The Other Side of the Lens...

Michael Vigeant

Well here it is, the big football spectacular insert! The powers that be wanted me to write a little about how I felt our year was going to be with so few Seniors or with such a small team. So here is my photographer prediction... will win a few and we will lose a few, some games will be close and some games will be not so close.

It has been going on four years since my son Chad graduated and left the football field and two years since my daughter left the Marching field but one thing has remained the same, Mr. Mike with his camera.

I do what I do on the sidelines because I love showing our student athletes at their best, no one asks me to take the pictures I do it because I am a true Blue Devil fan. It does not matter that we only have one Senior this year on the team, it doesn't matter that the Cheerleaders don't have any Seniors. What matters most is our young people.

I would love to say that we will take home the State Championship but to be honest with you I could care less. I just want to go out and see our students having fun, win or lose. Will this be a hard year for our football team? I think it will be a whole lot harder on our young team and cheerleaders without you in the stands supporting them and cheering them on.
