The Other Side Of The Lenz: Special Edition

MICHAEL VIGEANT

special to the *Sentinel*

A new season of Blue Devil Football is about to hit the field and I am READY for some HARD-HITTING ACTION! I already know what you are going to say, "Mike, don't you remember last year?" To all the neigh sayers all I can say is this, "Last year is in the past, and this is a new year!"

I went to talk to Coach Loftis to get a good feel for this year's team. I have not been to any practices or scrimmages due to a heavy Summer schedule (yes, we teachers work over the summer.) My first question to Coach Loftis was about player retention. I was very concerned that with zero wins some of our boys would jump ship for what ever reason. "No, the only two we lost were our only two Seniors. Everyone came back and we even added to the roster." Loftis said. Those words were very exciting. It tells me that our boys believe in our program and want to build a winning team.

I then went on to address our biggest weakness last year, leadership in the form of many Senior players. We only had two and one was injured most of the season. It was great watching the lower classmen step up, but with the lack of experience that our Senior players bring to the field in many games we were just outsized. Coach Sean was

happy to inform me that our team had about 10 Senior players this year ready to take the field rotation. Leading the team in the QB spot at the time of me talking to Loftis will be Junior, Eli Burris.

This news excited me most of all! Last year we had several young men handle the ball, but when Burris was behind the Center he made things happen. It will be interesting to see if that energy follows Eli into the new season. So, what do I predict for this year? With a line full of Seniors and Juniors, I believe we will have a winning year. I think our boys want it, and now I think they know how to get it. I hope to see you at the games this year, I will be there on the sidelines looking at the action through the lenz.

GO TEAM!
