## James Allen of Kirksville named Spotlight Award winner

By Adair County SB40

Adair County SB40 announced that James Allen of Kirksville has been selected to receive the September 2023 Spotlight Award for his community volunteerism. Allen was nominated for this award by Adair County SB40 Service Coordinator, Tom DeBlauw.

“James is a volunteer with a cat rescue team,” DeBlauw said. “He has volunteered to feed feral cats in the Kirksville community. He has played an important role in the capture of nearly 200 cats in Kirksville. The cats are trapped and taken to a veterinarian to be ‘fixed’. James has done his community a great service

by limiting the number of stray cats in Kirksville”

Allen assists in the care and feeding of the feral cats that he helps to capture. He volunteers to clean the kennels that cats stay in until they can be spayed or neutered. He also volunteers to shop for cat food and litter for the cats. He continues to feed the cats that have been spayed and works to socialize them so that they can find their forever homes as a pet. Allen even adopted a cat that he helped to get treatment.

“Volunteerism is just one important way that every local citizen can contribute to making their community a better place to live for all,” said Crystal

Aminirad, executive director of Adair County SB40. “People with developmental disabilities are a valuable part of our community and enjoy giving back to their community through their volunteerism. We love what James has done for feral cats in the Kirksville area. We are very proud of how devoted he is to their care. James definitely deserves a moment in the Spotlight!”

If you would like to nominate a great candidate for a monthly Spotlight Award, Adair County SB40 is accepting nominations. Anyone can make a nomination. Nominations can be made in any of the four following categories:

- Kids Inclusion Spotlight Award for children in kinder-

garten — 8th grade

- Youth Leadership Spotlight Award for youth in grades 9-12

- Community Volunteer Spotlight Award (any age)

- Entrepreneur or Employee Spotlight Award (any age)

In March 2024, a Spotlight Award of the Year winners will be selected from all of the monthly winners. Nominations can be made throughout the year by visiting the Adair County SB40 website or by contacting a SB40 staff member to assist you at (660) 665 — 9400. You can also find more information about the four nomination categories by visiting Adair County SB40’s website, <https://www.sb40life.org/>.

## Council approves scholarship program

Kirksville City Council approves scholarship program to help provide access to parks department activities

Staff Reports

The Kirksville City Council, at their Sept. 18 meeting, approved a scholarship program for city youth that will provide access to programs that for some may be outside the family budget.

According to Parks Director

Rodney Sadler, the scholarship program will provide up to 50 percent of the total cost of individual park programs, notably the Kirksville baseball and softball leagues where the need appears to be greatest, and other paid programming throughout the parks and recreation system. Sadler said that

the subject was discussed at the last meeting of the Lakes, Parks and Recreation Commission where they recommended bringing the plan forward to the city council for consideration.

“This aligns with both the comprehensive plan of the city as well as the Kirksville Parks and Recreation master plan,”

Sadler said. “And as far as the fiscal impact, using donations and a percentage of sponsorships that we’ve already collected, we anticipate that there’ll be \$5,000 set aside for the implementation of this program in its first year.”

## Celebrate Halloween with Flashlight EGGstravaganza and Halloween Town

Staff Reports

Get ready for a night of spooky fun as the Kirksville Parks and Recreation Department and Kraft Heinz will hold the 7th annual free Halloween Flashlight EGGstravaganza on Saturday, Oct. 28, at 7 p.m. at the North Park Complex, 2710 Novinger Street. Prepare for an egg-hunting adventure like no other as they scatter 11,000 Halloween eggs filled with candy and toys across the ballfields. Don’t forget to bring your flashlight and a bag because the egg hunt begins promptly at 7 p.m. To ensure that every child has an enjoyable experience, they’ve organized the egg hunt into three age-appropriate zones: Yellow

Field: Children ages 5 and under; Orange Field: Ages 6 through 8; Green Field: Children ages 9 to 12.

Then, plan to attend the 5th annual Halloween Town on Oct. 31 from 5:30 p.m. to 8 p.m. in front of Kirksville High School and William Matthew Middle School. Join the Kirksville Parks and Recreation Department, #For660 and more than 100 community partners for this event. Halloween Town is a safe, fun and interactive trick-or-treat experience all in one location. This event is free for everyone. For more information or if you have a business and are interested in having a booth at this event, contact Luke Callaghan with the Parks and Recreation Department at 660-627-1485.

Get ready for Halloween with the annual Flashlight EGGstravaganza and then Halloween Town.

## Dreamline Pathways program

ATSU’s Dreamline Pathways program receives INSIGHT Into Diversity magazine award

By A.T. Still University

A.T. Still University’s (ATSU) Dreamline Pathways program received the 2023 Inspiring Programs in STEM Award from INSIGHT Into Diversity magazine, the largest and oldest diversity and inclusion publication in higher education. The Inspiring Programs in STEM Award honors colleges and universities that encourage and assist students from underrepresented groups to enter the fields of science, technology, engineering, and mathematics (STEM). ATSU’s Dreamline Pathways program is featured in the September 2023 issue of INSIGHT Into Diversity magazine.

This is the third consecutive year ATSU’s Dreamline Pathways program was recognized by INSIGHT Into Diversity.

Inspiring Programs in STEM Award winners were selected by INSIGHT Into Diversity based on efforts to inspire and encourage a new generation of young people to consider careers in STEM through mentoring, teaching, research, and successful programs and initiatives.

“To attain a future with more diverse and inclusive networks of healthcare professionals, leaders in the healthcare and health sciences education must be intentional in reaching interested students from all communities,” said ATSU President Craig M. Phelps, DO, ’84. “ATSU provides engagement opportunities and mentorship to guide those students as they pursue their goals in health sciences. Congratulations to ATSU Vice President of Diversity & Inclusion Clinton Normore, MBA, and his team on the success of Dreamline Pathways and this well-deserved recognition.”

Truman State University presents 'Twelve Angry Jurors' on Sept. 28, 29, and 30 at 7:30 p.m. and Oct. 1 at 2 p.m. at the James G. Severns Theatre, Ophelia Par-

ish Building. When a person's life is at stake, what constitutes reasonable doubt becomes the most important question. In Twelve Angry Jurors, adapted by Sherman L. Sergel, personalities clash, tempers flare, and the clock ticks as twelve people try to come to a unanimous verdict in a murder trial. This tense and enlightening story pits reason against passion, bigotry against fact, and callousness against caring until the very end. Is a young man guilty of murder and deserving of death, or is there a reasonable doubt?

#### Kirksville Area Chamber of Commerce Ribbon Cutting

The Kirksville Area Chamber of Commerce will hold a Ribbon Cutting ceremony for Mike's Auto Service Center, 301 N. Franklin Street, Kirksville, on Sept. 29 at 11 a.m.

## OBITUARIES

### Barbara Jane Lubbering

Oct 8, 1934 – Sep 23, 2023

Barbara Jane Lubbering, 88, of Kirksville passed away Saturday, September 23 at The Pines nursing home.

The daughter of Harold Weldon and Eva Lee Walker, she was born October 8, 1934 in Hannibal, Missouri. On August 17, 1957 she was united in marriage to Ernest Lynn Lubbering, also from Hannibal.

Jane is survived by her two sons, Michael Walker Lubbering (age 65) of Kirksville, MO and Tracy Lynn Lubbering (age 62) (spouse Jeanne) of Edgewood, NM; her sister, Marilyn Sue Hull, several nieces, a nephew, and several grand nieces and nephews. She was preceded in death by her parents and her husband Lynn.

Jane grew up and attended school in Hannibal, MO. She worked for many years in secretarial positions and later as a teacher's aide in the Kirksville R-3 School District. She was a parishioner at Mary Immaculate Catholic Parish in Kirksville. She worked very hard and, in her retirement, enjoyed reading and feeding the squirrels and birds. Hopefully, with her passing we will not see a decline in either population. It was fun to make Jane laugh as she had a wonderful sense of humor. She was kind to everyone she encountered daily; she will be missed.

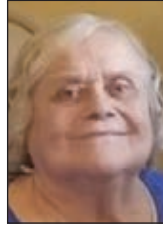

A graveside service at Antioch Cemetery in Hannibal, Missouri is scheduled for Wednesday, September 27, 2023 at 11:00 am.

Funeral arrangements are being handled by Davis-Playle-Hudson-Rimer Funeral Home, www.davisplaylehudson-rimer.com.

### Judy (Zeigler) Steele

Oct 7, 1946 – Sep 9, 2023

Judy (Zeigler) Steele, 76, formerly of Kirksville, MO, died on Sept. 9, 2023 in Johnston, IA. Judy was born on October 7, 1946, outside of Kirksville, to Earl and Inis (Johnson) Zeigler.

Judy graduated from Kirksville High School in 1964 and the University of Iowa with a bachelor's degree in social work. In 1965, Judy married Bobby Leroy Steele, also of Kirksville. Bob and Judy raised three children and were married 50 years prior to Bob's death in 2018. Their children are Keri Steele, Koni Steele (John Deeth), and Lori Steele Cook (Mickey). Judy's precious grandchildren are Hayden Cox, Ethan Cox, and Owen Steele Cook. Judy is also survived by her sister, Wanda (Bobby) Hartssock, sister-in-law, Sandy Steele, and many treasured family members including nieces, nephews and family friends. Judy's parents preceded Judy in death as did her sister, Gloria (Garry) Stanley, and her brother, Ed (Theresa) Zeigler.

Judy was a thoughtful woman and kind person who doted on her family and friends. She enjoyed spending time with family, researching genealogy, traveling, and reading. Judy was dedicated to fairness and helping people, serving as a staunch advocate for children and families throughout her 26.75 years working in Child Protection for the Iowa Department of Human Services.

Services for Judy will be on Saturday, Sept. 30th at 11:30 AM at the Travis-Noe Funeral Home in Kirksville, MO. Following the service, burial will be at Pratt Cemetery in rural Novinger, MO.

## Pre-Vet Club partners with Humane Society for dog 'Field Trip Days'

By Truman State University

The Friday before Labor Day Weekend, visitors to campus may have noticed a bulldog on the mall living his best life — and it wasn't Spike.

King, an American Bulldog from the Adair County Humane Society, played in the fountain, rolled around in the grass and happily greeted everyone who came close enough to give this good boy some pets. King was participating in a "Field Trip Day" to campus thanks to Truman student Sydney Donath of the Pre-Vet Club.

King, an American Bulldog from the Adair County Humane Society, stays close to Truman student Sydney Donath while visiting campus. Members of the Pre-Vet Club can take dogs from the Humane Society on field trips in the Kirksville community in an effort to socialize the animals before they find their forever home.

As more time has passed from the pandemic, the Pre-Vet Club has resumed its partnership with the Humane Society. The Field Trip program is a new initiative started in the spring. Club members who have established a relationship with the Humane Society are eligible to take dogs on field trips in an effort to socialize the animals while they wait

to find their forever home.

"This is an amazing opportunity for the dogs, as it gives them some time out of the shelter environment, while also allowing everyone to see the dog's true personality or any personality quirks," said Donath, who is president of the Pre-Vet Club.

Field trips typically consist of club members taking a dog around Kirksville to socialize with the community and see new places. Activities can include walks around campus or Thousand Hills, as well as trips to PetSmart, and sometimes getting a treat at Sonic or Scooter's Coffee.

## KIRKSVILLE AREA NEWS BRIEFS

## Quilt Exhibit at the Sue Ross Arts Center

The current exhibit by the Kirksville Arts Association at the Sue Ross Arts Center is a collection of quilts by the Hands of Friendship Quilt Guild. The show runs through Oct. 21. Twenty-one members of the quilt guild have on display in the Ellebracht and Gaber Galleries over 60 quilts, including vintage quilts from the 1920s-'30s. A reception, that is open to the public, will be held on Thursday, Sept. 28 from 5:30-7 p.m. providing an opportunity to meet the quilters whose work is on display. The Sue Ross Arts Center is located at 215 S. Franklin in Kirksville and is open Monday through Friday 11 a.m. to 4 p.m. and Saturdays 10 a.m. to 2 p.m. There is no charge to visit the exhibit.

## Food Bank Adopt a Buddy Pack program

The Food Bank for Central & Northeast Missouri invites you to Adopt a Buddy Pack. 1,928 children in Adair County qualify for free or reduced-price meals at school. Many of these children do not have access to nutritious meals during the weekend. The Food Bank's Buddy Pack program aims to fill that gap by providing Buddy Packs full of nutritious food for children to take over the weekend. You can help feed a child with Buddy Packs. A gift of \$270 allows them to provide a Buddy Pack to a child in Adair County for an entire school year. Donate at [sharefoodbringhope.org/give-help](http://sharefoodbringhope.org/give-help) or in-person at Alliant Bank, 201 S. Baltimore Street in Kirksville. Check by Mail: Make payable to "The Food Bank" with "Adair County Buddy Pack" in the memo to: The Food Bank, 2101 Vandiver Drive, Columbia, Mo. 65202. All funds stay in the county. Participating schools include Kirksville Primary, Ray Miller, Brashear and Novinger. Sponsored by Alliant Bank and Kirksville Daily Express.

## Join the Kirksville Young Professionals Committee

The Kirksville Area Chamber of Commerce encourages businesses and their employees (ages 21-40) to become involved in the Kirksville Young Professionals Committee, which focuses on retaining and engaging young professionals in the area through lunch & learn opportunities, professional development, and other various events. KVYP is here to help them connect with the community. They meet on the second Tuesday of the month at 9 a.m., in the Hampton Inn Truman Room or via zoom. Feel free to reach out to [kirksvilleyp@gmail.com](mailto:kirksvilleyp@gmail.com) for more information about KVYP or to get the Zoom Link for meetings. You are also more than welcome to join them at future events.

## Indoor walking activity for seniors at the Crossing Church

The RSVP (Retired Senior Volunteer Persons) office sponsors a walking activity five days a week during winter months for seniors to walk inside the Crossing Church location on Shepard Street from 9:30 a.m. until noon, Monday through Friday. This is only for senior citizens — 55 or older. They have volunteers "manning" the location and seniors are welcome any time during that time period. They ask that you sign in. There is no charge and you may come any or all days. If the schools are closed, they are not open because of weather. As of April 1, the Crossing will only be open on Monday, Wednesday, and Friday each week. It will be rain free, wind free, and cool.

## DOGS

Continued from Page A3

Donath, a senior agricultural science major with minors in equine studies, animal science and biology, has been a member of the Pre-Vet Club since her first year at Truman. As president of the organization, she sought to revive some pre-pandemic activities, as well as create new endeavors like the field trips.

"When I became president of the club, it was very important to me and the rest of the executive board that we re-establish the collaboration between the Humane Society and the club," she said. "My scholarship job is with the Humane Society, so I had an established relationship with the shelter manager, Missy Decker. This is our second semester doing these field trips. It has been a big success as it brings awareness

to the Humane Society and the variety of dogs that they currently have."

In addition to field trips, Pre-Vet Club has helped organize and run an adoption event for the Humane Society animals at PetSmart, and members have helped with fundraising events such as "Pancakes for Pups" and "Pints for Pups."

"Our relationship with the Pre-Vet Club is vital to our organization," Decker said. "This is a group of students with the same passion for animals, and also, a new perspective on doing things. Without them programs like Field Trip Days would not be possible."

Donath said some of her favorite things about collaborating with the Humane Society are connecting with the Truman and Kirksville community and working with a variety of different dogs. That relationship can make a big difference to the animals

in the shelter, and King is a perfect example. He found his forever home not long after taking his field trip to campus with Donath.

The Pre-Vet Club will continue to support the Adair Humane Society and their events. The club's goal this semester is to have more connections with the Truman and Kirksville community. Club events and Humane Society events will be promoted on the organization's Instagram, @tsuprevetclub.

The Humane Society is always looking for volunteers to help out at the shelter and socialize both cats and dogs on site. Anyone interesting in volunteering their time can contact the shelter at 660.665.8038. For more information about volunteering or donating, visit [adairhumane-society.org](http://adairhumane-society.org). To see animals available for adoption, check out the Adair County Humane Society Facebook page.

## PROGRAM

Continued from Page A1

"Since 1892, ATSU has been innovative in its approach to improving access and opportunity for 'the healing touch,' as described by its founder, Dr. Andrew Taylor Still," Normore said.

"Dreamline Pathways is an extension of this ideology and serves to connect with people very early by encouraging their pursuit of a career in the health professions. We continue to be grateful for Insight Into Diversity acknowledging this effort and highlighting the need for programs like

this in our society."

INSIGHT Into Diversity magazine selected ATSU's Dreamline Pathways program because of its unique approach to introducing K-12 students to graduate health professions programs. ATSU partners with school districts and community-based organizations, offering experiential learning opportunities to students. These collaborations introduce young minds to career opportunities in healthcare, and nurture students through campus and graduate student engagement opportunities.

"We know that many STEM programs are not always recognized for their success, dedication, and mentorship for underrepresented students," said Lenore Pearlstein, owner and publisher of INSIGHT Into Diversity magazine. "We want to honor the schools and organizations that have created programs that inspire and encourage young people who may currently be in or are interested in a future career in STEM. We are proud to honor these programs as role models to other institutions of higher education and beyond."

## PARKS

Continued from Page A1

Sadler said that the parks department will be using the city's communication channels to advertise the program as well as using it on the materials that will go out to potential sponsors.

"We'll be working with the school district and also posting things out within our parks," Sadler said, noting that there were other means they planned to use to disseminate the information as well.

Mayor Zac Burden called it a "great scholarship program" that's really about youth engagement and gets the youth of the community, regardless of socio-economic status, involved in the city's parks and recreations offerings.

"Community engagement is good, getting everybody involved in the community is good, crime reduction is good," Burden said. "There's so much good that comes from that. So I encourage folks to really consider making donations to the scholarship program."

Burden said the city has been blessed with businesses that have been making donations to recreation programs for years and that he wanted encourage them to continue those donations and make this a real possibility.

"This has such great potential and I really think as a community we can come together and do some cool things with this," he said.

The council voted unanimously to enact the scholarship program.

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

## Tigers bounce back with 28-10 home win over Marshall

By Adam Tumino

The Kirksville football team was able to come up big at home Friday night, snapping a losing streak with a 28-10 win over Marshall. Both teams came into the game at 1-3 on the season and having lost their last three games, desperately needing a win heading into tough matchups in week six. The Tigers managed to come out on top.

The Kirksville offense managed just one touchdown over the last two games, and had just one through the first half on Friday. They added two more scores in the third quarter and tacked one on in the fourth, while the defense generated multiple turnovers and sacks and had several key stops to help the Tigers cruise to a three-score win.

Kirksville head coach Kevin Krietemeyer said he was very happy with the players' energy and execution, especially coming off of some lackluster games.

"It's huge," he said. "It just shows them that we have it in us. That's the main thing, that we know we can play at that level and we can do a lot of really positive things, and it's exciting. It's truly exciting to see those kids fly around and play like that. I don't know that we've played with that energy all year."

Things did not start out great for the Tigers. They received

the opening kickoff, but quickly gave the ball to Marshall with an interception just under two minutes into the game. Starting a trend that would continue throughout the game, the defense then came up big. They forced a turnover on downs and gave the ball back to the offense, which took advantage.

They drove 79 yards in a little less than three minutes, capping off the possession with a 12-yard touchdown pass from Ryder Lyons to Malik Rodriguez in the back corner of the endzone.

Both teams punted the ball in their remaining possessions in the first quarter, and Marshall quickly threatened to find the endzone in the second. Two deep

pass plays had the Owls inside the 10-yard line, but the Tiger defense forced a field goal to hold on to a 7-3 lead.

Neither offense found much success in the rest of the half, but another Marshall interception gave them the ball back in the final seconds before halftime. The Kirksville defense once again kept them out of the endzone to head into the half up 7-3.

Marshall turned the ball over on downs to open the third quarter, and Kirksville took over in Marshall territory. About a minute and a half later, Jace Kent ran in from 11-yards out to give the Tigers a 14-3 lead.

Later on in the third, Kirksville's Cole Kelly picked off Marshall quarterback Chase Thompson, and the Tiger offense scored soon after on a 33-yard catch and run from Lyons to tight end Jack Thomas to put them up 21-3 with 1:32 left in the third.

The defense found more success before the end of the quarter when Rodriguez got an interception of his own less than a minute after Kelly's. This gave the Tigers the ball on the Marshall seven, and Kent punched it in from four yards out on the second play of the fourth quarter.

Marshall was able to respond to this score when Thompson hit Stephen Caviness for a 45-yard touchdown on the ensuing drive, but that was last possession for the Owls that did not end with a turnover or the end of the game.

Marshall's next possession after the touchdown came almost immediately when Lyons was intercepted on the ensuing Kirksville drive, but Carter Pinkerton then picked off Thompson just one play later.

Kirksville ended up punting the ball away on that drive, but Marshall soon turned the ball over once again when Kelly grabbed a tipped pass for his second interception of the game. Kirksville ran out a bit of the clock before Lyons punted the ball deep into Marshall territory

where it was downed inside the one-yard line by Tony Tiberi-Ramos with 3:14 left. That ended a day for Lyons where he came up big in all three phases. He recorded a sack and had several more key tackles on defense in addition to his quarterback play.

Marshall avoided a safety, but the clock soon ran out and Kirksville picked up a vital win. Throughout the day, the Tigers were able to dominate on the line of scrimmage on both sides of the ball. Defensively, they had Thompson under pressure for much of the game and basically eliminated the Marshall run game all night long.

Krietemeyer said he was pleased with the play by the interior of the defensive line, especially with senior starter Michael Corbett missing the game with injury.

"Denver Cunningham was a dude tonight," Krietemeyer said. "Cody Drury was a dude tonight. Our inside D-line played really, really damn good. I'm really proud of those guys. It's kind of something we've been waiting to see all year, and tonight was the night they did it. We know they can keep doing it, and now let's do it again next week going to Hannibal."

On offense, the line also managed to protect Lyons for the most part while also allowing the running game to find more success than in the previous game

against Moberly. Krietemeyer said he offensive line was able to control the game through their style of play.

"I just think the offensive line really dominated the line of scrimmage," he said. "They fired out and were physical and got downhill. I thought we did really good things up front with our kids. We'll keep working on the basics, and I think that's kind of what we did."

Snapping a three-game losing streak is always important, especially with a challenging road matchup looming in Hannibal. The Pirates are 4-1 this season and have won four-straight games after a season-opening loss to a tough Helias Catholic team. Hannibal beat Mexico 61-7 on Friday after demolishing Fulton 77-6 the week before.

Krietemeyer said that the team is preparing for a very tough test come Friday, but heading in on a high note makes things a bit easier.

"Hopefully, in theory, this is the game we've been waiting for and wanted all year, so we better have a good week of practice and a good week of prep," he said. "Hannibal is friggin good. They're really, really good. If we can play at the level we think we can, we think we've got a chance to compete, and that's all we want. Definitely having a win going into Hannibal was huge for us."

## Truman secures 4-0 start with 41-7 win over Wayne State

By Adam Tumino

A dominant performance on Saturday propelled the Truman football team to a 41-7 win over Wayne State and a 4-0 start to the season. The Bulldogs have now posted a perfect non-conference record in three of the last four seasons in which non-conference games were played.

The Bulldogs come within one point of their season high by halftime on Saturday, leading the Warriors 27-0 at the break. They scored three touchdowns and had two field goals in their five first-half possessions.

A fumble by Wayne State on the opening kickoff gave Truman the ball with prime field position, and a 14-yard touchdown pass from quarterback Nolan Hair to running back Mason Huskey capped off a six play, 36-yard drive to put Truman up 7-0.

Truman blocked a Wayne State punt on the ensuing possession to take over at the Warriors' 12. Four plays later, Hair ran into the endzone from four yards out to give the Bulldogs their second touchdown in the first 6:02 of the game.

of the first quarter. Truman then had their worst starting field position of the game on their next drive, but nonetheless drove 77 yards on just six plays with Huskey scoring on a three-yard touchdown run. A 32-yard run from Hair was the biggest play on that drive.

Ross capped off the first-half scoring with a 26-yard field goal as time expired to put the Bulldogs up 27-0. Wayne State had just 54 yards of total offense in the first half, with 37 of those yards coming on their final drive of the half, which ended in a missed field goal. Truman's offense gained 221 yards, even with the usually excellent

starting field position.

After a long kickoff return from Gerry Marteen Jr., Truman went three-and-out to open the second half and punted for the only time in the game. Wayne State then had its most productive drive by far, going 75 yards in nine plays and scoring on a one-yard run from Kendall Williams. The Warriors could only muster 19 total yards on their final two drives, punting both times.

Truman responded to Wayne State's 75-yard drive with one of their own, but in three-fewer plays and three less minutes. Huskey ran for a 63-yard touchdown on the fourth

play of the possession for his third and final touchdown of the game. He now leads the GLVC with seven total touchdowns this season, which is also tied for seventh in the nation.

Truman got one more touchdown on a one-yard run from Tim Johnson Jr., ending a 60-yard drive that ate up over nine minutes of game time.

Truman finished the game with 409 yards of total offense to Wayne State's 143. The Bulldogs' 228 rushing yards set a new season high. Truman had 23 first downs to Wayne State's seven.

Huskey finished the game with a career-high 115 rushing yards and two

touchdowns, while also catching two passes for 15 yards and a touchdown. He was named GLVC Offensive Player of the Week for his efforts.

Hair was 22-of-25 passing in the game, setting a new career high with a completion percentage of 88%. He had 181 yards through the air and the touchdown to Huskey. Hair also ran for 42 yards and was not sacked in the game.

Tate Crane had team highs with six catches and 51 yards. He has 21 receptions and 248 yards through the first four games this season, the most catches and yards in any four-game span of his career. He set

career highs last season with 37 catches and 413 yards and is already more than halfway to both of those numbers with seven games left.

Defensively, the Bulldogs' star linebackers Isaiah Estes and Ulysses Ross led the team with seven and six total tackles respectively. Ross ranks fifth in the GLVC in total tackles this season while Estes ranks sixth.

Ross was named GLVC Special Teams Player of the Week after hitting two field goals and five extra points. He is four-of-six on field goals this season and 14-of-14 on extra points.

Truman wrapped up their non-conference season just outside the top 25 in the AFCA Coaches Poll, having received the 26th most votes in the most recent edition of the poll. They were just six points behind No. 25 Shepherd. There are 17 unbeaten teams ahead of Truman on the poll, 14 of which are 4-0.

Truman begins conference play on the road this weekend against McKendree. The Bearcats have struggled so far this season, albeit against a tough schedule. They are 0-3 and have been outscored 152-34 in those games.

# Four local high school football teams pick up week five wins

By Adam Tumino

For the first time this season, more local high school football teams posted wins than losses on the same day. Wins from Kirksville, Milan, Schuyler County and Scotland County gave local teams a 4-3 record in week five. Knox County, Macon and Putnam County posted losses. Let's take a look at what each team did Friday and what lies ahead.

## Kirksville 28, Marshall 10

The Tigers got a big bounceback win after three consecutive losses, improving to 2-3 on the season. The 18-point deficit set a new season high for the Tigers in a win this season. They beat Macon by 16 points in the season opener.

Kirksville is now averaging 20.4 points per game this season and allowing 31. They have a tough test ahead in week six when they hit the road to play Hannibal. The Pirates are 4-1 and are averaging 45.4 points per game this season and have scored a total of 138 points in their last two games.

## Knox County 28, North Shelby 80

The Eagles allowed 80 points for the second-straight week, but whereas they only lost by four points in week four, they fell by a season-high 52 to North Shelby Friday. They fell to 0-5 on the season with the loss.

The last two games have made their points allowed average climb to 69.6 this season. It has increased by 6.9 points over these last two weeks. Knox County will look to pick up its first win of the season in the upcoming homecoming matchup with Paris. The Coyotes are 2-3 and are coming off a loss to Schuyler County.

## Macon 20, Highland 40

The Tigers came into week four searching for an elusive first win, and will unfortunately have to wait a little longer. Macon is now 0-5 on the season and will have a losing regular season record for the first time since 2020.

Macon has scored 40 points in the last two games after combining for 30 points in the first three. They will

Kirksville senior Jack Thomas (7) prepares to lead the team through the banner prior to the game against Marshall on Sept. 22. ADAM TUMINO

look to get into the win column on the road against Brookfield on Friday. The Bulldogs are 2-3 this season and the only remaining opponent for Macon that currently has a losing record. Two of Macon's final three opponents, South Shelby and Centralia, are 5-0 so far.

## Milan 34, Trenton 8

The Wildcats now have the longest winning streak of any local team this season. After a season-opening loss to South Shelby, Milan has won four games in a row to post their best five-game start since 2020. The win Friday handed Trenton its first loss of the season.

Milan is averaging 32.8 points per game this season and 39.5 in their wins. The Wildcats also have a good chance to finish strong as only one of their remaining opponents (5-0 Polo) currently has a winning record. The other three are a combined 3-11 so far. Next week's opponent Gallatin is 1-4.

## Putnam County 14, Westran 24

Much like Macon, Putnam County is still searching for its first win after winning nine games last season. The Midgets' 10-point deficit Friday was the second-closest of the season. A tough schedule has played into their struggles as well. The Midgets' five opponents this season have a combined record of 20-5.

The next three games may provide a chance for a win. Putnam County's opponents in those games are a combined 1-11 and the final opponent of the season is 5-0 Polo. Week six will see the Midgets be on the road for the

fourth-straight game, this time against a 1-4 South Harrison team

## Schuyler County 74, Paris 30

The Rams now have their second two-game winning streak this season and moved to 4-1 with Friday's win. They also have a new season-high in points. These last two wins have come by 46 and 44 points respectively, and are within a win of matching their total from last season.

The Rams have won seven of their last nine games dating back to last season after having gone 3-21 in their first 24 games at the eight-man level. They are averaging 61.6 points per game this season, 19 more than their average from last season, while allowing 38 points per game, 12.9 fewer than last season. They will be on the road against a 5-0 Braymer team in week six.

## Scotland County 28, Russellville 22

The Tigers have now surpassed their win total from last season with a 2-3 record so far in 2023. They have won two games in a row for the first time since the 2019 season, when they went 9-2 and won nine games in a row. The Tigers are averaging 22 points per game this season after averaging just 8.9 last season.

If you take out a 38-0 loss in the season opener against Clark County, Scotland County has outscored its opponents 110-94 this season. A third-straight win will be a tall task against a 4-1 Westran team in week six, but after that the Tigers' three remaining opponents are a combined 4-11 so far this season.

## Kirksville Football HOF Class of 2023 recognized during Friday's game

By Adam Tumino

Three former Kirksville football players were inducted into the Kirksville Football Hall of Fame during halftime of the Tigers' win over Marshall on Friday. The 2023 class was presented with plaques in a ceremony on the track to open halftime festivities.

Two of the inductees were standouts for the Tigers during the mid 1980s. Shane Western earned All-Conference honors on both offense and defense in 1984. He had a then-record five touchdowns in a game against Macon and also set the school single-game rushing record with 245 yards against Highland.

Tim Williams earned All-State, All-District and All-Conference honors in the 1985 season, being named to the first

team in each as a defensive back. He went to Columbia College and then into the U.S. Air Force, retiring with a rank of Colonel.

Jacob Lamp starred more recently for the Tigers. He played in all three phases, but was a true standout on special teams. He was named a first team punter on the All-State, All-District and All-Conference teams in 2009. He stayed in Kirksville and punted at Truman State, where he made two All-Conference and one All-American team. He holds the Truman record for highest career punt average.

In addition to their recognition at the game, the trio were formally inducted into the Kirksville Football Hall of Fame during a ceremony at the Kirksville Country Club on Saturday morning.

## Truman men's, women's soccer teams off to strong starts in conference play

By Adam Tumino

The Truman State men's and soccer teams are off to strong starts to conference season, and both find themselves in the top half of the GLVC standings early on.

The men's team won its first two conference matches by scores of 4-0 and 2-1 before falling 1-0 in their third. The 2-1 record puts them in sixth place in the standings, although it is of course still very early.

Their six goals scored are the fifth most among GLVC teams in conference matches, while their two goals allowed are tied for the third-fewest. Both of these rankings are slightly higher than where the Bulldogs ranked in conference matches last season.

Luke Payne's two goals in conference play are tied for third in the conference, while goalkeeper Justin Olwig ranks third in the GLVC with 4.67 saves per game against conference opponents. Truman has had five different players score its six conference goals this season.

The women's team currently sits in fourth place with a conference record of 2-0-1, making them one of just two GLVC teams without a conference loss so far. With a 1-1 tie and wins of 3-0 and 1-0, the Bulldogs have already surpassed their conference goal total from last season. The increased scoring is promising, especially since their penchant for preventing goals is still present. They allowed the second-fewest goals overall in the GLVC last season, although they ranked lower in conference play.

This year, they have allowed the sixth-fewest goals in the conference overall but just a single goal

in conference play, which ranks second in the GLVC. Goalkeeper Tatum Dameron leads the conference with 7.33 saves per game in conference play while ranking second in total saves and save percentage. She was also named GLVC Defensive Player of the Week for her strong

start to conference play. All five of Truman's conference goals have come from different players.

Both teams will be back in action on Sept. 29 in Bolivar when they visit Southwest Baptist. The men's game will start at 1:30 p.m. and the women's game will follow at 4 p.m.

## HAPPY FALL YA'LL!

### KLI Legal & Law Enforcement Day

Kirkville Leadership Institute had Legal & Law Enforcement Day on August 30th. They visited the Rooks Law firm, toured the courthouse, sheriff's dept., jail, and the Kirkville Police Dept. They even got to meet Erno, the drug dog.

### Welcome to the Chamber!

Join us in welcoming Kelsey Roberts as the new Member Services Coordinator here at the Chamber.

### If You Build It, Will They Come?

Sometimes, when I meet with an entrepreneur, they are not sure exactly what type of store might be successful, or what location might be best. Often, their idea has to do with retail – they see themselves owning a bistro or boutique, which would be a great draw to our downtown area.

Consider taking a demographic approach when looking at what might be successful in a given location, then do some research to dive deeper. For example, let's look at the demographics of downtown Kirkville (specifically, the square and surrounding blocks):

- 1) Fact: Downtown is walkable distance for our students at both Truman and ATSU:
  - a. Hypothesis: If a business sells things that attracts students, it has a better chance of being successful.
  - b. Research needed: What do college students and graduate students spend money on? How much do they spend?
- 2) A number of professional offices are located in the downtown area, including City Hall, attorneys and accountants, but is also a short distance from the hospital and universities.
  - a. Hypothesis: In general, office hours are 8am – 5pm, but not always. Perhaps a business may be more successful if it is open later than 5pm.
  - b. Research needed: Which existing businesses in the general vicinity are open after 5pm and how much traffic do they generate? Are there certain days of the week where there are more people in the area? What services or items might this demographic need or want? How much might they spend?
