■ ADRC SERVICES

• DEMENTIA CARE SPECIALIST

715-258-6400

Provides support to individuals with dementia and their caregivers to ensure the highest quality of life possible while living at home.

See *Alzheimer's Disease, Dementia Services*

• DISABILITY BENEFIT SPECIALIST

715-258-6400

A Disability Benefit Specialist (DBS) is trained to counsel people ages 18-59 with physical disabilities, developmental disabilities, and/or mental illness and substance abuse issues about private or public benefits. DBSs are experts at helping people with extensive paperwork that is often required in benefit programs. Disability Benefit Specialists are continually trained by Disability Rights Wisconsin attorneys knowledgeable in disability benefits and who work closely with other state and local professionals. Disability Benefit Specialists help answer questions and solve problems related to Social Security, Medicare, health insurance and other public and private benefits for people with disabilities. Services may include assistance with application and appeals procedures. Services are free and confidential.

See *Benefit Assistance*

• ELDER BENEFIT SPECIALIST PROGRAM

715-258-6400

An Elder benefit specialist is a person trained to help persons, age 60 or older, who are having a problem with their private or government benefits. They receive ongoing training and are monitored by attorneys knowledgeable in elder law. The attorneys are also available to assist older persons in need of legal representation on benefit matters. & Disability Resource Center:

ABUSE

ELDER ADULT/ADULT-AT-RISK

■ WHAT IS AN ELDER ADULT/ADULT-AT-RISK?

Any adult (18-59) who has a physical or mental condition that substantially impairs his or her ability to care for his or her needs – or elder adult (age 60 and older) and who has experienced, is currently experiencing, or is at risk of experiencing abuse, neglect, self-neglect, or financial exploitation as defined below:

Physical/Sexual Abuse is the intentional or reckless infliction of physical pain or injury, illness, or any impairment of physical condition. It includes, but is not limited to beating, choking, burning, inappropriate medication, tying, locking a person up and a violation of criminal assault law.

Financial Exploitation is the misuse of an elder adult/adult-at-risk's money or property. It includes deception, diverting income, mismanagement of funds, taking money or possessions against a person's will, failure of a fiscal agent to fulfill his or her responsibilities, identity theft and financial transaction card crimes.

Neglect occurs when a caregiver's failure to provide adequate food, shelter, clothing, medical or dental care results in significant danger to the physical or mental health of an elder adult/adult-at-risk person in their care.

Self-Neglect occurs when there is significant danger to an individual's physical or mental health because the individual is responsible for his or her own care but fails to obtain adequate care, including food, shelter, clothing, or medical or dental care.

■ WARNING SIGNS OF ELDER ADULT/ADULTS-AT-RISK ABUSE:

- Sudden changes in behavior or finances
- Physical injuries, dehydration or malnourishment
- Extreme withdrawal, depression or anxiety
- Absence of basic care or necessities
- Kept away from others
- Unsanitary living conditions
- Personal items missing

■ SPEAK UP FOR ELDERS/ADULTS-AT-RISK!

How to report suspected abuse regarding an elder adult/adult-at-risk:

Waupaca County Adult Protective Services

■ AGING & DISABILITY RESOURCE CENTER

715-258-6400 • www.co.waupaca.wi.us

Aging and Disability Resource Centers (ADRCs) are the first place to go to get accurate, unbiased information on all aspects of life related to aging or living with a disability. ADRCs are friendly, welcoming places where anyone -- individuals, concerned families or friends, or professionals working with issues related to aging or disabilities -- can go for information specifically tailored to their situation. The ADRC provides information on a broad range of programs and services, helps people understand the various long term care options available to them, helps people apply for programs and benefits, and serves as the access point for publicly-funded long term care. These services can be provided at the ADRC, via telephone, or through a home visit, whichever is more convenient to the individual seeking help. The following services are available through the Aging

Almost Home Again

Almost Home Again is just down the road from Phoenix House, and is where clients work on creating and following a daily program consistently.

Community House

Once a daily program is followed consistently, clients have the choice to move to Community House, where they fine-tune independent living and life skills.

About Us

Our goal will always be to get our clients healthy and to get them back home, wherever that may be.

We never want to keep a client for any longer than we absolutely have to. We want to teach our clients how to live with a mental illness and how to stand on their own two feet. Our clients are just like everyone else. They want to lead “normal” lives. They want to have jobs. They want to have positive relationships with their families. They want to be able to go grocery shopping without feeling a debilitating sense of anxiety. If you saw one of our clients walking down the street, your first thought would never be, “That guy looks like he has a mental illness.” We encourage anyone who doesn’t understand what it means to be mentally ill to give us a call. Come see us and let us introduce you to the staff and walk the facilities. Nothing makes us happier to meet a skeptic who can walk away as a supporter (which happens more often than you may think).

Alzheimer's Association Safe Return® is a nationwide identification, support and enrollment program that provides assistance when a person with Alzheimer's or a related dementia wanders and becomes lost locally or far from home. Assistance is available 24 hours a day, 365 days a year. If an enrollee is missing, one call immediately activates a community support network to help reunite the lost person with his or her caregiver. Safe Return faxes the enrolled person's information and photo, if provided, to local law enforcement. When the person is found, a citizen or law official calls the 800 number on the identification

products and Safe Return notifies listed contacts. The nearest Alzheimer's Association office provides information and support during the search and rescue efforts.

How we can help
1) Match you with a free, personal senior living advisor in your community.
Your advisor lives locally and works closely with senior living options in your community. They will serve as your personal assistant throughout your search.
2) Provide you with a personalized list from thousands of senior living options
Your advisor will work with you to identify the best options that match your preferences, level of care, budget. You'll be able to customize your list, view pricing, availability, and photos on our online portal.
And, your advisor will keep you up-to-date on the latest community safety protocols and status.
3) Schedule tours - When you've selected your top options, your advisor can schedule tours or meetings and provide tips on what questions to ask or consider, including virtual options. We can also connect you with resources to make this transition as smooth as possible.

HOW TO CHOOSE THE RIGHT ASSISTED LIVING FACILITY

■ WHAT IS ASSISTED LIVING?

Assisted living facilities offer housing alternatives for older adults who may need help with dressing, bathing, eating, and toileting, but do not require the intensive medical and nursing care provided in nursing homes.

Assisted living facilities may be part of a retirement community, nursing home, senior-housing complex, or may stand-alone. Licensing requirements for assisted living facilities vary by state and can be known by as many as 26 different names including: residential care, board and care, congregate care, and personal care.

■ WHAT SERVICES ARE PROVIDED?

Residents of assisted living facilities usually have their own units or apartment. In addition to having a support staff and providing meals, most assisted living facilities also offer at least some of the following services:

- Health care management and monitoring
- Help with activities of daily living such as bathing, dressing, and eating
- Housekeeping and laundry
- Medication reminders and/or help with medications
- Recreational activities
- Security
- Transportation

■ HOW TO CHOOSE A FACILITY?

A good match between a facility and a resident's needs depends as much on the philosophy and services of the assisted living facility as it does on the quality of care.

The following suggestions can help you get started in your search for a safe, comfortable and appropriate assisted living facility:

- Think ahead. What will the resident's future needs be and how will the facility meet those needs?
- Is the facility close to family and friends? Are there any shopping centers or other businesses nearby (within walking distance)?
- Do admission and retention policies exclude people with severe cognitive impairments or severe physical disabilities?
- Does the facility provide a written statement of the philosophy of care?
- Visit each facility more than once, sometimes unannounced.
- Visit at meal times, sample the food, and observe the quality of mealtime and the service.
- Observe interactions among residents and staff.

- Check to see if the facility offers social, recreational, and spiritual activities?

- Talk to residents.
- Learn what types of training staff receive and how frequently they receive training.
- Review state licensing reports.

■ THE FOLLOWING STEPS SHOULD ALSO BE CONSIDERED:

- Contact your state's long-term care ombudsman to see if any complaints have recently been filed against the assisted living facility you are interested in. In many states, the ombudsman checks on conditions at assisted living units as well as nursing homes.

- Contact the local Better Business Bureau to see if that agency has received any complaints about the assisted living facility.

- If the assisted living facility is connected to a nursing home, ask for information about it, too. (Information on nursing homes can be found on the Medicare website at <http://www.medicare.gov/nhcompare/home.asp>).

■ WHAT IS THE COST FOR ASSISTED LIVING?

Although assisted living costs less than nursing home care, it is still fairly expensive. Depending on the kind of assisted living facility and type of services an older person chooses, the price costs can range from less than \$10,000 a year to more than \$50,000 a year. Across the U.S., monthly rates average \$1,800 per month.

Because there can be extra fees for additional services, it is very important for older persons to find out what is included in the basic rate and how much other services will cost.

Primarily, older persons or their families pay the cost of assisted living. Some health and long-term care insurance policies may cover some of the costs associated with assisted living. In addition, some residences have their own financial assistance programs.

The federal Medicare program does not cover the costs of assisted living facilities or the care they provide. In some states, Medicaid may pay for the service component of assisted living. Medicaid is the joint federal and state program that helps older people and those with disabilities pay for health care when they are not able to afford the expenses themselves.

GPS Trackers for elders who wander:

Suggestions if you have a loved one who wanders:

- Door chimes is a quick solution, or put a lock up higher so if they are in the home together the lock is out of reach or in a place that he/she won't necessarily think to look.
- The Alzheimer's Association is a good resource period because they can help with several different things.
 - a) A medical bracelet with her name, his contact information and a statement of her diagnosis so if he/she does wander off if someone sees him/her they at least know who she is.
 - b) Make sure an updated photo is handy so if he/she should go missing and a Silver Alert is needed that will be handy.
 - c) Put a big STOP Sign picture on the doors as that may trigger him/her to not go out the door.

HOUSING WITH SUPPORTIVE SERVICES: OPTIONS FOR OLDER PEOPLE

The following describes the various options available to older people who need supportive services in their place of residence. Choice of a suitable alternative depends on a number of factors, including lifestyle preferences, the level of support needed, cost, and the options available in a particular community. Some of the options are subject to specific government regulation, while others are not.

■ IN HOME CARE

Care services can be provided to older people in their own home or apartment. Homemaker, chore services, home delivered meals, home health care, attendant care, and transportation are some of the services that make it possible for people with long term care needs to remain in their homes. These can be arranged through public social service agencies, purchased from private agencies, or provided by family and friends. While most services are unregulated, home health agencies are licensed by the state and services arranged under the Community Options and Medicaid waivers are monitored by a case manager.

■ SENIOR HOUSING/INDEPENDENT LIVING APARTMENTS

Senior housing is multi-unit rental housing that is specially designed for and marketed to elder tenants. Most offer studio and/or one bedroom apartments and some have a recreation room or other common space for social gatherings. There may be a manager available to make referrals, organize events, or assist with independent living. Tenants may individually arrange for supportive services from outside providers, as with any in-home care. No license or special regulation is required for the facility.

■ RESIDENTIAL CARE APARTMENT COMPLEX (RCAC)

RCACs combine apartment housing with supportive, personal and nursing services. Residents have their own apartments, including full bath and kitchen facilities, and retain control over their personal space, care decisions and daily routines. Services are individually tailored to each resident's capacities and preferences and are adjusted as necessary to avoid requiring people to move when their condition deteriorates with age. Facilities may provide up to 28 hours of service per resident per week. RCACs are either registered or certified. Certified facilities will be monitored by the state and eligible to receive Medical Assistance waiver funding, registered facilities will not.

■ ADULT FAMILY HOME

An adult family home is a residence where one to four unrelated adults live and receive meals, supervision, and personal care. Many adult family homes, especially those with only one or two paying residents, are private homes where elder or people with disabilities live with a foster family. Others are staffed homes. Adult family homes caring for one or two unrelated adults are certified by the county; homes caring for three or four residents are licensed and regulated by the state.

■ COMMUNITY BASED RESIDENTIAL FACILITY (CBRFS)

Community Based Residential Facilities (CBRFS) are staffed group living arrangements that provide room, board, supervision and other supportive services to five or more unrelated adult residents. Typically, residents have either a private or shared sleeping room and share living, dining and bathroom space with other residents of the facility. CBRFS are intended for people who cannot live independently but are neither acutely ill nor need extensive amounts of nursing care. Facilities vary in size from five residents to over 100. Some are houses, others are facilities. Some serve a frail elder population; others serve people with disabilities, people with Alzheimer's disease, or a mixed group of residents. All CBRFS must be licensed by the state.

■ NURSING HOME

A nursing home is a health care facility which provides room, board, and 24 hour a day care. Residents may be admitted for short-term respite or recuperative stays or for long-term care for chronic conditions. Nursing homes are licensed by the state. Most are also certified for Medicare and Medicaid, which provide public funds to cover the cost of care for eligible residents.

Even if an older family member lives outside of the county or state, the ADRC will help families access the services and partnering agencies needed. The ADRC also publishes quarterly newsletters called The ADRC Connection which is full of local resources.

■ WISCONSIN FAMILY CAREGIVER SUPPORT

www.wisconsinicaregiver.org

Located in every county and tribe in the state, Wisconsin's Family Caregiver Support Programs provide information and assistance to help people better care for their loved ones - and themselves. Whether arranging for services (e.g., respite care, transportation, etc.) or helping families understand their options for care, Family Caregiver Support Programs give caregivers access to the information and services that can help them in the often rewarding - sometimes challenging - role of caregiver. Online training to help caregivers learn new skills to support themselves and loved ones is available and you can register at: <https://wisconsinicaregiver.trualta.com/login>

Many Wisconsin residents live in rental housing. It is important to both tenants and landlords that rules ensure that these rental transactions are conducted fairly. State law provides a legal framework for the relationship between landlords and tenants. Many disputes between landlords and tenants can be avoided if both parties understand their legal rights and responsibilities.

■ DONATED DENTAL SERVICES

With locations statewide.

1-888-338-6852

<https://www.wda.org/wda-foundation/programs#DDS>

The mission of the WDA Foundation's Donated Dental Services (DDS) program is to help bring needed dental care to Wisconsin residents who are unable to afford treatment because of a limited income that is clearly linked to a permanent disability or advanced age (65 and older). This program is by application only. Eligibility is determined based on a completed written application and phone interview by the DDS referral coordinator. Donated Dental Services is unable to provide emergency oral treatment. If you are in pain, please call your dentist or nearest dental clinic. During the interview process, the applicant will be asked questions pertaining to income, expenses and other pertinent factors to determine financial need as well as services required. Receipt of a written application by the DDS program does NOT guarantee treatment. The DDS program receives a substantial number of applications each year and as a charitable program, the availability of volunteer dentists and funding are limited. When a patient is accepted into the program, he/she is put on a waiting list until a participating volunteer dentist becomes available - this can be several months to a year or longer. The number of individuals on the waiting list varies by county. Volunteer dentists decide for themselves to formally accept an individual based on a face-to-face meeting to assess dental needs. The DDS program does not provide lifetime dental care. The dentists do not donate routine cleanings or examinations after the initial treatment plan is complete. All decisions of the DDS program are final.

EAT RIGHT WHEN MONEY IS TIGHT!

Have you ever found yourself choosing between buying groceries and paying for medicine at the end of the month? Or maybe you've found yourself skipping fruits and vegetables and opting for cheaper, less nutritious foods so you have money to pay your utility bill? We believe these are choices no one should have to make. And that's why we'd like to make sure you are familiar with a benefit you may be eligible for called FoodShare. It's a

monthly benefit deposited on a debit-like card, the QUEST Card, to help with buying food. This can free up money for bills, medications and other necessities. It's a completely free benefit to those who are eligible. Eligibility is based on income and certain expenses; many people who are working or receiving Social Security are eligible. Plus, claiming FoodShare benefits helps your local community. The USDA

estimates that for every \$5 spent in FoodShare benefits, about \$9 circulates through local businesses and to our farmers. Claiming benefits you are eligible for is a great way to stretch your grocery budget while supporting your local community! Applying is fast, easy, and confidential. We have a team of FoodShare Outreach Specialists who would be happy to assist you with the process.

Call our FoodShare Helpline toll-free at **1-877-366-3635** or locally at **715-257-4558; 920-644-5448; 608-467-1657** and we can answer any questions you may have and set up a time to help you apply.

Type of income, Expenses and non-financial criteria need to be considered before a house hold can qualify for FoodShare.

Waupaca County Senior Nutrition Program

Providing nutrition services to individuals 60+ years of age.

Our program offers **three** convenient ways to receive a delicious meal along with other nutritional services for older adults.

*You can reach the Nutrition Program by calling **715-942-1900!***

BISTRO SIXTY

EAT AT A LOCAL RESTAURANT! The Bistro Sixty Program is a restaurant dining option for Senior Nutrition Program Participants. Registered participants may request vouchers to be redeemed for a meal at local participating restaurants. As of Fall 2024 the program is working with four partner locations throughout the county; Waupaca, Weyauwega, Fremont, and Manawa. Visit our website for more information on how to register and request vouchers! <https://bit.ly/WaupacaNutrition>

CONGREGATE DINING

EAT TOGETHER! The Congregate Dining Program is a community-based dining option for Senior Nutrition Program Participants. Participants gather with their peers at a dining center to enjoy a nutritious meal and socialize. There are three senior dining centers throughout the county; Waupaca, New London, and Clintonville. Visit our website for more information about hours and how to register to attend! <https://bit.ly/WaupacaNutrition>

HOME-DELIVERED MEALS

EAT AT HOME! Home Delivered Meals is a service for homebound seniors who face challenges getting and preparing food. The program brings a hot, freshly packed meal to your door. A background-checked volunteer will greet you with a smile and provide you with a nutritious meal. To see if you or a loved one qualifies call us at **715-942-1900** to request a meals assessment.

SENIOR FARMER'S MARKET PROGRAM

EAT FRESH FRUITS AND VEGETABLES! State-funded initiative that allows seniors who meet income criteria to receive vouchers that can be used to purchase fresh fruits and vegetables at local farmers markets and farmstands. Applications available annually beginning June 1, quantities are limited. Questions, please call 715-942-1900 .

- ENERGY ASSISTANCE PROGRAM**
715-258-6820 (Call to schedule appointment.)
 644 Hillcrest Dr. Ste 4, Waupaca, WI
 The Energy Assistance Program helps households once each heating season to supplement heating and electric costs. Households with heat and/or electric included in their rent are also eligible if they do not receive rental assistance. Households must complete a simple application and interview and must provide income verification for the three months prior, recent utility bills and social security cards for household members. Energy Services staff may assist with the application. Home visits may be scheduled for persons unable to leave their home to apply due to physical limitation.
- FEMA PROGRAM**
 Individual Assistance can include grants to help pay for temporary housing, home repairs and other disaster-related expenses not covered by insurance or other aid programs. Low-interest disaster loans from the U.S. Small Business Administration (SBA) will also be available to cover residential and business losses not fully compensated by insurance. Grants do not have to be repaid, but loans from the SBA must be repaid. For small businesses only, SBA offers Economic Injury Disaster Loans (EIDL) to help meet working capital needs caused by the disaster.

Call to schedule an appointment.

■ FEEL THE LOVE

Provide comfort in your community
NOMINATE YOUR NEIGHBORS IN NEED!

Lennox' Feel The Love program brings much needed heating and cooling equipment to deserving families across the U.S. and Canada who need a helping hand. Lennox donates the HVAC equipment, participating Lennox dealers donate installation materials and time, and the family that receives the donation pays NOTHING! Nominees are selected to receive donated HVAC equipment based on a range of criteria, including (but not limited to) involvement in their community, military service, or financial hardship. Essentially, if you think someone needs and/or deserves it, send us your nomination and tell us their story. For more details on the Feel The Love program, or to nominate someone you know, visit www.feelthelove.com. The deadline for nominations is August 31.

■ WEATHERIZATION

CAP Services 101 Tower Rd Waupaca, WI 54981

715-258-9575

Eligible households can receive assistance in insulating and tightening up their home in an effort to reduce heating/cooling costs. The program provides services to both homeowners and tenants, and there is no cost to either for services provided. In order to be eligible for this service, homeowners or renters must qualify for and receive Energy Assistance. Once qualified, priority of Weatherization is determined by the State of Wisconsin.

■ WEATHERIZATION - ENERGY CONSERVATION

715-258-6820

www.capservices.org – Click on Weatherization.

To be eligible, homeowners or renters must qualify for and receive Energy Assistance. Priority for weatherization of these homes is determined by the state. Homeowners, whose annual income is at or below 60 percent of Wisconsin State Median Income, receive weatherization services at no cost. Landlords whose tenant's annual income is at or below 60 percent of Wisconsin State Median Income and pay the heating bill also receive this service at no cost to the landlord. If the tenant's heat is included with the rent, there is a nominal 15% fee of the actual cost of the project that is charged to the property owner.

■ WE ENERGIES

Aging and Disability Resource Centers (ADRCs) are the first place to go to get accurate, unbiased information on all aspects of life related to aging or living with a disability. ADRCs are friendly, welcoming places where anyone -- individuals, concerned families or friends, or professionals working with issues related to aging or disabilities -- can go for information specifically tailored to their situation. The ADRC provides information on a broad range of programs and services, helps people understand the various long term care options available to them, helps people apply for programs and benefits, and serves as the access point for publicly-funded long term care. These services can be provided at the ADRC, via telephone, or through a home visit, whichever is more convenient to the individual seeking help.

■ WISCONSIN TELECOMMUNICATIONS RELAY SYSTEM (WTRS)

The WTRS is an important public service available for everyone, including the thousands of people who are deaf, hard-of-hearing, deafblind or speech disabled. The service works by providing a link between text telephone users and conventional telephone users. Callers can access the relay 24 hours a day through either a toll free number or by dialing 711. Operator's process calls by voicing everything the text telephone user types and typing everything they hear from the conventional telephone user.

How do I connect to WTRS?

Dial 7-1-1 from any phone in Wisconsin or the appropriate WTRS toll free number below to connect to the Wisconsin Relay System. Give the operator the area code and number you want to call. During a relay call, the operator will voice everything typed by the TTY user and type everything said by the telephone user.

Aging and Disability Resource Centers (ADRCs) are the first place to go to get accurate, unbiased information on all aspects of life related to aging or living with a disability. ADRCs are friendly welcoming places where anyone -- individuals, concerned families or friends, or professionals working with issues related to aging or disabilities -- can go for information specifically tailored to their situation. The ADRC provides information on a broad range of programs and services, helps people understand the various long term care options available to them, helps people apply for programs and benefits, and serves as the access point for publicly-funded long term care. These services can be provided at the ADRC, via telephone, or through a home visit, whichever is more convenient to the individual seeking help.

■ ADVANCED WOUND CARE MOBILE WOUND CARE SERVICES

Finally, wound care that comes to you! Offering wound care management, debridement, specialized dressings, UltraMIST, Negative Pressure Wound Therapy (Wound Vac), and more - our wound care specialists bring cutting-edge solutions directly to your doorstep. This specialized focus allows for a more targeted and effective approach to wound healing, particularly for patients with complex cases, like diabetic foot ulcers or bed sores, that may require advanced interventions beyond the scope of traditional home health care.

■ CAP SERVICES REHAB

920-787-7696

housingrepairs@capmail.org

Housing rehabilitation funds are provided to low-income homeowners as a deferred loan that is due upon sale of the home, if the home is no longer their primary residence, or 30 years from the date of the loan origination. Households eligible for the 0% or 2.25% simple interest loans must have annual incomes at or below 80% of the county median income. Repairs eligible for funding include, but are not limited to, roof work, siding, foundation repair, handicap accessibility, door and window repair or replacement, wells, septic systems, plumbing, electrical, heating system and water heater replacement, and lead hazard reduction. NOTE: They will not work on mobile homes. CAP performs an assessment of each home to determine what work is needed to meet HUD Housing Quality Standards. In order to qualify for the loan, the homeowner has to agree to all the recommended work. Rehabilitation work is performed by contractors selected by the borrower from an approved list. CAP Services administers 15 Community Development Block Grant housing rehabilitation programs in five counties.

Benefit Specialist Services

■ MEDICARE

www.medicare.gov

Medicare is a federal health insurance program for people age 65 or older, some disabled people and people with end stage renal disease. Eligibility is based on your entitlement to a Social Security benefit. Part A is hospital insurance and Part B is medical insurance. Application for Medicare should be made with the Social Security Administration. For more information on the Medicare Program contact your county Benefit Specialist. Contact the ES Call Center at **1-888-256-4563** to apply for the following:

■ QUALIFIED MEDICARE BENEFICIARY PROGRAM - QMB

The QMB program is available to help pay medical costs for persons who have low income and assets, but are above the Supplemental Security Income (SSI) eligibility limits.

For those who qualify, it can pay:

1. The Medicare part B premium.
2. The part A and part B Medicare deductibles.
3. The 20% co-insurance for part B if you are not currently receiving Social Security, but could purchase Medicare coverage, you may still be eligible and the program could pay both part A and part B premiums.

■ SPECIFIED LOW-INCOME MEDICARE BENEFICIARY PROGRAMS (SLMB AND SLMB+)

The SLMB programs pay the Medicare part B premium, but do not pay Medicare co-payments or deductibles.

■ MEDICAID-MEDICAL ASSISTANCE (MA)

The Medicaid program is a cooperative federal and state program that provides medical care to individuals with low income and little or no assets. There are two basic types of MA benefits: those received in an institutional/long-term care setting such as a nursing home or hospital and those received in the community.

2720 Plaza Drive, Suite 1400B, Wausau, WI 54401
715-847-2004 • 866-236-1573 (toll free)

The Aspirus Memory Clinic targets its services to older adults in the north central Wisconsin area who are experiencing memory difficulties which may be the result of Alzheimer's disease or other forms of dementia. An important aspect of our care is assessing the needs of the families and caregivers, and linking them with the community support services that will help them deal with the diagnosis, and with immediate and future needs. The clinic is staffed by a physician, a nurse practitioner, and a clinical social worker. We are also thankful to have the Greater Wisconsin Chapter of the Alzheimer's Association working with us as a close consultant to provide ongoing support and education for patients, families and caregivers,

and the clinic staff.

The clinic provides a comprehensive assessment of the patient including a complete physical exam and health history, a psycho-social evaluation, and neurobehavioral testing to help determine the diagnosis and etiology of the patient's presenting problems. Patients, families, and caregivers will be linked with appropriate medical and support services in the community. The patient's primary care provider will be provided a complete assessment report with treatment recommendations.

*The Aspirus Memory Clinic is open Wednesdays. For more information, or to make an appointment, please contact the clinic.

NURSING HOMES

See **HOUSING SKILLED NURSING** chart page 66

A skilled nursing home is a health care facility that provides nursing services 24 hours a day. Persons needing extensive supervision, those with complex health plans needing rehabilitative services (occupational, physical or speech therapy) or those who do not have supportive living services available would benefit from nursing home care. Costs vary according to the services and the level of care provided. The daily rate should include room and board, activities, social services and nursing care. Medications, personal items, therapy, and dental and foot care are typically not included in the daily rate. Nursing homes have admissions agreements that include information about the daily rate, policies regarding transfers, discharges and handling of resident funds, plus resident rights and responsibilities. Nursing homes are licensed and surveyed by state and federal regulators. There are a variety of ways to pay for nursing home costs. Medicare pays for limited nursing home stays as long as the stay meets their requirements. Long-term care or supplemental insurance may pay for some nursing home stays. Medical Assistance may cover unlimited stays once financial criteria are met. Private pay or veterans benefits may also be used. Discuss financial requirements and questions you have with the nursing home administrator and/or social worker.

You may be eligible for Community Relocation.

Are you ready to move back home? With some help, you can manage on your own again. Through the Community Relocation Initiative, you may be able to live in an assisted living facility or your own home or apartment while still receiving the services you need. This initiative gives people a choice as to where they will receive long-term care. An individualized care plan will be developed to help you successfully transition back into your community.

This program is available to you if you:

- Your nursing home care is currently paid for by WI Medicaid.
- Are 65 years of age or older or have a physical disability.
- Currently reside in a nursing home and are expected to stay long term.
- You have an ongoing need for long-term care services.

If you are a Waupaca County resident living in a nursing home and are interested in this program, please contact the Aging & Disability Resource Center for more information.

Medicare

HOW TO GET DRUG COVERAGE

Medicare offers prescription drug coverage to everyone with Medicare. If you decide not to join a Medicare Prescription Drug Plan when you're first eligible, and you don't have other creditable prescription drug coverage, or you don't get Extra Help, you'll likely pay a late enrollment penalty.

To get Medicare drug coverage, you must join a plan run by an insurance company or other private company approved by Medicare. Each plan can vary in cost and drugs covered.

■ **2 WAYS TO OBTAIN PRESCRIPTION DRUG COVERAGE**

1. Medicare Prescription Drug Plan (Part D). These plans (sometimes called "PDPs") add drug coverage to Original Medicare, some Medicare Cost Plans, some Medicare Private Fee-for-Service (PFFS) Plans, and Medicare Medical Savings Account (MSA) Plans.

2. Medicare Advantage Plan (Part C) (like an HMO or PPO) or other Medicare health plan that offers Medicare prescription drug coverage. You get all of your Medicare Part A (Hospital Insurance) and Medicare Part B (Medical Insurance) coverage, and prescription drug coverage (Part D), through these plans. Medicare Advantage Plans with prescription drug coverage are sometimes called "MA-PDs." You must have Part A and Part B to join a Medicare Advantage Plan.

■ **HOW TO ENROLL INTO A PRESCRIPTION DRUG PLAN**

Once you choose a Medicare drug plan, here's how you may be able to join:

Enroll on the Medicare Plan Finder at www.medicare.gov/find-a-plan/questions/home.aspx or on the plan's website.

- Complete a paper enrollment form.
- Call the plan.
- Call 1-800-MEDICARE (1-800-633-4227).

When you join a Medicare drug plan, you'll give your Medicare number and the date your Part A and/or Part B coverage started. This information is on your Medicare card.

■ **JOINING A MEDICARE DRUG PLAN MAY AFFECT YOUR MEDICARE ADVANTAGE PLAN**

If your Medicare Advantage Plan (Part C) includes prescription drug coverage and you join a Medicare Prescription Drug Plan (Part D), you'll be disenrolled from your Medicare Advantage Plan and returned to Original Medicare.

www.onlinepharmaciescanada.com

Just across the border and in many other countries citizens can walk into their corner drugstore and buy the same safe prescriptions we have here, but at a fraction of the price. But too many citizens of this country are forced to make unbearable choices between food and medicine. If the federal government isn't willing to take on the drug companies and fight for more affordable prices, states like Wisconsin will have to lead the way.

This Web site gives our citizens the ability to buy certain prescriptions at significantly lower prices from pharmacies that have been visited and found to be safe, reputable and reliable by inspection on behalf of several state governors. It also provides information about SeniorCare, the new Medicare drug benefit and other programs that may be an option for you. The goal is to let consumers make an informed choice among all of the available options - including local pharmacies, lower price generics available domestically, safe Canadian pharmacies and through a pharmacy benefit manager who will find the lowest price from several countries. We are your one stop shop for getting your medications at affordable prices. We are dedicated to provide you with the best service. Your orders are processed and mailed within five days.

■ **AMERICA THE BEAUTIFUL - NATIONAL PARKS AND FEDERAL RECREATIONAL LANDS PASS**
www.nps.gov/fees_passes.htm
The America the Beautiful - National Parks and Federal Recreational Lands Pass - Senior Pass is a lifetime pass for U.S. citizens or permanent residents age 62 or over. The cost is \$80. The pass provides access to, and use of, federal recreation sites that charge an entrance or standard amenity. The pass admits the pass holder and passengers in a non-commercial vehicle at per-vehicle fee areas and pass holder plus 3 adults, not to exceed 4 adults, at per-person fee areas - children under 16 are admitted free. The pass can only be obtained in person at the park. The Senior Pass provides a 50 percent discount on some expanded amenity fees charged for facilities and services such as camping, swimming, boat launch and specialized interpretive services. In some cases where expanded amenity fees are charged, only the pass holder will be given the 50 percent price reduction. The pass is non-transferable and generally does NOT cover or reduce special recreation permit fees or fees charged by concessionaires.

The path to legal immigration status for refugees, separated families, and potential new citizens is exceedingly complex, fraught with numerous hurdles and frequent changes. Access to affordable legal services continues to fall woefully short of meeting the demand, despite the fact that many are unable to navigate this path on their own and can even face detrimental consequences if they do.
As a result, many immigrants in the U.S. today live in fear and isolation, unable to truly rebuild a sense of home or belonging in the U.S. But together, we can help.

RESPIRE

See **ADULT DAY SERVICES, CAREGIVER SUPPORT, DISABILITY RESOURCES, NURSING HOMES and RECREATION.**

Respite care for adults and children with developmental disabilities is designed to provide caregivers with a break from their 24-hour, 7-day-a-week responsibility. Respite not only gives the caregiver a break, but also gives the person with disabilities an opportunity for growth and socialization. If the person you care for is on the Community Integration Program, the Community Options Program or the Family Support Program, these programs would cover the cost of respite. The family can also privately pay for respite. Contact your local skilled nursing facility or assisted living facility to see if they offer this service.

FOR ADULTS:

608-222-2033 • <https://respitecarewi.org/>
Respite Care Association of Wisconsin (RCAW) is a 501(c)(3) non-profit charitable organization organized in 1987 to support and advocate for quality systems of respite care for Wisconsin families.
Our mission is to 'promote, support, and expand quality statewide respite care across the lifespan'.
Our purpose is to:
 - collaborate with respite care agencies and others interested in respite care for the purpose of sharing

ideas and expertise and to provide support for each other.

- work closely with the appropriate government agencies and private agencies or groups to insure the continuation and replication of quality respite services.
 - promote and support the concept of quality in the delivery of respite care.
 - initiate, sponsor and promote educational programs and research.
 - provide consultation and disseminate information.
- In 1999, Wisconsin adopted state Lifespan Respite Care legislation and contracts with RCAW to administer the program.
Lifespan Respite Care funds through a grant from Wisconsin Department of Health Services – Division of Medicaid Services.

- PROPERTY TAX DEFERRAL LOAN PROGRAM**
For application: 800-755-7835
 If you are age 65 or older, own your own home in Wisconsin, have an annual household income below \$20,000 and meet other qualifications, you may apply to Wisconsin Housing and Economic Development Authority (WHEDA) for a loan to pay your property taxes. The loan principle and interest does not have to be repaid until you transfer ownership of your property or you no longer live in it.
 Only available from Jan. 1 to June 30. Maximum amount allowable is \$2,500 per year. Can apply annually, however, total deferral amount cannot exceed 50% of home's value as assessed on current property tax bill. Interest rate is subject to annual changes and is set Oct. 15 of each year.
- THE TAXPAYER COUNSELING FOR THE ELDER (TCE) PROGRAM - INTERNAL REVENUE SERVICE**
800-906-9887
www.irs.gov/individuals/tax-counseling-for-the-elderly
 Ask for a location in your area that offers TCE, VITA or AARP tax assistance.
 TCE offers free tax help to individuals who are age 60 or

older. Trained volunteers from non-profit organizations provide free tax counseling and basic income tax return preparation for senior citizens. Volunteers who provide tax counseling are often retired individuals associated with nonprofit organizations that receive grants from the IRS.

- WAUPACA SENIOR CENTER AND AARP**
 Proud to offer help for low to moderate income taxpayers, especially those 50 years and older. AARP Foundation Tax-Aide volunteers are trained to assist you in filing certain tax forms and schedules. This is a free service offered from February-April by appointment. Appointment times can be reserved at **715-258-4437** starting in February.
 407 School Street, Waupaca, WI 54981.

HOSPICE IS ABOUT

Hospice is about living each day to the fullest. It's about helping individuals dying of terminal illnesses live each day to the fullest in a pain-free environment, with dignity and peace. As a hospice volunteer, you can be a part of this incredible journey. Volunteers serve in many ways. Duties vary, but volunteers most often:

- Perform household chores.
- Run errands.
- Listen to concerns.

- Keep the patient company.
- Provide a link to the hospice staff.
- Offer support and comfort.

While caring for others, you can find new meaning in your own life, gain greater self-knowledge, and experience satisfaction from making a difference in people's lives! Volunteers often become more focused on the parts of life that matter most. Complete training and ongoing support is provided for all volunteers.

HOW TO CONTACT YOUR LOCAL AND STATE LEGISLATORS

To locate your local legislator is, go to www.legis.state.wi.us on the Internet. Click on the “Who are My Legislators” link and enter your address for the answer. <https://legis.wisconsin.gov/>

To find your town and/or county government representation go to www.co.waupaca.wi.us on the Internet and click on the link “Directory of Public Officials” link

■ TIPS ON TELEPHONING YOUR LEGISLATOR

Federal legislators can be reached through the U.S. Capitol Switchboard at (202) 224-3121.

Staff members usually handle calls to the legislator’s office. Therefore, it is important to ask to speak with the staff member who handles your issue of interest. Identify yourself and request to leave a brief message with the legislator that states the purpose of your call, e.g. “Please tell Senator/Representative (Name) that I support/oppose (S. ___/H.R. ___).”

It is important to state the reasons why you support or oppose the bill. You may ask for your legislator’s position on the bill if it is not known and you may also request a written response to your telephone call/message.

■ TIPS ON WRITING YOUR LEGISLATOR

The letter is still one of the more widely used methods of

communicating with a legislator’s office. Writing a letter gives you, as a constituent, the opportunity to express and defend your position on an issue. Your letter will be most effective if you follow a few simple guidelines:

Your purpose for writing should be stated in the first paragraph of the letter. If your letter pertains to a specific piece of legislation, identify it accordingly, e.g., House bill: H. R. ____, Senate bill: S. ____.

Be courteous. Even if the legislator has taken positions you disagree with, be respectful.

Get to the point quickly, and address only one issue in each letter. As a rule of thumb, it is best to limit your letter to one page.

Be sure to include information and your own personal reasons for supporting or opposing a piece of legislation. Legislators are not only influenced by who supports legislation, but also why.

■ TIPS ON EMAILING AN ELECTED OFFICIAL

In general, the same guidelines for writing a letter apply to email messages. With an email message to a legislator, however, it is very important to include your street address in the email. This is the only way a legislator has of knowing that you are a constituent. In some instances, emails without street addresses may not receive a response.

CONNECTIONS TO COMMUNITY LIVING

Are you ready to move back home?

If you are a Waupaca County resident and are interested in this program, please contact ADRC at 715-258-6400 or your nursing home social worker.

ADRC Specialist will set an appointment to meet with you and your family in the nursing home.

During the meeting, the community living specialists will assess whether you are eligible for the program by:

- Discussing your health care needs
- Discussing your preferences for the type of help you need
- Discussing your personal interests and availability of family and friends
- Discussing home care and residential options and preferences
- Explaining program policies and procedures
- Discuss financial eligibility for Medicaid services

We are committed to giving you a choice about where you live, while making sure you receive appropriate care.

AT WHAT AGE SHOULD A PERSON QUIT DRIVING?

There is no specific age at which a person can be considered too old to drive, as long as he or she remains healthy and if the declines that take place in the senses and other capabilities are normal. However, because our driver's license carries the greatest responsibility that each of us will ever have, we need to ask ourselves some questions regardless of our age.

- Do I have memory problems? • Am I sometimes afraid to drive?
- Do I feel aggressive when I drive? • Do I have trouble with my vision? Especially at night?
- Do I have trouble hearing? • Do I take medication that causes drowsiness, or stimulates?
- Do others honk their horn at me for no reason? • Do I have difficulty with heavy interstate traffic?
- How can I improve my driving skills?

You may wish to discuss this with a family member or medical provider.

Remember: If in doubt, DON'T DRIVE

YOU MAY BE ELIGIBLE FOR COMMUNITY RELOCATION

This program, administered through county government, is available to you if you meet the following:

- Currently reside in a nursing home and are expected to stay long-term
- Are 65 years of age or older or have a physical disability
- Your nursing home care is currently paid for by Wisconsin Medicaid
- Have an ongoing need for long-term care services

WITH SOME HELP, YOU CAN MANAGE ON YOUR OWN AGAIN

With Connections to Community Living you may be able to live independently with services in your own home or in an assisted living environment.

The ADRC Specialists works with you to develop an individualized service plan to ensure that you have a successful transition back to the community knowing any resources available to you.

DEVELOPING A RELOCATION PLAN

If you would like further information on the connections to Community Living Program, speak to your nursing home social worker and they will contact the ADRC Specialist, (or you may contact the ADRC yourself) who will work with you, your family and the nursing home to:

- Determine what your needs will be and what services are available for you.
- Develop a safe plan with services for you to return to the community.
- Have conducted contact during the relocation process.
- Continue to provide information on available resources to support your long term care needs.

EAT AT HOME

WELCOME TO... HOME DELIVERED MEALS

What is Home Delivered Meals?

Home Delivered Meals is a service for homebound seniors who face challenges getting and preparing food. The program brings a hot, freshly packed meal to your door. A background-checked volunteer will greet you with a smile and provide you with a nutritious meal.

How do I get Home Delivered Meals?

Home Delivered Meals has specific eligibility criteria. To see if you or a loved one qualifies call **715-942-1900** to request a meals assessment.

*Assessment and registration may take up to 5 business days.
Please plan accordingly.*

When are meals delivered?

Meals are delivered on weekdays between the hours of 11:00 and 12:30. Participants must be home to receive a meal.

What You Need to Know:

MEAL COST:

We are required to provide you with the opportunity to contribute to the cost of this service. The actual cost to our agency to provide this meal is **\$12.79/meal**. Contributions to help offset the cost of meals are essential to maintaining nutrition services for our community's older adults. Contributions from participants, their families, and others directly fund the meals we provide and are combined with federal, state, and local funds to provide this service.

The suggested contribution is **\$5.00/meal**. Please contribute what your budget allows. You will not be denied a meal if you are unable to contribute. We are committed to protecting the privacy of your contributions.
