Special Cow Bred Heifer, & Breeding Bull Sale

Wednesday, December 18, 2024
Special Calf & Yearling Sale

Compared to the last regular sale two weeks ago, Tuesday's yearlings traded mostly 10.00 to 15.00 higher. Friday's calf market started off hot and only got better, with most sales trending either side of 20.00 higher, and several spots of light calves seeing an even more dramatic increase. These holiday sales are known for reputation consignments year after year and while numbers were down, quality was outstanding. Most of the offering was sourced from local well-known producers and backgrounders, with steers greatly outnumbering heifers as most local strings of heifers moved earlier this fall. Heifer retention doesn't seem to be much of a factor currently, although a couple very attractive groups of heifers specifically sorted off for breeding did find a ride back to the farm, both ringing the bell right at 1900.00 per head. Supply moderate, demand moderate to good. Supply included: 100% Feeder Cattle (67% Steers, 32% Heifers, 1% Bulls). Feeder cattle supply over 600 lbs was 58%.
