**-CROSSWORD- PUZZLE**  
-SEPTEMBER- WEEK 1

**-PUZZLE- SODOKU**  
-SEPTEMBER- WEEK 1

**Here's How It Works:**  
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

7			5	1				
		5		7				6
	8	2	3					5
9	3	7				6	4	
	4				9			
				6				5
			3					2
6			2	1		9	7	

**Fun By The Numbers**  
Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

## CRYPTO FUN

Though it seems early, its time to start thinking and planning your holiday promotions!

Fall and Winter are chock-full of events and celebrations that you can design your marketing campaign around. I recommend that you grab your calendar and highlight the holidays or events your business would like to recognize. Does your business attract the sports crowd? Or maybe piggyback on to local food or craft festivals. And of course, don't forget the commercial holidays like Halloween, Thanksgiving, and Hannukah, Kwanza and Christmas. If you are looking at some alternative days to celebrate, you might want to check out the National Day Calendar ([www.nationaldaycalendar.com](http://www.nationaldaycalendar.com)) for some ideas that might resonate with your business.

Once you identify the holidays or events you want to recognize, brainstorm what you'd like to do. Is it a sale or discount? Or perhaps it's a contest or activity? If you are not particularly creative, there are lots of ideas on Pinterest or by doing an internet search for marketing ideas.

Once you have an idea about what kind of promotion you would like to have, build a timeline with tasks to accomplish prior to launch. How long with each of these tasks take? What do they entail? Work backward from the event/promotion date to build in preparation time. You may also need to purchase materials or advertising for the campaign, so set a realistic budget for the project.

Don't forget to advertise! Engage with your customers by posting on social media before, during, and after the event.

And keep good notes about what worked and what didn't. Did you need more prep time? Were you able to spend less than your budget amount on materials and advertising? Track your customer engagement and foot traffic to provide a baseline that you can measure success for future projects.

If you'd like to talk about marketing ideas and promotions, reach out to us at 660-665-3348.
