These Golden Bears were named as Semifinalists in September 2024 and have met all of the requirements to advance to finalist standing (out of around 16,000 Semifinalists) and will be considered for National Merit Scholarship Awards, which will be offered in 2025.

Vestal Alumnus Gives Presentation At VHS

Vestal graduate (Class of '77), author and professional speaker, John Perricone, gave a powerful presentation on "Developing Inner Strength" to the high school students today.

Mr. Perricone was a Health Educator and Psychology teacher in the Maine-Endwell School District for thirty-one years. His love and passion for teaching have made him the recipient of local, state, and national "Excellence in Teaching" awards, and he was the recipient of Maine-Endwell's Distinguished Teacher Award for twelve consecutive years since its inception. This award is voted on and presented by the Senior Class. He is a best-selling author and a nationally and internationally sought keynote speaker, having been invited to speak in all fifty states.

After 51 years of training, Mr. Perricone has received his 7th degree blackbelt -- the highest rank that world renowned Karate Master Hidy Ochiai has ever awarded in his 59 years of teaching.

Mr. Perricone remained at the high school after the school day ended to meet with any students who wished to speak with him.

We thank Mr. Perricone for coming out to the high school and for his continued dedication to Vestal CSD.

Recap from last week:

Remington Wyse is a local 6th grade student at Ross Corners Christian Academy in Vestal, NY. He was diagnosed in February

with a brain tumor. He has made it through brain surgery, and now Remington faces the next battles: rehabilitation, radiation and chemotherapy.

Over the past several

weeks, Vestal Elks Lodge has been running 50/50's and many of our volunteer cooking crews have donated all their tips to support Remington. They have successfully donated \$2000!

Recent Highlights From Vestal CSD

Tioga Hills fifth grade Golden Bears became scientists on March 20th. The Binghamton University chemistry program visited the school and guided the kids through scientific experiments. The experiment stations included the changing of the pH of colors with different liquid solutions, distinguishing between infrared light and natural light, thermal dynamics and more! Students collected data as they rotated through activity areas.

Glenwood fourth graders spent the morning of March 19th at Binghamton University, where they toured the art museum, fabrication and manufacturing laboratories, and public archaeology building. The students explored the "Monuments" exhibition and designed their own mini monument to be displayed in the art gallery. They also learned about 3D printing and learned about the work of archaeologists.

March 17th's performance by the Johnston School of Irish Dance at Glenwood Elementary was a fun way to celebrate St. Patrick's Day!

Tioga Hills Elementary 5th Grade vs. Staff Volleyball Game

This year's Tioga Hills Elementary 5th grade vs. staff volleyball game was awesome! The staff continued their streak of victory even though it was one of the closest games in a long time. This game was extra special as Mrs. Crimmins, Principal played against her daughter Cassie and Officer Talbut played against his son Keegan. Great job 5th graders!
