Something for everyone in St. Lawrence County

Scenic vistas, best angling, live music, lively festivals

With some of the world's best bass fishing, professional-level performances of music and theater, historic reenactments, whitewater kayaking and scenic vistas from the river valley to the Adirondacks, St. Lawrence County offers something for everyone.

This summer the North Country's best will turn out for concerts, classic car shows, 1812 War reenactments, summer festivals and hiking adventures.

The Norwood Village Green Concert Series will be presenting its 52nd Annual season in 2025, kicking off May 29. The series, now a mainstay of the region's stellar live music venues will bring folk fiddling, jazz, Celtic, and blues music.

The region is home to world class museums as well, notably the growing and expanding North Country Children's Museum, a highly interactive and engaging space for youngsters.

The Remington Museum in Ogdensburg features the fine art and sculpture of America's artist Frederic Remington, while the Potsdam Public Museum and the Silas Wright House in Canton bring local history to the forefront.

If a quieter pace is what you are looking for, the region offers some of the best fishing in the world, with the St. Lawrence, Oswegatchie and Racquette rivers offering different challenges for every angler.

If competitive fishing is what you are looking for, the natural fisheries off Massena and Ogdensburg shorelines bring in the best bass anglers in the world for several events throughout the year.

The region also offers classic car shows, 1812 War reenactments, summer festivals and campgrounds and hotels to stay during your visit.

Summer festivals to check out this year include the annual Seaway Festival in July, Potsdam Summer Fest in July, the annual Dairy Princess Festival in June in Canton, annual Antique Gas & Steam Exhibition in June in Madrid, and the annual Gouverneur & St. Lawrence County Fair in Gouverneur the first week in August with concerts, rides, agricultural displays, and a demolition derby.

St. Lawrence County has something for everyone, from hiking trails in the backwoods, to boating excursions in every type of craft imaginable.

Come visit us.

Hands-on, minds-on fun at the Children's Museum

STEAM programs, art and theater exhibits

Located in the heart of downtown Potsdam at 10 Raymond Street, the North Country Children's Museum is a destination for hands-on learning, serving families across Northern New York and beyond.

The museum is open Wednesday through Sunday, from 10:00 a.m. to 5:00 p.m.

Since opening its doors, the museum has become a hub for children to explore STEAM-based exhibits through play.

The museum's first floor features interactive exhibits and changing daily programs designed to engage children ages 0–12 and their families. Exhibits include: Adirondack Waterplay, Construction Zone, STEAM Power Art & Science Interactives, Adirondack Animal Digital Wall, the Kids' Co-op Grocery Store, the Maple Tree to design a digital leaf, and PlaySpace for children ages 4 and under.

In front of the Children's Museum is a historic tractor for some outdoor, climb-on fun.

The Children's Museum is excited to announce the upcoming opening of its second floor, anticipated for late summer 2025.

This new expansion will double the museum's footprint and feature an immersive Sound & Music Lab, Maple Forest Climber through the roof of the building, Addie's Opera House Theater Exhibit, and the Swartzentruber Amish Home Exhibit, as well as the Physics Trail with STEM interactives.

The second floor exhibits are geared for children ages 8 to 12, with plenty of fun for the younger kids as well.

The museum recently opened a Family Resource Room on the second floor.

This calming space is a welcome retreat for infants and parents.

The Children's Museum is also launching parenting education programs including a Baby & Me Class Series, and the Lullaby Project songwriting initiative starting in fall 2025.

Drop-in Family STEAM Programs are held in the second floor program room every Saturday and Sunday at 11am and 2pm.

The museum also offers vacation week camps, group field trips, birthday parties, and family memberships.

Needs-based discounted memberships are available, visit the website for more information.

For more information about exhibits and programs at the North Country Children's Museum including upcoming monthly special events, visit www.northcountrychildrensmuseum.org.

Whitewater, winding scenic rivers and everything in between

Here are some popular local kayaking and canoeing areas, provided by the St. Lawrence County Chamber of Commerce.

Raquette River, Potsdam, Potsdam dam backs up the river nearly two miles and is a great place for a quick paddle or fishing, access from Ives Park, near the Clarkson Inn, 1 Main St., public parking.

Grasse River, Canton to Madrid, canoe from the boat launch on Route 68 just outside the village of Canton to the dam in Madrid, about 12 miles.

South Branch Grasse, 16 miles, 5 portages access Tooley Pond Road, various points.

Massena Rod & Gun Club, access to the Grasse River, located off State Route 37 on Patterson Rd., Louisville.

Cranberry Lake, one of the largest remote areas remaining in the state, lake covers 11

square miles and has 155 miles of shoreline, over 40 of which are state-owned, 42 primitive campsites, with access to the greater Five Ponds Wilderness Area.

Oswegatchie River, Cooper's Falls, two mile upriver from Kendrew Corners, DeKalb, river access along Route 812 near County Route 17, popular swimming area upstream from Inlet, paddle from Inlet to Lows Lake Carry and back to Inlet is 40 miles.

Lower Oswegatchie River, starting near Gouverneur and flowing 65 miles to Ogdensburg, this is a gentle section. The river is wide and slow-moving as it passes through rolling hills, rock ledges, marshes, and pasture land, with various access points along the route to create varying trip lengths.

Need information about things to do and places to see?

Stop in at the St. Lawrence County Chamber of Commerce and Visitor Center

If you are visiting the region and want to know information about what to see and do here, stop in at the St. Lawrence County Chamber of Commerce and Visitor Center, 101 Main St., in Canton, Monday-Friday, from 9 a.m.-4:30 p.m., or call 315-386-4000.

The STLC Chamber, founded in 1965, is a nonprofit organization serving member businesses throughout St. Lawrence County.

As the designated tourism promotion agent for STLC, a portion of the team is dedicated to visitor and tourism efforts, working closely with I Love New York, as well as engaging in active partnerships with the Adirondack Regional Tourism Council and the Thousand Islands International Tourism Council to showcase the county to visitors from the Northeast and the bordering areas of Canada.

Through these local, regional, and state partnerships, the STLC Chamber is able to connect businesses and event planners with opportunities on a larger scale.

Promotional efforts highlight attractions, places to eat, lodging, events, seasonal activities, and many other aspects of North Country living that make the region so unique.

The tourism team continuously collects information to provide a variety of resources

to promote “Life Undiscovered” to visitors in a way that enhances their experience whilst directly connecting them to local businesses and organizations.

Norwood Village Green Concert Series celebrates 52nd season

World class folk, Americana, jazz, Latin, Celtic, blues, rock and world music in one of the region's best outdoor venues

The Norwood Village Green Concert Series will be presenting its 52nd Annual season in 2025. Its mission as “a non-for –profit founded to impact our home communities via inspiring and spirit uplifting public outdoor performances” is demonstrated in its programming. It is presenting workshops and concerts for youth and families, music from around the world, its 32nd Grammy award recipient, its 19th Grammy nominee, classic country music, performing opportunities for school musicians, the 2025 SUNY Potsdam Rising Star recipient, a world class trumpet player, a community fund-raising event for the benefit of the Norwood-Norfolk-Raymondville Outreach program, and performances by more than 125 local musicians.

Here are seven highlights for the 52nd Annual Season.

123 Andrés: 123 Andrés are a husband-and-wife duo that creates children's music in both English and Spanish. They have been winners of the Best Latin Children's Album category at the Latin Grammy Awards for Arriba Abajo. In 2024, they won the Grammy Award for Best Children's Music Album for their album We Grow Together Children's Songs. They are the Series 32nd Grammy Award recipients. 123 Andrés will be offering workshop for Head Start and K-2 students at Norwood-Norfolk, a concert for the elementary school and an evening concert for families and the general public.

Sue Foley: Sue Foley has been nominated in 2025 in the Traditional Blues category for her "One Guitar Woman" recording. Her pink

Fender guitar hangs in the Rock and Roll Hall of Fame in Cleveland next to the guitars of the greats. She has received Juno, Blues Foundation, and Maple Blues Awards (including its Lifetime Achievement Award).

Shavon Lloyd: Shavon received his Bachelor's degree from the Crane School of Music and was granted a full scholarship to Juilliard where he received a Masters Degree in Vocal Performance. He is a triple threat – a performer, a conductor, and a composer. He has won awards in all three areas and has performed at Carnegie Hall, at Saratoga PAC, with the St. Louis Opera Company, and at the Opera House in Geneva, Switzerland. He performed in a Memorial concert dedicated to his mentor Dr. Lonel Woods for the Norwood Village Green Concert Series in 2019. He will receive SUNY Potsdam's Rising Star Award for 2025 on July 12th prior to his performance on July 13th.

Kody Norris: The Kody Norris Show: This talented group, made up of frontman Kody Norris, Josiah Tyree, Mary Rachel Nalley-Norris, and Charley Lowman, find themselves with a growing legion of fans craving the comfort that comes from their retro look, but equally craving dynamic instrumentation and thought-provoking lyrics – all of which can be heard throughout their epic new album *Rhinestone Revival*.

"There is a whole chapter of country music that's just kind of faded away," Norris once said. "I believe The Kody Norris Show has been instrumental in bringing back some of that nostalgia and some of that classic look

that country music and bluegrass used to have.”

The Brindlestiff Family Circus: Founded by Keith Nelson and Stephanie Monseu in 1995, prides itself on being an integral part of America's outstanding folk traditions of circus, and sideshow. There will be a juggling workshop at 6 pm. Their family-friendly show begins at 7 pm.

Las Guaracheras: Las Guaracheras is an all-women salsa sextet born in the city of Cali, Colombia in 2017. The ensemble's cultural and artistic objective is to uplift a female voice within Afro-Latin music and build a more inclusive, diverse and respectful cultural space for all. Las Guaracheras present an explosive show that provokes dancing, and singing as well as reflection.

LauraB: The folk and contemporary music of Spain and Andalusia in particular.

of Wally Siebel with guest artist Jim Hynes: Jim Hynes has performed on countless Broadway shows throughout his career. Among them are *Cats*, *Jerome Robbins Broadway*, *Chess*, *Beautiful* (the Carole King Musical), *On Your Feet*, *Color Purple*, etc. He has performed, toured, and recorded with some of the top artists in the industry including Paul Simon, Sting, James Taylor, Beyonce, Michael Jackson, Quincy Jones, Cyndi Lauper, Elton John, Lady Gaga, Tony Bennett, and many others.

Brasher and North Lawrence children, from front, Callie Lavare, Jrayson Learned, Lilyana Lavare, and Jeb Learned were among dozens of children in the Ted Kot Kids Free Fishing Day at Wilson Hill Causeway, hosted by Massena Recreation.

Region is an angler’s paradise

St. Lawrence County is known as an angler’s paradise. From small pan fish to large monsters like the muskie, they can all be found here from the small streams, ponds and lakes to the big rivers.

The St. Lawrence County Chamber offers an excellent online and printed fishing guide, which includes information by species as well as the areas to fish.

The “angler’s dozen includes: muskellunge, smallmouth bass, largemouth bass, walleye, northern pike, carp, crappies, lake trout, rainbow trout, brook trout and yellow perch.

The St. Lawrence River stretches more than 36 miles along the western border of the county. There are great spots for launching in Lisbon, Morristown, Ogdensburg, Waddington and Massena.

If hunting the monster muskie in the St. Lawrence the County guide suggests the channel side of Oak Island at Chippewa Bay, the mouth of the Oswegatchie River near Ogdensburg; and the Town Beach and Hawkins Point in Massena, to name a few.

For a quiet more relaxing day on the water,

consider the reservoirs of the Raquette River. The Raquette is the second longest river in New York State and runs north through the county. Also known as the most dammed river in the state, the reservoirs created make for excellent fishing for walleye, smallmouth bass, northern pike and yellow perch, as well as tiger muskies, largemouth bass, pumpkin-seeds, brown bullheads, rock bass and fall-fish, according to the guide.

The Upper Impounds in the Colton area offer more than 30 miles of river to explore. Check out areas like Carry Falls, Stark Falls, Black Falls, Rainbow Falls, Five Falls, South Colton, Higley Flow and Colton Flow.

Another great fishing area to spend several days on is Black Lake located in the western side of the county. This 8,000 acre lake, part of the Indian River Lakes, boast great panfishing with the most popular of black crappies, as well as bass, pike, walleye, and even muskie. There is a great host of camping cottages along the lake that offer hospitality to all types of anglers and families.

FISHING . . .

[Continued from page 11.]

The Black Lake Chamber of Commerce hosts an annual panfish angling contest with tagged fish connected to cash and prizes if caught.

The best water to trout fishing, according

to the guide, include the St. Regis River, the west branch of the St. Regis, the upper Oswegatchie River and the upper Grasse River. Many areas are catch and release, so be aware of the marked areas.

Enjoy off-road adventures on your ATV in St. Lawrence County

From the St. Lawrence County Chamber of Commerce webpage

A popular outdoor recreational activity in Northern New York is ATV trail riding. The St Lawrence County Multi-Use Trail is a designated ATV trail that includes trail segments on public and private lands, with a key feature being a trail system through Ft. Jackson and Brasher Forests. Select Town and County Roads are used to connect the off road sections of the trail and are identified with brown signs that include an ATV symbol. The trails extend from the Brasher State Forest down to Parishville, onto Hopkinton, and from South Colton to Russell and beyond.

St. Lawrence County Multi-Use ATV Trails are open May 15 to September 15 (unless otherwise posted).

As of June 1, 2021 trail permits are now required on OHVs/ATVs to enjoy the trails. All funds generated from permit sales are dedicated exclusively to establishing, maintaining, and operating the 132-mile St. Lawrence County Trail System.

Permits are \$65 for the first permitted ATV/OHV, and \$20 for each additional ATV/OHV permitted from the same household on the same application.

Three-day trail passes available for \$20
ATV/OHV club members receive a \$20 discount on the trail permit. (Riders can join an ATV/OHV Club while completing the Trail Permit Application.)

Riders need copies of current insurance cards matching their physical address for each ATV/OHV to be permitted.

To receive a permit, riders must use a debit card, credit card, or PayPal account (NO CASH, NO CHECKS).

Purchase your permit 2025 Permit ONLINE beginning April 11: stlawco.gov/multi-use-permit-application

The County ATV Association and various clubs encourage safe and responsible travel. St Lawrence County Trails Board offers a free map of the multi-use trail system and includes Trail Rules, Etiquette & Safety Guidelines and Tips for Trail Users. The trail map shows six ATV Areas with kiosks displaying a map and rules of the trail, ample space for parking, unloading and loading vehicles. See Multi Use Trail System Map and rules here. (You can right click your mouse and print from there).

Rules of the trail for all users

Stay on marked trail. Enter and exit the trail system only at trailheads or town connectors.

Trail is open 6:00 am until midnight unless special permission is granted.

Obey all signs, gates and barriers.

Always stop when signaled by a law enforcement or safety patrol officer.

No camping or campfires are permitted.

Respect the environment. Travel with minimum impact. Do not litter. Carry out what you carry in and leave nothing behind.

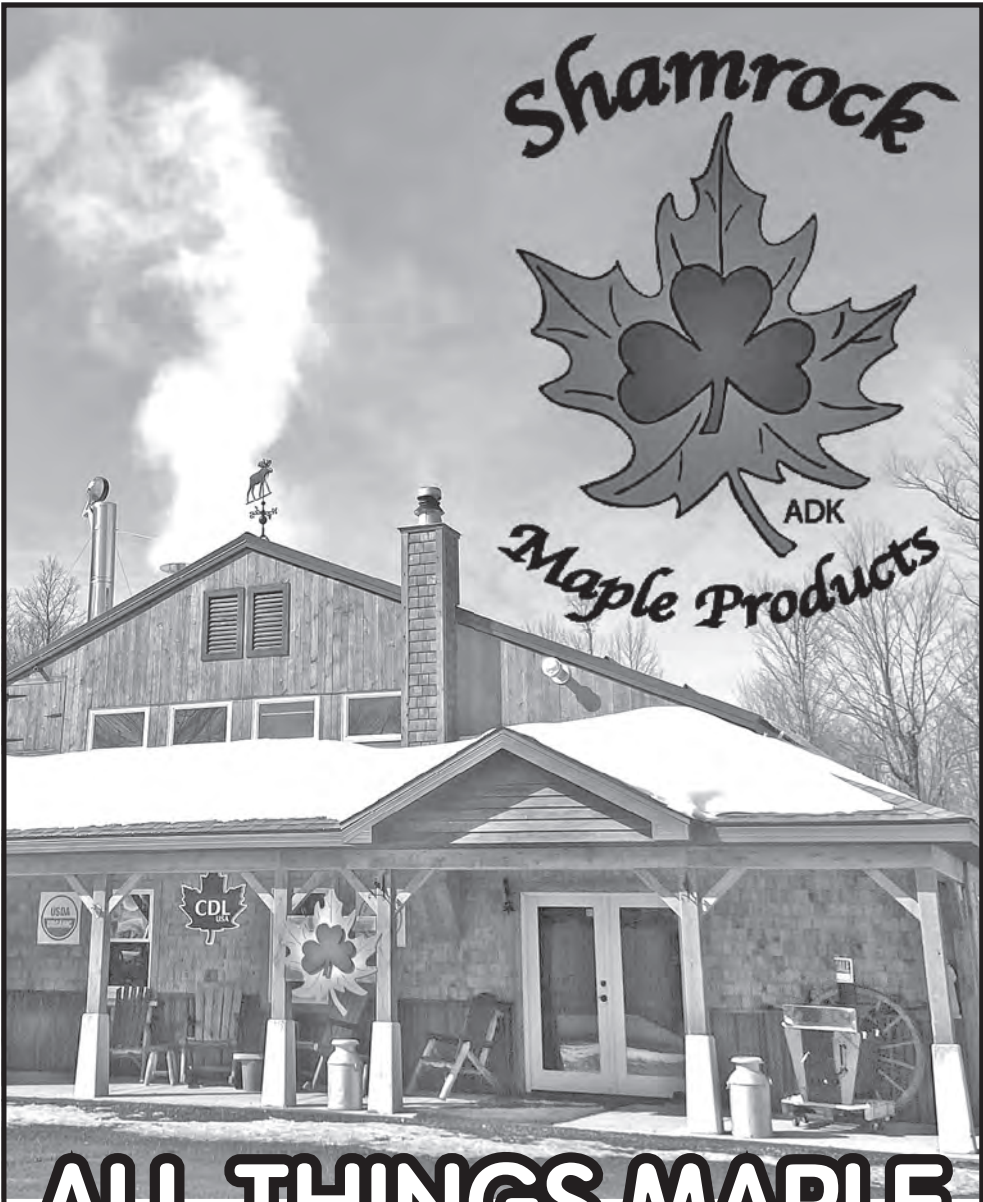

Always carry personal identification.

Watch the weather and dress appropriately.

Adult supervision is required for those under 18.

No alcohol may be consumed on the trail.

Be prepared – carry a first aid kit, tools, spare equipment and a cell phone or two way radio.

St. Lawrence County’s diverse geography offers great cycling

From the St. Lawrence County Chamber of Commerce

Whether you are a leisure rider looking for a nice country road to explore, a hard-core biker looking for a challenging day-long trip, or someone hoping to get into the woods and play in the dirt - St. Lawrence County has it all.

Easy Rides to Get You Started

- St. Lawrence Seaway Ride (52 miles, rated 1). This ride starts from Canton and proceeds through Madrid to Waddington then follows the Seaway Trail (State Highway 37) to Massena. Only two of the St. Lawrence Seaway’s seven canals are located on the U.S. side of the River, and this ride takes you to the Dwight D. Eisenhower Lock. You will be able to view the lock from the Observation Deck, and then ride underneath it on your way to the St. Lawrence-FDR Power Project and Robert Moses Power Dam, which transformed the River’s International Rapids to Lake St. Lawrence, a power pool almost as large as the District of Columbia. The Admission to the Lock and the Hawkins Point Visitor Center is free. The return route is on the same road just with a different view, and extra chances to view oceangoing ships.
- Pleasant Valley Ride (16 miles, rated 2). Lightly rolling terrain and sparsely traveled back roads have made this ride popular with the locals and visitors alike.
- Morley-Bucks Bridge-West Potsdam Loop (23 miles, rated 2). This undulat-

- ing ride takes you along the Grasse River through Morley to Bucks Bridge, then to West Potsdam and back to Canton through prime farmland. In Morley if you turn left at the intersection of County Route 27 and County Route 14, a short detour will take you to an interesting old Episcopal church and graveyard. Some stretches of this route can be windy but it is still a good route for a laid back rider. Click here for route map.
- Indian Creek Tour (24 miles, rated 2). This scenic tour takes the rider along the flat to gently rolling country roads between, Canton, Morley and Rensselaer Falls and completely around the Indian Creek Nature Center. Points of interest include one of the few grist mill ruins still standing in the County. You will also see Trinity Chapel, constructed in 1871 in Morley. There are several Amish farms along this route, and deer and waterfowl abound in the woods and marshes. Road surfaces are generally good to excellent with little traffic. Click here for route map.
 - Frederic Remington Ride (57 miles, rated 2). The famed Western century artist Frederic Remington was a native of Canton is buried in the local Evergreen Cemetery. This ride passes the Indian River Wildlife Refuge, through the hamlets of Rensselaer Falls and Heuvelton and along parts of the Oswegatchie River to Ogdensburg. Here you can tour the Frederic Remington Art Museum, located in the Parish Mansion where his widow Eva (Kid) lived until her death. In addition to exhibits relating to Remington himself, the Museum houses one of the

- world’s finest collections of his works including paintings, sketches and sculptures. Food and water are not allowed in the museum, and please no cleated bike shoes. The return trip to Canton takes you along the St. Lawrence River past Red Mills, home to the River Myst Winery, turning East through some of St. Lawrence County’s prime farmland. Click here for route map
- Pyrites-Old Dekalb Road (17 miles, rated 2+). This short tour takes the rider into a series of scenic hills south and west of Canton. At the edge of village you will cross over the Little River on a wooden bridge. About ¾ of a mile beyond that bridge on the right you will see the Meadows restaurant. After that point there are no more services on this tour until you return to Canton via the Old Dekalb Road, so take plenty of water.
 - Church Ride (47 miles, rated 2+). This ride tours a series of historic churches and churchyards between Canton and Waddington on the St. Lawrence River. The ride passes sites at Morley, Bucks Bridge, Waddington and Chipman. In Morley, view both the Trinity Chapel, constructed in 1871 and one of the few grist mills remains left in the County. Road surface conditions along this flat to rolling tour are generally good to excellent. This ride has been featured in the book, “Best Rides in the Mid Atlantic,” by Trudy E. Bell. Click here for route map.

Moderate to Difficult Rides

- Canton Pyrites Loop (14 miles, rated 3). This scenic ride takes the rider along the flat to gently rolling county and town roads between Canton and Pyrites, bypassing the hamlet of Pyrites. Road surface conditions along this tour are generally good to excellent with little traffic.
- Crary Mills Loop (20 miles, rated 3). There are some rolling hills on part of this route with plenty of flat portions in between. Roads are good to excellent.
- Foothills Loop (27 miles, rated 3). Rolling all the way, this takes you along the edge of the foothills of the Adirondacks. There is an elevation gain of around 500 feet, but you’ll climb a total of 700 to reach that.
- Old Mill Town Loop (32 Miles, rated 3). The real hills start around the 9 mile point and continue off and on until the return to Canton. Take plenty of water as there are no services on this route. Though you can hardly tell it today, the little hamlet of Pyrites was a bustling paper mill town until the mill closed in the late 1920s. Hidden behind vegetation, the mill ruins are still visible between mile 23.6 and 23.8. Among the thriving businesses was Dominic Benedetto’s grocery store. Dominic’s young nephew, Antonio Benedetto went on to achieve fame as singer Tony Bennett.
- Raquette River Loop (34 miles, rated 3). This loop takes the rider over the hills from the Grasse River valley to the Raquette River valley at Hannawa Falls and back by way of the crossroads community of Pierrepont. It is one of the more challenging middle distance rides. None of the hills is really formidable but several are more than gentle rises. After you cross the river in the hamlet of Hannawa Falls there are a couple of stores as you leave the village you will come to the entrance of Postwood Park, a good place for a picnic lunch or a swim.
- Lampson Falls Loop (48 miles, rated 3+). After a good climb out of Russell, there are a couple of options for breaks at either Poor Ol’ Satch’s or the Bear Paw at Whippoorwill Corners. About 10 miles beyond is the stop-over at Lampson Falls, with a short walk into the falls. This series of falls features a basic camping and picnic area, and is unusual in that you can stand or sit at the very edge of the falls.
- Whippoorwill Metric Century (63 miles, rated 3+). This ride, though outside of the Adirondack Park itself, give you the full North Country and Adirondack treatment, with winding and twisting hilly back roads weaving through farmland and wooded areas.
- Tooley Pond Loop (44 miles, rated 3, and 84 miles rated 4). This loop is actually two separate rides. Leaving from Canton is the total 86 miles, while a report start from Degrasse results in a 44-mile total. In either case, this is one of the beautiful wilderness trips for which the Adirondack Park is known. Part of both rides follows the Oswe-

- gatchie River. Along the Tooley Pond Road, you will either see deer or be seen by them – count on it! You’ll pass logging roads, as well, and stay alert for herons, hawks and other birds. THIS IS NOT A RIDE FOR BEGINNERS. There may be some sections of the road that are dirt, and some steep downhill sections with rough pavement, check your brakes before the ride.
- South Colton Loop (41 miles, rated 4). This ride ascends into the Adirondack foothills, making a loop through South Colton and Colton, which lie just outside the Adirondack State Park. The terrain is mostly hilly with a few challenging longer climbs. A stopping point at mile 32.3 (after that surprise climb you’ll deserve a break) provides a long view across the St. Lawrence River Valley atop the hills in Pierrepont. From there the descent into Canton on State Highway 68 is enjoyable and fast, but requires caution because of hills, curves and narrow shoulders. Along this route is the picturesque hamlet of Colton, with White’s General Store at the top of the hill, with the Sandstone Zion Church across from the Heburn Library at the bottom. As you enter South Colton, you will pass Sunday Rock, the legend is in the lumbering days this was the divide between civilization and the lawless. There was no law south of the Rock, and no Sunday recognized, as the days all flowed together as they worked 24/7.
 - Joe Indian Loop (72 miles, rated 4+). This is a truly challenging ride, climbing a total of over 2,600 feet with some steep grades. It has many beautiful vistas typical of the Adirondack Park and a spectacular view from White Hill of the St. Lawrence River Valley and over into Canada on a very clear day. There are no services between South Colton and Parishville, so a good supply of water is necessary.
 - Adirondack Century (103 miles, rated 4). A scenic trip from rolling farmland to hilly sections of the Adirondack Park. From a beginning elevation of about 300 feet, you’ll gradually reach a maximum elevation of 1,600 feet, climbing over 2,800 feet in the process. Watch for deer, hawks, and herons. There are few places for water or provisions along the route, so stock up when you can. Adirondack Overnight (approximately 100 miles in 2 days, rated 4). This is essentially the Adirondack Century broken up into two days. Over the years this has ranked with the Kingston Overnight as one of the club’s favorite rides. An overnight stay can be arranged, please see lodging for details.

Enjoying the great outdoors on the best hiking trails in the region

The North Country and St. Lawrence County offer a variety of trail types and difficulties for everyone from the avid hiker to the weekend stroller.

Here are some of them, provided by the Laurentian Chapter of the Adirondack Mountain Club. The club's website can be viewed at AdkLaurentian.org.

RED SANDSTONE TRAIL. History and scenery combine in this 3.5-mile trail along west bank of Raquette River between Hannawa Falls and Potsdam. Interpretive markers display a map. See where some of the famous "Potsdam Sandstone" came from. Park near the Hannawa Falls Fire Department on Mill St., just off State Hwy 56 in Hannawa Falls. Follow the blue diamond trail markers. Trail terminates at the northern tip of Sugar Island. Return to Mill St. or walk out the dirt roads to the Back Hannawa Road.

BROWNS BRIDGE-POSTWOOD PARK, Church Street, off Route 56, Hannawa Falls, easy 5.7 mile trail system, used for cross-country skiing, intersected by backroads, canoe access.

STONE VALLEY RECREATION AREA. Trail goes along both sides of the Raquette River from Colton north to the Brown's Bridge road and back, making it possible to do a 7.5-mile loop if desired. Trailheads in Colton are on each side of the bridge over the river just above the Colton Dam and parking is available at both places. Dramatic views and overlooks of many waterfalls and rapids and some informational plaques.

HIGLEY FLOW STATE PARK TRAILS. A number of great trails are available at Higley Flow State Park. Take route 56 south to South Colton and turn right onto Cold Brook Road – watch for signs on the right. Small day use fee during summer months, but trails are open for skiing all winter at no charge. The Warm Brook Trail follows the Blue Trail Markers. It is 1.3 miles of rolling, hilly trail through the park's northern hardwood forests and pine plantations. A nice hiking and cross-country ski trail. The Beaver Pond Trail follows the Yellow Trail Markers and is .9 miles long. The interpretative trail goes through several different ecological habitats - pine plantations, wetlands, open meadow, and northern hardwoods, and winds around a beaver pond. There are seven interpretative signs alongside this trail. The Cedar Brook Trail follows the Red Trail Markers and is 3.8 miles long. The trail has several loops that go through pine plantations. It offers steep, hilly terrain, suitable for advanced cross-country skiers. For more trail information and trail maps, contact Higley Flow State Park at 262-2880.

MUNTER TRAIL, packed sand trail suitable for walking, running and bicycling, along Raquette River in Potsdam from behind Stewart's Shop on Maple Street to Bayside Cemetery off Clarkon Avenue. Trail connects with cemetery access road that circles around cemetery along the riverbank.

ROBERT MOSES STATE PARK NATURAL TRAILS, off Route 37, Massena; approx. 6 miles of trails lead to overlook the St. Lawrence River; picnic & collecting areas; free cross-country ski, snowshoe rentals for use on Nature Center trails; info: 705-5022 or www.massenanaturecenter.com

INDIAN CREEK NATURE CENTER. Excellent bird watching site, with 4.5-mile network of trails, located in Upper and Lower Lakes State Wildlife Management Area between Canton and Ogdensburg. Trail system includes observation tower and bird-blind overlooking the refuge, boardwalk trail accessible to people with disabilities, picnic pavilion, learning center and restroom facilities. Drive northwest on Route 68 from Canton about 4.9 miles and turn left onto route 14 (there is a sign to Rennselaer Falls). Proceed about 3.9 miles to a parking area turn off on the left and watch for signs. <http://www.indiancreeknaturecenter.us/>

AZURE MOUNTAIN. The fire tower atop Azure Mountain has recently been restored by the Azure Mountain Friends, making this a popular two mile round trip hike. Elevation is only 2,518 feet, but this little mountain offers fantastic views of the High Peaks region to the south and east. A volunteer fire tower interpreter is often on duty on weekends to answer questions about the tower and can help identify distant mountains. Great hike for kids, but it is steep and caution

should be used on the open cliffs on the summit. Take Route 11B east from Potsdam to Nicholville, then turn south onto Route 458. About four miles past St. Regis Falls, turn right onto Blue Mountain Road. Continue about 7 miles and watch for the small sign and trailhead parking area on the right.

LAMPSON FALLS. There is a short .8 mile round trip hike in to this tremendous waterfall on the Grasse River, with excellent viewing opportunities. Take County Route 27 south out of Canton, heading towards Degrasse. After crossing the Pierrepont-Russell Road, it is 5.8 miles more. Watch for a large brown DEC sign on the right (west side) for the Grasse River Wild Forest. Park on the roadside and walk down the gated road. About .3 miles in there will be a wide path to the left – this leads to the top of the falls. From there you can follow a trail that runs alongside the river down to the base of the falls, or return to where you turned off and continue on that trail, bearing to the left. When you reach the large pool at the base of the falls, you can find trails that continue left onto the rock ledges directly across from the falls, providing outstanding views. If you watch for trail markers, you can continue walking a bit further downstream along the river. There used to be a wooden bridge across the river and more trails, but the bridge was washed out a number of years ago. Once you reach the site of the old bridge, you can take an old logging road back to the where you parked your car.

BEAR MOUNTAIN. Take Route 56 south and then turn right (west) onto Route 3. This moderately steep 3.4-mile round trip trail climbs from the Cranberry Lake State Campground to the summit, which overlooks a broad vista of the lake and forests beyond. Access is from the campground (small day use fee), which is just east of the hamlet of Cranberry Lake. It can also be reached from the Burntbridge Pond trailhead which is a snowmobile/hiking trail on the south side of Route 3 approximately 2 miles east of Cranberry lake. It is a 9.6 mile round trip to the summit using this route.

MOUNT ARAB. A restored fire tower sits on the summit, a relatively easy two-mile round trip hike that. Limited views from the open cliffs, but a full 360-degree view from the cab of the tower. Take Route 56 south out of Potsdam until it meets Route 3 at Sevey's Corners. Turn left (east) onto Route 3 and continue for 10.4 miles. Watch for a right hand turn towards Conifer. Follow the Conifer Road 1.8 miles south and take a left onto Eagle Crag Road. In .9 mile you will reach the trailhead (on left) and parking area (on right), just after crossing an old railroad bed.

STREETER LAKE, Star Lake, acces from Young's Road off Route 3 or Coffin Road in Oswegatchie. Moderate 8 miles round trip, easy 1 mile round trip, two trailheads provide access to lean-to and lake.

WOLF LAKE, Talcville, located between Edwards and Fowler; accessed from the Talcville Road, easy 5-mile loop winding around a series of outcrops, leading to a series of lakes, each with a lean-to, and a 40-foot bluff overlooking Huckleberry Lake.

MACSHERRY TRAIL, in Hammond near Schermerhorn Landing off NYS Hwy. 12 and Indian Head Point Road; trail is in the Crooked Creek Preserve; the 1.5- and 3-mile loops take in dense thickets, open woodland, pond, wetland and St. Lawrence River with interpretive signs along the way.

CATHEDRAL ROCK. The Tooley Pond Mountain fire tower was dismantled and rebuilt on Cathedral Rock, on the grounds of the Ranger School at Wanakena. It is a 1.4-mile easy hike from Route 3. Drive south out of Potsdam on Route 56 to Sevey's Corners. Turn right (west) on Route 3 and go through Cranberry Lake. Continue about 6 miles and watch for a road on the left (south) side of the highway with a yellow gate. If you get all the way to the turn off to Wanakena, you've gone to far. Go back .7 miles. The fire tower can actually be seen on the hill top from near the gate. Proceed through the gate. Bear left at the second junction. When you reach the top of the hill on that road (Cathedral Rock Road), take a left onto the Tower Road, which is the service road to the summit, or walk a little farther for a hiking trail to the top.

Remington Museum houses world’s largest collection of artist’s works

OGDENSBURG -- Nestled along the St. Lawrence River in Ogdensburg, the Frederic Remington Art Museum, 303 Washington St., houses the largest public collection of artworks by famed American artist, Frederic Remington.

Located in the historic 1810 Parish Mansion, the Museum’s collection of Remington artworks is unparalleled.

Visitors to the Museum will have the opportunity to see the well known bronze sculptures, paintings, drawings, and other artworks by Remington; explore the Sally James Farnham exhibit; view rotating exhibitions with work by contemporary artists; learn about Remington’s life and work; and purchase unique items in the Museum Shop.

Frederic Remington (1861-1909) was born and raised in Canton.

While Remington is often remembered as a western artist, his love of the North Country comes through in his breathtaking landscape paintings and sketches depicting familiar scenes along the St. Lawrence River and surrounding woods and wilderness, many of which are currently on view at the Remington Museum.

In addition to some of Remington’s major

works, visitors will find a wide variety of objects from the collection on view at the Museum including sketchbooks, Remington’s easel and painting supplies, a sculpting stand, as well as photographs taken by the artist on his travels to the West, personal items, and even the cigar that was in his pocket before he died.

The depth and breadth of the Remington Museum collection creates a unique and enriching experience that will make visitors want to come back to explore the Museum again and again.

While visiting the Museum, visitors also

have the special opportunity to learn about the life and work of another accomplished North Country sculptor, Sally James Farnham (1869-1943).

World renowned in her day, Farnham was a tenacious, ground-breaking artist.

As a contemporary and close friend of Remington, Farnham bucked the traditions of the day by donning coveralls, climbing ladders, and creating some of the most astonishing and breath-taking monuments of the 20th century.

Live music and other entertainment will be on stage at Potsdam Summerfest.

Discover Potsdam during Potsdam Summer Fest from July 10–12

Get ready for the highlight of the North Country summer!

The Potsdam Chamber of Commerce is proud to present Potsdam Summer Fest, returning to downtown Potsdam from Wednesday, July 10 through Friday, July 12.

This vibrant three-day celebration brings the heart of the village to life with music, entertainment, food, and family-friendly fun, making it the perfect getaway for both locals and visitors.

More than 40 live performances will be featured throughout the festival, showcasing the incredible talent of local musicians and bands across genres including rock, jazz, blues, and folk.

With multiple stages set up across the festival area, guests can enjoy an energetic and diverse soundtrack all day long.

Families will find an array of engaging attractions, including bounce houses, laser tag, a live reptile show, train rides, hands-on museum exhibits, and the ever-popular “Touch-a-Truck” experience.

The beloved Fall Island Fiesta returns as well, offering interactive children’s activities and creative stations tailored for young visitors.

Food and shopping lovers can indulge in the Food Truck Rodeo and explore the Vendor Village, which will feature over 100 local artisans, makers, and culinary vendors.

From delicious local fare to one-of-a-kind

handmade treasures, guests will experience the rich flavors and creativity of the North Country community.

As night falls, the excitement continues with a Pub Crawl, live performances across downtown venues, and the lively Beer, Wine & Cider Tent, where festival goers can unwind and enjoy the best local brews and beverages.

“We’re rolling out the welcome mat for visitors from near and far to experience the warmth, flavor, and spirit of our community,” said Melanie Flack, Executive Director of the Potsdam Chamber of Commerce. “Whether you’re exploring for the first time or returning for more, our Summer Festival offers the perfect getaway—full of music, local charm, and unforgettable memories.”

Whether you’re coming for the food, the music, the activities, or all of the above, Potsdam Summer Fest is an event you won’t want to miss.

For full schedules, maps, lodging information, and event updates, visit www.potsdam-chamber.com.

The Potsdam Chamber of Commerce supports local businesses and fosters economic vitality throughout the region.

Located at 6 Market Street in Potsdam, the Chamber serves as a hub for business networking, community engagement, and regional advocacy.

Learn about the Seaway at the Eisenhower Visitor Center

MASSENA -- The Eisenhower Visitor Center at the Massena Seaway is ready to welcome visitors.

The center provides ample opportunities for children and adults alike to learn about the seaway system and shipping on the Great Lakes with the use of 38 exhibits, many of which are interactive.

The center also includes a museum and gathering places for community groups to meet and view ships traversing the locks.

First proposed in 2018 by Senator Chuck Schumer, officials moved forward with the \$7 million project shortly afterward.

The grand opening on May 14 also happens to coincide with the 70th anniversary of the Wildly-Dondero Act, the legislation that paved the way to create the seaway under then President Dwight D. Eisenhower.

The center is a prime viewing location for vessel activity, with two viewing decks available. Indoor and outdoor viewing is also available for those days when the weather does not want to cooperate.

Meeting spaces are also available for families and groups to hold special events as well.

As part of the new visitor center, rotating exhibits to supplement the 38 on site are planned. Ranging from local artist displays to

informational exhibits about the seaway and its impact on the north country, officials say there will be something for everyone.

Whether a first time visitor or returning seaway enthusiast, officials say they want to keep the space and exhibits fresh and exciting for everyone. Special events will also be held throughout the course of the year.

The center also details the numerous ports in the system that have driven the Great Lakes maritime economy for decades.

As part of a new tourism roadmap, the visitor center is one of three sites near the seaway that visitors can see, including the Hawkins Point visitor center and Nicandri Nature Center.

Visitors can learn about the thousands of ships that traverse the sway each year, as well as the economic importance of the waterway in the region since its creation.

The facility is fully ADA compliant, with an elevator available for those who have difficulty with stairs.

The visitor center is located at Barnhart Island Rd, Massena, NY 13662.

Regular hours of operation are from 9 a.m. to 5 p.m., Wednesday through Saturday.

Investing in Health.

Empowering Communities.

Clarkson University's Lewis School of Health & Life Sciences is transforming rural healthcare.

Nearly **45%** of the Physician Assistants (PAs) in Rochester Regional Health's St. Lawrence Region are proud Clarkson graduates — a testament to the strength of our partnership and the excellence of our training.

With 20 of 44 PAs in the St. Lawrence Region recruited from Clarkson, our students don't just learn — they lead, thanks to unmatched clinical training, including hands-on experience at Canton-Potsdam Hospital, our largest clinical site. Each year, 10-15 Clarkson PA students rotate through Canton-Potsdam, gaining real-world experience that directly impacts local patients.

This partnership is more than a pipeline — it's a purpose. Together, we're expanding access to quality care across the North Country and achieving remarkable success along the way. In fact, Clarkson PA students have achieved a **100% first-time pass rate** on the national PANCE board exam for **four consecutive years** — a direct reflection of the exceptional clinical mentorship provided at Canton-Potsdam Hospital.

Clarkson: Building healthier communities, one graduate at a time.

“Choosing Clarkson for PA school was one of the best professional decisions I've made. The program was academically rigorous, incredibly supportive and the faculty were truly invested in our success. I especially valued that Clarkson coordinated all of my clinical rotations, reducing stress and ensuring they aligned with my career goals. Those experiences shaped my clinical approach and reinforced my passion for primary care. I'm now in a role I truly enjoy, thanks to the strong foundation Clarkson provided.”
