confusion, but of peace, as in all churches of the saints" (1 Cor.

a great deal of error is being taught "in the name of Jesus." My

concern is that many do not see error as a problem or threat and

to the gospel rather than by faith alone. At the third service he

people that they ought to baptize their babies, but at the sixth he says that penitent believers are the only scriptural subjects for baptism. At the seventh service he preaches "once in grace; always in grace" but at the eighth he asserts that one can be lost through unbelief after being saved. At the ninth service he says that it is all right to have a human creed, but at the tenth he affirms that we should take the Bible as our only guide in religion. No thoughtful person would continue to listen to ONE preacher like that, but the majority of people have no problem with TEN preachers preaching these conflicting doctrines. All religious folk recognize that if ONE man should preach as described above he would contradict himself and therefore lack credibility. But what kind of a God do they suppose we have if he endorses all the conflicting doctrines and has actually sent these preachers out to preach them? Just as it makes a difference what men preach it makes a difference what we believe. Jesus said, "Search the scriptures; for in them ye think ye have eternal life" (John 5:39a). And Paul said, "Prove all things; hold fast that which is good" (1 Thess. 5:21). Paul spoke highly of the Bereans who " ... Received the word with all readiness of mind, and searched the scriptures daily, whether those things were so (Acts 17:11). These people were apprehensive of error and loved truth. What about you?

Apple Picking Pointers For This Season

Apple picking is a beloved autumn tradition. While many traditions had to be put on the back burner as the world dealt with the COVID-19 pandemic, apple picking seems like one activity that can endure in a world dominated by social distancing.

Apple picking season tends to begin in mid- to late-September and ends sometime in early October. That makes apple picking a perfect social distancing activity, as it's both outdoors and at a time of year when the weather is generally pleasant no matter where you live.

That can be tricky to navigate while social distancing, so call ahead to learn about new protocols and if the operating hours are the same. If the farm is open several days per week, ask which days are the least busy and schedule your trip when foot traffic figures to be minimal.

Choose Firm Apples Without Bruises

to Pic-According kyourown.org, apples should be crisp and firm. Don't worry about the color of the apple, as color is not an indicator of ripeness. Instead, Pickyourown.org advises Administration people to ask the farmers which apples are ripe,

Gently Place Picked Apples Into Your Basket

Pickyourown.org recommends gently placing apples into your basket after picking them. Tossing them into the basket may cause bruising, which can lead to the apples spoiling prematurely. While it depends on the variety, many apples that are not bruised tend to last a long time, especially when stored in a cool place. So taking care of them when picking them can mean you get to enjoy apples for several weeks.

NOT ONLY THAT—THE DIVINE WRATH WAS SO TEMPESTUOUS THAT IT CAUSED AN EARTHQUAKE WHICH SPLIT THE ROOF OF THE TEMPLE AND SENT ONE HALF OF A MOUNTAIN, SITUATED TO THE WEST OF JERUSALEM, CRASHING INTO THE VALLEY BELOW, WHICH DESTROYED AND COMPLETELY COVERED UP THE ROYAL GARDENS! THIS WE HAVE ON THE WORD OF JOSEPHUS, THE ANCIENT HISTORIAN OF THE JEWS, WITH FURTHER CORROBORATION IN THE BIBLE (AMOS II) (ZECHIHIS). FROM THAT DAY ON, UZZIAH HAD TO LIVE IN SECLUSION AS A LEPER, HIS SON, JOTHAM, ADMINISTERING THE AFFAIRS OF GOVERNMENT IN HIS PATHER'S NAME.
