-CROSSWORD-PUZZLE-
-JULY-WEEK 2

-PUZZLE-SODOKU-
-JULY-WEEK 2

Here's How It Works:

Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

		3	2					5
								4
3	4	1						6
2				3	8			6
			1	8				
	1			9				
		6				9	2	
	8		2					
		9			7			8

Level: Intermediate

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

CRYPTO FUN

Determine the code to reveal the answer!

Solve the code to discover words related to the grilling. Each number corresponds to a letter. (Hint: 1 = R)

MACON COUNTY REAL ESTATE

AUCTION

THURS, AUGUST 10TH AT 6PM
HELD AT THE COMFORT INN - MACON, MO

The Baker family farm represents a very well maintained centennial farm, that offers a little something for everyone. The farm will be divided into four tracts that will offer three smaller acreage tracts, perfect for building sites and pasture. One larger tract has been in CRP for the last ten years and has the potential to become a highly productive tillable farm or used for outstanding pasture or hay field. This larger tract also boasts a very nice morton building! Two of the other tracts offer outbuildings, one with a cattle shed and corral.

This entire farm has access from Highway K and is just minutes from two separate four-lane highways, 36 and 63. These tracts offer a lot of value to the farmer, rancher, and hobby farmer with their gently rolling terrain and good fences. The farm will also appeal to anyone looking for a smaller acreage to build! All of these tracts will make beautiful building sites and are on a quiet blacktop highway, the perfect distance from town.
