21ST ANNUAL TRUMP BRED HEIFER AUCTION

LIVE ONSITE EVENT

FRIDAY, NOVEMBER 26, 2021 AT 1:00 P.M.

SALE HELD AT CARTHAGE LIVESTOCK INC
1300 WABASH AVE. • CARTHAGE, ILLINOIS

200 Reputation Bred Heifers

- 200 head of fancy Angus bred heifers: 110 confirmed AI'd to "Connealy Emerald" with the balance bred natural service to performance tested registered calving ease Angus bulls that meet the Missouri Select Heifer criteria.
- The AI'd heifers are due to calve Jan. 25th.
- The natural service bred heifers will start calving Feb. 7th for approximately 55 days (Large majority will calve in Feb. & March).
- Heifers will be sold in small, uniform lots.
- Complete and thorough vaccination program to include Cattle Master 4 + VL5 and Spirovac VL5. All heifers are calfhood vaccinated and have had their first round of Scour Guard shots.
- All heifers in this sale have been ultrasounded, tested free for BVD, CHV & eligible to go to any state.
- All heifers will carry a "Show Me Select" ear tag!

Yearling SC: 36.5 cm
Yearling Frame: 5.8

From: Connealy, NE; Hinman, MT; Maplecrest, OH; WayView, OH and DalPorto, CA

- Emerald's first calves solidified his merit as a dependable heifer sire, but his story is only getting better. As his calves approach weaning we consistently receive reports that they're standouts.
- His dam is a perfect-uddered, ultra-stylish female who was selected as the "Pick of the Dams" from the Connealy Sale.
- Sampled in many competitive contemporary groups, his August 2020 data shows 179 calves at 98 for BW and 25 at 103 for WW.
- Freezing high quality semen on his first collection, Emerald shines brighter every day. He's exactly what Angus breeders are striving for and we're excited to see what his future holds.

HAY STORAGE SOLUTIONS AND MUCH MORE!

"Today, I checked with Joseph to see when he was planning to deliver and construct my second hoop building. Two years ago I purchased a 55'x98' hoop building from Skylight buildings. It was erected on my site on time and the building went up in two days.

I was concerned about the durability of a vinyl building compared to a metal sided structure. That was until I noticed that a rock from my Brush Hog 2715 had impelled itself into the metal building. The Skylight building would not have been damaged. Also, the name says a lot. I thought that I would wire in lights like my other buildings but to date I have not found the need.

The reason I thought I needed to build a large building was to store my hay inside. I knew I was losing hay quality due to weather damage but baling with 568 John Deere and net wrapping my hay I thought I was keeping my hay loss at a minimum. I found the first year that I had underestimated my losses. I was very pleased with the results of storing hay inside. It is most gratifying to put a bale into the hay ring and seeing that the previous bale was almost completely consumed by the cows or the feeder calves. I had a record amount of carry over from last year and it is safely stored inside ready to be used this winter! This will allow for hay sales this winter.

The construction of the building's frame is strong, the foundation supports are 24" and very deep. I am very satisfied and have ordered another 55' x 140' to be installed in a few weeks. This one will be used to store our small square bales and equipment.

Thank you Joseph for your service and this chance to recommend your buildings."

TUESDAY, NOVEMBER 23rd
Special Thanksgiving Yearling Sale

FRIDAY, NOVEMBER 26th
Special Thanksgiving Calf Sale

1651 head were sold at the November 3rd Annual Angus & Angus Factored Calf & Yearling Sale. Compared to the light test two weeks ago, steers and heifers sold 2.00 to 5.00 higher with some instances of 7.00 to 9.00 higher, mostly on 450-650 lb steers. Slaughter cows unevenly steady. Several strings of unweaned cattle on offer this week but in many cases, quality trumped health history with very few deep discounts throughout the day.
