## Nominations open for Founder's Award for Excellence at Hospice of Northeast Missouri

By Hospice of Northeast Missouri

Ron and Elsie Gaber of Kirksville recently offered a generous donation to Hannibal Regional Foundation to support hospice services in northeast Missouri. This donation created the Gaber Founder's Award for Excellence in Hospice Services Endowment for Hospice of Northeast Missouri. The endowment assists in recognizing hospice care workers and volunteers, and recognizing those who go above and beyond in their service to hospice care and the patients of Hospice of Northeast Missouri. Nominations are now open for this prestigious recognition.

More on the award and the nomination form can be found at [hospiceofnortheast-missouri.org](http://hospiceofnortheast-missouri.org). Nominations are open until Nov. 10. Nominations are accepted for both hospice employees as well as volunteers. The Founder's Award for Excellence will be announced in November, during Hospice Month.

Hospice care offered through Hospice of Northeast Missouri is a service families throughout northeast Missouri are very appreciative of. Without the visionary leadership and dedication of Ron Gaber and others, Hospice of Northeast Missouri would not exist today. Ron saw a need to address end-of-life care for those living in Adair County, and with

the help of other dedicated volunteers they created Hospice 2000 in 1993.

Ron served as the founding president of Hospice 2000 from 1993-97, as well as the volunteer and bereavement coordinator in the early years. Ron was certified and taught thanatology courses at A.T. Still, Truman State and Ball State Universities. He also provided numerous training seminars and workshops. He is the author of "The Death of Adult Children Through the Eyes of Grieving Parents" and is retired Dean Emeritus of Students and Vice President Emeritus of Student Affairs at A.T. Still University.

As Hospice 2000 developed, they recognized the

need for this service was much greater than just Adair County and grew the organization to its current status as Hospice of Northeast Missouri. Since Hospice of Northeast Missouri became a part of the Hannibal Regional Healthcare System family in 2022, it is now a service of Hannibal Regional and is supported in part by donations to Hospice through the Hannibal Regional Foundation.

Most recently over \$200,000 was raised for hospice services in northeast Missouri, with funds being used for financial assistance and gift cards for patients and families when on hospice services. It is rated 5 Stars by CMS and is one of the few non-profit hospices in north-

Ron and Elsie Gaber

east Missouri. A team of professionals provides end-of-life care specially trained to address the physical, emotional, and spiritual needs of the individual, their caregivers, and families. Hospice of Northeast Missouri serves

Adair, Clark, Knox, Lewis, Macon, Putnam, Schuyler, Scotland, Sullivan, and Shelby counties. To learn more about hospice services, or the Founder's Award, go to [hospiceofnortheastmissouri.org](http://hospiceofnortheastmissouri.org) or call 660-627-9711.

## Kirksville Regional Computer Crimes Unit assists in conviction for child sex crimes

By Kirksville Police Department

On Wednesday, Oct. 18, U.S. District Judge Sarah E. Pitlyk sentenced a Clark County man to 80 years in prison after he recorded his rape of a young girl and an infant. The Kirksville Police Department/Kirksville Regional Computer Crimes Unit (KRCCU) assisted in the investigation that ultimately led to this conviction, executing search warrants and forensic searches of electronics and data.

Mark Anthony Davis, 36, pleaded guilty in May to two counts of production of child pornography and one count of possession of child pornography. He admitted to recording his rape of the girl when she was under 10 years of age and of an 11-month-old boy. Davis also admitted to possessing videos containing child pornography, including the rape and torture of children.

Davis was sentenced to 30 years for each production of child pornography charge and 20 years for the possession charge, which run consecutively. That was the maximum possible prison sentence.

This case was investigated by the Clark County Sheriff's Department, the Missouri State Highway Patrol, the Kirksville Police Department/Kirksville Regional Computer Crimes Unit (KRCCU), the Henry County (Iowa) Sheriff's Office, the FBI and Donya Jackson, an investigator with the U.S. Attorney's office at the time. Assistant U.S. Attorneys Matt Drake and Robert Livergood prosecuted the case.

The KRCCU is made possible from funds provided in part from the Missouri Internet Crimes Against Children Task Force and funds from Cyber Crime Grants through the Missouri Department of Public Safety. The KRCCU has been in existence since 2006 and does both proactive and reactive cases for 13 counties in Northeast Missouri. In addition to cases like this one, the KRCCU provides educational presentations to adults and children on the topics of Cyber Safety and Internet Crimes.

The center is not quite ready to begin operation, but the ceremony went on as planned to take full advantage of the homecoming festivities.

Survivors include her husband of 69 years, Jim Lovegreen of Palmyra, MO; son's Stephen (Teresa) of Palmyra, MO, Bill (Carol) of Kirksville, MO, and Robert (Christy) of Palmyra, MO; sisters Marilyn Powell (Pete) of Wasilla Alaska and sister-in-law Judy Million of Palmyra, MO; grandchildren Adam (Dr. Jennifer), Nicole, Jon (Sara), Courtney, Andrew, Ashton, and Katie Huseman (Ryan); great-grandchildren Reid, Beckham, Ellie, Vivian, and Sloan.

Marjorie was preceded in death by her Parents and her brother Gary Million. Her formal career in teaching only lasted a few years while she taught at the Aberdeen School in Bel Air Maryland and Palmyra Elementary School. Marjorie continued her career working in the Lovegreen Dealerships until recently. As a wife and mother Marjorie knew how important it was to be well rounded, not just focusing on book learning but teaching her boys about life through Cub Scouts, Boy Scouts, the Arts, Church, and of course through travel and nature. Marjorie led by example, Past Worthy Matron, as a 50-year member of the Eastern Star, past President of the Palmyra Chapter of the P.E.O., a member of the United Methodist Women, Sunday School Teacher, and charter member of the Palmyra Moderns Club. She looked forward to the many trips and adventures the family took together, fishing in Branson, MO, travel to China, Russia, Egypt, and Europe and the exciting trip around England in a Volkswagen Bus with Barry Woodward as the tour director. Marjorie enjoyed being a member of the Palmyra China Painters and working on her many knitting and crochet projects throughout the year. She was also an avid supporter of the Quincy Community Theatre, especially classics like Oklahoma, and the Opera. She poured her heart and soul into the people and things she loved, to her family, she was the inspiration to reach greater heights.

## Kirksville to seek federal funds to build pickle ball courts and sidewalk trails connection at North Park

By Daily Express

The Kirksville City Council held a public hearing to discuss a proposed Land & Water Conservation Fund (LWCF) grant application for the construction of pickleball courts and sidewalk/trail connections access at North Park, during its regular meeting held on Oct. 16.

Kirksville Parks and Recreation Director Rodney Sadler told the council that the Land & Water Conservation Fund has been a critical funding source for outdoor infrastructure throughout the country for many years.

Sadler said that in 2020, the Great American Outdoors Act was passed to permanently authorize the funds and in the state of Missouri, they are handled by Missouri State Parks, which when the city applies for a grant application, handles the pass-through funds for the federal government.

In Kirksville he said, the funds in the past have been used for the initial development of many of the city's parks including Brashear, PC Mills, Rotary Memorial, Jaycee, Patryla and then some larger projects within some of the parks such as the Rotary Park Amphitheater, the skate park at North Park, the North

Kirksville Parks and Recreation Director Rodney Sadler speaks to the city council at their Oct. 16 meeting.

Park restrooms and sidewalks, and most recently, the playground at Rotary Park.

He said that currently the city has one open project that employs LWCF monies, which is the Patryla Park restrooms that the city is finishing up.

"So for this project application, we're looking to install three regulation size pickleball courts in the northwest corner of North Park by the existing skate park and the Pee Wee ballfields," Sadler

told the council. "It would include some 10-foot high fencing, the court nets and the correct play surface, lights and then sidewalk connectors to what will be the new North Park trail that will be installed next year through an RTP grant."

Sadler said that previous public feedback in favor of the development would include the pickleball community meeting that was held back in October 2022 and that the funding would actually take place in 2025.

"So we're asking that you authorize the potential for funding to be set aside for 2025 development," Sadler said.

The council closed the public hearing then later in the meeting, discussed the funding for a second time, approving a resolution stating intent to seek federal funding through the submission of the application to the Missouri Department of Natural Resources, Land and Water Conservation Fund.

Speaking to the council a second time, Sadler said that the project was for three courts and that it was included in the city's master plan. He said the initial cost estimates currently are around \$299,000 with a 50 percent match required from the city.

The resolution passed unanimously.

## GREENWOOD

Continued from Page A1

Truman State University President Sue Thomas opened the ceremony, detailing the protracted process surrounding the development of the center, which began in 2015 with the proposed conversion of a former elementary school into a new autism center. Also speaking as a representative of Truman State was the Chair of the Board of Governors, Cheryl Cozette.

State Senator Cindy O'Laughlin and Sara Graff, the Director of Special Projects for congressman Sam

Graves and former district director for Senator Roy Blunt, spoke as well. They were among many officials at the local, state or federal level who helped get the development of the center off the ground.

The Greenwood Interprofessional Autism Center will begin seeing clients later in the fall, but prospective clients can apply at [greenwood.truman.edu/services](http://greenwood.truman.edu/services) or email [greenwood-intake@truman.edu](mailto:greenwood-intake@truman.edu).

Once officially up and running, the center will be able to provide a variety of services for the members of the autism community from throughout the region, providing a more local source for these services.

**SUDOKU**

**Here's How It Works:** Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

**HERMAN**

"If women change after marriage, I'm in luck! My fiancée can't cook and argues every five minutes."

**ASTROGRAPH BY EUGENIA LAST**

Stop hesitating; make things happen. If you believe in yourself, you can control the outcome of anything you engage in and let your skills, experience and discipline kick in and run the show. The opportunities are present, and you can bring about change if you are willing to put in the time. Don't sit on the sideline dreaming when progress is within reach.

**SCORPIO (Oct. 24-Nov. 22)** -- Don't take on what doesn't belong to you. Concentrate on your goal, and you'll make headway. Let go of your inhibitions and pursue what excites you. Don't procrastinate.

**SAGITTARIUS (Nov. 23-Dec. 21)** -- Pay attention to what others say and do, and be wary of false claims. Getting an honest account of what's possible will help you deter any interference. Don't let anyone take advantage of you.

**CAPRICORN (Dec. 22-Jan. 19)** -- Take the initiative. Letting someone take care of your affairs will end up costing you. Adjust your lifestyle to cater to your needs and budget. Speak from the heart.

**AQUARIUS (Jan. 20-Feb. 19)** -- Stop and consider your options. Don't let anyone make decisions for you. Resist temptation. Refuse to be lured down the wrong path. Watch your words before you say something you'll regret.

**PISCES (Feb. 20-March 20)** -- Follow your intuition and embrace change. Don't hesitate when life is calling to you. Execute your plans, reveal a new look and experience love and romance. Get out there and prioritize new things.

**ARIES (March 21-April 19)** -- Take nothing for granted. Hold your cards close to your chest

and be ready to go the distance. Speed will come in handy, but endurance will be necessary to make your mark.

**TAURUS (April 20-May 20)** -- Claim what's yours and keep marching. You will achieve happiness if you are diligent. Don't downplay your creativity or fear being different. Romance is favored.

**GEMINI (May 21-June 20)** -- Bide your time, work behind the scenes and be thorough. The prep work you do will not be in vain. Research will lead to something that helps you claim victory when the time is right.

**CANCER (June 21-July 22)** -- You're in the driver's seat; don't hesitate to go after what you want. Use your imagination, be forceful in your demands and have a solid plan in place. Networking and negotiations are favored.

**LEO (July 23-Aug. 22)** -- Take a moment and evaluate your situation. Be observant of how others react to changes, and think about how you can use what's happening to your advantage. Don't lollygag when action is needed.

**VIRGO (Aug. 23-Sept. 23)** -- Pay attention to how you present yourself to the world. An update or change will build the confidence you require to reach your objective. Opportunity is present. Follow your instincts.

**LIBRA (Sept. 23-Oct. 23)** -- Listen carefully to gain insight into what others want from you. Consider what you can do without jeopardizing your position or reputation. Refuse to let anyone take advantage of you.

**Section 1.** A non-exclusive franchise, right, permission and authority is hereby granted to, and renewed and vested in, its successors and assigns, hereinafter called "Cooperative" to construct, reconstruct, excavate for, place, maintain, operate, and use all equipment, facilities, devices, materials, apparatuses or media including but not limited to ducts, lines, pipes, hoses, cables, culverts, tubes, poles, towers, wires, conduits, conductors, manholes, transformers underground vaults, switchgear, capacitors, receivers, and transmitters, with all necessary or appropriate appurtenances and appliances in connection therewith, in, along, across, over and under the City property and rights of way and other public places within the corporate limits of the City of Kirksville, Missouri, hereinafter called "City", as now fixed and as hereafter extended, and areas dedicated to the City for public utility use, for the purpose of furnishing and distributing electricity and other services within said City and in territory adjacent to said City, and for the purpose of transmitting electricity through said City; all such equipment, appliances and apparatus to be installed and maintained with due regard to and the rightful use by other persons, with vehicles or otherwise, of the City property and rights of way and other public places, and areas dedicated to the City for public utility use, and Cooperative's exercise of the rights, permission and authority hereby granted shall at all times be subject to regulation by the City in the exercise of its police powers.

**Section 2.** All facilities of Cooperative in said City shall be installed and maintained in accordance with the applicable rules and regulations of the National Electric Safety Code. **Section 6.** This Ordinance and Franchise, upon its enactment and its acceptance by Cooperative, as hereinbefore provided, shall continue and remain in full force and effect for a period of twenty (20) years from the filing of the Cooperative's acceptance.

**Section 7.** The City acknowledges that Cooperative is vested in rights, permissions and authority independent of this Ordinance. Neither acceptance of this Ordinance nor compliance with its provisions shall impair in any way or waive any right, permission, or authority which Cooperative may have independent of this Ordinance. In addition, neither use by Cooperative of public property or places as authorized by this Ordinance nor service rendered by Cooperative in said City shall be treated as use solely of the rights, permission and authority provided for by this Ordinance and in no way shall indicate non-use of any right, permission or authority vested in the Cooperative independent of this Ordinance. In the event the City vacates any City property, rights of way or other public places during the term of this Ordinance, City agrees to use reasonable efforts to reserve unto Cooperative the rights, privileges and authority herein given and granted to the Cooperative in upon, along, over and across each and all of such vacated premises which are at the time in use by the Cooperative.

**Section 9.** Subject to the requirements of Mo. Rev. Stat. § 67.1830 thru § 67.1846, this Ordinance shall not relieve Cooperative of the obligation to comply with Chapter 32 Article III. - Rights-of-Way Management of the Kirksville Municipal Code of Ordinances of the City including Section 32-74 Technical specification for utility work in city rights-of-way or as amended in the future requiring Cooperative to obtain written permits or other approval from the City prior to commencement of construction of facilities within the rights of way thereof, except Cooperative shall not be required to obtain permits or other approval from the City for the maintenance and repair of its facilities, which do not require excavation.

**Section 10.** If any provision of this Ordinance, or the application of such provision to particular circumstances, shall be held invalid, the remainder of this Ordinance, or the application of such provision to circumstances other than those as to which it is held invalid, shall not be affected thereby.

**Section 11.** If, at any time, during the term of this Ordinance, City grants or renews a franchise to another entity or person for the purposes of transmitting, furnishing and distributing electricity for light, heat, power or similar services, and Cooperative reasonably believes the other entity or person is granted more favorable treatment, terms, or conditions, then Cooperative shall notify City of such treatment, terms, or conditions. Upon receipt of such notice, City and Cooperative shall negotiate in good faith to amend this Ordinance to provide Cooperative such treatment, terms or conditions on an equivalent basis. Such amendment shall take into consideration all circumstances that distinguish between Cooperative and entity or person receiving the more favorable treatment, terms, or conditions.

**Section 12.** Except as provided in Mo. Rev. Stat. § 67.1830 thru § 67.1846, the Cooperative shall be exempt from any special tax, assessment, license, rental or other charge during the term of this Ordinance, on all poles, conductors, wires, cables, conduits, equipment and other apparatus placed in the City property and rights of way or other public places within the City under this Franchise Agreement. However, the Cooperative shall pay to said City on or before the 15th day of each month of each year that this franchise remains in effect, an amount equal to five percent (5%) its gross receipts, as herein defined, from sales of electricity delivered by it within the corporate limits of the City for the preceding month, in lieu of payment due pursuant to Sec. 12-226. - Fees levied.

All payments made hereunder will be reduced by the total payments made by Cooperative for the applicable periods of time or portions thereof on account of any tax levied or imposed by said City upon the business of selling electricity or upon the proceeds of sales of electricity or upon the right or privilege or engaging in such business within said corporate limits, whether said tax be designated as an occupation tax, license tax, or a gross receipts tax or otherwise; but not including a sales tax levied or imposed pursuant to the City Sales Tax Act.

With each franchise payment hereunder, Cooperative shall file with the Clerk of said City a sworn statement of the gross receipts for the applicable period and also a sworn statement of all payments made by it for such period on account of any of the taxes enumerated above in this Section. The term "gross receipts" shall mean the aggregate amount of all sales and charges that result from Cooperative's business of supplying electric energy or electricity transmission and distribution service to customers within said City during any period less discounts, credits, refunds, sales taxes, state or county taxes on electricity distribution service, and uncollectible accounts. In the event retail wheeling of unbundled electric energy becomes available in the City (i.e., retail customers are permitted to choose their suppliers of electric energy), then Cooperative and City agree within three (3) months of the availability of retail wheeling ("the Negotiated Period") to revise the definition of gross receipts to be consistent with law and regulation in effect at that time and to eliminate any provision that prevents Cooperative from competing equally with other potential suppliers of electric energy in the City. In the event the Cooperative and City cannot agree upon a revised definition of gross receipts within the Negotiation Period, this Ordinance shall automatically terminate. The Negotiation Period may be extended at any time prior to termination by written agreement between City and Cooperative.

**Section 13.** This bill shall take effect and the rights, privileges and authority hereby granted and renewed shall vest in Cooperative upon its filing of an acceptance with the City Clerk according to the terms prescribed herein. The Ordinance shall not be subject to approval or disapproval of the voters of this City only upon the terms and conditions as provided in Mo. Rev. Stat. § 88.251, unless there is a petition submitted by qualified voters requesting an election. If the City Clerk does not receive within thirty (30) days after the passing of this Ordinance a petition sufficient in form and signed by the requisite number of voters, it shall be a valid and binding franchise of the City upon the filing of an acceptance by the Cooperative according to the terms prescribed herein and shall remain in full force and effect and cannot be repealed or amended.

# Result of doctor visit is a case of confusion

**DEAR ABBY:** I am a man in my 50s. A few months ago, I had a routine doctor's appointment, with a new primary care physician. I intended the appointment to be a complete, regular physical. I don't (thankfully) have any major physical health issues that I know of. But I was always taught it is wise to have periodic physical exams, in case there is a less obvious medical issue, as well as get to know one's doctor.

I went for the physical exam. I was not asked to undress as I have been with all my previous doctors. The doctor seemed nice, but I found it strange that I wasn't examined physically. I find it hard to understand how a doctor could properly examine me without me undressing. The doctor should be used to seeing bodies, and I cannot understand why the doctor or staff were reluctant to ask me to undress.

I found this all very confusing. Perhaps there was some miscommunication? I don't know if this is unusual, temporary or a new normal that I haven't heard about. Next time, should I be more clear about wanting to be examined thoroughly, or should I change doctors? -- *COVERED UP IN VIRGINIA*

**DEAR COVERED UP:** Contact the doctor, explain that in the past you have always had a complete physical which involved you disrobing and ask why it didn't happen during your last visit. If the answer you receive is unsatisfactory, change doctors.

**DEAR ABBY:** My husband and I have been married nine years. We are active in our church. I am very involved with our women's ministry, but my husband has an issue with our leader, "Nedra." Nedra has bad-mouthed

my husband to my face. I went to my pastor with the issue, and I am, basically, waiting on God to fix it.

Our WM team meets multiple times a week, which means I leave my husband home alone for dinner on those nights. (I always make sure he has dinner when I'm not home.) Our meetings can go on for an hour and a half to two hours, and my husband is always upset when I get home from them.

I don't know what to do. He's not upset that I'm going to the meetings; he's upset at how long they last. Nedra doesn't like him, and he doesn't like her, especially since he knows what she said about him. I feel stuck in the middle. What do I do? -- *LADY OF FAITH IN TEXAS*

**DEAR LADY:** If these meetings occur more than twice a week, your husband may have a point. Whether he and Nedra like each other is beside the point, unless what he resents is that you are with that "witch." He may feel it encroaches on time you should be spending together. It's time you and your husband have a calm discussion about the frequency and length of those meetings so an acceptable compromise can be reached. Start now.

### Recurring Theme

It's happened again. On Oct. 15, as an EasyJet flight prepared to travel from the Spanish island of Tenerife to London after a three-hour delay, the pilot announced that the flight would depart in about 20 minutes. "And that's when the incident happened with the defecation," said passenger Aaran Gedhu, according to CNN Travel. Gedhu saw two people visit the forward restroom before an unpleasant odor permeated the cabin and word spread that someone had pooped on the bathroom floor. "Obviously, the plane was in an unsanitary state. So they had to get external cleaners out from the airport to clean it," Gedhu said. After the cleaning was complete, the pilot announced that passengers would have to disembark -- which took another 30 minutes. Another passenger, Kitty Streek, said: "We obviously can't prove whether the person simply had an accident or if they had done this out of anger for the delayed flight ... but nobody wants to be stranded in another country." And yet, they were: Gedhu was lodged in a hotel overnight before taking a "rescue" flight the next day.

### If It Ain't Broke ...?

A restaurant in Tokyo, Abe-chan, recently revealed the secret behind its popular pork skewers, Oddity Central reported. The skewers are dipped in a sauce jar that hasn't been cleaned in more than 60 years and is covered on the outside with a hardened goo. Each day, cooks pour new

sauce over the previous day's sauce, as they have throughout three generations of owners -- a practice they say contributes to its rich flavor. Experts said as long as the concoction is heated, there shouldn't be any bacterial growth.

### That Bugs Me!

As Volaris flight 221 prepared to leave Guadalajara International Airport on Oct. 6, passengers and crew were delayed by an infestation of mosquitoes in the cabin, ABC7-TV reported. The flight was headed to Mexico City, and crew members and passengers tried for two hours to eradicate the pests, swatting them and spraying bug repellent. Finally, passenger Elizabeth Corona said, the insects settled down when the cabin lights were turned off.

Fox News reported on Oct. 17 that Rowan Sturgill of Lexington, Kentucky, has documented her mother, Beth's, obsession with Diet Coke on TikTok: "This isn't even half of it, I'm not kidding," Rowan captioned her video. Beth's decor includes a soap dispenser labeled with Diet Coke and a wall full of images related to the no-calorie drink. Her Christmas ornaments are dominated by the soda, and an entire wall of her home is dedicated to a shrine of sorts comprised of bottles and cans of various sizes and shapes. # Truman starts strong in 31-10 homecoming win over William Jewell

By Adam Tumino

The Truman State football team celebrated homecoming on Saturday by getting a bounce back win over William Jewell after suffering their first loss of the season the week before. The Bulldogs jumped out to a 21-0 lead in the first quarter, thanks to a pair of turnovers, and held on from there to win 31-10.

The Bulldogs are now 7-1 on the season and 3-1 in conference play. With the win, they climbed from 25th to 21st in the AFCA Coaches Poll. William Jewell dropped to 2-5 overall and 1-3 in conference play with the loss.

Truman head coach Gregg Nesbitt said he was pleased with the effort, especially defensively, although the offense did not take advantage of opportunities to make the score in more lopsided in their favor.

"A good, solid win," Nesbitt said. "We'll look at the videotape, but I thought the defense, in the second half but in the third quarter in particular, they really stifled Jewell. Offensively we moved the ball, but we couldn't find a way to punch it in really. Capitalized on short fields to get to 21, and then we kind of sat there the rest of the game."

The first short field for the Bulldogs came almost immediately. After winning the coin toss and deferring to the second half, Truman defensive back Ben Thomas intercepted a pass from William Jewell quarterback Taylor Eggers on the first play of the game.

Truman took over at William Jewell's 21-yard line and three plays later, quarterback Nolan Hair found Parker Erickson for a two-yard touchdown pass just 95 seconds into the game.

The Bulldog defense forced a three-and-out on the ensuing Jewell drive, and after the punt, Truman had to mount a little bit of a longer drive. Still, the Bulldogs marched 62

yards on 13 plays, the last of which was a six-yard touchdown pass from Hair to Tate Crane.

The Bulldogs got the ball back right away, with Thomas Spaulding forcing a fumble on the ensuing kickoff which was recovered for Truman by Kendall Hutchison at the 26-yard line. After a 12-yard run from Denim Cook, Spaulding scored on a 14-yard touchdown run, capping off the drive he started.

Truman had more chances to extend the lead and put the game fully out of reach, but a turnover on downs on their next drive was followed by a William Jewell field goal. The Bulldogs responded with a lengthy drive, but had it stall out four yards shy of the endzone. A Grant Ross field goal from there gave Truman a 24-3 lead with 6:58 left in the second quarter.

Nearly all of that time was eaten by the Cardinals in their next drive, which went 65 yards on 12 plays and left just 26 seconds on

the clock for the first half. Eggers ended the drive with a nine-yard touchdown pass to Keandre McCullough to cut the Bulldog lead to 24-10. That 65-yard drive was the longest by far for the Cardinals, who averaged just 18.5 yards on their other eight possessions in the game.

Truman gained 181 yards on offense in the second half after gaining 225 in the first half. They punted on three of their five possessions, scoring a touchdown on one and running out the clock to end the game on the final drive.

The touchdown drive spanned the third and fourth quarters, seeing the Bulldogs go 80 yards on eight plays. It ended with a 45-yard touchdown catch and run from Hair to Mason Huskey, finding the endzone once again after being held out for the first time this season in the previous game.

Despite the several stalled out drives throughout the game, the Truman offense outperformed William Jew-

ell in every category. The Bulldogs had nearly twice as many rushing yards (158) as the Cardinals (80). Hair threw for 248 yards while Eggers threw for 133.

Saturday's win was a resurgent performance for Hair, who had three turnovers against Indianapolis in the Bulldogs' previous game. He completed 25-of-36 passes, a completion percentage of 69.4%, for 248 yards and three touchdowns while not turning the ball over.

"It was a really good bounce back for him," Nesbitt said. "He played with a lot of confidence and did a nice job."

Part of Hair's confidence can be attributed to the fact that the seemingly the entire roster was eager to catch a pass from him. His 25 completions went to 11 different players, with seven of them having two or more catches.

Nesbitt said that all of the team's potential pass catchers put in work throughout the offseason to build up

a relationship with their quarterback, which seems to be paying off so far.

"They've earned that by the way they prepared all summer with Nolan, with chemistry," he said. "A lot of the routes were won in the summer on this field when nobody was around, so just getting our chemistry and timing down. They are tremendously reliable."

Crane and Chris Kerr led the team with four catches each, for 37 and 39 yards respectively. Crane's touchdown gave him a new career high with four on the season. He also has career highs this year with 37 catches, one more than last season, and 476 yards, 85 more than last season. He ranks third in the conference in receptions and fourth in receiving yards.

Huskey and Spaulding each had three catches while Zach Zerwig Noah Copeland, Zach Valentine and Erickson each had two. Cook, Jack Butchko and Tim Johnson Jr. each had one catch.

Huskey led the team with 54 rushing yards and 12 carries. Cook had nine carries for 34 yards and Hair finished third on the team with 29 rushing yards.

Defensively, the Bulldogs had seven players combine to record six tackles for loss. Ulysses Ross and Jacob Carmack led the team with six total tackles each.

After playing three-straight games at home, Truman will be on the road this week for a matchup with Southwest Baptist. The Bearcats are currently in last place in the GLVC with a 2-6 overall record and 1-3 conference record. They are coming off a 35-13 road loss to Upper Iowa.

Truman's run defense, which ranks second in the GLVC with 92.4 rushing yards allowed per game, will look to slow down Southwest Baptist back Abel Carter. He ranks second in the GLVC with 80.9 rushing yards per game.

The game will kick off at 1 p.m. from Plaster Stadium in Bolivar.

# Kirksville wraps up regular season with 35-20 loss to Capital City

By Adam Tumino

The 2023 regular season came to an end for the Kirksville football team on Friday night with a 35-20 loss to Capital City. The Tigers wrap the regular season with a 4-5 record after winning two of their final three games and three of their final five after a 1-3 start. Capital City improved to 6-3 with the win.

Several big plays from the Cavaliers hurt the Tigers in the game, but head coach Kevin Krietemeyer said he was proud of the team's effort throughout the game.

"We are talking about five plays," he said. "They never moved us. You watch them on film, they're moving guys off the line of scrimmage. I thought our guys did a great job on the D-line and defensively."

The first big play from Capital City came after Kirksville punted on the first possession of the game. On the Cavaliers' first play, running back Jaylen Thomas ran for a 48-yard touchdown. Kirksville punted on the ensuing drive and the Tiger defense then forced a turnover-on-downs, giving Kirksville another chance to even the score.

And even the score they did. Cole Kelly capped off a 47-yard drive by pushing through and dragging defenders for an 11-yard touchdown run, helped out by a push from several teammates.

The score was not tied for long, though, as Capital City running back Phillip Richardson ran for a 63-yard touchdown on the ensuing drive to put the Cavaliers back up by seven in the first quarter. They also got the scoring started in the

second quarter, with a 34-yard pass play followed soon after by a 28-yard touchdown run from quarterback Evan Schaffer.

The Capital City lead grew from 21-7 to 27-7 on the Cavaliers' next drive, in which a 33-yard run from Thomas set up his own six-yard touchdown run. The extra point was blocked by Kirksville's Carter Pinkerton, who had another big play later on to give the Tigers a chance to draw closer before the half.

But after that Capital City touchdown, a Kirksville fumble gave the Cavaliers two minutes to go up by four scores at the half. Instead, Pinkerton intercepted a pass on the first play of the drive. Instead of potentially being down by 27 or 28 points, the Tigers were able to drive and score on

a winding touchdown run from running back Jace Kent on a screen pass from quarterback Ryder Lyons. Kirksville entered halftime down 27-14.

The Kirksville defense forced another turnover on Capital City's first drive of the third quarter when linebacker Sean Payton recovered a fumble. After getting backed up a bit on the drive, Lyons made a nice throw to receiver Malik Rodriguez for a 39-yard touchdown. The extra point was blocked, but Kirksville was within a touchdown at 27-20.

The momentum was immediately flipped back in Capital City's favor, however, when Thomas ran for a 69-yard touchdown on the first play of the ensuing drive. This put the Cavaliers up 35-20 with 9:32 left in the third

quarter, and neither team would score again. Capital City ate up most of the remaining time in the third quarter with a lengthy drive that eventually ended with a turnover-on-downs.

Kirksville responded by driving into Capital City territory, but consecutive sacks saw the Tigers moving backward. This drive also ended on a turnover-on-downs. The Kirksville defense then forced a punt, but an interception after that ended any Kirksville comeback chance.

Krietemeyer said that the offense played well at times, but the level of execution still needs to improve a bit going forward. He also said that the pivotal third-quarter touchdown from the Cavaliers after Kirksville cut the score to 27-20 was hard to overcome.

"We've got to be better offensively, got to execute a little more," he said. "O-line and D-line played great. Like I said, it's five

friggin plays. That's unfortunate because we cut it to a one-score game and next thing you know it's a 60-yard touchdown."

Friday's game was the final home game of the regular season for the Tigers, but Spainhower Field has not seen its final action of the season. Kirksville will host Excelsior Springs this Friday for a district quarterfinal matchup at 7 p.m.

Excelsior Springs is 1-8 on the season and just won its first game of the season in its regular season finale, beating Ruskin 25-22 on the road. They are averaging just 13.6 points per game on offense while allowing 39.3 points per game. Kirksville is averaging 21.1 points per game and allowing 29.2.

The winner of the game on Oct. 27 will move on to play Smithville in the district semis on Nov. 3. The Warriors are 8-1, averaging 35.6 points per game and allowing 14.1. They have won districts each of the last three years and won state in 2021.

### Just Google It

We live in a digital age where answers and information are always just a few clicks or taps away. If you want to attract customers and grow your business in 2023, having an internet presence is practically required. At a minimum, you want to make sure that information about your business is easily accessible to your prospective customers. Here are some ways you can increase or improve your web presence today for free!

Set up a free google business profile – This can be done in as little as 5-10 minutes and allows you to manage the profile that Google displays for your business. Keeping your business profile up to date can help make a great first impression and optimize the exposure that you are getting from google for free. At a minimum, make sure your address, hours, and contact information are up to date so customers know when, where, and how to visit or connect with your business. To set up your google business profile, go to <https://www.google.com/business/>

Build a social media following – People are already using social media constantly which is why it's such a great tool to utilize for marketing your business. In fact, many businesses have chosen to use social media in place of a traditional website. This is no surprise when you consider that in addition to providing free analytics about your audience, some social media platforms are offering paid advertising and e-commerce options as well. To make the most of your social media marketing, be sure that you post regularly and keep your audience engaged. Posting every day is great, making your social media strategy sustainable for you is most important. Find what works for your business and stick with it.

These are just two examples of free resources that you can use to reach your customers online!
