SPONSORED STORY

City continues to attract newcomers, businesses

The city of Azle continues to grow with new residents moving in and businesses and houses sprouting up everywhere. Azle is currently home to 14,298 residents.

"This is truly a community driven by community," said City Manager Tom Muir. "A lot of events that go on, most people think the city puts them on, like Follow the Flag and Sting Fling and the Christmas Parade and Tree Lighting."

Most of the community's

biggest events are planned by the different organizations that call Azle home. Follow the Flag is the annual July Fourth event at Central Park. Another community event that draws thousands each year is Music in the Park, a Friday evening concert series that runs in May and June. Muir said some cities do take an active role in planning big community events, but Azle does not. Still the city does participate by waiving fees associated with the commu-

nity events and also provides barricades and cleanup.

Muir studies where Azle is now as it is becoming a growing city in an ever-expanding Metroplex.

"Are we urban or are we rural?" Muir said. "I think probably 5, 10 years now, I think we might be more rural than urban, but I don't know about that now, as the Metroplex continues to grow. I typically tell people that we're rural. And a lot of community wants to keep that rural feel."

Azle's Amphitheater in Central Park is a popular location for city events like Music in the Park, Follow the Flag, and more.

George Navarro entertained Azle residents at the annual Music in the Park, held at Azle Memorial Park in May and June.

The town's proximity to Fort Worth and its position as the "Gateway to Eagle Mountain Lake" have made Azle a popular place to live.

Community Waste Disposal

CWD is a proud to be a partner with the City of Azle and Azle Chamber of Commerce.

Being the largest privately owned waste management company in the DFW Metroplex, CWD has been in business since 1984.

Since that time, they have developed a reputation for reliable, on-time service, while offering one of the widest selections of hauling schedules, equipment, and recycling programs in the industry.

CWD services Azle residents and businesses with twice-weekly trash collection, curbside pickup of loose brush, and a full recycling program, since 2007.

The brush diversion program diverts more than 20,000 cubic yards of loose brush from landfills annually.

CWD staff partners with City of Azle and implements two X-Treme Green clean-ups, one in the Spring and one in the Fall.

Citizens are able to dispose of household hazardous waste, tires, metal goods, used electronics, and have an opportunity to shred confidential documents.

These services have lead City of Azle winning numerous environmental accolades from state recycling organizations. For example, the 2021 State of Texas Alliance For Recycling, Environmental

Leadership Award for their brush diversion program.

Paint collected at X-Treme Green events are used for the city's recycled paint program that provides free recycled paint to residents for use in beautifying Azle neighborhoods.

CWD works with the City of Azle staff and other community organizations to make all community events "Green Events." CWD is honored to be Recycling Sponsor for the annual Sting Fling.

For more information about CWD and the ways they continue to serve Azle, visit their website, www.cwd.to, or call (817) 795-9300.

CWD's recycling depots will be throughout the event. Please put recyclables in these containers.

APEX Land Surveying brings value and assurance to clients near and far

(from left) David Schmidt, Jake Emling, Bonnie Gamboa, Chris Wynn, Lauren Munoz, Jesse Munoz, Jack Giblin

APEX Land Surveying is a Christian-based, family owned and operated, business started by Chris and Jaime Wynn in June of 2020, and it has grown exponentially over the last three years. "Living in Azle, we wanted to ensure we kept our new business here locally as a way to serve the community,"

said Wynn. Chris was the operations manager for Rockin CT Land Surveying and had the opportunity to purchase that company in June of 2020 due to the COVID-19 pandemic. From that purchase, APEX arose. Since then, we have been fortunate enough to branch out across Texas. We pur-

chased Stanford Surveying in Midland, Texas to extend our services to reach all those in need. We now have offices in Azle, Midland, and Lubbock, therefore we can serve just about every geographic location in Texas and New Mexico. APEX has the highest level

of qualified, educated, and experienced employees to provide excellent service to our clients. The company's collective experience of over 100 years in the industry allows us to operate in an effective and cost-efficient manner for our clients - providing added value and reassurance of a top-quality product.

Jack and Janet Stevens

Jack and Janet Stevens love the Azle community, where the people, they say, are wonderful and welcoming. The Stevens' Sting Fling sponsorship is just one way the couple gives back to the community.
