## Route 11 plan would cost \$12.9 million

**BY ADAM ATKINSON**  
 North Country This Week

POTSDAM — Civil engineering consultants from Clarkson are recommending what they call the “most robust” pedestrian safety enhancements to the Route 11 commercial corridor with a total potential cost of up to \$12.9 million initially and \$56,000 annually.

The final study by the Clarkson Construction Engineering Management Consulting Group (C3G) on potential pedestrian and traffic safety improvements on the Route 11 corridor between the village and the Walmart and Tractor Supply plazas is now complete.

The municipalities and the Health Initiative paid the group \$16,000 to study the corridor, which was identified in the town’s 2020 comprehensive plan as being ill equipped to accommodate frequent non-motorized traffic to the shopping plazas, and risky to pedestrians there.

“Those without cars are particularly at risk in certain areas not designed for pedestrians. One example is the shopping

## Input sought on Canton compost plan

**BY PAUL MITCHELL**  
 North Country This Week

CANTON — The chair of the Canton Sustainability Committee is encouraging the public to express their support to members of the Canton Village Board to keep the food scrap drop off site in operation near Bend in the River Park.

Cathy Shradly, in a letter to North Country This Week, said a report from the Sustainability Committee regarding the compost site will be delivered to the village board at its monthly meeting on Wednesday, Dec. 20 at 6:30 p.m.

In August the Canton Sustainability Committee was asked by the Canton Village Board to make recommendations to improve the food scrap collection project at the Lincoln Street drop-off site. This is because contamination with non-compostable materials, insects, and lack of regular collection called into question continued Village support of this food scrap-compost project, noted Shradly.

“Rather than going to a landfill where food scraps produce the greenhouse gases carbon dioxide and methane, composting food scraps reduces production of greenhouse gases, returns nutrients to soil, and lengthens the lifespan of sanitary landfills,” she said. “The Committee recommended working with North Country Compost (NCC) to take over food scrap collection for composting and monitoring of the site and the Village agreed to do so for a three-month trial period beginning in October.”

The compost site now features an open dumpster to two sealed and locked 96-gallon totes and requires users to sign up for free access to the coded lock.

# Judges overturn three Concealed Carry Improvement Act provisions

BY JEFF CHUDZINSKI  
North Country This Week

CANTON — Federal judges on the Second Circuit Court of

Appeals have overturned three provisions of the Concealed Carry Improvement Act (CCIA), leaving all other requirements in place. With the ruling now out, over

two months later than attorneys involved originally expected, applicants hoping to obtain a concealed carry license will no longer have to provide their social media profile information and those with permits will be allowed to conceal carry in houses of worship and on private property by default.

All other provisions remain intact, according to court documents.

The CCIA was passed in “direct retribution” to the U.S. Supreme Court overturning New York’s 109-year-old concealed carry laws last year with their decision in the New York State Rifle and Pistol Association v. Bruen case.

Under the CCIA, state legislators and Governor Kathy Hochul passed multiple laws that created new requirements to obtain a concealed carry license and governed firearm ownership in general, including a 16-hour course with two hours of range time, an extensive list of spaces where firearms are prohibited, the requirement to disclose all social media information to law enforcement, the requirement to

disclose all firearms and persons in the home, along with a “good moral character” clause that gave licensing officers broad discretion of what constitutes “good moral character.”

Gun rights advocates have been pressing forward for the last year plus to overturn the laws and with the recent ruling in Antonyuk v. Bruen, advocates on both sides are claiming victory.

St. Lawrence County Attorney Steve Button, who has been working “of counsel” with Gun Owners of America on the case, said the decision leaves more work to be done and more questions to be answered.

Plaintiffs in the case who are suing the state will now have two options, to appeal directly to the Supreme Court or to re-litigate with the Northern District federal court.

Button said all parties involved will weigh their options in the coming weeks.

State Attorney General Letitia James also released a statement on the decision, saying the “commonsense law” will continue to

keep New Yorkers safe.

“Today’s decision to permit the state to enforce critical provisions of the Concealed Carry Improvement Act as the court process moves forward will help keep New Yorkers safe. This commonsense law was enacted to keep guns out of dangerous hands and away from schools, hospitals, parks, public transportation, and other sensitive locations. My office will continue to defend New York’s gun laws and use every tool to protect New Yorkers from senseless gun violence,” Attorney General Letitia James said following the announcement on Dec. 8.

Gun Owners of America Senior Vice President Erich Pratt spoke to the decision, saying it was not “a total victory.”

“Governor Hochul and her cabal in Albany never seem to get the message, and in turn, GOA is proud to have played a major role in rebuking her unconstitutional law. Nevertheless, this was not a total victory, and we will continue the fight until this entire law is sent to the bowels of history where it belongs.”

An additional case seeking an injunction against additional measures in the CCIA was also struck a blow by justices on the Second Circuit on Friday.

In Gazzola v. Hochul, justices denied a request for a preliminary injunction against the states new background check requirements for ammunition, as well as the fees associated to transfer a firearm.

With the passing of the CCIA last summer, New York State became a point of contact state, meaning all firearm transfers conducted will be handled by the State Police instead of federal authorities with the FBI.

That case has been remanded for a full hearing, though no date has been set at this time.

## Voter software services retained

BY JEFF CHUDZINSKI  
North Country This Week

CANTON -- The St. Lawrence County Board of Elections will continue to utilize the services of NTS Data Services, LLC for voter registration software.

Legislators unanimously approved the measure during the Dec. 11 operations committee meeting.

According to Commissioner Jennie Bacon, the software utilized by the county allows for voters to register, digitizes signatures, offers full document imaging, election reporting and an interface messaging system.

Bacon said with the software in place, the addresses of registered voters can be automatically updated with an address change at the DMV, with that information sent right to the board of elections to ensure up to date information.

As part of the contract, NTS Data Services, LLC will continue to offer maintenance and support services related to the software for the duration of a one-year contract that will run from Jan. 1 to Dec. 31, 2024.

"NTS Data Services, LLC has the knowledge, expertise, required software, associated technology and services to provide a quality solution to the needs of the Board of Elections," according to the resolution.

**Legislators approve rabies clinic contract**

BY JEFF CHUDZINSKI  
North Country This Week

CANTON -- St. Lawrence rabies clinics will continue to be available in the coming year after legislators unanimously approved signing contracts with veterinarians and assistants to administer the events.

During the Dec. 4 meeting of the county legislature, officials signed off to seal the deal for the rabies program.

The program provides rabies vaccines, certificates and tags to all animals vaccinated, legislators

say.

At the clinics, records are also taken and maintained, with rabies certificates on file for all St. Lawrence County rabies clinics.

Under the program, at least one rabies clinic must be held on a quarterly basis within the county.

According to legislators, it is the responsibility of the Public Health Department and at least one licensed veterinarian and one veterinary assistant to provide vaccinations for each clinic.

Under the contract, veterinarians who work the clinics will be paid \$200, while any assistant

who works one will be paid \$54.

In other action, legislators also approved a budget modification for the Public Health Department to cover higher than anticipated expenses from the early intervention program.

The modification for \$45,000 will cover service fees incurred from higher than anticipated participation in the program.

The funds will come from the Public Health PreK Program, which has lower than anticipated expenses this year, as well as from increased revenue within the Preventative Services Program.

CANTON - In loving memory of Mary Rexford, who peacefully departed this world at the age of 96 on December 2nd at United Helpers in Canton, New York.

Born on May 1, 1927 in Canton to Clisson Everett and Jesse McClelland Brown, Mary spent her childhood on the outskirts of Canton where, as the third of four girls and one boy raised by a widowed father, she shared in the day-to-day challenges and joys of life growing up on a Depression-era farm.

Even at an early age, Mary demonstrated her lifelong commitment to the community by also taking on the responsibilities of readying the one-room schoolhouse down the road on early Winter mornings by shoveling snow and building a fire in its wood stove.

# Amish man killed after truck crashes into horse, buggy in Oswegatchie

OSWEGATCHIE -- A 21-year-old Amish man is dead and another has sustained life-threatening injuries following an accident involving a horse-drawn buggy and pickup truck.

State police say Clark J. Zanker, 33, of Ogdensburg, was driving a Dodge Ram pickup south on State Highway 812 when he failed to observe an Amish buggy, striking it in the rear.

The accident occurred around 7 a.m. today, Dec. 11, and resulted in

the death of 21-year-old Abraham Shetler, of Heuvelton.

Also traveling in the buggy was Joseph Yoder, 19, of Lisbon. Police say Yoder was transported to SUNY Upstate Medical University with life-threatening injuries.

Shetler was pronounced dead at the scene.

Police say an autopsy is scheduled today, Dec. 11 at 3 p.m. at Canton-Potsdam Hospital.

The New York State Police Bureau of Criminal Investigation

(BCI), Collision Reconstruction Unit (CRU), Forensic Identification Unit (FIU) and Traffic Incident Management (TIMS) all responded to the scene to investigate, police say.

State Police were assisted by Ogdensburg Rescue, Heuvelton Fire and Rescue, State DOT and St. Lawrence County Coroner.

Police say the investigation is ongoing.

# Manslaughter plea in death

CANTON -- An Ogdensburg man has pleaded guilty to second-degree manslaughter following the death of an infant last May.

St. Lawrence County District Attorney Gary Pasqua made the announcement today, Dec. 5, in a press release.

Trevor Samarco, 35, also pled guilty to endangering the welfare of a child related to the drowning death of an 11-month-old infant.

According to Pasqua, the child died on May 11, 2022.

An investigation by the Ogdensburg Police Department revealed Samarco left the child unsupervised in a bathtub.

Police responded to a complaint at 423 Belmont Courts at 11:30 a.m. Ogdensburg Fire Department, Ogdensburg Volunteer Rescue Squad and Ogdensburg Police Department members performed lifesaving measures upon arrival, but despite the efforts the baby was pronounced deceased at Claxton-Hepburn Medical Center a

short time later, police said previously.

Samarco was charged with second-degree manslaughter that evening after an investigation revealed he allegedly left the infant unattended in a bathtub while falling asleep in another room on a bed, according to court documents.

Samarco had previously pleaded guilty and admitted to recklessly causing the death of a child just prior to the start of jury selection on Dec. 4, 2023.

Judge Greg Storie sentenced Samarco to an indeterminate term of imprisonment with a New York State Department of Corrections with a minimum of two years and a maximum of six years at the time of his sentencing, according to the press release.

Samarco is scheduled to be sentenced on Feb. 5, 2024.

He was remanded pending sentencing to serve a sentence for an unrelated matter, according to the press release.

## HEAP available to SLC residents

Home heating assistance (HEAP) applications began being accepted last month throughout the state, including in St. Lawrence County.

HEAP can provide up to \$976 this winter to help low- and middle-income households and older adults keep their homes warm and cope with high energy costs.

Applicants in St. Lawrence County can call 315-379-2111 for assistance.

The program, overseen by the Office of Temporary and Disability Assistance, is federally funded. Eligible households can receive one Regular benefit per season and could also be eligible for an Emergency benefit if they are in danger of running out of heating fuel or having their utility service shut off.

Applications for emergency benefits will be accepted beginning January 2, 2024.

Eligible homeowners and renters may receive up to \$976 in heating assistance, depending on their income, household size, how they heat their home, and if the household contains a vulnerable member. A family of four may have a maximum gross monthly income of \$5,838, or an annual gross income of \$70,059 and still qualify for benefits.

Applications for assistance are accepted at local departments of social services and can be submitted online, through the mail or in person. Additionally, older adults needing assistance with HEAP applications can contact their local office for the aging or contact the NY Connects helpline at 1-800-342-9871.

More than 1.7 million HEAP benefits were issued last winter totaling more than \$434 million. Assistance is provided on a first-come, first-served basis.

Eligible homeowners can also now apply for a HEAP Heating Equipment Clean and Tune benefit to keep their home's primary heating source working at peak efficiency.

## St. Lawrence County Social Services hires new case supervisor

BY JEFF CHUDZINSKI  
North Country This Week

CANTON -- The St. Lawrence County Department of Social Services has hired Heidi Soucis to assist and provide additional training in the Children's Services Unit.

Legislators approved the hiring during the full board meeting on Dec. 4. According to legislators, the case supervisor, grade A, position was vacated on Sept. 28, 2023 due to a retirement.

Following the retirement, legislators authorized filling the position in the Children's Services unit at Social Services, with an interim supervisor having been appointed in the meantime.

"The position is critical to programs in Children's Services, which includes Foster Care, Preventative Care and Adoption Services," according to the resolution.

Legislators say if training were not provided, "the provision of direct supervision, leadership and review of petitions and violations prior to submission to court, permanency hearings and compliance conferences could be compromised."

With the passing of the resolution, DSS will be able to ease the transition to a new case supervisor, grade A.

The employee who retired recently is still able to work contractually, in a training capacity, at her most recent hourly rate for a period not to exceed three months to help with the transition, according to the resolution.

In other action, legislators also approved two contracts for cleaning services with the County Department of Highways.

Karol I. Houle-Marolf has been hired to provide professional cleaning services for the Lisbon outpost, located at 554 County Route 28A.

## Wimpy's welcomed in Canton

BY PAUL MITCHELL  
North Country This Week

CANTON – The St. Lawrence County Chamber of Commerce welcomed Canton's newest eatery, Wimpy's Inn, 11 Main St., at a ribbon cutting ceremony on Monday, Dec. 11 at 11 a.m.

Julia and Ethan Henry opened the Canton location on Nov. 28.

The Henrys and their family transitioned their Wimpy's Inn food truck back to a brick-and-mortar location at 809 Ford Street in Ogdensburg in 2022, in close proximity to the original Wimpy's.

The family legacy and tradition was started by Julia's grandfather, George Wells, in 1948.

"The Henrys are thrilled to now have another Wimpy's Inn in Canton," said Ben Dixon, executive director of the County Chamber.

The Canton restaurant offers its signature Wimpy burgers and Texas Hots along with new food choices such as chicken, poutine and garbage plates.

The menu also includes fish burgers topped with cabbage salad, hand-cut French fries, macaroni and cheese, fish and shrimp dinners. Customers can also order hamburgers, cheeseburgers and hot dogs without Wimpy sauce.

Julia Henry told North Country This Week she had been looking to expand and Canton was always in her sights. When Tam's Grill & Cantina closed, Henry was quick to act. The location was already fitted with kitchen equipment and seating, making for a smooth transition.

"This is a huge deal for Wimpy's and our family," she said.

Wimpy's Inn is open Tuesday, Wednesday and Thursday from 11 a.m. to 7 p.m., and Friday and Saturday from 11 a.m. to 9 p.m. Patrons have the option of dining in or takeout. To preorder, call Wimpy's at 315-276-5396 or order online at [www.wimpysinn.com](http://www.wimpysinn.com).

Customers can park on Main Street (if available) or in the municipal parking lot off Riverside Drive behind Wimpy's Inn.

## SLC building telephone update progressing

BY JEFF CHUDZINSKI  
North Country This Week

CANTON -- St. Lawrence County legislators are taking steps to ensure telephone infrastructure for county offices can continue to operate as normal, agreeing to a contracts with Red Comm Inc. to provide support.

Legislators approved the resolution during the operations committee meeting on Dec. 11.

Officials say the county currently owns and operates a Mitel-based telephone system, with components installed in multiple county build-

ings.

As part of owning and operating such a system, the county must pay Mitel licensing costs for the infrastructure which must be renewed on an annual basis through a Software Assurance Agreement (SWA) that is through an authorized Mitel partner.

That agreement needs to be signed prior to Feb. 2024, officials say.

Maintenance is also a concern, legislators say, with ongoing maintenance costs expected. Under a General Maintenance Agreement (GMA), legislators say the costs for

both parts and labor will be covered.

Rel Comm Inc. is "a Mitel Gold Partner with over 30 years of experience in supporting Mitel phone systems and offers competitive pricing for Mitel hardware, software and services on the Sourcewell contract, satisfying the competitive process," according to the resolution.

According to officials, the Sourcewell contract is not to exceed \$16,000 annually for the SWA for 2024 and \$25,200 annually for the GMA in 2024.

## Illegal alien enters at Massena dam

MASSENA -- An individual illegally crossed from Canada into the United States at 9:30 a.m. on Oct. 25 by walking across the Moses-Saunders Power Dam.

According to reports, the security breach is under investigation, however no further details have been provided as of press time.

The dam, which is operated by the New York Power Authority on the U.S. side, is a half-mile long and stretches from Cornwall, Ontario.

"The safety and security of the shared power dam is a top priority and NYPA is working closely with Ontario Power Generation, the New York State Police, and U.S. Customs and Border Protection to review all procedures to ensure the continued safe operation of the dam. NYPA is conducting its own internal investigation following the arrest of the individual caught trespassing on NYPA property," New York Power Authority officials said in a statement.

Officials say the individual was taken into custody by Border Patrol in Massena before being transported to Customs and Border Protection in Buffalo.

State Senator Dan Stec was critical of the situation, calling the security lapse "unacceptable."

"Securing our northern border is of vital importance. A crucial part of that is protecting critical

infrastructure. The fact that someone could illegally cross the border through Moses-Saunders Power

Dam is absolutely unacceptable and puts the security of our power grid at risk. This event must be

## DWAI charge after two pedestrians struck

CANTON – A Madrid man faces a driving with ability impaired charge after his truck struck two pedestrians late Friday night on Main Street in the village of Canton.

Nicholas Rycroft, 28, was turning left off Riverside Drive onto Main Street at 10:32 p.m. when his 2017 Ram 1500 hit two people crossing Main St. A BAC of 0.06 was registered in a breathalyzer test, according to Canton police.

Both individuals were transported to Canton-Potsdam Hospital with non life-threatening injuries, said police.

Rycroft was also ticketed with failure to yield the right of way to pedestrians and operating a motor vehicle using an electronic device. He is scheduled to appear in Canton Town Court on Jan. 8.

Canton Fire Chief Bob Crowe in a post on the Canton Fire Department website said units were on

scene in minutes to find two persons lying in the road, injured. The victims were being cared for by members of the Ogdensburg Volunteer Rescue Squad, who had been eating at Sergi's and sprung into action when a person came into the restaurant saying someone had been hit by a car.

Ten Canton fire personnel assisted Canton Rescue with patient care and law enforcement with traffic control.

## Norwood house total loss following fire

BY JEFF CHUDZINSKI  
 North Country This Week

NORWOOD -- A fire at a residence located at 50 South Main Street was a total loss on Dec. 5.

According to Norwood Volunteer Fire Department Chief Jeremy French, the call came in at 6:09 p.m. for a structure fire in the village of Norwood.

French said crews were on scene within minutes, enabling them to knock down the bulk of the blaze

within 30 minutes or so.

"After that we were chasing the fire a little bit, putting out hot spots and making sure it didn't spread," he said.

Though the home, which was a rental, was a total loss, French said no other nearby homes were damaged in the fire.

Crews from Norwood, Norfolk, Potsdam, West Stockholm and West Potsdam all responded, with West Potsdam standing by at the Norwood station.

French said all family members

were able to safely exit the structure and declined aid from the American Red Cross.

St. Lawrence County Emergency Services fire investigators were on scene last night to investigate the cause of the fire but according to French were unable to identify the source immediately.

"We're just very thankful for the assistance we received in handling the fire and appreciate all of the support and mutual aid from everyone involved," French said.

## \$5 million for Canton, Potsdam water projects

The village of Canton and town of Potsdam have all received large grants from the New York State Water Infrastructure Improvement & Intermunicipal Grant Award Program.

In the village of Canton, the wastewater treatment plant has received a \$3,375,000 grant to make improvements to the facility.

Canton village officials began exploring funding sources in June for the project that is projected to cost over \$13 million.

At the village board's June 21 monthly board meeting, the mayor and village trustees received an update on the project from Taylor Jennings, a senior engineer with the engineering firm of Barton and

Loguidice.

"There's liner patching and deterioration in the existing liners and there's piping breakdowns," said Jennings.

The town of Potsdam will also benefit from the grant program, receiving \$1,399,484 for the Route 56 sewer district.

The funds come at a time when the town has recently considered pulling the plug on the project, saying higher than expected costs will delay construction.

Officials in Potsdam approved the district in Feb. 2021 in hopes of sparking future economic development.

The district will allow the town to supply municipal water and sewer service to residences and businesses along Route 56 within the district boundaries.

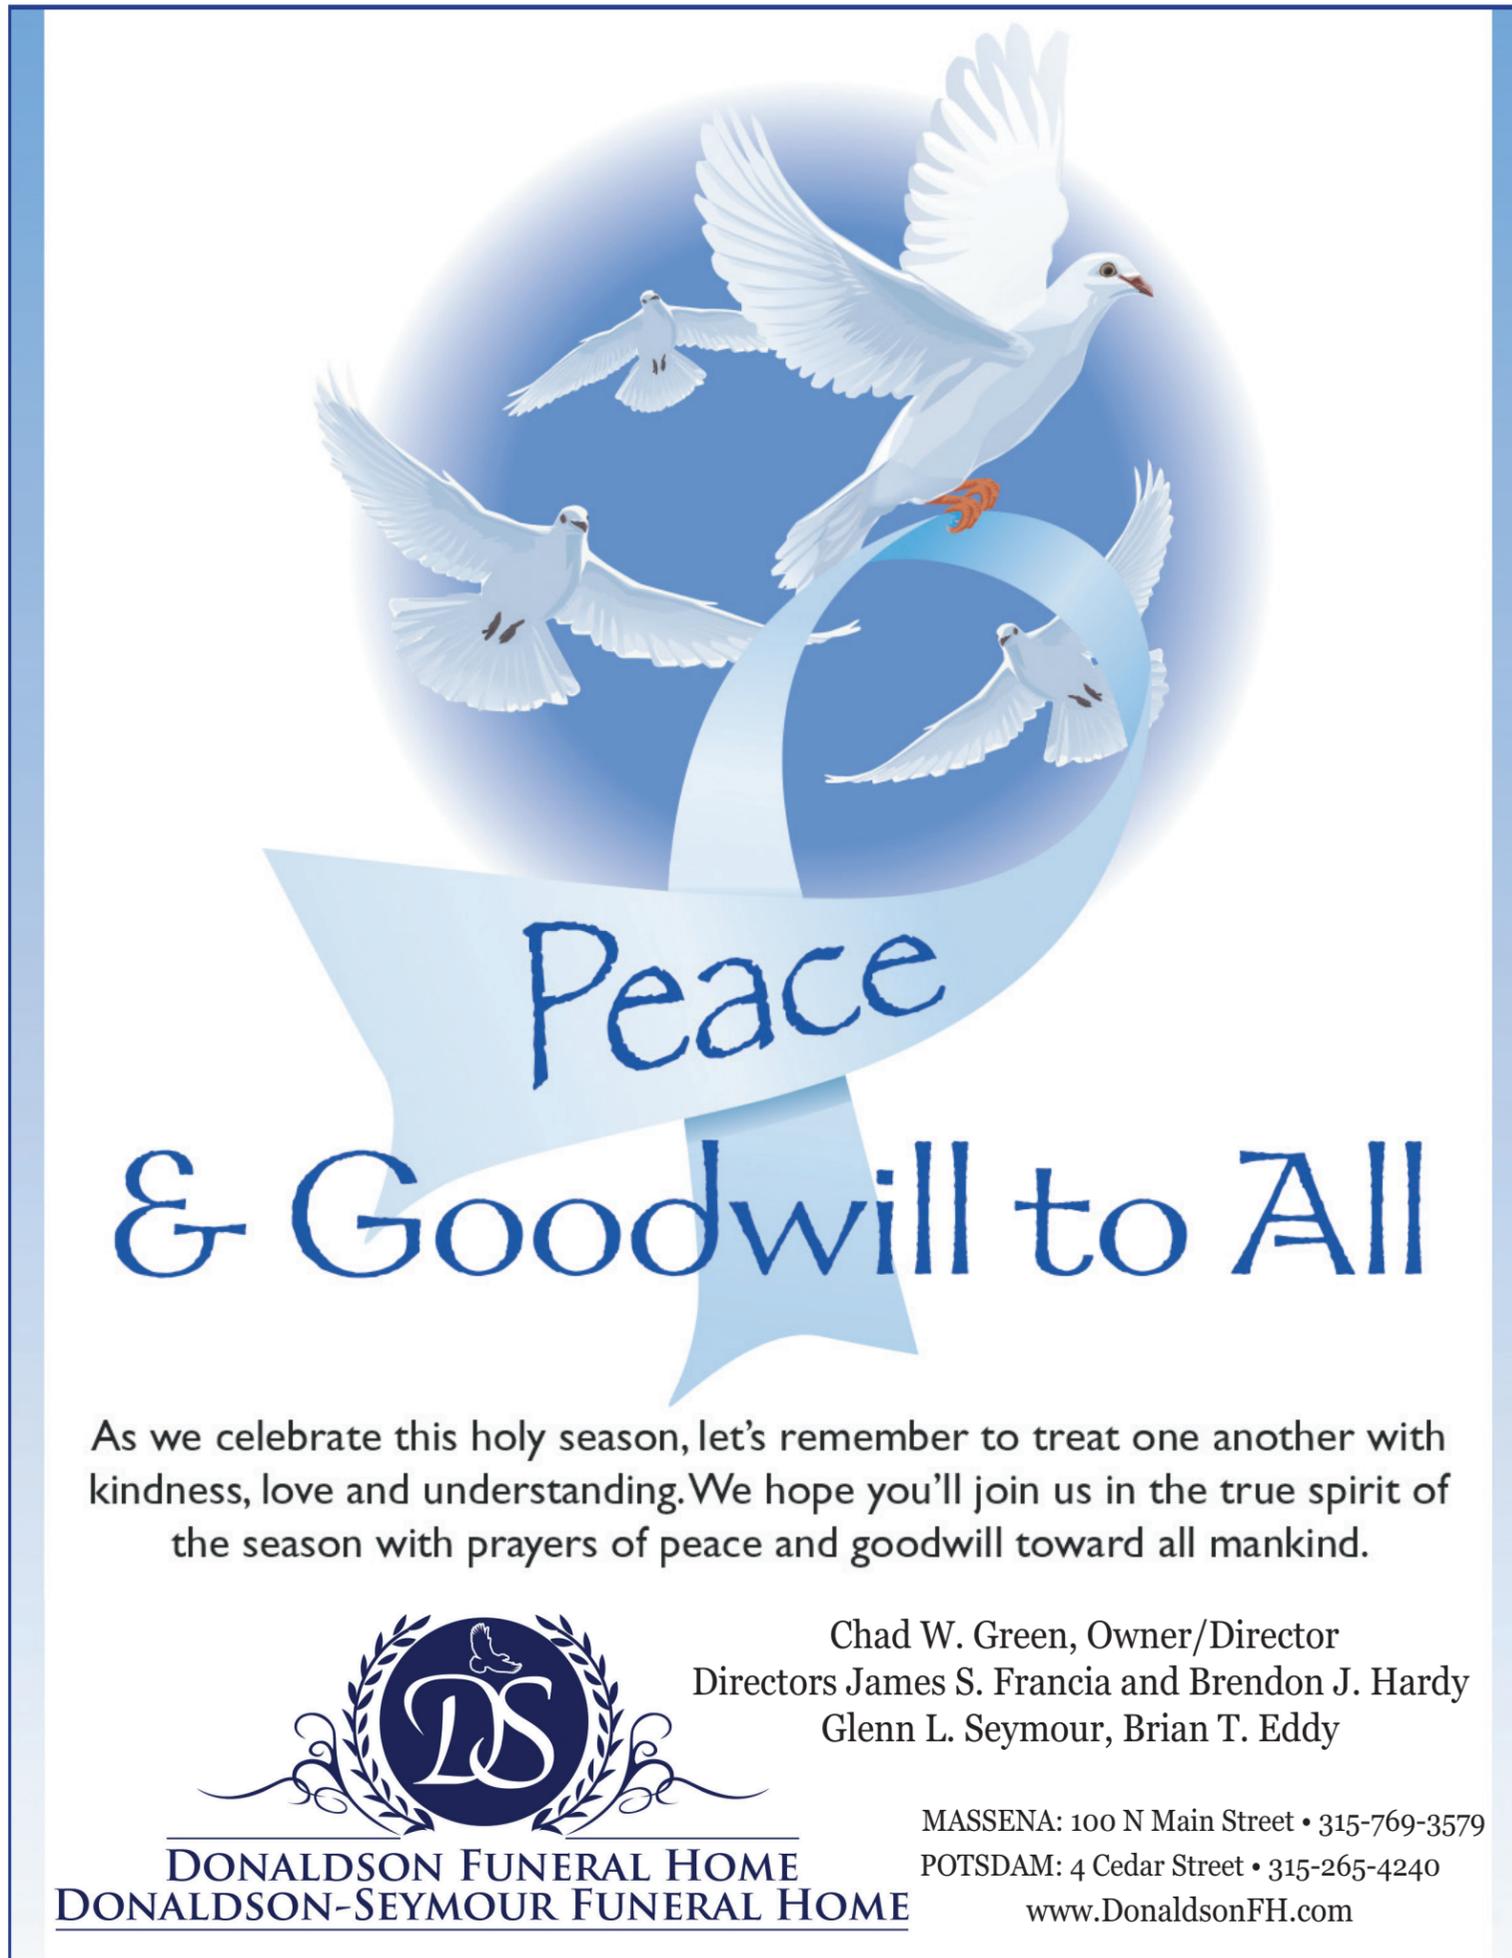

LC Drives, an innovative electric motor manufacturing and development company, had also planned to build within the district on Route 56 but closed in Sept. 2021 citing a lack of resources following a withdrawal of funding from an outside investor.

The town will be working with several contractors to handle the environmental work that is required before construction can begin, things like wetlands delineation and archeological surveys.

The total cost of the sewer district project approved by the board at the Feb. 9, 2021 meeting is not to exceed \$5,511,000.

The total cost of setting up the water district is not to exceed \$4,802,000 according to the resolution passed by the board in 2021.

About \$4.78 million in grants and loans from USDA Rural Development will help pay for the project.

BY **JEFF CHUDZINSKI**  
North Country This Week

The funds will come from a specific contingent account used

CANTON -- The St. Lawrence County District Attorney's Office now has funding to subsidize the cost of two additional Assistant District Attorney positions.

St. Lawrence County legislators approved a resolution to accept \$417,903 from the 2023-2024 Criminal Justice Discovery Reform Grant, which is administered by the New York State Division of Criminal Justice Services.

The grant runs from April 1, 2023 through March 31, 2024 and will subsidize two assistant district attorney positions at an expected expenditure of \$248,228 with the focus "on the implementation of discovery and/or bail reform efforts by the New York State Legislator."

The grant will also subsidize the cost of an additional Ogdensburg City Police Officer at the cost of \$92,362.

An additional \$4,212 will be used to cover the cost of PCMS Program Discovery Storage fees used for discovery by the District Attorney's Office, along with \$73,128 to expedite Grand Jury transcripts to comply with Criminal Procedure Law.

"The New York State Division of Criminal Justice Services and New York State Attorney recognize the value of the assistance of the St. Lawrence County District Attorney's Office, Ogdensburg Police Department and the Prosecution Criminal Management System (PCMS) with the implementation of discover and/or bail reform efforts," legislators say.

In other action, legislators also approved a \$200,000 budget modification for assigned counsel for Indigent Defense as a result of the program exceeding 2023 budgeted appropriations.

Officials say the cost to provide indigent defense continues to rise, with eligibility standards changing.

According to the resolution, county officials say they intend to access some of the proposed funding to address the cost associated with criminal and appeal cases.

The modification has increased appropriations for appeals cases by \$15,000, criminal cases by \$60,000 and family court cases by \$125,000.

Christmas gives us an opportunity to pause and reflect on the important things around us.

Happy Holidays!

Tips from the Potsdam Humane Society

## Keep your holiday home pet-friendly

There are a number of plants that are used as holiday decorations or gifts that can be toxic to pets, or cause digestive upset or skin irritation.

If you are a pet owner, an ounce of prevention is worth a pound of cure.

No one wants to take an emergency trip to the veterinarian in the middle of family celebrations.

To keep your pets safe and your holiday happy, here are some items to AVOID to keep your home pet-friendly.

- Mistletoe — causes vomiting followed by lethargy
- Holly -- the sharp points can lead to mouth and stomach irritation; holly contains saponins which are soap-like and can cause severe stom-

**No one wants to take an emergency trip to the veterinarian in the middle of family celebrations.**

ach irritation and vomiting, sometimes bloody

- Christmas Trees -- essential oils in sap cause stomach irritation; needles can cause stomach irritation and obstruction
- Lilies -- outside of the holidays, lilies are often associated with funerals and they can

result in your cat's funeral! If the cat brushes up against the plant and gets pollen on his coat, licking it off while grooming can lead to kidney failure.

- Amaryllis -- although the flowers aren't highly dangerous, the bulbs are toxic
- Poinsettias -- can cause stomach upset, but not as poisonous as the other plants previously listed.

The ASPCA Animal Poison Control Center (APCC) is your best resource for any animal poison-related emergency, 24 hours a day, 365 days a year.

If you think your pet may have ingested a potentially poisonous substance, call (888) 426-4435.

## HANDSOME HOUND Seeking Person or Family

*I prefer...* • A cat-free home

- Remote worker, home-body or retired companion
- Someone who like walks
- If you have a fenced-in yard, that would be really neat
- Must be willing to pamper me with attention... I'M A LOVE BUG!
- Best if you don't mind a little slobber...

I get excited sometimes

*Love, Duke*

At five years old, Duke recently passed a milestone, but it wasn't a cause for celebration. As of Dec. 6, Duke has been at Potsdam Humane Society for one year.

Initially surrendered because he had separation anxiety and chased cats, Duke had some issues he needed help with. He had lived with other dogs in the past and got along with them, but in his behavioral testing when he first arrived, he was dog aggressive.

He lived with children and adults and got along with them, but could be selective about the adults he interacted with at the shelter.

With lots of patient outings with our trainer Eudora Watson and other volunteers, Duke has become a much mellower giant.

He enjoys walks and playtime, but really prefers to spend his time leaning against you for butt rubs. He is calm and manageable on a leash.

The real holiday magic comes from the givers

## A sincere thanks to volunteers, charities and donors

My older brother and I didn't agree on a lot of things as kids, but one Christmas we came together in our letters to Santa Claus in hopes of bringing home a Nintendo Entertainment System.

It was no small ask in those days. Although it'd been out for a few years, I'm sure it pushed past the boundaries of my parent's

### Editor's Notebook

Jimmy Lawton

budget. In fact I know it did. But we were kids. We'd seen the commercials and played it at friends' houses and we'd experienced nothing like it.

When the day finally came we tore feverishly and, probably ungratefully, through the wrapping paper in hopes of finding the Nintendo to no avail. Trying our best not to be too upset, and failing miserably, we gave up hope.

Then mom spotted something in the back of the tree.

She pointed out that we'd missed a present. What happened next is a bit blurry to me, but my mom tells me the tree shook like it was in a windstorm as I crawled underneath and rushed out with a large box.

We tore open the present to reveal against all odds that we'd in

fact got a Nintendo. What ensued were tears of joy, loud celebrations and years of developing my hand-eye coordination on that Nintendo, which we still have today.

In fact, my kids still play it often when visiting my parents.

For me, that particular Christmas marked the apex of holiday magic. My mother and I cherish the memory.

When people talk about Christmas magic, I know I felt it that day and I have felt it many days since, though as I age I've come to experience it differently.

As a father, I try to capture that magic for my children to experience, because the older I get the more I realize just how amazing being a kid can be.

Of course I also realize how fortunate I was as a child and that not everyone has such wonderful holiday memories.

In my years as a journalist, one thing that always impresses me is how people come together to help others this time of year.

Around Thanksgiving we saw hundreds of volunteers step up to ensure people had access to holiday meals.

Now our newspaper is filled with pictures of donations made by

businesses and individuals who are trying to make sure the upcoming holidays are magical for thousands of children around the county.

While St. Lawrence County has long rested near the top of the state's most impoverished counties, I believe if there were a list of most generous counties in the state this one would top it.

From Toys for Tots to the Salvation Army and dozens of giving tree programs, and Lisbon's very own Lights on the River, which puts on a holiday light display to raise money and donations for local food pantries, the endless list of

those selfless helpers is amazing.

I can't possibly list all the organizations and programs that are working to help, but I thank you sincerely.

It's your efforts as givers in the world that make holiday magic real.

So give what you can spare, help how you can and remember that even small acts of kindness can change someone's day. Thanks for reading.

#### Show support for food scrap site

As COP 28 gears up for its final week, the world is hoping for a favorable outcome.

In the meantime, we in the Canton and Potsdam area might reflect on what we are doing to reduce our carbon footprint.

One thing for sure is that we have a free food scrap drop site near Bend In The River park in Canton.

Since its reactivation by NoCo Compost on October 10th, as of December 1st, a total of 1769 pounds of food scraps plus mulch and 623 pounds of Halloween

pumpkins have been collected which likely would otherwise have ended up in a landfill where they would produce the greenhouse gases carbon dioxide and methane.

On December 20th at 6:30 PM at the Municipal Building, 60 Main Street, the Village of Canton will hold a meeting to discuss possible continued funding for the site.

If you want to make sure that Canton continues to offer this free service near BTR park, please attend this important meeting and let the Trustees know your feelings.

LETTERS TO THE EDITOR

**Successful holiday book & bake sale**

On December 2, the small village of Norwood was alive with craft fairs, book sales, bake sales, lunches, festivals, caroling around the bonfire, and even a winter holiday parade. Despite the gloomy weather, people came out to support all of these events.

The Friends of the Norwood Public Library held a very successful Holiday Book and Bake Sale that day. We would like to thank everyone who attended, and those who donated books, baked goods, jigsaw puzzles, and everyone who worked at the event.

Special appreciation goes out to Carolynn Halford and the Ashley House. Carolynn donated the items for the grand prize, hosted the raffle at the store, and along with her staff, sold hundreds of tickets to benefit the library. The lucky winner was Courtney Carey, of Tupper

Lake.

A special treat this year was a visit from Adirondack Santa, who read stories, shared hot cocoa and cookies with the children, and posed for pictures. He added a sparkle to an already festive day.

As usual, we always appreciate NorthCountryNow and the NCPR calendar for helping to publicize our events.

**Give animals true reason for hope**

While many face the season of "peace on earth" aghast at recent global events, it's hard not to wonder why we humans still can't manage to connect the dots when it comes to the violence on the world stage, and the violence we ourselves participate in, even as we bow our heads in prayer while preparing to dine on the remains of those slaugh-

tered for our celebrations.

Before his death in 490 BCE, it was Pythagoras, one of the most famous of the ancient Greek philosophers, who said "As long as men massacre animals, they will kill each other."

Over 2,000 years later, the great Leo Tolstoy reiterated: "As long as there are slaughterhouses, there will be battlefields."

These two great thinkers knew that there will never be peace until we practice peace collectively, starting with recognizing the incommensurable oppression of the innocent victims of our choices. Billions of sentient individuals live their lives as slaves to our appetites until death is delivered on the killing floor.

Handing off the dirty work to those with fewer options, human consumers pray for peace while we pay for the imprisonment and captivity of the beings whose bodies generate the products we purchase. These innocent and vulnerable souls

are deprived of their rights and dignity, so those with power over them can engage in habits that are not only unnecessary, but deleterious in a myriad of ways. The individuality and innate worth of each is ignored not only by those who benefit financially, but also by those who buy what their bodies produce.

As Will Tuttle explains in his groundbreaking book, *The World Peace Diet*:

Our inherited meal traditions require a mentality of violence and denial that silently radiates into every aspect of our private and public lives, permeating our institutions and generating the crises, dilemmas, inequities, and suffering that we seek in vain to understand and effectively address. A new way of eating no longer based in privilege, commodification, and exploitation is not only possible but essential and inevitable. Our innate intelligence demands it.

We owe the animals our profoundest apologies. Defenseless and unable to retaliate, they have suffered immense agonies under our domination that most of us have never witnessed or acknowledged. Now knowing better, we can act better, and acting better, we can live better, and give the animals, our children, and ourselves a true reason for hope and celebration.

**Thank you for great gala**

On behalf of the entire St. Lawrence Health community, I would like to thank our generous donors and sponsors who helped to make the Great Care, Right Here Fundraising Campaign Kick-Off Gala a great success.

The St. Lawrence Health Foundation's Great Care, Right Here Fundraising Campaign Kick-Off Gala raised more than \$155,000 to support the priorities of the Campaign.

This was the most successful fundraising event in the St. Lawrence Health Foundation's history, more than doubling the total funds raised at the last event in 2019.

Proceeds from the event, held at The Stables at Windy Point on Thursday, November 2, will support the construction of the St. Lawrence Health Regional Care Pavilion at Canton-Potsdam Hospital, the establishment of a Family Medicine Rural Residency Program, and scholarships to support employees pursuing further education.

The Great Care, Right Here Fundraising Campaign Kick-Off Gala Planning Committee included Campaign Chair Jacquelyn Kuno, Franco Bari, Linda Butcher, Mary Anne Healey, Terry Lewis, Jess Sheehan, and An Tulloch, PA.

The presenting sponsor for this year's event was Compass One Healthcare and other sponsors included Burns Bros Contractors, Pike Construction Services, J.E. Sheehan Contracting Corp., Collins-Hammond Electrical Contractors, Labella Associates, United Helpers, Trane, St. Lawrence University, Five Elements Living and Apothecary Chocolates, and Joseph and Jutta Fitzsimons.

More than 170 attended the event, which included musicians who donated their time and talent during the evening - Tyler Allen, Josh Barkley, Daniel Cassada, David Wells, and Crane School of Music Faculty Member, Anna Hendrickson and her students.

A live and silent auction as well as a paddle raise created a fun and rewarding atmosphere for attendees whose intent was to make a difference in their community. The SLH Foundation is grateful for the support of the 36 live and silent auction donors whose donations helped to boost the event proceeds. Auction donors included the 1844 House, Best Western, Big Spoon Kitchen, Bonnie Castle Resort, Courtney Burds, Tom and Linda Butcher, Chips in Hannawa, Clarkson University Athletics, Jan Close, MD, TJ Fiacco Construction Company, Five Elements Living and Apothecary Chocolates, Glow Spa, Golden Arrow Lake Placid Resort, Hoof & Horn, In-Law Brewing, Jake's on the Water, Jacques Kuno, Kunoco, Suzanne Langlier-Lebeda, Mary Lawrence, LUXE GIVE, Maple Run Emporium, Mirror Lake Inn, North Country Children's Museum, Park Bros Bagelry, Potsdam Town and Country Club, River Living Furniture, Riverside Liquors, St. Lawrence Medi Spa, St. Lawrence University Athletics, Studio 101 Medi Spa, Sweet Retreat Bakery, The Pear Tree, 3 Bears Gluten-Free Bakery & Cafe, Ben Todd, and White's Flowers.

The SLH Foundation exists to raise funds for the sole benefit of the patients served by Canton-Potsdam Hospital and Gouverneur Hospital.

Those interested in supporting patient care in their community may contact Executive Director of the SLH Foundation April Grant, at (315) 261-5418. Donations can be mailed to the Foundation at 50 Leroy Street, Potsdam, NY 13676, or made online at <https://stlawrence-healthsystem.org/about/give>.

'Yes; the only money we donate yearly is all local, since this is where the need is greatest. Grateful to be in a position to help out.

'I always donate during the holidays. When I was a young single mother, struggling to make ends meet, I benefited from others' generosity. I still appreciate that to this day and now I have the means to pay it forward.

## Five-star rating for Hospice

POTSDAM – Hospice of St. Lawrence Valley has been recognized as a five-star organization, solidifying its reputation among the top hospices in the nation, a press release from the organization said.

“This recognition underscores our team’s unwavering commitment to providing compassionate, patient-centered care, with a meticulous focus on detail and continuous quality improvement. It’s a testament to the trust and positive experiences of our patients and their families,” said Executive Director Ruth Fishbeck.

Highlighting the exclusivity of this accomplishment, Fishbeck noted that only 10% of hospices, both nationally and within New York state, have achieved the prestigious five-star status.

Out of 2,026 hospices across the United States, 195 have received this distinguished rating, determined through the Centers for Medicare and Medicaid Services’ Consumer Assessment of Healthcare Providers and Systems Hospice Survey (CAHPS).

In each individual category evaluated by the CAHPS Hospice Survey, Hospice of St. Lawrence Valley received a five-star rating.

“As Board President, I am immensely proud of the collective effort that has led to this prestigious five-star rating. It reflects our commitment to not only meet but exceed the expectations of our community. This accomplishment is a testament to the dedication of our staff and the exceptional care provided to our patients,” said Hospice Board President Laura Cordts.

Fishbeck emphasized the significance of Centers for Medicare and Medicaid Services (CMS) validation with the prestigious 5-star rating.

For consumers seeking information on hospice quality measures, Fishbeck highlighted the official CMS website, Care Compare on Medicare.gov, as a valuable resource.

To learn more about Hospice, including opportunities to volunteer or support their work, and/or determine if you or someone you care about may be eligible for Hospice services, you can visit them online at [www.hospiceslv.org](http://www.hospiceslv.org) or call 315-265-3105.

**STUDY...**

areas about 1.5 miles south of the Village on Route 11. Pedestrians can often be seen walking on the shoulder of this busy section of highway, crossing the four-lane bridge over the railroad and crossing at the stoplight at the intersection of the entrances to the two shopping areas. Safe travel along this corridor necessitates the use of a car, which some cannot

afford or access," the comprehensive plan said.

Erik Backus, the C3G group's academic advisor, presented the final report to the village board of trustees earlier this month and was on the agenda to present to the town board at their meeting Tuesday, Dec. 12.

The study used extensive field survey work in the summer of 2022, including a traffic count; public outreach, a design charrette, sur-

veys; and a peer review by Complete Streets expert Dan Burden to identify the corridors weak points and needs.

Proposed safety improvements focus on separation of pedestrians walking and biking to the plazas from motorized traffic on Route 11.

The group ultimately developed three levels of changes, most robust, moderately robust and least robust.

The final recommendation of the group calls for the municipalities to go with the most robust level of improvements. On the list would be improved lighting and crossings, additional bus shelters, shared use path adjacent to the roadway with a boardwalk along the wetlands portions just west of the village, and roundabouts and a roadway extension on Morley-Potsdam Road. An additional bike lane would be installed, along with the shared use trail.

Other additions would be an additional crosswalk and sidewalk added at Clarkson's back entrance and a footpath made to the shared use path past the university's campus.

However, the changes would not come cheap.

Total cost for the short-term changes would be \$12,960,000, the final report said.

That cost is broken down further with \$3.2 million for the Morley-Potsdam Road realignment, \$3.8 million for the boardwalk along the south side of Route 11, \$700,000 for Route 11 improvements in the town section, \$5 million for the installation of a roundabout at the Maple/Pine/Sandstone/Clarkson Avenue intersection (a nexus which draws a large amount of public criticism for long light waits and traffic patterns), and \$260,000 for improvements on Route 11 in the village.

The project costs are based on 2021 state DOT cost estimates.

According to the report, the cost would be shared with \$5,330,000 paid by the village, \$7,630,000 paid by the town and \$80,000 paid by Clarkson University.

After the short-term project costs, there would be ongoing annual maintenance costs to be borne by the municipalities.

Winter village sidewalk cleaning would cost \$4,250. Winter boardwalk and shared use path clearing

**'As a rule of thumb, anything that once lived can be composted.'**

**Cathy Shradly**

Village Sustainability Committee Chair

would cost \$4,250. Cleaning up around newly installed barriers is estimated to be as high as \$38,000 a year. Overtime for winter boardwalk and shared use cleaning could be \$3,300 and overtime hours for cleaning up around the barriers adds in another \$6,200.

Total annual costs of the improvements could potentially be \$56,000.

The report indicates that the cost would require federal and state grants to help ease taxpayer burden.

And, the work could take as long as a year if the various smaller portions of the project run concurrently. According to the report, the Morley-Potsdam realignment would be 8-10 months, the boardwalk installation 3-5 months, Route 11 improvements in the town 5-7 months, the roundabout at the Maple/Pine/Sandstone/Clarkson Avenue intersection could last between 9 and 12 months, and improvements in the village on Route 11 could take 3-5 months.

costs if the contract is extended. Grants to pay for the service are still being researched and may eventually cover most or all of the cost," explained Shradly in her letter.

Since the new system started on October 10th, Shradly noted, NCC has emptied the containers weekly and there has been an improvement with decreased contamination and insects.

According to data collected by NCC, as of Dec. 6, a total of 2392 pounds of compostable material has been collected. Data indicates 47 different individuals have used the site - 44 from Canton and 3 from elsewhere.

Greg Todd, co-founded of North Country Compost, expanded on Shradly's perspective on Canton's food scrap drop off program.

As COP 28 gears up for its final week, the world is hoping for a favorable outcome. In the meantime, we in the Canton and Potsdam area might reflect on what we are doing to reduce our carbon footprint," wrote Todd.

"One thing for sure is that we have a free food scrap drop site near Bend In The River park in Canton. Since its reactivation by NoCo Compost on October 10th, as of December 1st, a total of 1769 pounds of food scraps plus mulch and 623 pounds of Halloween pumpkins have been collected which likely would otherwise have ended up in a landfill where they would produce the greenhouse gasses carbon dioxide and methane."

"On December 20th at 6:30 p.m. at the Municipal Building, 60 Main Street, the Village of Canton will hold a meeting to discuss possible continued funding for the site. If you want to make sure that Canton continues to offer this free service near BTR [Bend in the River Park] park, please attend this important meeting and let the Trustees know your feelings," concluded Todd.

NCC's phone number is posted for those who do not use QR codes and need assistance or have questions. Signs at the site provide information about the types of food scraps that are accepted and those that are not.

"As a rule of thumb, anything that once lived can be composted," commented Shradly.

"The cost of the service was \$796.24 monthly. NCC has agreed to lower the price significantly based on lower than anticipated

# Harrisville students' experiment launches to space

HARRISVILLE — Harrisville high schooler Maia Bernhard and recent graduate Nadia Atkinson visited NASA's Kennedy Space Center in Florida in November, celebrating the launch of their science experiment into space.

This marked the second time in a row that student research from Harrisville made it into space, a press release from BOCES said.

The experiment Atkinson and Bernhard developed is called "The Effects of Microgravity on the Reproductive Cycle of *Drosophila melanogaster* (Common Fruit Fly)."

The National Step 2 Review Board for the Student Spaceflight Experiments Program (SSEP) selected their experiment to be a part of this most recent mission to the International Space Station.

On the evening of Nov. 9, their experiment blasted into space from Cape Canaveral along with dozens of other student experiments from around the country Atkinson

and Bernhard expect to receive the results from their experiment by the end of December.

Atkinson, who has since graduated from Harrisville Central School and now studies history at SUNY Potsdam, called this experience "amazing."

"I keep thinking about how something I, as a high school student, made is going to space," said Atkinson. "I learned that it takes many, many drafts before the final project, and to keep going until you've got something real."

With the experiment well underway, Bernhard said they will watch the control group very carefully.

"Our project, with good results, could help scientists explore more human genetics with the effects of microgravity with fruit flies having very similar DNA to humans," said Bernhard.

The pair will later travel to the Smithsonian Museum in Washington, D.C. to

present their findings once the experiment is complete.

While Bernhard and Atkinson took the lead with much of the research and execution behind this experiment, they had help along the way from their teacher, Nicole Taylor.

"I am extremely proud to have been able to assist them in their experiments and the excellent opportunity and this experience," said Taylor.

This is the second time in a row that student research from Harrisville has been selected to be launched into space through SSEP.

Clarkson University's Clarkson Discovery Challenge-Space (CDC-Space) coordinates the SSEP program in the North Country, assisting students and teachers with their research and experiment proposals.

The SSEP is a program of the National Center for Earth and Space Science Education (NCESSE).

# Crane faculty create open access music theory workbook

POTSDAM — Three faculty members at SUNY Potsdam's Crane School of Music have teamed up to create an open access music theory and analysis workbook.

"Fundamentals, Function, and Form Student Workbook" has been released by Milne Open Textbooks, and is available as a free download or can be read online, including fully integrated audio samples through-

out. The new publication was authored by Dr. Ivette Herryman Rodriguez, Dr. Andre Mount and Dr. Jerod Sommerfeldt, all associate professors in the Department of Music Theory, History and Composition.

Students of tonal Western art music will find in the workbook a full set of exercises and activities to deepen and reinforce their understanding of music theory and analysis.

The book begins with such rudimentary topics as rhythm, meter and pitch, and progresses through polyphony, chromatic harmony and musical form. In addition to exercises tailored to each topic, the book features recurrent activities focused on four-voice part-writing (figured-bass/Roman numeral realization and melody harmonization), as well as score analysis, which become progressively more advanced as new concepts and skills are covered.

Included for analysis are more than 500 excerpts drawn from the literature, almost all of which were composed by women and other underrepresented groups. The online version of the text includes embedded audio files for immediate aural reinforcement.

Score excerpts and audio files are also available to download for use in class handouts and slideshows.

The open access publication is accompanied by an instructor manual.

The workbook is designed to supplement an earlier Milne Open Textbook publication first authored by Dr. Mount in 2020, titled "Fundamentals, Function, and Form: Theory and Analysis of Tonal Western Art Music." Each chapter in the textbook has been given a corresponding chapter in the workbook, so that students can move fluidly between the two.

The exercises were also designed so that they could also be used independently from the textbook, by instructors who may prefer to use other texts and materials.

Fundamentals, Function, and Form: Student Workbook can be downloaded as a PDF and read online at: [milne-opentextbooks.org/fundamentals-function-and-form-student-workbook](http://milne-opentextbooks.org/fundamentals-function-and-form-student-workbook).

## Fort honors three at dinner

OGDENSBURG – Three people were honored at the Fort La Présentation annual dinner and award ceremony held Nov. 17 at the Inn at the Gran View.

Honored this year were author and District 1 St. Lawrence County Legislator James E. Reagen, with the Persis Yates Boysen Award. That Award is presented to the individuals or organizations who have

made an outstanding contribution to sponsor the historically accurate reconstruction and ongoing presence of Fort La Presentation.

The David L. Dickinson Annual Volunteer Award for “Outstanding Commitment of Time and Effort to Fort De La Presentation” was presented to Jody Tosti and B99.3FM Radio.

The Joseph Cosentino Award for “Special Recognition for Generous Commitment of Self and Resources to the Fort De La Presentation Project” was presented to Father F. James Shurtleff.

## Enrich your holiday season by having courageous conversations

BY KATE FAVARO

Bereavement Coordinator & Volunteer Manager

Picture it...no, not Sicily 1928...but sitting around in a soft lit, cozy living room after a large family meal celebrating the winter holidays, a fire gently crackling in the background.

What is the group talking about?

Maybe you're reminiscing about past holiday gatherings and missing those who've since died, how the food was, what gift you're anticipating giving or getting most, or how wonderful it is to see those who live far away?

All worthy topics to be sure.

Have you ever thought about using this comfortable, relaxed environment to discuss some of the most important things in life; how to live fully and ways to share our legacies with generations to come?

These topics make up what are known as "courageous conversations."

These courageous conversations are focused on the steps one can take to have the end-of-life experience that they want – one that matches up with their values – and one which allows them to have a say in how their legacy is shared with others.

**What better time than when you're surrounded by those you love, those who may be making medical decisions for you at some point, those who will want to carry your legacy forward?**

Yes, you may see those topics as "morbid," "weird" or better suited to some other time.

But what better time than when you're surrounded by those you love, those who may

be making medical decisions for you at some point, those who will want to carry your legacy forward?

Hospice of St. Lawrence Valley offers the following suggestions on enriching your holidays with courageous conversations:

### Keep it casual

There is no need to get out a notebook, find a notary, or hire a lawyer just to talk about these things.

Having general, low-key conversations about things like what you want done with your body after you die, if you want calling hours or not, or if there's a charity you'd like donations to be made to in your memory, can still provide valuable insight to your family and friends about how to best honor your legacy.

### Humor helps

Do not make these conversations overly serious.

You're talking about some tough topics here, take time to laugh!

Try questions like "What's the one piece of advice you give that people continue to ignore and can we put it in your obituary," "What

would you say your superpower is," or "Will you include the full secret recipe for the meatballs in your will"?

### Read the room

If you try to bring up these topics and everyone is too uncomfortable or if there was a recent death within the group, this may not be the best time.

You can still have broad conversations about the beauty of life by asking things such as "What is your favorite family tradition and how did it start," "What's your definition of a life well-lived," and "Do you prefer sunrises or sunsets and why?"

### Powerful conversations

These topics can be hard to broach, but doing so allows for enriching and powerful conversations between you and those with whom you spend the holidays.

Staff and volunteers wish you all a wonderful winter holiday season.

Kate Favaro is Bereavement Coordinator & Volunteer Manager with Hospice of St. Lawrence Valley.

A major goal of this group has been to help to keep the Mohawk language alive through song.

[Continued from page B4]

### About the concert:

The 2023 Crane Candlelight Concert program welcomed an array of ensembles and genres to the Hosmer stage, starting with the Giroux Honors Jazz Combo performing an arrangement of "Christmas Time is Here/O Christmas Tree," followed by the Crane Handbell Quartet's rendition of "God Rest Ye Merry, Gentlemen." The award-winning Crane Opera Ensemble presented three arias from "The Christmas Coin," a contemporary opera by Keith Gates.

Visiting conductor Dr. Mark Kligman, a world-renowned scholar in Jewish music, conducted two major works in honor of Hanukkah. The Crane Symphony Orchestra and Crane Chorus filled the stage to present part one of Herman Berlinski's "Avodat Shabbat," a masterwork that is one of only three complete Sabbath services written for soloists, chorus and large orchestra.
