New Production Facility Opening

Tennessee Gov. Bill Lee, Department of Economic and Community Development Commissioner Bob Rolfe and Babynov USA officials announced today that the company will establish its first U.S. production facility in Red Boiling Springs.

Babynov USA will invest approximately \$44.9 million and create 147 jobs in Macon County.

Babynov USA is a new division of Global Baby, a French organic baby food manufacturer. The company will renovate an existing facility in Red Boiling Springs in order to expand its market to the United States.

Founded in 1999, Global Baby provides ready-to-feed baby milks and prepared food products, such as fruit and vegetable purees, full meals and milk-based desserts. The group is headquartered in Paris, France. The Macon County facility will be the company’s first in North America.

Tennessee is home to more than 1,000 foreign-owned establishments that employ approximately 150,000 Tennesseans. France is among the top 10 countries for foreign direct investment in Tennessee, with French companies employing more than 11,000 people at nearly 90 establishments across the state.

Since 2015, TNECD has supported 42 economic development projects in the Upper Cumberland region, resulting in approximately 4,800 job commitments and \$472 million in capital investment.

QUOTES

“Babynov USA’s decision to create over 100 new jobs in Red Boiling Springs is tremendous news for the Upper Cumberland. We remain committed to supporting job growth in rural Tennessee, and an investment like this from Babynov USA will spark economic activity in Macon County and the rest of the region.” – Gov. Bill Lee

“We are proud to welcome another international company to Tennessee as French-based Babynov USA has selected Macon County for its first U.S. facility. Tennessee has established resources and business-friendly initiatives that make our state accessible to any international market. Thank you to Charly Lyons and the team at Tennessee Central Economic Authority for their assistance in this project, and we look forward to a partnership with Babynov USA for years to come.” – TNECD Commissioner Bob Rolfe

“Babynov USA felt very welcome in Tennessee, and we believe we found a place where our business will thrive. The feedback on the engagement and reliability of the people of Tennessee motivated us to settle here. We now look forward to building our team and thank Tennessee government for its continuous support.” – Babynov USA CEO Bruno Romand-Monnier

“TVA and Tri-County Electric Membership Corporation congratulate Babynov USA on its decision to locate operations and bring new jobs to Red Boiling Springs. Helping to foster new job opportunities and investment in the region is at the core of TVA’s mission of service. We are proud to partner with Tennessee Department of Economic and Community Development, Tennessee Central and Macon County to help further that mission and welcome Babynov USA to the Valley.” – John Bradley, TVA Senior Vice President of Economic Development

“This is an exciting day as we welcome Babynov USA to Macon County. Tennessee continues to maintain our competitive edge by providing an outstanding workforce and positive business climate for innovative companies like Babynov USA. We appreciate the work done by Governor Lee, Commissioner Rolfe and his team, and our local officials to secure these new jobs. It is an honor to partner with them to bring new employment opportunities for our citizens.” – Sen. Mark Pody (R-Lebanon)

“I am very proud Babynov USA has chosen Red Boiling Springs as the site to expand its product in the United States. This investment means good jobs for Macon County and highlights the strength of Tennessee’s talented workforce and business climate. I thank our local officials and economic development leaders for bringing this investment to Macon County.” – Rep. Kelly Keisling (R-Byrdstown)

Early Voting Off To A Quick Start

SENTINEL Photo / Darlene Dean

Early Voting – Citizens of Jackson County have taken advantage of early voting. For the first three days there have been lines waiting to vote. After only three days of early voting 779 citizens have voted in Jackson County. Along with the 222 absentee votes, the total as of Friday afternoon was 1001.

Rank Exam Recently Held

SENTINEL Photo / Submitted

Korra Earns Yellow Tip - Team Hunter Karate student Korra Phillips, six year old, earned her yellow-tip in a recent rank exam. She is the daughter of Steven and Carol Phillips of Jackson County.

COVID Response Coordinator Added

The Upper Cumberland Development District (UCDD) continues to add to its skilled staff. Recently, UCDD hired Kim England to serve as a Response Coordinator to assist with COVID-19 recovery efforts; serving as a point of contact between city and county mayors, local governments, and UCDD’s Economic and Community Development (ECD) and Small Business Development Center (SBDC) teams.

“More specifically, my role is to work with each of our mayors individually and support their efforts as we strengthen the response, resiliency, and recovery efforts within these communities,” England explained.

“Coming from an administrative role with a local county government, I have seen first-hand how information swarms in from every direction,” England added. “Citizens look to their government officials for reliable information, guidance, and leadership.”

Kim England

The COVID-19 pandemic has changed how individuals conduct business and has deeply affected small businesses, schools, senior centers, nursing homes, long-term care facilities, and communities as a whole. Among these challenges is the continuous, evolving list of protocols, financial assistance opportunities, and a continuous need for support and information.

“I understand that pressure on public officials to act is enormous, and in a fast-moving crisis, it can be a challenge to gain clarity amid the chaos of the pandemic,” said England. “As COVID-19 Recovery Coordinator, I am eager to support officials across the Upper Cumberland in their efforts to develop strategies that will enhance recovery and economic resilience.

England will be providing COVID-19-related updates, updates on Executive Orders, and other related announcements to city and county mayors as they become available. She can be contacted by calling (931) 432-4111 or via email at kengland@ucdd.org.

What is Lead?

Lead is a naturally occurring heavy metal found in small amounts in the earth's crust. It is odorless, colorless, and can be found in all parts of the environment – in the air, the soil, the water, and even inside our homes.

While it has some beneficial uses, it can be toxic to humans and animals, causing health effects. There is no safe level of lead exposure. People of all ages can be affected by lead poisoning, but babies, young children, and pregnant women, are particularly vulnerable, as lead negatively impacts brain development. Children absorb more lead than adults do and their brains and nervous system are more sensitive to the damaging effects of lead. Some of the effects include behavior and learning problems, lower IQ, hyperactivity, slowed growth, hearing problems, and anemia.

The most common way lead gets into the body is from the deterioration of lead-based paint. Homes built before 1978, are more likely to have lead-based paint. When the paint peels and cracks, it makes lead dust. Homes built before 1986, are more likely to have lead pipes, fixtures and solder. Lead can enter into drinking water by leaching from corroded lead plumbing materials and

fixtures.

Simple steps you can take to lower your chances of exposure to lead are: Inspect and maintain all painted surfaces to prevent paint deterioration; Address water damage quickly and completely keep your home clean and dust-free; Clean around painted areas where friction can generate dust, such as doors, windows and drawers. Wipe these areas with a wet sponge to remove paint chips or dust. Use only cold water to prepare food and drinks. Flush water outlets used for drinking or food preparation. Clean debris out of outlet screens or faucet aerators on a regular basis. Wash children's hands, bottles, pacifiers and toys often. Teach children to wipe and remove their shoes and wash hands after playing outdoors. Ensure that your family members eat well-balanced meals. Children with healthy diets absorb less lead.

More lead resources can be found at: epa.gov/lead; cdc.gov/nceh/lead/default.htm

Henry Pruett and Posey Pruett; sisters, Jessie Louise Denning and Virginia Pharris; and nephews, Tommy Pruett and Bill Pruett.
Surviving relatives include: nephews, Bobby Pharris, Bruce Pruett and Wayne Pruett; nieces, Nancy Pruett,

of Colo.; brother, William Wesley Wilmoth of Cookeville; sisters, Bonnie Marie Lyell, Barbara Ann Robbins and Linda Joyce Cleghorn, all of Cookeville; and three grandchildren.
Anderson Upper Cumberland Funeral Home was in charge of arrangements.

Suzanne York, Sandra Cockerham and Cynthia Leahy; caregiver, Barbara Pryor; special friend, Claude Hamilton; and many great nephews and nieces.
Anderson Upper Cumberland Funeral Home was in charge of arrangements.

People Of The Past Revealed

Did you guess correctly about the People of the Past?
Read on to see if you were correct.

U.S. Army Corps of Engineers Training in Jackson County During WWII, 1943-44.
The troops nearest to Gainesboro camped in the Whites Bend area on the banks of the Cumberland River. These new inductees were being trained to build pontoon bridges across the Cumberland River. This training prepared them for building bridges crossing the Rhine River for the U.S. soldiers fighting the Germans in Europe.

The soldiers, who camped in Whites Bend, worked hard all week and then got passes to come to Gainesboro on Saturday and/or Sunday. The Saturday passes allowed them to attend dances on Saturday night in the Shamrock Hotel. These dances were held in the dining area of the hotel. This area today includes The Jackson County Sentinel, Dixie Cut Hair Shop and R.L. Meadows Insurance Agency. A band from Cookeville or Red Boiling Springs would usually accompany these dances.

The Sunday passes allowed the soldiers to come to Gainesboro and attend the local church services.

Most of these soldiers were citizens raised in New York State and had never eaten southern food, such as fried chicken, fried cured ham with red eye gravy and homemade biscuits.

These soldiers attending church services would be invited to go home with the ladies of the congregation for "Sunday Dinner." The ladies

would serve fried chicken, cured ham and hot biscuits accompanied by all the garden vegetables: potatoes, green beans, corn, squash, tomatoes, etc. The meal would end

with desserts like cakes of various kinds and/or pies, such as lemon, chess, and pecan or peach, apple or blackberry cobbler. The cobbler type of pies, they were unfamiliar with, but

they soon learned how good they were.
These soldiers really enjoyed their weekend passes to Gainesboro, especially the home cooked meals.

Election Depression Immunization

Sponsored By: Stone • Burrstown • Cubb Creek • Flynn's Creek • New Salem • McCoinsville • North Spring • Richmond Chapel • Zion • Bagdad • Hurricane • Union Hill Church of Christ

There is an expression which has emerged this election season that seems to be a new one (or maybe I just don't remember hearing it in previous years). Various news outlets are talking about people who are suffering with "election depression." There are numerous factors that are surely involved in this, including how insufferably long the campaign process is and how horrible vicious the personal attacks are, but let's avoid that political skirmish for right now. What can a Christian do to inoculate against "election depression?"

First remember that Jesus wins every time you vote for Him! There is no such thing as "wasting a vote" on Jesus! When you "elect" Jesus as your King (**John 18:37**), your Lord (**John 20:28**), your Ruler (**Matt. 2:6; Rev. 1:5**), His victory is your victory! "Thanks be to God, who gives us the victory through our Lord Jesus Christ" (**1 Cor. 15:57**). Romans 8:37 does not teach that Christians will be (one day in the future) "conquerors," but it affirms that right here and now (in the present tense), "We are more than conquerors through Him who loved us." If you're suffering from election depression, remember that "the Lord I know ruleth o'er everything, and all of my worry is vain!"

Second, remember that Jesus will never mislead you! While it is hard to know sometimes if a certain person (including a political candidate) is being truthful, there is one thing we know for sure when we vote for Jesus—He is "the truth" (**John 14:6**). He "cannot lie" (**Tit. 1:2**), for it is "impossible" for Him to violate His nature (**Heb. 6:18**). Pick up His word. Read it. Believe every syllable of it with full confidence! If you're suffering from election depression, remember that "He rules the world with truth and grace!"

Third, remember that Jesus will not abandon you after you elect Him! How many times have politicians abandoned their campaign promises and gone about to fulfill their own agenda? Not Jesus! He not only stands by His Word (John 12:48) but He stands by you (**2 Tim. 4:17**) The promise of heaven is that those who have Christ as their King can "know that all things work together for good" (**Rom. 8:28**). Any why wouldn't it? If Jesus is "with us always" (cf. **Matt. 28:20**) and will never leave our side (cf. **Heb. 13:5b**) wouldn't it naturally follow that He is going to protect us and look out for us...now and eternally? Faithful Christian, you can "know that you have eternal life" (**1 John 5:13**)! (See "know" again?) If you're suffering from election depression, remember that "He will never, never leave me, nor yet forsake me here!"

Jesus is asking for your vote! Don't be ashamed to vote for Him and to let others know He's always got your vote!
David Sproule

The Secrets To Cold Weather Entertaining

Upon the arrival of cold weather, people tend to move indoors and limit their time spent in the elements. For those who live in places where there are restrictions placed on indoor entertaining and gatherings, it may be challenging to find ways to spend time safely together as temperatures drop.

The COVID-19 virus as well as other respiratory viruses are spread from person to person through respiratory droplets released into the air while coughing, talking or sneezing, states the Mayo Clinic. A person is more likely to inhale these droplets from an infected person while indoors, especially when they're in close contact with that person. When outdoors, there is a lower

risk of contraction.

Outdoor entertaining in winter may be challenging, especially in regard to keeping everyone warm. The following are some solutions that can help people stay warm and have fun outside.

Invest In Fire Pits

Fire pits are an affordable way to heat a patio or another outdoor area. They can be great places for friends and family to gather around and enjoy special occasions. They're readily available from garden centers and home improvement retailers at a variety of price points. Permanent fire pits can be built by a homeowner or professionally built by masonry experts.

Install An Outdoor Fireplace

A step up from a fire pit, outdoor fireplaces

not only add warmth, but also improve the ambiance and value of an outdoor entertaining area. Set up outdoor furniture right next to an outdoor fireplace and you have a cozy alternative living room where everyone can gather.

Explore Outdoor Heating Systems

Few things are more effective at warming up outdoor entertaining areas than patio heaters and infrared heaters. These devices are far more effective than average fire pits or fireplaces. One or two heaters will be enough to keep a large entertaining area warm.

Keep Cozy Options Available

Guests should dress warmly, but having a basket of throw blankets, scarves and parkas avail-

able for extra warmth while mingling is helpful. Use outdoor rugs to insulate from the cold from the ground up.

Serve Hearty Foods And Beverages

Stews, chilis, soups, and other hot foods can help guests warm them-

selves up from the inside out. Warmed cider, hot chocolate and mulled wines also can be served to help people stay warm.

Get Moving

Incorporate activities that encourage guests to move around and stay

warm. Beanbag tosses, dancing and even sports like flag football can keep guests' blood flowing.

Entertaining outdoors doesn't have to stop when the weather cools. Find ways to stay comfortable and safe when entertaining outside in the cold.

Cold Weather Entertaining – Entertaining outdoors doesn't have to stop when the weather cools. Find ways to stay comfortable and safe when entertaining outside in the cold.

Facts About The BIBLE

BY JOHN LEHTI

MONEY IN A FISH'S MOUTH!

ARAMAIC, THE LANGUAGE WHICH JESUS SPOKE, IS STILL USED IN PARTS OF SYRIA TODAY IN ITS ORIGINAL FORM WITH THE SAME IDIOMATIC PHRASES AND SLANG. ONE OLD EXPRESSION IS "YOU CAN FIND A SHEKEL IN THE MOUTH OF A FISH". MEANING: IF YOU CATCH A GOOD FISH YOU CAN ALWAYS SELL IT EASILY AT THE MARKET. IF A MAN SAID "THERE'S TWENTY SHEKELS IN THE HORN OF MY GOAT." NO ONE WOULD CUT OFF THE HORN LOOKING FOR THE TWENTY SHEKELS—EVERYONE KNEW HE MEANT THE GOAT'S WORTH WAS TWENTY SHEKELS. TODAY, IF A MAN SAYS, "I'VE GOT SIX HUNDRED DOLLARS TIED UP IN MY CAR," WE WOULDN'T SEARCH HIS CAR LOOKING FOR A TIED UP BUNDLE OF MONEY—WITHOUT ANY OTHER EXPLANATION, WE KNOW IT MEANS HE'S SPENT THAT MUCH MONEY ON HIS CAR FOR REPAIRS OR SOMETHING OF THE SORT....

WHEN JESUS WAS IN CAPERNAUM AND THE ROMAN TAX-COLLECTOR ASKED FOR THE HEAD TAX EVERYONE PAID TO ROME (TWO SILVER COINS, WORTH A SHEKEL), JESUS TOLD PETER, WHO WAS A FISHERMAN, TO GO CATCH A FISH WHICH WOULD HAVE A PIECE OF MONEY IN ITS MOUTH (MATT. 17:27). MANY AUTHORITIES ARE AGREED HE WAS USING THE SLANG OF THE DAY—IN OTHER WORDS, TO CATCH A FISH GOOD ENOUGH TO SELL ON THE MARKET FOR A SHEKEL AND THUS PAY THEIR TAX. DURING THE 1ST CENTURY A.D., WHEN THE GREEKS WERE TRANSLATING THE GOSPELS INTO THEIR OWN LANGUAGE, THEY HAD NO UNDERSTANDING OF THE TRUE MEANING OF THESE ARAMAIC EXPRESSIONS AND SO THE STORY CAME OUT AS THOUGH PETER ACTUALLY CAUGHT A FISH SWIMMING AROUND WITH A PIECE OF MONEY IN ITS MOUTH—WHICH DOESN'T MEAN JESUS COULDN'T WORK A MIRACLE IN THIS CASE, FOR HE RAISED THE DEAD AND HEALED MANY WHO WERE "BLIND, LAME, AND HALT"—BUT IT IS INTERESTING TO NOTE HE NEVER PERFORMED MIRACLES FOR HIS OWN COMFORT AND BENEFIT!

North Springs Music Festival Held Recently

North Springs Music Festival Headliner – One of two headliner at the recent festival is Rye Davis pictured with Dustin Kennedy who promoted the festival.

Branden Martin – Branden was the second headliner at the recent North Springs Music Festival that was held on Oct. 10.

Automation Is A New UTIA Effort Project Team

Over the next year, the University of Tennessee Institute of Agriculture will lead a team of scientists from six partnering institutions to help nursery growers transition to labor-saving automation and related technologies.

Amy Fulcher and Natalie Bumgarner, associate professors in the UT Department of Plant Sciences, are part of a transdisciplinary team that includes economists, engineers, behavioral scientists and commercial and consumer horticulture faculty. The LEAP (Labor, Efficiency, Automation and Production) Team will work with nursery owners across the U.S. to better understand their labor issues, identify the greatest labor constraints and opportunities within nursery systems and determine the role automation and related technologies will play in addressing the labor shortage.

For the past ten years, Fulcher and other LEAP Team members have been involved in the development of intelligent pesticide sprayers for the nursery industry that utilizes sensors and variable-rate nozzles to adjust the application to each plant’s physical characteristics. Those efforts led to a commercialized sprayer and are estimated to save growers more than \$200 per acre in pesticide costs. The new effort, which includes members of this successful project, received a \$50,000 planning grant from the USDA National Institute of Food and Agriculture’s Specialty Crops Research Initiative and is expected to conduct listening sessions and a survey to identify and prioritize yet-to-be developed automated technologies in nursery production systems.

Margarita Velandia, professor, and Alicia Rihn, assistant professor, both from the UT Department of Agricultural and Resource Economics, recently joined the LEAP Team and will provide critical production and consumer economics expertise.

“Nearly 80% of nursery producers identify labor shortages as a threat to the future of their industry,” states Fulcher. “Automation offers a largely untapped opportunity to permanently address labor scarcity. Our team will identify important motivators and barriers to adopting automated practices in order to determine the best methods to construct and convey outreach information. Ultimately, we hope to help facilitate the transition to automated technology for the nursery industry as a whole,” continues the extension specialist and researcher.

Currently, only 17.5% of the most common nursery tasks are automated. Nationwide, nursery production contributes more than \$4.2 billion to the economy and there are more than 800 nurseries in Tennessee alone. Automated technology has the potential to help growers increase profits and product uniformity, decrease costs and avoid the pitfalls of labor shortages as well.

Texas A&M University, and Oregon State University.

Through its land-grant mission of research, teaching and extension, the University of Tennessee Institute of Agriculture touches lives and provides Real. Life. Solutions. utia.tennessee.edu.

New Effort – Technology that automates nursery tasks, like the equipment seen here, can help alleviate labor issues across the industry. A new planning grant awarded by USDA will support nationwide efforts to identify other ways automation can help nurseries and growers.

Blue Devils Drop Another

MATTHEW STAFFORD
staff writer

On a cold fall night with a playoff spot on the line, the Jackson County Blue Devils suffered another loss at the hands of the Watertown Purple Tigers.

The (5-3) Blue Devils traveled to the (6-1) Purple Tigers.

The Purple Tigers won the coin toss and received the ball first.

The Purple Tigers started with the ball at their own 37-yard line, and the first play was a big run for a touchdown. The PAT was no good, making the score 6-0 Purple Tigers. The Blue Devils drive would start at their own 14-yard line. The Purple Tigers defense would stand strong and prevent the Blue Devils from getting a first down. The Purple Tigers would receive the ball at the Blue Devils' 35-yard line. A couple of runs and passes would advance the ball down to the Blue Devils 5-yard line. That's where the Blue Devils' defense would stand strong and force the Purple Tigers offense into a fourth and five. The Purple Tigers would attempt a 24-yard field goal. The attempt was good, making the score 9-0 Purple Tigers. The Blue Devils would start with the ball at their own 18-yard line. An Eli Burris pass would advance the ball to the Blue Devils 31-yard line, but that's as far as they would go as penalties and miscues would force the Blue Devils into a fourth and 18, and they would punt. The Purple Tigers would start at their own 41-yard line. A couple of runs would advance the ball to the Blue Devils 8-yard line, from there the Purple Tigers would run it in for a touchdown.

The two-point conversion was good, making the score 17-0 Purple Tigers. The Blue Devils drive would start at their own 28-yard line, once again they were unable to even get a first down thanks to the Purple Tigers defense.

The first quarter would end with the score 17-0 Purple Tigers.

The second quarter would start with the Purple Tigers having the ball at the Blue Devil 49-yard line. A couple plays later and a run would result in a touchdown. The PAT was no good, making the score 23-0 Purple Tigers. The Blue Devils drive would start at their own 19-yard line. The Purple Tigers defense would once again stand strong and keep the Blue Devils from even one first down. The Purple Tigers' drive would start at their own 43-yard line. A combination of good defense and penalties would force the Purple Tigers into a

fourth and 25 and a punt. The Blue Devils would start at their own 29-yard line. A completed pass to Austin Birdwell would be fumbled and recovered by the Purple Tigers. The Purple Tigers would take over at the Blue Devils 28-yard line. A couple of plays later and a pass would result in a touchdown. The two-point conversion was good, making the score 31-0 Purple Tigers. The Blue Devils would start with the ball at their own 30-yard line. An Eli Burris pass to Justin Davis would move the ball to the Purple Tigers' 48-yard line. A couple of plays later on third and seven, a pass to Justin Davis would result in a first down at the Purple Tigers 27-yard line. A couple of plays later on a fourth and five, a pass to Drew Clinaird would come up just short and result in a turnover on downs. The Purple Tigers' drive would start at

their own 23-yard line. A couple of passes would result in a touchdown. The PAT was good, making the score 38-0 Purple Tigers. The Blue Devils' drive would start at their own 33-yard line before the first half expired. The score at halftime was 38-0 Purple Tigers.

The second half would see a running clock thanks to the mercy rule. The Purple Tigers would cruise to a victory. The Blue Devils would not see the end zone all night. The final score was 38-0 Purple Tigers.

Oct. 23 will be the Blue Devils bye week.

The (5-4) Jackson County Blue Devils will host the (7-2) Trousdale County Yellow Jackets, in the final game of the 2020 season. The game will be the Blue Devils homecoming celebration and the homecoming festivities will be held prior to the game. The game will begin at 7 p.m. on Oct. 30.

A Brief History Of Fort Blount

Probably the most important historic site in Jackson County is the location of old Fort Blount and the town of Williamsburg, first county seat of Jackson County.

In 1787, while Tennessee was part of the state of North Carolina, the governor of North Carolina caused a road to be cut through the wilderness from the present site of Knoxville to the present site of Nashville. It was known as the Av-

ery Road or Trail. It came into the present border of Jackson County, near Double Springs, coming toward Gainesboro, diverted there to go down Flynn's Creek and following the present road from Flynn's Lick to cross the Cumberland River at Fort Blount.

Groups of settlers used this trail and were constantly attacked by Indians.

About 1792, Governor Blount ordered a

frontier fort to be constructed and manned by soldiers to protect the increasing number of settlers. Lt. Sampson Williams was put in charge of the fort. The fort was named in honor of Governor Blount.

Many well known people traveled this way. Journals show that John Sevier, first governor of Tennessee, came to this way with a group. The Duke of Orleans, who later became King of

France, traveled this way and crossed the river at Fort Blount.

After 1796 Fort Blount was no longer maintained as a military fort, but it was still used by settlers going to Nashville.

It is a reflection on the patriotism of the people of Jackson County that this and the site of Williamsburg, the first county seat of Jackson County, are marked and recognized.

Fort Blount – Pictured is a replica of Fort Blount, handmade by Eugene Wood and donated to the Jackson County Historical Museum.

York Mill Dedicated As State Historical Site

The dedication of the grist mill, once operated by America's greatest hero of World War I, Sgt. Alvin C. York, was made Friday afternoon, Oct. 11, at Pall Mall.

The ceremonies, designating the mill as a State historical site, coincided with the 50th anniversary of the Battle of the Argonne and the heroic feats of Sgt. York, which led to his becoming the most decorated American soldier in the war.

80 Attend Gun Club Turkey Shoot

A Turkey Shoot, sponsored by the Jackson County Trap and Gun Club, was held Sunday, Oct. 13 on the county land near the Frank Clement Bridge.

Approximately 80 people came out for the Shoot with almost half that number taking part in the competition.

Live turkeys and pheasants obtained from Kenneth Kirby were given as prizes. The pheasants were awarded in pairs and the turkeys as singles.

Leisure

HOROSCOPES

ARIES
Mar 21/Apr 20
Carve out some time to tune into your inner muse, Aries. It's time to have a little fun and put work and household responsibilities to the side.

TAURUS
Apr 21/May 21
Taurus, don't blow off your obligations, but find a way to make work more fun. That may happen by teaming up with a coworker who shares your perspective.

GEMINI
May 22/Jun 21
Gemini, if things get a little confusing over the next couple of days, don't feel the need to try to figure everything out. Take the time you need to complete the tasks at hand.

CANCER
Jun 22/Jul 22
Cancer, while you may not be able to engage in all of your wildest dreams this week, you can give yourself permission to take a day off and get started.

LEO

Jul 23/Aug 23
Are your intuitive senses ringing off the hook, Leo? Trust your gut when someone asks you to help them with a situation. It may not be all that it seems right now.

VIRGO
Aug 24/Sept 22
Give your analytical brain a rest for the time being, Virgo. Lead with feelings and intuition instead. It may not feel comfortable just yet, but a new perspective may help.

LIBRA
Sept 23/Oct 23
Libra, if you have been trying to be more healthy or get in shape, focus on what you're gaining rather than giving up. This can make you more successful in your endeavors.

SCORPIO
Oct 24/Nov 22
Romantic vibes are very strong in your life right now, Scorpio. This is great if you're connected or seeking a relationship. But resist if you're currently unavailable.

SAGITTARIUS
Nov 23/Dec 21
Sagittarius, your domestic life may start to tug at your heartstrings. If you're balancing work and family, you may regret not spending more time with the kids.

CAPRICORN
Dec 22/Jan 20
Capricorn, if you have been quiet in regard to a relationship with someone, it's time to let your true feelings be heard. It may be uncomfortable for a bit, but it's necessary.

AQUARIUS
Jan 21/Feb 18
Aquarius, money may is a hot topic in your house lately, particularly how more is going out than coming in. Corral your spending for awhile as you get things under control.

PISCES
Feb 19/Mar 20
Pisces, you're never one for following the pack, so don't start now. Embrace your unique sense of self and continue to march to your own beat.

Even Exchange by Donna Pettman

Each numbered row contains two clues and two 6-letter answers. The two answers differ from each other by only one letter, which has already been inserted. For example, if you exchange the A from MASTER for an I, you get MISTER. Do not change the order of the letters.
