A SOLDIER'S MEMORIES OF SERVING IN WORLD WAR II

Seward native Chris Vogel served as a tank driver in World War II. He experienced notable events overseas. In the 1950s he wrote a 13-part series about those experiences for his granddaughter's school project. Here are those entries.

ENTRY 1.

Chris H. Vogel, born June 11, 1914.
Place – Seward, Nebr. Age – 25.

COURTESY PHOTO

This photo shows Chris Vogel on a tank while serving overseas in World War II. Vogel was a Seward County native who served in the United States Army during World War II.

ENTRY 10.

I have much respect for the countries for the great comeback they have made since the end of the war.

ENTRY 13.

I don't believe any country really gains by war and feel it's too bad that disputes can not be settled without going to war.

I feel that one of the negative results of W.W. II was the foothold which Russia acquired as the Potsdam Conference. Many of the agreements Russia has simply ignored.

VOGEL'S DESCRIPTION OF PHOTO ON THE RIGHT

This is the group of men with whom I was put on a wood cutting detail. We cut second growth trees in one of the beautiful French forests. I enjoyed this more than anything I have done so far while in the Army. This picture was taken by an old Swiss photographer who happened along. He could speak German so I had to act as interpreter, – and how!

ENTRY 2.

Although feeling that the declaration of war against Germany was justified, one nevertheless felt concerned about countries going to war. Knowing and having read about the terrible slaughter during World War I gave one a warning of what was to come.

ENTRY 4.

Some of my memories of the war years are moving to Omaha so that I could go to work in a "defense plant", being inducted into the Army at Fort Leavenworth, Kansas, my basic training at Fort Knox, Kentucky, where I also went to "Tank mechanic school", my trips across the Atlantic on a troop ship, my first day at the "front", all of the battles we were in and finally that wonderful D-Day.

ENTRY 6.

Things I disliked about the war was being separated from my family for so long and not being able to see my baby son until he was 16 months old. The cold weather during the "Battle of the Bulge" and the uncertainty of whether one would come out of the next battle alive.

ENTRY 8.

D-Day was a time of much suspense and worry as we all knew of the many dangers of the beach landings.

I was glad an U-C-Day as it means an end of the fighting in Europe.

I was very happy on U-J-Day as we were slated to go to the Pacific Theatre if the war had not ended.

ENTRY 11.

Some of the causes of World War II were the Treaty of Versailles after World War I, which Germany felt was very unjust, the rise of dictatorship and the desire of Germany, Japan and Italy for more territory.

The result of the war was in Europe was the defeat of Germany which was divided into four occupation zones controlled by the U.S.A., Russia, England and France.

Japan was occupied by the U.S.A. and Russia.

ENTRY 3.

During the years from 1939 to 1942 I worked for Hughes Bros, Inc., a power line transmission equipment manufacturer in Seward, Nebr.

During the years of 1943 to 1944 I worked for the Glen L. Martin Co. located at Fort Crook south of Omaha, Nebr. This was an assembly plant for "B 26" bombers. Here we also made many parts and much special equipment, many parts come from other factories located in various cities in the U.S.A. The main Glen L. Martin Co. was located in Maryland.

ENTRY 5.

I remember the rationing of gasoline fixes, sugar and many other products. People who worked at defense jobs were allowed more gasoline so that they could drive to work.

ENTRY 7.

I enjoyed the army basic training program, training in the use of the various weapons and the driving of all the vehicles, tanks, trucks, half track Jeeps, etc.

I also enjoyed the comradeship of my many army "buddies".

ENTRY 9.

The bombing of Hiroshima was a terrible thing although it did bring an end to the war in the Pacific Theater and saved many American lives.

ENTRY 12.

I remember our landing on Omaha Beach sometime after D-Day. As we came up from the cliffs from the beach and had gone inland a short distance we saw this U.S. Army Cemetery with thousands of white crosses. These were the graves of the men who were killed during the battle of "Omaha Beach" on D-Day. Made one stop and think perhaps I too would be buried in one of these U.S. Cemeteries before the end of the war.

I also remember the hardships the people of the war torn countries endured.

COURTESY PHOTO

This photograph shows members of the United States Army, including Seward County resident Chris Vogel, in the French forests while serving during World War II.

A Salute to Our Veterans!

We would like to thank our service men and women for the sacrifices they made to ensure our safety and preserve the freedoms we enjoy.
