HAY STORAGE SOLUTIONS AND MUCH MORE!

"Today, I checked with Joseph to see when he was planning to deliver and construct my second hoop building. Two years ago I purchased a 55'x98' hoop building from Skylight buildings. It was erected on my site on time and the building went up in two days.

I was concerned about the durability of a vinyl building compared to a metal sided structure. That was until I noticed that a rock from my Brush Hog 2715 had impelled itself into the metal building. The Skylight building would not have been damaged. Also, the name says a lot. I thought that I would wire in lights like my other buildings but to date I have not found the need.

The reason I thought I needed to build a large building was to store my hay inside. I knew I was losing hay quality due to weather damage but baling with 568 John Deere and net wrapping my hay I thought I was keeping my hay loss at a minimum. I found the first year that I had underestimated my losses. I was very pleased with the results of storing hay inside. It is most gratifying to put a bale into the hay ring and seeing that the previous bale was almost completely consumed by the cows or the feeder calves. I had a record amount of carry over from last year and it is safely stored inside ready to be used this winter! This will allow for hay sales this winter.

The construction of the building's frame is strong, the foundation supports are 24" and very deep. I am very satisfied and have ordered another 55' x 140' to be installed in a few weeks. This one will be used to store our small square bales and equipment.

Thank you Joseph for your service and this chance to recommend your buildings."

Special Cow, Bred Heifer, & Breeding Bull Sale

Wednesday, April 21st
Special Calf & Yearling Sale

2,746 head were sold at the April 7th Annual April Grass Special Calf & Yearling Sale. Compared to two weeks ago, steers and heifers traded fully 4.00 to 8.00 higher. Slaughter cows 2.00 to 4.00 higher. Really good quality and condition on offer all day made for a very active market. Buyers were ready to own new stock with spring grass right around the corner and with the beef sector as a whole feeling optimistic.
