Ribbon-cutting held for newly renovated county courthouse

By Marty Bachman
Daily Express

A ribbon-cutting ceremony was held for the newly renovated county courthouse in downtown Kirksville on Saturday, July 15. Presiding Commissioner Mark Shahan welcomed the audience to the venue followed by a presentation on the history of the building by Blytha Ellis, president of the Adair County Historical Society.

Visitors to the courthouse were allowed to tour the building with some of the offices open and providing information about the building to them. After the ribbon cutting, cakes decorated with a picture of the courthouse in the center were served to guests.

Features of the courthouse renovation include new slate composite roof tiles that replaced five layers of asphalt shingles; historically accurate windows, doors and mortar that replaced the old models; modern plumbing, fixtures and floors installed as well as woodwork and lighting restored throughout the building. Commissioners also had the 124-year-old flooring restored.

According to a flier promoting the day's events, the Adair County Courthouse is a historic structure that was experiencing interior and exterior damage/deterioration issues that included plaster cracking, floor damage,

cracked stones, missing mortar, discolored stones, inadequate patching and bat infestation, issues that needed immediate attention when county voters approved a 1/4-cent sales tax to fund the upgrades in 2021.

Building repairs included tuck pointing, cleaning, sealing and caulking around the windows; a new HVAC system that replaced window AC units that were inadequate and damaging the building with leaking condensation; a new

roof, new premium ice and water shield, gutter apron, ridge caps and flashing. Damaged boards were also replaced and extensive plumbing upgrades were made to include sensor faucets and high efficiency toilets. Plaster

and ceiling repairs were made throughout the courthouse and modern resilient flooring was included with the extensive repair of the the historic floors.

The courthouse is located at 100 W. Washington Street in Kirksville.

NEMO Drug-Free Communities Taskforce takes steps to raise awareness about underage drinking

By Adair County Health Department

The NEMO Drug-Free Communities Taskforce is working to raise awareness about the dangers of underage alcohol consumption and what people can do to help reduce it. The Taskforce is taking advantage of the number of teens and adults who attend the NEMO Fair in Kirksville to spread the word about how to "Summer Responsibly."

"We hope to raise awareness about underage drinking in our community by reminding teens in this area that we care about them and want the best future possible for them," said April Dobrinske, NEMO Drug-Free Communities program director.

The Taskforce works to reduce youth alcohol, marijuana, and prescription drug use in Adair and sur-

rounding counties. This week, members of the Taskforce will be getting the word out using banners and signs placed throughout the NEMO Fairgrounds, including at the gates, show barns and campground.

Dobrinske cites compelling data gathered by the Missouri Student Survey, collected during even-numbered years by the Missouri Department of Elementary and Secondary Education (DESE) and the Missouri Department of Mental Health. The data point to high incidence rates of underage drinking in Adair, Schuyler, Knox, Sullivan, and Macon counties.

According to the survey, 50.8 percent of students say it is "easy" or "sort of easy" to obtain alcohol. Moreover, 57.6 percent say they have obtained alcohol from a friend or family member. Research shows the earlier

kids try alcohol or another substance, the more likely they are to become addicted. The goal of "Summer Responsibly" is to encourage community members and parents to do their part by not providing alcohol or other substances to minors.

Dobrinske said Taskforce efforts will continue into the fall with an "alcohol sticker shock campaign" when students return to area schools.

These projects are funded by the Missouri Department of Mental Health and Preferred Family Healthcare. Community members interested in learning more about underage substance use and abuse, and those who want to take an active role in the Taskforce's efforts can contact Dobrinske at the Adair County Health Department by calling 660-665-8491 or via email at april.dobrinske@health.mo.gov.

New online Master Gardener
training begins Aug. 14

A new session of online Master Gardener training begins Aug. 14. MU Extension horticulture specialists teach the 14 online sessions. Classes are delivered through the Canvas learning management system as a series of scripted and narrated video presentations. Students work at their own pace. A composite score of 70 percent on chapter quizzes is needed to pass the course. Topics include basic botany, soils and plant nutrition, vegetable gardening, fruit production, landscape design, woody ornamental plants, herbaceous ornamental plants, turf management, insect and disease management and pesticide safety. Core training is the first step toward certification as an MU Extension Master Gardener. Trainees must also complete at least 30 hours of volunteer service. Local Master Gardener coordinators can help online trainees find volunteer opportunities to meet the service hour requirements. The deadline to register for the fall session is Aug. 13. A Rotary Paul Harris Fellow is intended to continue Rotary International's founder, Paul Harris's legacy. The Paul Harris Fellow program recognizes individuals who contribute, or who have contributions made in their name, of \$1,000 to The Rotary Foundation of Rotary International. A Paul Harris recipient goes above and beyond in serving their community through promoting change and understanding. Paul Harris Fellow recognition is an award for exemplary work in community service or helping those in need. Other Kirksville Rotarians in attendance for the presentation were Ron and Elsie Gaber. SUDOKU

Here's How It Works: Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Work quietly behind the scenes. Don't publicize your work until you are satisfied with it. Expect others to criticize and judge you if you launch your plans prematurely. A steady pace will pay off by adding stability and security to your life. Make home improvements that encourage better living conditions, and expand your qualifications to meet your goal.

CANCER (June 21-July 22) -- Travel and educational pursuits will pay off. Communication based on truth, respect and helping others will open doors to new opportunities. Look for unique investments.

LEO (July 23-Aug. 22) -- Don't expect too much from others. Gauge your time carefully to ensure you can finish what you start. Interference or last-minute changes will force you to think fast. Be ready for anything.

VIRGO (Aug. 23-Sept. 22) -- Put your energy and enthusiasm where they count. What you experience and learn will help get you moving in a positive direction. Set goals and march forward.

LIBRA (Sept. 23-Oct. 23) -- Rethink your plans. Reach out to see who's available to help before you begin. Having a foolproof plan will put your mind at ease and encourage others to join your team. Romance is favored.

SCORPIO (Oct. 24-Nov. 22) -- Observe before you act. Use intuitive guidance to help map out your best option. Dedicate time and effort to ensuring your success. Choose a positive course of action over revenge.

SAGITTARIUS (Nov. 23-Dec. 21) -- Be resourceful and verify information instead of relying on hearsay from someone who tends to embellish data. Put together a self-improvement plan. Romance is in the stars.

CAPRICORN (Dec. 22-Jan. 19) -- Leave behind what isn't working for you. Lower your overhead and tidy up loose ends to ease stress. Altering how you handle money or deal with shared expenses will get you back on track.

AQUARIUS (Jan. 20-Feb. 19) -- The wrong people, places and projects will attract you. Don't let spontaneity take the reins. Change your investment plan and rethink how you manage and make your money.

PISCES (Feb. 20-March 20) -- Attend an event involving innovative investment strategies and money management, and you'll find out how to grow your income. Getting a glimpse of the possibilities will encourage you to embrace change.

ARIES (March 21-April 19) -- Mix work and play, and you'll shine. Your entertaining personality will attract help and increase your profile. Speak from the heart; someone you want to know better will listen.

TAURUS (April 20-May 20) -- Simplify your life instead of taking on too much. It's better to do one thing meticulously than to spread yourself too thin. Don't let sensitive issues force you in an unwise direction.

GEMINI (May 21-June 20) -- Don't let anger get in the way when action is required. Focus on what's important, and don't let what others say or do interfere with your progress. Use your imagination.

Mozeliak says change is coming for Cardinals

By THE ASSOCIATED PRESS

ST. LOUIS — Change is coming to the St. Louis Cardinals, according to President of Baseball Operations John Mozeliak, a sign the underperforming team may deal veterans for prospects ahead of the Aug. 1 trade deadline.

St. Louis started Monday last in the NL Central at 40-53, on track for its first losing record since 2007.

"Usually when you're having a year like this, it's more than one thing that went wrong," Mozeliak said. "I feel like where this club's at right now, we just know it's not working intact. We do know we have to make some changes."

"If we can find talent that we think can help emerge in 2024, that'd be great," Mozeliak added. "2025? I wouldn't rule that out either. But 2026 seems a long way away."

"I don't think this is going to happen overnight," Mozeliak added. "Change is good if it helps you. We're not so stubborn or arrogant to say we're going to keep doing our system and hoping for a better outcome. We understand there's been a shift and we're going to try to adjust to it. We're going to take a hard look at ourselves."

Among starting pitchers, Miles Mikolas is under contract for 2024. Jack Flaherty and Jordan Montgomery are eligible to become free agents and Adam Wainwright plans to retire after this season, "Pitching, pitching and pitching" is the theme of the deadline and during free agency for the Cardinals, Mozeliak said.

"We do like the collection of hitters we have," Mozeliak said.

Paul Goldschmidt and Nolan Arenado, who have no-trade provisions, are likely to stay.

"I don't have any intentions of trading anybody like them," Mozeliak said.

St. Louis wants to obtain pitchers that cause "swing and miss."

"I think the process we have in place can be tweaked," Mozeliak said. "I don't think we need to re-do it. You are who you are. We've been really good defensively and we understood how to shift. Having pitchers put the ball on the ground was something we benefited from."

St. Louis signed 35-year-old right-hander Ryan Tepera. The 11-year veteran has a 19-20 record and a 3.59 ERA in 371 major league games, all but one in relief.

Tepera was 2-2 with a 7.27 ERA in 10 relief appearances this season for the Los Angeles Angels, then was released in May. He made nine minor league appearances for Texas, then was released Friday.
