Some jobs just call for **six cylinders.**

New Holland is the only manufacturer to offer six-cylinder performance in an all-purpose tractor, like the new T6.160 Electro-Command™. That means more torque for pulling bigger loads, and increased engine braking for downhill safety thanks to larger displacement. Plus, its 750-hour engine/1,500-hour transmission oil-change intervals maximize your uptime. The T6.160—with 115 PTO hp—features the Electro-Command semi-powershift transmission with an innovative memory shuttle, so it's ideal for material handling and light field work. Equip it with a front-end loader or attach a rotary cutter or baler and do even more.

Get more all-purpose performance in the new six-cylinder T6.160 tractor. Stop in today or visit [newholland.com](http://newholland.com).

# Valentine's day

## Plan a Special Valentine's Day

Couples have been commemorating their love for one another in February for quite some time. Couples may go about such celebrating in their own unique ways, but it's not uncommon to focus on a night out on the town.

Valentine's Day is a busy holiday for many businesses, but especially so at restaurants and other romantic venues. So it's best to plan ahead to ensure a perfect evening. These tips can help you organize a Valentine's experience to remember.

### Tip #1: Reserve early

The closer to Valentine's Day, the more likely popular restaurants will be all booked up. If the goal is to dine at a particularly trendy spot — or anywhere but the most obscure establishment — be sure to make a reservation well in advance. Start planning the Valentine's Day dinner in December so you won't have to look far and wide to book a reservation. If a restaurant does not take reservations that far out, ask when they will start collecting names for Valentine's Day

and book the moment you can.

### Tip #2: Secure transportation

One way to make the night more romantic is to snuggle in the back seat of a vehicle and have someone else do the driving. This also is a safer option if you plan to pop a bottle of bubbly or sip some wine while celebrating. Hiring a limousine, luxury car, horse-drawn carriage, or something similar also will require advanced reservations. However, going the extra mile can make the night memorable.

### Tip #3: Emulate a scene from a favorite film

The person you love may adore a romantic movie, whether it's a classic or more recent tear-jerker. When planning a romantic evening out, consider reenacting a movie scene with you and your special someone in the starring roles. For example, recall when Tom Hanks met Meg Ryan at the top of the Empire State Building in "Sleepless in Seattle." Include a visit to the observation

deck or roof as part of a whirlwind Valentine's Day experience.

### Tip #4: Attend a live music performance

Music can touch the heart and soul. That makes an evening watching a band play or enjoying a musical on the stage even more memorable if it occurs on Valentine's Day. Select an intimate venue to add to the romantic ambiance of the night.

### Tip #5: Think outside tradition

While dinner and a movie are Valentine's Day favorites, any activity done together can be memorable and romantic. Why not book a couple's cooking class? Or enjoy a winter sport like skiing or ice skating? Or warm up after window shopping on Main Street by sipping hot cocoa and snuggling on the sofa under a blanket at a nearby B&B? Romantic nights out on Valentine's Day can be made even more special with some forethought and planning

# Bondy Land Auction

## Online-Only | Feb. 17th - 22nd

187 Acres +/- Selling in 3 Tracts - South of Triplett

**Tract #1**

**Tract #1- 54 Acres m/l, nearly 100% tillable bench bottom farm.** This property boasts some of the highest rated soils in the County and is located outside of the flood plain. Made up of a combination of Shannondale, Triplett, Colo, & Tina silt loams, this property has very few limitations and has been well maintained. Access is from Hwy M on the North, and Triplett Ave on the East, allowing for good access and easy management.

**Tract #2**

**Tract #2- 74.31 Surveyed Acres** with approximately 68.5 open acres, or 93% tillable. A high producing bottom farm made up of a combination of Carlow and Tice silty clay loam soils. A very productive and easily managed property with good access from Grand River Rd along the West side. This tract could have significant potential for waterfowl development.

**Tract #3**

**Tract #3- 59.09 Surveyed Acres** with approximately 55.28 open acres, or 93% tillable. Bordering Tract #2 to the South, this is an equally high producing tract with Carlow and Tice silty clay loam soils. Bordered by Grand River Rd along the West and a private lane along the South.
