps were instrumental in opening up play with a series of bubble screen passes that kept Owls defenders honest.

The 4-2-5 defensive system, made famous in the college ranks by TCU's Gary Patterson, is especially effective against spread offenses. Still, Zschiesche said there are ways to beat it.

"You gotta beat man coverage, and so we'll work a bunch of stuff to beat man," he said. "But more importantly, you

have to be able to run the football and get three, four, five yards a chunk against a good front six."

One advantage Granbury will have is a home crowd. The Pirates have spent the last two weeks on the road, but will return to the friendly confines of Pirate Stadium on Friday.

"Getting them away from Ev-

erman is always a plus," Zschiesche said. "They're a really good team in their own stadium - not that they're not good away - but it'll help playing here, and we're looking forward to a good

Late turnovers doom Tolar after strong effort

BY GRANT MCGALLIARD HOOD COUNTY NEWS

With under five minutes to go in the fourth quarter, the Tolar Rattlers had the ball trailing 20-15 and were marching down the field at Eastland.

So don't take the 35-15 final scoreline to mean that Tolar wasn't competing.

The Rattlers led 8-0 and 15-14 at different points in the game but lost to an Eastland team that many are projecting to win District 4-3A Division II.

For Tolar head coach Jeremy Mullins, Friday's game was a dose of frustration mixed in with the feeling that the Rattlers played 44 minutes or so of solid football.

"I was proud of us up until about four minutes and 30 seconds left," Mullins said. "We iust have to finish.'

"I think the positive note is that we're close. We talked about it a long time ago. We wanted to be at a certain place going into Eastland, and I think we were there for the most part."

Tolar had four possessions in the fourth quarter, and all of them ended in turnovers.

"It's hard to win any game with a turnover or two, much less four of them, against a good opponent, all of them in the fourth quarter," Mullins

Tolar finished with 162 yards passing and 92 yards on the ground. Bryan Morgan ran in Tolar's first touchdown and connected with Brice Scott on a 78-yard pass for their second score.

The Rattlers fell to 3-3 (0-1 in district).

This week, Tolar takes on the Bangs Dragons at home. Bangs has yet to win a game, and has lost their six games by an average of 29 points.

But Mullins says the Rattlers won't be taking this Friday

"We're not in a must-win situ-

ation, but we're in a need-to-win situation," he said. "And that's how we're approaching it."

Bangs relies on the play of senior quarterback Colton Brewer, whom Mullins praised effu-

"Bangs has a really good quarterback," Mullins said, "the best quarterback we've seen up to this point."

The Dragons will run multiple offenses - they can line up in the spread or in the wishbone. On defense, they run a 4-3 set, which the Rattlers haven't matched up against since Hico.

On paper, Tolar should win this game. But Mullins and his team have to make sure the Eastland loss won't stick.

"We have to learn to not let one loss beat us twice," Mullins said. "Eastland's done, it's put in the filing cabinet and it's time to move on to Bangs."

Tolar kicks off against the Dragons at 7:30 p.m. from Rat-

The Granbury Lady Pirates moved one step closer to locking up the District 9-5A championship with a three-set away win over the Joshua Owls on Friday night.

Granbury won the first set 25-23 before pulling away to win 25-15 and 25-18 in the next

Junior Mandy Withey led the Lady Pirates in both kills and blocks. She posted eight kills, seven total blocks and added an assist for good measure.

Valentina Crippa, a senior, had an outstanding day serving the ball. She had just one error on 14 service attempts and had two aces.

Freshman Courtney Smith had the same serving statistics as Crippa. Smith also added 15 digs and 11 assists, both of which tied for second on the

TOLAR FALLS SHORT AGAINST BROCK

The Brock Lady Eagles are one of the best teams in Class 3A, but the Tolar Lady Rattlers hung tough with them for a tightly-matched three sets on Friday night.

Playing at home, Tolar stretched the first set out to 32-30, although Brock eventually came out with the win. The next set was 25-21 in favor of Brock, and the Lady Eagles pulled away in the final set to win 25-11.

Rebecca Blessing's seven kills led Tolar. Blessing also had 3.5 blocks.

Avery Hamm had four kills and three blocks, while Paige Hamm contributed four kills and a team-high five blocks.

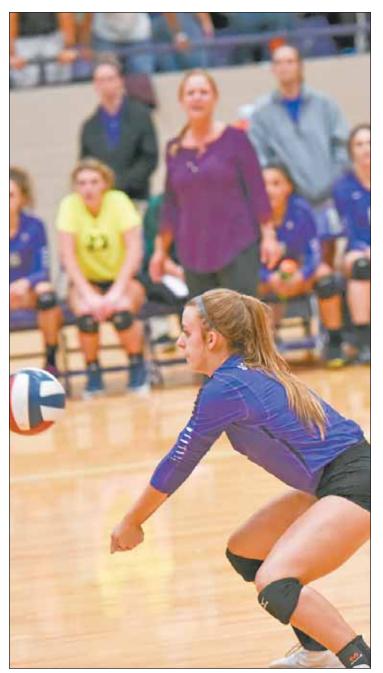

Peyton White led Tolar with 12 digs. Kaitlyn Morphew and Kalee King each had nine assists to split the team lead.

Lady Rattlers head coach Scotty Miller said his team is "playing better," but "just can't figure out how to win."

"Our district is tough with two schools ranked in the top 15, but we have to keep getting better," Miller said.

Tolar played one of those top 15 schools, Peaster, on the road Tuesday night. They'll host Millsap on Friday at 4 p.m.

Lindsay Luedeker Pastor of Waples Baptist Church

and we should pray for them and realize it is a prayer opportunity. Our flesh at times drives us to over analyze and think of how it should be done or could be done better. Or in this case they realized she was using perfume and criticized her. Everything we observe that we are drawn to see do you see them with your eyes or do you see them as prayer opportunities?

Too many times we miss the opportunities to pray for circumstances that God places before us. We are at our best when we allow His best through us. Your prayers make a difference when you are calling upon God with a concern. Yet our concerns too many times do not lead to prayer, much less a proper analysis. We will think they could do that different or I could have done it better. We may hear what they say, and believe we would have had the better answer. We could love regardless of the price of the jar. We are to pray and be obedient to whatever He asks of us. The key is we are given the Greatest gift in His love for us. So, pray and see what He wants to show you each and every day of your journey.

Realize the prayer opportunities that are placed before you as you go through the day. When we see people doing what they are called to do pray for them, love them, and encourage them. She was doing what she was called to do. This story is in the Scriptures to help us see with His eyes and not our critical or analytical eyes. Realize your path has prayer opportunities placed before you as an opportunity for unity. Prayers and praise will help you realize His love and presence and you will truly enjoy the journey.

Galatians 6:9-10 (NKJV)

9 And let us not grow weary while doing good, for in due season we shall reap if we do not lose heart.

10 Therefore, as we have opportunity, let us do good to all, especially to those who are of the household of faith.
