**HOROSCOPE**

**WEEK OF JANUARY 26 TO FEBRUARY 1, 2025**

**ARIES**  
You may be offered a big promotion at work. Before making a decision, however, you should talk to your partner and loved ones to prevent any misunderstandings.

**TAURUS**  
The winter blues are starting to get you down. This may prompt you to seriously consider planning a sunny vacation. Just thinking about it fills you with joy and enthusiasm!

**GEMINI**  
Your senses will be on high alert, and your emotions could play tricks on you. You'll untangle the threads of a scandalous affair, be it in your workplace or within your family circle. The chaos will soon fade away.

**CANCER**  
Get ready to sharpen your negotiation skills, whether at work or in your personal life. You've got what it takes to secure solid agreements that will pave the way for career success.

**LEO**  
You'll be in the spotlight this week, which will make you happy. You may also be rewarded. A celebration for your career advancement could be on the horizon.

**VIRGO**  
If you're not feeling your best physically, take it easy. Every hour of rest will work wonders, giving you the energy boost you need to accomplish amazing things.

**LIBRA**  
After the festivities, your home may still be a bit of a mess. You'll be in a hurry to put everything back in order. This is the perfect opportunity to declutter and refresh your space to help you feel lighter and more energized.

**SCORPIO**  
You'll speak freely, saying aloud what others keep to themselves. You may even write a poem or a powerful phrase that earns you global recognition.

**SAGITTARIUS**  
Your finances will be top of mind this week. A small mistake like receiving a bill in the wrong name could create some worry. However, once the mix-up has been resolved, you'll feel much more at ease.

**CAPRICORN**  
Adventure awaits! Those around you will be eager to include you in all sorts of activities, pulling you out of your slump. You'll be encouraged to join group training, at least with your close friends by your side.

**AQUARIUS**  
You'll need a second cup of coffee to clear your head and stop procrastinating. Boosting your efficiency will be the key to completing new projects and reaching your goals.

**PISCES**  
It's not always easy to find your way in a crowd. At work, juggling the demands of your boss, customers and colleagues may feel like an uphill battle.
