Kirksville Real Estate and Barber Shop Auction

Monday, August 2, 2021 at 5:00 p.m.

Donaldson

110 East Jefferson Street, Kirksville, MO 63501

Directions: 110 East Jefferson Street, Kirksville, Missouri. From Business Route 63 in Kirksville, turn West on East Franklin Street for approximately 0.6 miles. The auction will be located on your left. Look for signs the day of the sale.

Real Estate: This well established Kirksville business is located in a high visibility area and is available for you to purchase and make your own. The store front is located in the

busy downtown area and offers retail space, 3 separate sleeping areas and 2 bathrooms. There is also dedicated, covered parking in the rear of the building. It sits on a 54' x 108' lot. You can make this building whatever you wish for it to be. The real estate will sell promptly at six o'clock. If you would like to schedule your personal showing, please call Scotty at 573-356-4405.

*See Terms and Conditions for Purchase of Real Estate below.

DOWN PAYMENT: 10% of the contract purchase price will be due upon acceptance of the Sales Contract. Personal or Cashier's Checks will be accepted. This is "AS IS, WHERE IS" and is non-refundable.

CLOSING: Closing shall be within 30 days of the auction date.

Contents: Antique National cash register; antique barber chair, longhorn; homemade barber chair; ABS Cold dorm refrigerator; twin size bed; other miscellaneous items

There will be more items at this auction too numerous to mention.

HAY STORAGE SOLUTIONS AND MUCH MORE!

"Today, I checked with Joseph to see when he was planning to deliver and construct my second hoop building. Two years ago I purchased a 55'x98' hoop building from Skylight buildings. It was erected on my site on time and the building went up in two days.

I was concerned about the durability of a vinyl building compared to a metal sided structure. That was until I noticed that a rock from my Brush Hog 2715 had impelled itself into the metal building. The Skylight building would not have been damaged. Also, the name says a lot. I thought that I would wire in lights like my other buildings but to date I have not found the need.

The reason I thought I needed to build a large building was to store my hay inside. I knew I was losing hay quality due to weather damage but baling with 568 John Deere and net wrapping my hay I thought I was keeping my hay loss at a minimum. I found the first year that I had underestimated my losses. I was very pleased with the results of storing hay inside. It is most gratifying to put a bale into the hay ring and seeing that the previous bale was almost completely consumed by the cows or the feeder calves. I had a record amount of carry over from last year and it is safely stored inside ready to be used this winter! This will allow for hay sales this winter.

The construction of the building's frame is strong, the foundation supports are 24" and very deep. I am very satisfied and have ordered another 55' x 140' to be installed in a few weeks. This one will be used to store our small square bales and equipment.

Thank you Joseph for your service and this chance to recommend your buildings."
