City of Springtown

Home to community spirit, pride

The city of Springtown offers several features and activities for families and children alike, making the town a great place to live, work and play.

The city offers a 33-acre park with amenities like soccer and baseball fields, sand volleyball courts and disc golf. A walking/jogging trail winds through the park and passes by an area of creek bed which hosts a set of dinosaur tracks.

"We also offer the Springtown Legends Museum which captures Springtown's rich heritage and community spirit that is still the driving force which makes Springtown the best place to be in Parker County," City Secretary Christina Derr said.

Residents and visitors to Springtown can visit the nostalgic historic square that is centered on a preserved open-air Tabernacle, the

site where events like Old-Fashioned Christmas and the annual Wild West Festival take place.

"Springtown is a unique community that is rich in history and tradition," Derr said. "One can't help but sense the community spirit and pride when visiting the city, and that is especially true during the Wild West Festival."

Derr said the city will continue to grow and create a positive environment for future generations of Springtown residents.

"As the city of Springtown moves into the future, our vision includes continuing to provide quality parks, events and activities that are geared towards creating a sense of community spirit that will carry on for generations to come," she said.

The city of Springtown offices is located at 102 E. Second St. You can reach city offices at 817-220-4834.

WILD WEST FESTIVAL SPONSOR

Pinnacle always available to help in banking, life

Lending a helping hand is just part of living in a small town.

The staff at Pinnacle Bank, sponsors of the 39th annual Wild West Festival, knows all about helping their neighbors both in the banking business and in life.

The bank's sponsorship of the annual festival is just one way Pinnacle Bank gives back to Springtown. Its support of Wild West Festival has a lot to do with its focus on community banking - a concept fostered by the home office in Nebraska several decades ago. Pinnacle Bancorp was

founded by a Nebraska banking family in 1938. That same family runs the organization today.

With the backing of a large organization, the Springtown bank can provide its customers with all the services they need - from free checking and debit cards to an array of online banking services. The bank also specializes in consumer, commercial, and real estate loans.

"My team and I love to support our community where we live and work," she said.

Grubis and her staff make it their mission to offer a hometown touch to your banking needs.

The Springtown branch of Wells Fargo is located at 201 S. Main St. on the southwest corner of the Springtown Square.

Brookshire's

Putting the customer first since 1928

Brookshire Grocery Co. (BGC) has been supplying groceries to community members and local residents for close to 100 years.

BGC was established in Tyler on the courthouse square in 1928 as a family business. The company founder, Wood T. Brookshire, started the grocery store with only four employees in a small, 2,500 square foot store. Now, BGC operates more than 200 stores in four states: Texas, Louisiana, Arkansas and

Oklahoma.

Known for its great variety of quality fresh products, BGC puts its focus on people, just like Wood T. Brookshire did 95 years ago when he made the decision to put the customer as "top priority." The grocery chain has come a long way since its establishment, but the store is still "focused on offering the same exceptional customer service it was founded on."

The company's mission is "to create and deliver exceptional experiences

and value through the W.T. Brookshire Way."

Brookshire's in Springtown is located at 501 E. Highway 199 and is open 7 a.m. to 10 p.m. daily.

Brookshire's is located at 501 E. Highway 199 in Springtown and offers online ordering, pickup, bakery, deli, pharmacy, floral, beer, fresh cut meat, seafood, wine, sushi, Rx to go, Western Union and lottery tickets. You can reach the store at 817-220-1177.

The grocery chain has come a long way since its establishment, but the store is still "focused on offering the same exceptional customer service it was founded on."

Attention Men and Women over 65 years old...

Do You Want To Learn How To Stay Out Of Nursing Homes FOREVER?

WITHOUT RISKING YOUR HEALTH, SAFETY, OR INDEPENDENCE?

By Balance Expert Dr. Robert Moss

Do you feel guilty that your spouse is forced to be with you all the time because of your dizziness/loss of balance?
Do you feel that your dizziness/loss of balance is always there no matter what you do?
Do you feel that you are handicapped by your dizziness/loss of balance?
Does your spouse stay with you in the shower so that you do not fall?
If you answer yes to any of these questions, **please read further...**

CDC Reports: Household Falls Are The Leading Cause of Injuries In Seniors

If you have ever seen the Life Alert commercials, then you will immediately have a picture in your mind of an elderly lady laying on the floor desperately trying to get up only to discover she is not able to. Whether she is just weak, has broken a hip or caused some other serious injury this image of helplessness is constantly on the mind of our elderly patients.

Working with seniors over many years it has become apparent that the greatest common fear is the fear of falling and not being able to get back up. **This is not unreasonable as 1/3 of all adults over 65 will fall this year** and each fall is potentially life changing.

Falling should not be your lifestyle

Falls often lead to hospitalizations, serious injury or the need for assisted living of some sort. In the most severe cases a fall can lead to death. If the fall, injury, and hospitalization isn't bad enough, frequent falls lead to loss of independence, limits in your daily activities, and increase your reliance on friends and family members to complete basic everyday tasks.

With the right information and the right guidance many falls can be prevented, keeping you out of the hospital and Nursing Homes. Here is what one of my patients had to say:

When I came to Moss, I had trouble walking due to no balance. I was not able to get in and out of a car, I was not able to do my activities. After my therapy I am able to walk and continue with my shopping and light house work. I can do this all un-assisted thanks to my therapy. Evelyn Tinney

If you are embarrassed or reluctant to use a cane or walker because it makes you "look old" or if you feel like a burden to those around you because you need to hold on to someone when you walk or ask them to run your errands... MOSS Rehabilitation Center has prepared a FREE Report for you "The Top 8 Secrets To Improve Your Balance And Prevent Falls".

Parker County Hospital District has several programs to meet community needs

The Parker County Hospital District offers a host of services.

One of those is the Campbell Clinic, which is a family practice providing care to those patients who are two months and older. Male and female providers are available. The clinic accepts most commercial insurance, Medicaid and Medicare. Sliding scale is available upon approval. There are also in-house lab, child and adults vaccines and workers comp for select payors. Bilingual staffers are available. To schedule an appointment, call 817-458-3300.

The district also administers the County Indigent Health Care Program, better known as the Medical

Assistance Program (MAP) for Parker County residents. Designated as the payor of last resort, MAP is designed to provide covered medical services to low-income residents who have no other public or private health care benefits and who meet all eligibility requirements of the program. MAP utilizes medical services through local physicians, hospitals, and other facilities. Eligibility is determined by residence (must live in Parker County); income, as an individual's income may not exceed 200% of the Federal Poverty Level; resources, as an individual's resources may not exceed

\$1,000 per month (this includes property, checking/savings accounts or other assets as defined by MAP regulations); citizenship, an individual must be a U.S. citizen or resident alien; and medical need, as an individual must

have a medical need of some kind.

To schedule an appointment or for more information, please contact the MAP office at (817) 458-3358.

The district has a telemedicine program, which is a partnership between Parker County schools and Parker County Hospital District to provide medical care onsite at each campus and remote clinic. Through the use of telemedicine, the healthcare needs of staff and students can be met in a convenient

setting with each campus nurse. The purpose is to increase the educational success of students and staff by assuring access to healthcare. Early treatment can decrease the need for expensive medical care and unnecessary Emergency Room visits.
