Real Estate

Tract 1
This fixer upper has tons of potential and is a flippers dream! Built in 1970 with roughly 1,520 sq ft, 3 bedrooms, 2 full baths, living room, dining room & den. The house has a 2-car attached garage, full dry basement, fireplace, newer roof and some materials left for repairs. This property is positioned on a large overgrown lot with a small pond in back yard. (Note: This house has been vacant for many years and will need many repairs. Before the new roof was installed the old roof leaked and cause some significant damage by the back door, the ceiling will mostly need replaced and lastly there is a hole in the back wall of the house where a burglar broke in years before, it is currently covered by plywood)

Tract 2
This smaller tract that borders on the South side of Tract 1 has a 48'x45' shop which was formally a Flea Market & Antique shop. This building offers lots of storage or would make a great repair shop.
