

County Approves Funds For Roads

BRIAN WILMOTH
Editor

The Jackson County Commission has approved a \$500,000 capital outlay note continue road work throughout the county.

Jackson County Mayor Randy Heady said the note was needed because of funds spent doing repairs in the last year.

"The reason this is really important is that we've spent over \$700-something thousand in repair work from last spring's flood," Heady said. "Also, we spent money fixing Big Bottom Creek State slides with in our N.R.C.S."

Heady said all recent repairs have been with funds from the federal government. He said \$778,000 has been approved by FEMA and the county is in the process of getting reimbursed.

"All this is grant money," Heady said. "All this is free money that I say we spent. But the problem with the federal government money is that you get it from the federal government when it decides to write you a check."

Road Superintendent Preacher Anderson said the county needed the funds to get work done before costs begin to increase.

"We need to do this so we can do as much oil and chipping as we can before we have to take bids July 1," Anderson said. "I've done talked to them and oil is going up, and gravel is going up, and everybody knows gas is going up, so I'm trying to get ahead of this."

Heady said he had already secured the Tennessee Comptroller's permission to assume the needed debt at the time of the commission approved the note.

State Fee Waived On Vehicle Registrations Starting July 1

Under a new state law, the Tennessee General Assembly has waived state registration fees for Class A and Class B motor vehicles, for renewals after July 1, 2022 and before June 30, 2023.

Class A includes motorcycles and autocycles and Class B includes passenger motor vehicles and motor homes. The state portion of the fee that is waived under this law is \$16.70 for Class A and \$23.75 for Class B. Other fees that are earmarked for safety and system improvement purposes, as well as the additional electric vehicle registration fee and county fees, are not waived under the new law.

"We want to make sure motorists are aware they will not pay this state registration fee when they renew their registration during the next fiscal year," Revenue Commissioner David Gerregano said. "However, other fees may still apply. Be sure to check with your local county clerk, as applicable fees do vary."

Barham Retiring After 20 years

The Tennessee Register Association President Nick McBride presented Kim Barham with an award for 20 years of service as Register of Deeds to Jackson County. "When you get something that you're proud of you want to THANK the one's that have helped you along the way. You know who you are, there is way to many to mention every one," Kim said. "It's been a honor and a privilege and it's meant more than words could say. Thank you from the bottom of my heart." She especially appreciates Lakelan (Squirrel) and her family for all their hard work. "To my past deputy registers Vivian Spivey Coons, Darlene Phillips Jenkins and my current Deputy Register Tammy Chapman-Clouse, you all have helped me to run the office in the most efficient way and your knowledge and experience has been outstanding! It's made the office what it is today a friendly and inviting environment that is here to serve the citizens of Jackson Country." Kim is retiring on August 31 2022. She will miss seeing all and their your smiling faces!

VOTE FOR CHRIS CARTER FOR JACKSON COUNTY SHERIFF

Hello, my name is Chris Carter, and I am running for Sheriff of Jackson County. I began my career in law enforcement in 2007 as a corrections officer and was promoted to several different positions during my time in corrections. In 2010 I was promoted to a deputy. I held several positions as a deputy including school resource officer, K-9 officer, sergeant, and chief deputy for the Jackson County Sheriff Department. Currently, I am employed with the Overton County Sheriff Department.

If elected, I will surround myself with likeminded people who will help us reach our goals and better serve the people of Jackson County. Ultimately, it will be the voters of Jackson County who choose the qualities they want in their sheriff. These are a few of the things I believe most people would like to see in the person they elect for sheriff. Someone who:

- Believes in honesty and integrity
- Has a commonsense approach to law enforcement
- Will be a good steward of taxpayer money
- Is involved with our schools and community
- Will work as hard for Jackson County at the end of their term as they do in the beginning
- Will be there for their employees and available to the citizens of Jackson County
- Will listen even if it's about a complaint
- Will hold themselves as accountable as they hold everyone else

If these are qualities that you would like to see in our sheriff, then I humbly ask for your vote and support for Sheriff of Jackson County on August 4, 2022.

So Many Choices

Sponsored By: Burrstown • Cubb Creek • Flynn's Creek • Shiloh • New Salem • McCoinsville • Richmond Chapel • Zion • Bagdad • Hurricane • Union Hill • Stone Church of Christ

Where would like to go on vacation? Well, given the time and money to actually go on a vacation, there are so many choices. Where would you like to go for lunch? Well, given the time and money to actually go out for lunch, there are so many choices. What kind of car would you like to buy? Well, given the time and money to actually go shopping, there are so many choices.

Life is full of choices in just about everything we face. So, it many not strike some of us an unusual or even unacceptable that there are loads of "choices" when it comes to churches. In the "old days," we could pick up the yellow pages and flip through page after page of "Churches" in our area. Today, we can go to our handy search engine and type in, "churches near me," and our computer screen (or phone screen) will fill up with options upon options. It is likely, in the course of a week, that we drive past numerous "churches" of all sorts. So, is sorting through and choosing from all of these "churches" like choosing a place to go on vacation or a place to eat lunch or a car to buy-any will do but some might be nicer than others? While some folks might think "that makes sense," the Bible does not support such a conclusion. Jesus came to this earth and promised to build His church (Matt. 16:18), and then He died on the cross to purchase His church with His blood (Acts 20:28). Do you suppose that there are "churches" around today that are actually Jesus' church? He said that there would be (Matt. 7:13-14; 1 Tim. 4:1-3; 2 Tim. 4:3-4). Thus not every "church" that you see today belongs to Jesus.

Well, then how do I find Jesus' church? Do I look for a church that is doing great things for Jesus and for others? No, that is not the standard (Matt. 7:21-23). Do I look for a church that is big and has lots of people flocking to it? No, that is not the standard (Ex. 23:2; Matt. 7:13-14). Do I look for a church that teaches things that make me feel comfortable? No, that is not the standard (2 Tim. 4:1-5).

So, how do I find Jesus' church? And, does it really matter? It matters because only those who are in Jesus' church are saved (Eph. 5:23; Acts 2:47) and have their names written in heaven (Heb. 12:23; Phil 3:20). I find His church by using His book (which is THE standard: John 12:48; Jude 3) and comparing every teaching (1 John 4:1; 2 Tim. 3:16-17) and every practice (Col. 3:17; Matt. 7:22) against what His book teaches (Acts 17:11), without accepting any additions or subtractions (Rev. 22:18-19). Man looks and sees "so many choices," but Christ sees through them all and only sees "His church!"

Dear Editor...

On Flag Day, June 14, we commemorate the adoption of the American flag. For more than 200 years, Old Glory has served as a symbol of our nation’s freedom and as a source of pride for our citizens. In patriotic parades and musical salutes, we support our local military and recognize the significance of the Stars and Stripes.

Flag Day is also a time to honor our nation’s veterans who have willingly served to protect the flag and the ideals it represents. With each ceremonial fold of the flag, we recognize the principles on which our country was founded: Liberty, unity, justice, and sacrifice.

On Flag Day, I stand with more than three-quarters of a million American Legion Auxiliary members across the nation as we honor our service members and reflect on their commitment to our country.

Whether you are a veteran, the loved one of a service member, or a patriotic citizen, there are many ways to honor local heroes, such as visiting veterans’ homes, assisting with recognition ceremonies, collecting personal memories and photos from veterans to create keepsake journals, or simply flying the U.S. flag in tribute to their sacrifice.

As you wave the flag on June 14, remember that

SSI Outlook Improves

The Social Security Board of Trustees today released its annual report on the financial status of the Social Security Trust Funds. The combined asset reserves of the Old-Age and Survivors Insurance and Disability Insurance (OASI and DI) Trust Funds are projected to become depleted in 2035, one year later than projected last year, with 80 percent of benefits payable at that time.

The OASI Trust Fund is projected to become depleted in 2034, one year later than last year’s estimate, with 77 percent of benefits payable at that time. The DI Trust Fund asset reserves are not projected to become depleted during the 75-year projection period.

In the 2022 Annual Report to Congress, the Trustees announced:

- The asset reserves of the combined OASI and DI Trust Funds declined by \$56 billion in 2021 to a total of \$2.852 trillion.
- The total annual cost of the program is projected to exceed total annual income in 2022 and remain higher throughout the 75-year projection period. Total cost began to be higher than total income in 2021. Social Security’s cost has exceeded its non-interest income since 2010.
- The year when the combined trust fund reserves are projected to become depleted, if Congress does not act before then, is 2035 – one year later than last year’s projection. At that time, there would be sufficient income coming in to pay 80 percent of scheduled benefits.

“It is important to strengthen Social Security for future generations. The Trustees recommend that lawmakers address the projected trust fund shortfalls in a timely way in order to phase in necessary changes gradually,” said Kilolo Kijakazi, Acting Commissioner of Social Security. “Social Security will continue to be a vital part of the lives of 66 million beneficiaries and 182 million workers and their families during 2022.”

Other highlights of the Trustees Report include:

- Total income, including interest, to the combined OASI and DI Trust Funds amounted to \$1.088 trillion in 2021. (\$980.6 billion from net payroll tax contributions, \$37.6 billion from taxation of benefits, and \$70.1 billion in interest)
- Total expenditures from the combined OASI and DI Trust Funds amounted to nearly \$1.145 trillion in 2021.
- Social Security paid benefits of \$1.133 trillion in calendar year 2021. There were about 65 million

showing your gratitude for veterans does not have to be limited to Flag Day, Memorial Day, or Veterans Day. Throughout the year, join the American Legion Auxiliary in serving veterans, military, and their families who have sacrificed for our freedom.

Thank you to all who have served Old Glory. Happy Flag Day!

For over a century, American Legion Auxiliary (ALA) members have dedicated themselves to meeting the needs of our nation’s veterans, military, and their families both here and abroad. They volunteer millions of hours yearly, with a value averaging in excess of \$2 billion each year. As part of the world’s largest women’s patriotic service organization, ALA volunteers across the country also step up to honor veterans and military through annual scholarships and with ALA Girls State programs, teaching high school juniors to be leaders grounded in patriotism and Americanism. beneficiaries at the end of the calendar year.

- The projected actuarial deficit over the 75-year long-range period is 3.42 percent of taxable payroll – lower than the 3.54 percent projected in last year’s report.
- During 2021, an estimated 179 million people had earnings covered by Social Security and paid payroll taxes.
- The cost of \$6.5 billion to administer the Social Security program in 2021 was a very low 0.6 percent of total expenditures.
- The combined Trust Fund asset reserves earned interest at an effective annual rate of 2.5 percent in 2021.

The Board of Trustees usually comprises six members. Four serve by virtue of their positions with the federal government: Janet Yellen, Secretary of the Treasury and Managing Trustee; Kilolo Kijakazi, Acting Commissioner of Social Security; Xavier Becerra, Secretary of Health and Human Services; and Martin J. Walsh, Secretary of Labor. The two public trustee positions are currently vacant.

Homeless Vet Falls Through The Cracks

by Freddy Groves

The Department of Veterans Affairs creates numerous programs to deal with homeless veteran populations -- and this is all well and good. But it’s the individual homeless vet who can fall through the cracks.

The VA Office of Inspector General reports about a veteran (I’ll assume here it was a guy) who had multiple physical conditions on top of severe cognitive impairment. Years ago, he was given housing assistance and an evaluation and made part of a program. Eventually, he was boot-ed out of the housing and thus boot-ed out of the help program.

In the space of seven months, he took himself to the emergency room at a VA hospital a dozen times for various medical conditions, most a result of living outside or in a car. They admitted him for 33 days while he got evaluated for his cognitive functioning and had his medical conditions cared for. They discharged him and sent him off in a cab to a non-VA shelter.

For whatever reason, an hour later, he showed up at the ER again. They gave him a bus ticket to the shelter. The trip involved changes of buses, not an easy trick for someone with severe cognitive impairment. An hour later, he again showed up at the ER. Once more, they gave him a bus ticket and a printed list of instructions, telling him to go to the shelter.

The next day, a social worker discovered that he never made it to the shelter, and the following day, the family filed a missing person report.

Three days later, he was found at the shelter. A reading of the OIG report shows one misstep after the other, with staffers putting a cognitively impaired veteran on a bus and not using one of the donated Uber gift cards and having him delivered right to the door of the shelter. Better yet, they could have told family members that he was being discharged.

Seven Characteristics Of Modern Houses

Homes contain a variety of components that appeal to homeowners with different ideas about the perfect place to call home. That starts with the style of a home.

Buildings are classified according to share components. A Craftsman style home will have a covered porch with a set of wide base columns, while a Cape Cod home is often defined by a gabled roof and dormer windows. Modern houses, which are sometimes

called contemporary homes even though the terms are not interchangeable, will have their own sets of unique characteristics. Here's a look at seven features that make modern homes unique.

Minimalist Approach
Contemporary and modern homes both employ an approach that leans toward minimalism, including clean design lines. Spaces are open and airy without the clutter of too many ornate architectural details. While

modern homes may have some curvature to their design, contemporary ones are all about an angular look.

Neutral Color Palette
Modern homes tend to utilize a neutral color palette. Modern homes may use "earthy" elements, such as wood and brick, in ways that do not look rustic. Contemporary homes rely on a color palette of black and white with shades of gray or other neutral colors.

Geometric Shapes
Modern homes have strong horizontal and vertical elements that showcase geometric shapes in their designs. Contemporary homes often have flat roofs, while modern homes may not.

Large, Unadorned Windows
Most modern homes

showcase a lot of natural light by utilizing large windows that are not covered up by heavy window treatments or elements like shutters and thick trims. Large windows are the focus of the interior and shift attention to the view outdoors.

Open Floor Concept
A hallmark of modern interior design, the open concept floor plan removes many of the walls that tend to separate common areas of a home. This helps to foster the spread of natural light and maintains the emphasis on simplicity of design.

Smart Elements
Thanks to the proliferation of smart technology, smart homes are cropping up with greater frequency. While smart devices can be included in any home style, they tend to feel

like they were designed specifically for modern homes. In a similar vein, modern homes may include environmentally friendly elements, such as solar panels, upcycled materials, added insulation, and energy efficient lighting.

Updated Kitchen Spaces
The clean lines and attention to technology and

open space generally extends to modern kitchens. Modern kitchens tend to feature efficient, top-tier appliances with additional storage and space amenities that keep the room from feeling cluttered.

While some may consider modern homes austere, many others are right at home among their clean lines and airy spaces.

THE ILLUSTRATED BIBLE

From heaven the Lord looks down and sees all mankind; from His dwelling place He watches all who live on earth— He who forms the hearts of all, who considers everything they do.

Facts About The BIBLE BY JOHN LEHTI

FAVORITE BIBLE QUOTATIONS OF OUR PRESIDENTS

WHEN A NEWLY-ELECTED PRESIDENT OF THE UNITED STATES IS SWORN INTO OFFICE, HE TAKES THE OATH OF OFFICE WITH HIS HAND ON THE BIBLE. IT IS CUSTOMARY FOR THE BIBLE TO BE OPEN AT A PAGE OF THE NEW PRESIDENT'S CHOOSING WHERE HE HAS SELECTED A VERSE OR QUOTATION—IT IS INTERESTING TO NOTE HOW FITTING THESE QUOTATIONS ARE! FOR INSTANCE, RUTHERFORD B. HAYES, 19TH PRESIDENT (1877-1881) WAS ALMOST DEFEATED IN A HARD-FOUGHT AND VERY BITTER ELECTION, WINNING BY ONE ELECTORAL VOTE ONLY! HIS OPPONENTS CLAIMED FRAUD BUT THE ELECTORAL COMMISSION DECIDED IN HAYES FAVOR—LITTLE WONDER THAT HE PICKED THE FOLLOWING QUOTATION FROM THE BIBLE.... "THOU HAST THRUST SORE AT ME THAT I MIGHT FALL: BUT THE LORD HELPED ME."

PSALM 118:13

THEODORE (TEDDY) ROOSEVELT, OUR 26TH PRESIDENT (1901-1909) STARTED LIFE AS A SICKLY CHILD BUT EXERCISED VIGOROUSLY AS A BOY TO GAIN GREATER HEALTH AND, AS A YOUNG MAN, WENT OUT WEST TO BECOME A CATTLE RANCHER. THE ROBUST LIFE HE CHOSE WAS EXEMPLIFIED IN HIS CAREER, IN HIS MANNER OF SPEECH, AND CERTAINLY IN THE WAY HE LED HIS FAMOUS "ROUGH RIDERS" REGIMENT DURING THE SPANISH-AMERICAN WAR! AS A PRESIDENT, HE FOUGHT HARD AND BOISTEROUSLY AGAINST THE VESTED INTERESTS AND HUGE TRUSTS OF "WALL STREET". HIS ENTIRE LIFE-STYLE IS ECHOED IN HIS FAVORITE BIBLE QUOTATION.... "BUT BE YE DOERS OF THE WORD AND NOT HEARERS ONLY DECEIVING YOUR OWN SELVES."

JAMES 1:22

Local Farm Honored

Century Farm Honored – The 2022 Granville Heritage Day honors each year a 100 year old farm or home in the Granville Community. The 2022 award was presented to Davis Watts of Cookeville by Stan Webster Vice President of Granville Museum. Watts owns his families farm the Nameless area of Granville which has been in the family since the early 1900's. The museum is currently developing a new exhibit in the Farm to Table Museum which will be dedicated on October 1 on all the Century Farms that has been honored over the last 20 years by Granville Museum.

Beck Honored Recently

Ken Beck Honored – The 2022 Historic Granville Heritage Day honored Ken Beck of Lebanon with the 2022 Eugene Duke Friend of the Museum Award. The late Eugene Duke was a founder of Granville Museum and this annual award is presented to a special friend of the Museum each year. Pictured left to right are: Vikkie Duke Pirrone, Mable Joyce Duke, Clayton Duke and Eugene Duke presenting the award to Ken Beck. Beck has been a great friend of Granville for over 20 years writing special features on Granville as well as being an advisor to Granville as it has become Tennessee's Mayberry Town. Beck is known for his knowledge of the Andy Griffith Show and is co author of Aunt Bee's Cookbook.

Fun Facts

Crabby Little Robot

Some engineers might build things that are bigger but these engineers created a robot measuring half a millimeter wide - less than half the width of a grain of sand, according to the Association of Mature American Citizens (AMAC). It's got to be the world's smallest automation. It looks like a very tiny crab and it walks, it twists and turns and it can jump. And, says Northwestern University engineering professor, it took him and his team about a year and a half to build it. He says it can be used "to repair or assemble small structures or machines in industry or as surgical assistants to clear clogged arteries, to stop internal bleeding or to eliminate cancerous tumors - all in minimally invasive procedures."

Beware the worms

Jumping worms have invaded California much to the chagrin of gardeners, says the Association of Mature Citizens (AMAC). The California Department of Food and Agriculture says they are "True to their name, the jump and thrash immediately when handled, behaving more like a threatened snake than a worm, sometimes even breaking and shedding their tail when caught." According to the experts at Cornell University, "Asian jumping worms are a relatively new invasive species (they can deplete soil of nutrients and damage plant roots)...but they are rapidly spreading across the United States. They can be found in the Southeast, along the Eastern Seaboard, and in the mid-Atlantic, Midwest and some Northwestern states."

Poetic license

The British poet, Edward Lear, was born on May 12, 1812. Who is Edward Lear, you ask? He is known for popularizing those "short, humorous, nonsense poem" known as limericks via a book he wrote called, *A Book of Nonsense*, says the Association of Mature American Citizens (AMAC). May 12 - in case you missed it - was National Limerick Day. Here's one of Lear's limericks: There was an Old Man with a beard, Who said, "It is just as I feared!-Two Owls and a Hen, four Larks and a Wren, Have all built their nests in my bearded.

Introducing Reimagined Mentoring

tnAchieves is introducing a reimagined mentoring program in 2023 to combat a nine percentage point drop in the state's college-going rate since the start of the COVID-19 pandemic. The mentoring program will combine proven, time-tested strategies

with virtual tools to allow volunteers to make a greater impact for local students pursuing a post-secondary degree.

The fundamentals of tnAchieves mentoring will remain the same; however, the 2023 mentoring role will introduce several key

elements that lead to a longer-lasting, more meaningful mentor/student connection.

Mentors will return to an in-person meeting with their students. For the first time since the pandemic, mentors will gather at a tnAchieves team meeting in December or January to begin relationship building with their assigned students.

Mentors will begin work with their 2023 students earlier than ever before. tnAchieves will provide mentors with their student's contact information in November of 2022, allowing mentors to have earlier access to their students during their college-going planning.

tnAchieves will continue to leverage familiar virtual tools. During the pandemic, tnAchieves introduced online tools to assist mentors in maintaining effective student connections. The mentoring role will continue to rely on and encourage use of these tools for effective mentoring.

"We are incredibly excited to be announcing these updates to the mentoring program," said tnAchieves Senior Director of Mentors Tyler Ford. "By providing our volunteers with earlier access to their students and facilitating an in-person meeting opportunity, we

believe tnAchieves mentors will play a significant role in reversing some of the downward trends we have seen through the pandemic."

While tnAchieves mentors will support students in completing requirements and navigating the college-going process, their greatest impact may be in the encouragement and support they provide to students. Ultimately, any individual who has one hour per month and is committed to making a difference in the lives of local students can serve as an effective tnAchieves mentor.

To ensure every student is supported, tnAchieves needs more than 9,000 mentors by October 21, 2022. Mentoring takes just one hour per month and all volunteers are provided a training as well as ongoing support from the tnAchieves team. Those interested in applying or learning more can visit <https://tnAchieves.org/mentors>.

tnAchieves is a privately-funded scholarship and mentoring program that seeks to provide an opportunity for every Tennessee student to earn a post-secondary degree. If you have questions about the tnAchieves mentoring program, please contact Tyler Ford at (309) 945-3446 or tyler@tnAchieves.org

June Is PTSD Awareness Month

The month of June is PTSD Awareness Month. Help educate your community about the effective PTSD treatments that are available. Studies show that suicide risk is higher in persons with PTSD. Mental or addictive disorders are associated with 90% of suicides. In 2020, the most recent figures available, suicide was the third leading cause of death for youth ages 10 – 24. In a survey conducted by the CDC, 19.2% of Tennessee High School Youth said that they had "seriously considered suicide within the last 12 months."

Suicide is one of the leading causes of PREVENTABLE death. Many times, young people who attempt suicide exhibit clear warning signs before an attempt. By knowing the warning signs associated with suicide and knowing how to help, you could save a life.

If you or someone you love is struggling with depression and/or thinking about suicide, get help now. The National Suicide Prevention Lifeline, 1-800-273-TALK (8255), is a free resource that is available 24 hours a day, seven days a week, for anyone who is in suicidal crisis or emotional distress. The Crisis Text Line is a free 24/7 text line where trained crisis counselors support individuals in crisis. Text "Jason" to 741741 to speak with a compassionate, trained Crisis Counselor. Confidential support 24/7, for free.

The Jason Foundation is a nationally recognized leader in youth suicide prevention and awareness. All programs and materials are available to the public at no cost. To learn more about the warning signs associated with suicide and how you can help, visit their website. www.jasonfoundation.com

UT Plant Of The Month: Lavender

PJ SNODGRASS
Adjunct Professor for Plant Sciences, UTIA

How many times do you use the phrase “stop and smell the roses”? This sentiment also applies to many plants and especially to lavender.

One of my favorite places in the University of Tennessee Gardens, Knoxville, is the Herb Spiral. Not only is the spiral a wonderful display of herbs, but it also features beautiful lavender growing among its rocks. The particular plant is Spanish lavender (*Lavandula stoechas*). With its “bunny ears” appearance, just looking at it makes you smile because it looks so happy. And the bees love it!

Lavender belongs to the genus *Lavandula*, which includes 45 different species and more than 450 varieties, with still more in development by plant breeders! This wide variety allows for a vast array of bloom times, foliage and flower colors.

Many people are most familiar with English lavender (*Lavandula angustifolia*) which boasts 39 cultivars. It is also called common lavender or true lavender. Equally familiar is French lavender (*Lavandula dentata*), known as fringed lavender, so named due to its toothed leaf shape. Portuguese lavender (*Lavandula latifolia*) has spike-like flowers and is very aromatic. A popular interspecific hybrid is *Lavandin* (*Lavandula x intermedia*), a cross of the English and Portuguese types. It is cold hardy like the English lavender but also heat tolerant like the

Portuguese types. Finally, there is Spanish lavender (*Lavandula stoechas*), which is sometimes referred to, confusingly enough, as French lavender, but more descriptively as butterfly lavender. This type features distinctive wing-like petals and is often used for potpourri.

Do not limit your color palate thinking that this beautiful herb comes only in lilac, blue or lavender. Other bloom colors available are violet blue, rose, pale pink, white and yellow! Many cultivars grow well in Tennessee, including ‘Provence’, ‘Hidecote’, ‘Phenomenal’ and ‘Munstead’.

Like many herbs, lavender is a plant of varied uses. Because of its wonderful, soothing fragrance, silver grey foliage and delicate flowers, lavender is often used in essential oils, candles, soaps, hydrosols, culinary and other types of artisanal products. If you ever want a challenge with a beautiful reward, try making a lavender wand. There are plenty of online sources to help you make a lovely, fragrant bundle!

One of the most common uses of lavender is for aromatherapy. *Lavandula angustifolia* is the recommended species for making essential oils. Take care when applying any essential oil directly to the skin as the undiluted oil may cause skin irritation for some people. Dilute an essential oil by mixing a few drops with a carrier oil such as jojoba or coconut oil. Do a little research about the ratio before mixing your own.

Speaking of research, studies conducted in healthcare settings measured the efficacy of lavender in reducing anxiety, stress, and increasing sleep quality. A study conducted in 2019 looked at the effects of lavender oil patches on patients in a hematology-oncology setting. Patients who agreed to participate received a lavender patch attached to their gown or shirt at the start of the evening shift. The patients were able to inhale the scent of lavender during the night to determine if they felt less anxiety and experienced better sleep. The patch was removed in the morning when the patient was awake and active. Although it was a small study, its results indicated that some patients reported better sleep quality and milder anxiety when they were wearing the lavender patch. Other researchers in the healthcare settings are looking at the benefits of lavender in patients undergoing chemotherapy or those with dementia, headaches, stress, anxiety or sleep disorders.

Most lavenders grown

in Tennessee are either the English, French or the Spanish types. Typically, the English lavenders are more cold hardy and the Spanish types are more heat tolerant which, based on your location, may dictate your choice. There are a few growing requirements common for most species. Lavenders perform best in well-drained soil and lots of sun. A neutral to slightly alkaline soil is best. Amending the soil with sand or some fine grit will help the drainage. Do not plant lavender too deep. A good practice is to have it slightly above the soil line with soil mounded around the base. This allows the water to drain away from the plant. Since lavender likes heat, you can add some pea gravel around the base of the plant, so heat is reflected up onto the plant. It also dresses up your beautiful lavender!

There is really nothing to lose when you grow lavender. It has so many uses, it is a beautiful and hardy plant and it is very celebrated, so you can put attending lavender festivals on your fun activity list! As with

many herbs, there is always something new to learn about lavender, a truly useful plant.

The UT Gardens includes plant collections located in Knoxville, Crossville and Jackson. Designated as the official botanical garden for the State of Tennessee, the collections are part of the UT Institute of Agriculture. The Gardens’ mission is to foster appreciation, education

and stewardship of plants through garden displays, educational programs and research trials. The Gardens are open during all seasons and free to the public.

Through its land-grant mission of research, teaching and extension, the University of Tennessee Institute of Agriculture touches lives and provides Real. Life. Solutions. utia.tennessee.edu.

Field Day Scheduled For June 30

Faculty and staff at the Highland Rim AgResearch and Education Center are excited to host another in-person Tobacco, Beef and More Field Day on June 30, 2022. The event features a tradeshow as well as opportunities for tobacco farmers, beef producers and home gardeners to pick up some helpful tips.

Attendees will be able to choose from four tours throughout the day-long event, each with a certain theme. Morning tours include the tobacco tour, beef and forage tour and a presentation about the UT Extension Master Gardeners. The hemp production tour takes place in the afternoon following a sponsored lunch. The tradeshow is open all morning for anyone interested in learning about general production and livestock agriculture. This event is free

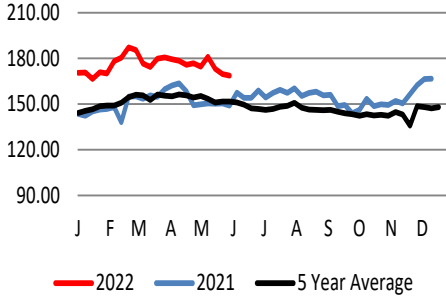

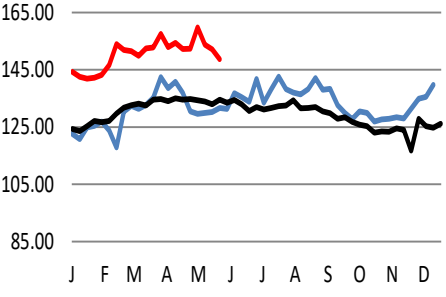

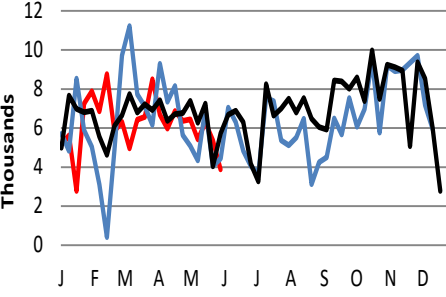

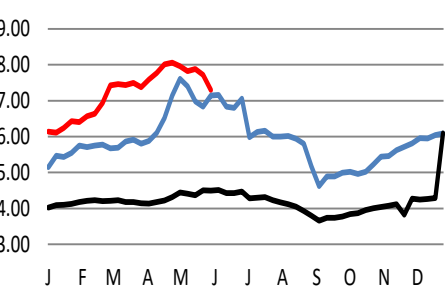

and open to the public. Registration will begin at 8 a.m. CDT at the assembly area off Oakland Road, with the first tours departing at 8:45 a.m.

Visit the UTIA Field Days website for more details. You can also contact your county UT Extension office or contact the Highland Rim AgResearch and Education Center at 615-382-3130. To request an accommodation for accessibility, contact the Highland Rim AgResearch and Education Center office.

The Highland Rim AgResearch and Education Center is located at 3181 Experiment Station Road in Springfield, Tennessee. It is accessible from both Interstate 24 and Interstate 65. More information, including detailed directions, can be found at the Highland Rim AgResearch and Education Center website.

Some of your to-do items may need to be postponed this week, Gemini. You simply have too much going on and no wiggle room if projects or meetings run late.

CANCER
June 22/July 22
It could be time to focus on self-improvement, Cancer. Spend a few days figuring out where you can do better. Maybe that's focusing on spirituality or re-

lationships.
LEO
July 23/Aug 23
This is an ideal time to spend with your family, Leo. Plan a grand meal with extended family members and host a reunion of sorts. Catch up and share memories.

VIRGO
Aug 24/Sept 22
Virgo, change may be a tad scary at first. But before you know it, you will be an old hand at what you are delving into. Just stick with it until reach your comfort level.

LIBRA
Sept 23/Oct 23
There may be misunderstandings with others unless you are very clear with your words and intentions, Libra. Watch your tone so things are not misconstrued.

SCORPIO
Oct 24/Nov 22
Don't get too caught up on your cash flow right now, Scorpio. You have certain projects on the horizon that may bring in more money that will tide you over for

some time.
SAGITTARIUS
Nov 23/Dec 21
Sagittarius, you may discover you have been spending a lot of time focused on the job or another task that pulling you away from loved ones. Reconsider your priorities.

CAPRICORN
Dec 22/Jan 20
Inspiration and imagination are soaring for you this week, Capricorn. Now is the time to put any creative ideas in play and see how they turn out.

AQUARIUS
Jan 21/Feb 18
Aquarius, you may be hoping to improve communication with a loved one, whether a child or even a sibling. Engage in conversation when you are distraction-free.

PISCES
Feb 19/Mar 20
Someone who visits you could bring interesting news that ends up being the focus of the conversation. You'll get your say with time.

Hull and Gore

Sons of the Cumberland: The Early Years of Cordell Hull and John Jordan Gore, by Mark Dudney, offers a unique perspective on the lives and careers of two powerful and influential men who, each in his own way, left their mark on the time and place in which they lived.

Dudney follows the lives of Hull and Gore who were born, grew up, lived and worked in the Upper Cumberland. Both were from families with roots in the region that were generations deep. They were country boys whose lives were shaped by family, community, the land and the Cumberland River.

As country lawyers, practicing in the small towns along the river, such as Celina, Gainesboro and Carthage, they came to form a mutual respect and friendship which eventually resulted in their forming a partnership and opening a law practice in Gainesboro. Their paths soon diverged, as both embarked on career paths that, while each was involved in law and politics, ultimately led to success in ways that neither had dreamed of as boys and young men.

The book follows the lives of each man separately, yet together, as they frequently overlapped at home in Tennessee and on

the national level. The author shows that at every point in the lives of both, their love for and allegiance to the land and the people of the Upper Cumberland never wavered.

Even though Hull, as Secretary of State in the administration of Franklin D. Roosevelt, is buried in the Washington D. C.'s National Cathedral, the Cordell Hull State Park and Cordell Hull Museum is located at his birthplace near Byrdstown. Gore, who became the first Federal District Judge for Middle Tennessee is buried in the Gore family cemetery on Roaring River, a tributary of the Cumberland.

These are only a few highlights from *Sons of the Cumberland: The Early Years of Cordell*

Hull and John Jordan Gore. The book is filled with information and insight, providing personal and historical details about both men that could only come from meticulous research combined with the author's personal knowledge of the people and history of the region. It can be ordered on-line at: <http://cumberlandrivertales.com/order-books>.

Mark Dudney is the Public Historian at the Upper Cumberland Development District in Cookeville. He is a Tennessee Tech graduate with a dual major in History and Political Science and a law degree from the Nashville School of Law. He grew up near the Cumberland River in Jackson County.

Proposed Ridgeline Expansion Project Jackson County Open House

Wednesday, June 29, 6–8 p.m. CT
Jackson County High School Cafeteria
Gainesboro, TN

Join us for an open house on the proposed Ridgeline Expansion Project, an expansion of Enbridge's East Tennessee Natural Gas (ETNG) system that would help provide Tennesseans with a lower-carbon energy source. For 70 years, ETNG has played an essential role in connecting Tennesseans to the energy that powers their lives. The proposed project would deliver natural gas to Tennessee Valley Authority's (TVA) Kingston Fossil Plant if TVA chooses to replace its coal-fired generation onsite with gas-fired generation.

Enbridge is hosting these upcoming open houses in your area:

Morgan County Wednesday, June 22, 6–8 p.m. ET Wartburg Central High School Gymnasium Wartburg, TN	Trousdale County Thursday, June 30, 6–8 p.m. CT First Baptist Hartsville Hartsville, TN
Putnam County Thursday, June 23, 6–8 p.m. CT Monterey High School Music Room Monterey, TN

ELECT

GARRISON FOR ROAD SUPERINTENDENT

I am Daniel Garrison and I am running for the office of Road Superintendent. I have lived in Jackson County my entire life and reside in the Shiloh community. I am married to Christie Mahaney Garrison and together we have three children Jesse, Jake, and Layla. My parents are Danny and the late Joann Hopkins Garrison.

I have over 20 years experience in various construction fields. I am currently employed with the City of Cookeville Public Works/Road department. While employed there, I have served as the leader of a road crew consisting of operators, truck drivers, and laborers. I have had direct oversight of the crew on road construction and maintenance. I have completed routine road maintenance, determined appropriate equipment and actions for road projects, as well as investigated complaints from the public regarding hazardous road conditions and drainage issues.

Before working at the City of Cookeville, I was self employed for several years. During these years, I had to maintain accurate records, establish and maintain effective working relationships, estimate the costs of needed materials for special projects, and direct others on their responsibilities.

I am qualified for the job and confident in my ability to serve the citizens of Jackson County. I will work hard to make the most out of every penny in the budget. I will monitor the budget and analyze the expenses to ensure funds are being used efficiently and try to implement strategies to improve road conditions. I will communicate budget objectives and provide accurate information about the budget status and allocations. If elected, I will identify potential expenses, determine how to use funds to get the most out of every penny, and manage resources effectively. I will also apply for any grants that can help our roads and structures. I will be available 24 hours a day, 7 days a week to listen to any concerns or issues and will make it my personal goal to resolve any issues in a timely manner. I humbly ask for your consideration and vote for road superintendent this coming election on August 4, 2022.

Seven Characteristics Of Modern Houses

Homes contain a variety of components that appeal to homeowners with different ideas about the perfect place to call home. That starts with the style of a home.

Buildings are classified according to share components. A Craftsman style home will have a covered porch with a set of wide base columns, while a Cape Cod home is often defined by a gabled roof and dormer windows. Modern houses, which are sometimes

called contemporary homes even though the terms are not interchangeable, will have their own sets of unique characteristics. Here's a look at seven features that make modern homes unique.

Minimalist Approach
Contemporary and modern homes both employ an approach that leans toward minimalism, including clean design lines. Spaces are open and airy without the clutter of too many ornate architectural details. While

modern homes may have some curvature to their design, contemporary ones are all about an angular look.

Neutral Color Palette
Modern homes tend to utilize a neutral color palette. Modern homes may use "earthy" elements, such as wood and brick, in ways that do not look rustic. Contemporary homes rely on a color palette of black and white with shades of gray or other neutral colors.

Geometric Shapes
Modern homes have strong horizontal and vertical elements that showcase geometric shapes in their designs. Contemporary homes often have flat roofs, while modern homes may not.

Large, Unadorned Windows
Most modern homes

showcase a lot of natural light by utilizing large windows that are not covered up by heavy window treatments or elements like shutters and thick trims. Large windows are the focus of the interior and shift attention to the view outdoors.

Open Floor Concept
A hallmark of modern interior design, the open concept floor plan removes many of the walls that tend to separate common areas of a home. This helps to foster the spread of natural light and maintains the emphasis on simplicity of design.

Smart Elements
Thanks to the proliferation of smart technology, smart homes are cropping up with greater frequency. While smart devices can be included in any home style, they tend to feel

like they were designed specifically for modern homes. In a similar vein, modern homes may include environmentally friendly elements, such as solar panels, upcycled materials, added insulation, and energy efficient lighting.

Updated Kitchen Spaces
The clean lines and attention to technology and

open space generally extends to modern kitchens. Modern kitchens tend to feature efficient, top-tier appliances with additional storage and space amenities that keep the room from feeling cluttered.

While some may consider modern homes austere, many others are right at home among their clean lines and airy spaces.

THE ILLUSTRATED BIBLE

From heaven the Lord looks down and sees all mankind; from His dwelling place He watches all who live on earth— He who forms the hearts of all, who considers everything they do.

Facts About The BIBLE BY JOHN LEHTI

FAVORITE BIBLE QUOTATIONS OF OUR PRESIDENTS

WHEN A NEWLY-ELECTED PRESIDENT OF THE UNITED STATES IS SWORN INTO OFFICE, HE TAKES THE OATH OF OFFICE WITH HIS HAND ON THE BIBLE. IT IS CUSTOMARY FOR THE BIBLE TO BE OPEN AT A PAGE OF THE NEW PRESIDENT'S CHOOSING WHERE HE HAS SELECTED A VERSE OR QUOTATION—IT IS INTERESTING TO NOTE HOW FITTING THESE QUOTATIONS ARE! FOR INSTANCE, RUTHERFORD B. HAYES, 19TH PRESIDENT (1877-1881) WAS ALMOST DEFEATED IN A HARD-FOUGHT AND VERY BITTER ELECTION, WINNING BY ONE ELECTORAL VOTE ONLY! HIS OPPONENTS CLAIMED FRAUD BUT THE ELECTORAL COMMISSION DECIDED IN HAYES FAVOR—LITTLE WONDER THAT HE PICKED THE FOLLOWING QUOTATION FROM THE BIBLE.... "THOU HAST THRUST SORE AT ME THAT I MIGHT FALL: BUT THE LORD HELPED ME."
PSALM 118:13

THEODORE (TEDDY) ROOSEVELT, OUR 26TH PRESIDENT (1901-1909) STARTED LIFE AS A SICKLY CHILD BUT EXERCISED VIGOROUSLY AS A BOY TO GAIN GREATER HEALTH AND, AS A YOUNG MAN, WENT OUT WEST TO BECOME A CATTLE RANCHER. THE ROBUST LIFE HE CHOSE WAS EXEMPLIFIED IN HIS CAREER, IN HIS MANNER OF SPEECH, AND CERTAINLY IN THE WAY HE LED HIS FAMOUS "ROUGH RIDERS" REGIMENT DURING THE SPANISH-AMERICAN WAR! AS A PRESIDENT, HE FOUGHT HARD AND BOISTEROUSLY AGAINST THE VESTED INTERESTS AND HUGE TRUSTS OF "WALL STREET". HIS ENTIRE LIFE-STYLE IS ECHOED IN HIS FAVORITE BIBLE QUOTATION.... "BUT BE YE DOERS OF THE WORD AND NOT HEARERS ONLY DECEIVING YOUR OWN SELVES."
JAMES 1:22
